Board Action Request

File #: 1200 Agenda Date: 11/6/2025 Agenda #:

Presentation, discussion, and possible action regarding a Material Amendment of the Housing Tax Credit (HTC) Application for Landmark on Cypress (HTC #25163)

RECOMMENDED ACTION

WHEREAS, Landmark on Cypress (Development) received an award of 9% Housing Tax Credits (HTCs) in 2025 for the adaptive reuse of a seven-story historic building to contain 49 multifamily units for the general population on a 0.9704 acre site in Abilene, Taylor County;

WHEREAS, OPG Cypress Partners, LLC (Applicant) requests approval to reduce the unit count from 49 units to 47 units, eliminating two market-rate units, change the unit mix from 12 efficiencies, 22 one-bedroom units and 15 two-bedroom units, to 12 efficiencies, 20 one-bedroom units and 15 two-bedroom units, and reduce the net rentable area by 3.85%, from 34,733 square feet to 33,396 square feet;

WHEREAS, Board approval is required for a modification of the number of units or bedroom mix of units, a reduction of three percent or more in the square footage of the units or common areas, and a significant modification of the architectural design of the Development as directed in Tex. Gov't Code §2306.6712(d)(2), (4), and (5), and 10 TAC §10.405(a)(4)(B), (D), and (E), and the Applicant has complied with the amendment requirements therein; and

WHEREAS, the requested change does not materially alter the Development in a negative manner, was not reasonably foreseeable or preventable at the time of Application, and would not have adversely affected the selection of the Application for an award of Housing Tax Credits;

NOW, therefore, it is hereby

RESOLVED, that the requested Material Amendment of the Application for Landmark on Cypress is approved as presented to this meeting, and the Executive Director and his designees are each authorized, directed, and empowered to take all necessary action to effectuate the foregoing.

BACKGROUND

Landmark on Cypress in Abilene, the only Application in Urban Region 2, received a 9% HTC award in 2025 for the adaptive reuse of a seven-story historic office building proposed to contain 40 HTC units and 9 market rate units. Two of the market rate units were proposed to occupy the space of an existing mechanical/electrical/plumbing (MEP) room that is the source of the building's domestic water and fire suppression systems. After submission of the Application, the Applicant learned that the plan to repurpose the MEP room was not workable. Therefore, in a letter of September 22, 2025, Bronte Bejarano, as representative of the Development Owner, requested approval to eliminate these two market rate units.

File #: 1200 Agenda Date: 11/6/2025 Agenda #:

The amendment will change the number of units and bedroom mix of units, reduce the NRA by more than three percent, and significantly change the architectural design of the Development. Each of these changes constitutes a material amendment that must be considered by the Board.

Regarding HTC units, their number and bedroom mix, NRA, and architectural design will not change, nor will their rent levels or income levels. Residential density will increase by 4.1%, from 50.5 to 48.4 units per acre, a change of less than the 5% that constitutes a Material Deficiency.

The changes requested were not reasonably foreseeable or preventable. Inspections by the Applicant's MEP engineer and scope of work provider, and review of plans of the existing building were performed before the Application was submitted, but the full extent of the MEP facilities that required accommodation could not be discovered until historical plans of the building were tracked down and investigative demolition was permitted after Application submission. Although the site contained many MEP closets that were originally thought to be sufficient to contain all MEP facilities, information from the old plans and exploratory demolition revealed that the Development involved more extensive MEP facilities than the MEP closets could accommodate.

The Development was re-underwritten under the proposed amendment, using revised financial information. The analysis indicates that the Development remains financially feasible and supports no change in the funding amount. Staff reviewed the original Application scoring documentation against the amendment and found no change in the scoring or evidence of any effect on the selection of the Application for an award.

In staff's judgement, the changes that are requested were not reasonably foreseeable at the time the Application was presented, nor were they preventable. The change would not have affected the selection of the Application for an award.

Staff recommends approval of the amendment request as presented herein.

September 22, 2025

TDHCA Multifamily Finance Ben Shepard 221 E. 11th St. Austin, TX 78701

RE: HTC 25163 Landmark on Cypress Amendment Request

Dear Mr. Shepard,

This letter concerns an amendment request for 25163 Landmark on Cypress to reduce the total number of units by 2, from 49 units to 47 units (with associated architectural changes). This request is due to physical constraints imposed by preexisting mechanical equipment.

At the time of application, the developer was under the assumption that the existing mechanical equipment in the building could be moved. This room contains the domestic water and fire services and includes a water pump for the fire suppression systems. Upon further analysis it was determined that the equipment not only needs to remain but will need to increase in size due to the new building occupancy. Thus, because this equipment must remain accessible the space cannot be utilized for dwelling units. This was not foreseeable at application and is necessary for the functioning of the building. Please see the updated arch drawings for the new configuration.

The changes needed are just restricted to the one mechanical room and as such, everything outside of the mechanical equipment room has remained the same since application. The common area will remain unchanged at 11,018 SF.

At application 49 units were proposed with 12 efficiencies, 22 one bedrooms and 15 two bedrooms, for a total NRA of 34,733 SF. The number of efficiencies and two bedrooms will remain the same and the number of one bedrooms will decrease by two. The new unit breakdown will be 12 efficiencies, 20 one bedrooms and 15 two bedrooms. None of the unit sizes are changing and the new NRA will be 33,396 SF, a reduction of ~3.85%.

At application the number of units at 30%, 50%, 60% and market rate was 4, 8, 12 and 9 respectively. The number of LI units will not change but the number of market rate will decrease from 9 to 7 units. Since the number of total units has decreased, the percentage

of 30%, 50% and 60% LI units has increased from 8%, 16% and 57% to 9%,17% and 60% respectively.

Please note that the terms and equity pricing from application has remained the same but the total amount received has changed to be in line with the credit request approved by underwriting. The decrease in number of rental units did impact the revenue and thus impacted the financial tabs. Please see attached for the updated financial tabs.

Thank you for the attention and consideration of this amendment request. These changes will not impact the timeline of construction or closing.

Please contact me at 512-689-9409 with any questions.

Sincerely,

Bronte Bejarano

Subject: RE: Landmark on Cypress - Unit Reduction Amendment

April,

The domestic water and fire services originate in that room. The building currently has a booster pump for the fire suppression system. This equipment not only needs to remain, but will likely increase in size due to the new building occupancy. These utilities must remain accessible and are therefore preventing that space from being utilized for dwelling units.

Thanks,

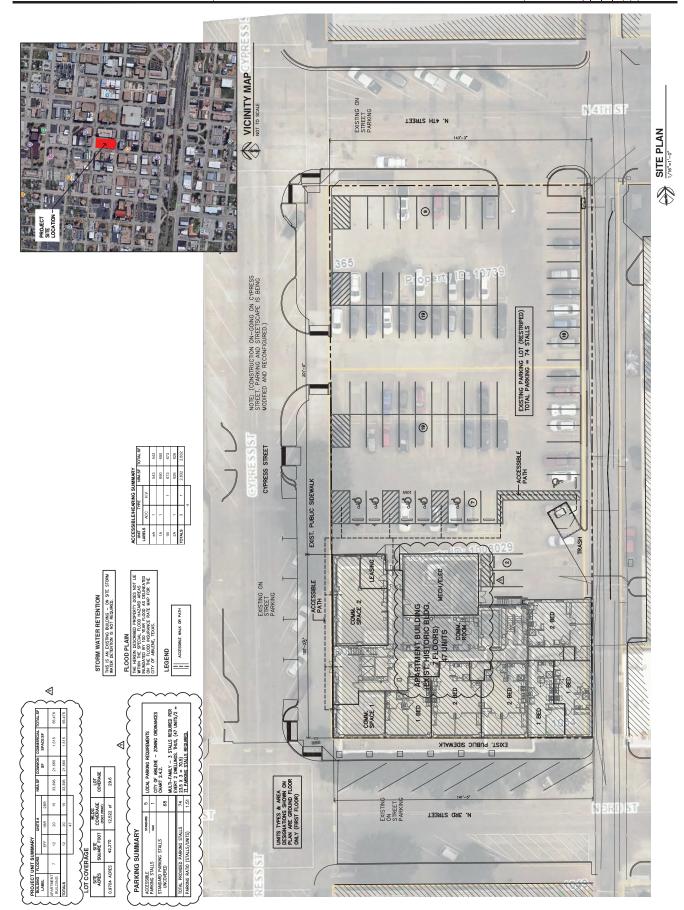

Ryan Lies, P.E.

Rent Schedule

Unit types must be entered from smallest to largest based on "# of Bedrooms" and "Unit Size", then within the same "# of from other Units that are the same size/floor plan.

If MFDL only or MFDL is the only permanent financing, there cannot be ANY market rate Units. If HTC and scattered site, there cannot be ANY market rate Units. New Construction, Reconstruction or Adaptive Reuse Developments (excluding Elderly Developments and Supportive Housing Developments), there cannot be more than 35% efficiency and/or one-Bedroom Units.

Private Activity Bond Priority (For Tax-For Historic Developments, this requirment will not apply to any units constructed within a Historic structure. For any New $Construction\ or\ Reconstruction\ undertaken\ as\ part\ of\ a\ Historic\ Application,\ those\ newly\ constructed\ or\ reconstructed\ Units$ must meet this standard. The Units that are part of the Historic Structure will not be included in the total when determining if the Application meets this Requirment.

All market rate and employee occupied units should be selected in column A. The number of MFDL Match units should be entered in column G. For rehabs, enter in Column E any existing tax credit restrictions or TDHCA bond regulatory restrictions

# **Development Cost Schedule**

Self Score Total:

141

This Development Cost Schedule must be consistent with the Summary Sources and Uses of Funds Statement. All Applications must complete the Total Cost column.

Direct Loan Applicants should review costs ineligible for reimbursement with Direct Loan funds in 10 TAC §13.3(e), while all HTC Applicants must complete the Eligible Basis columns and the Requested Credit calculation below:

•	TOTAL	DEVELOPMENT SU	JMMARY	
	Total	Eligible Basis (If	Applicable)	Scratch Paper/Notes
	Cost	Acquisition	New/Rehab.	
ACQUISITION		•		
Site acquisition cost				
Existing building acquisition cost	1,400,00	0		
Closing costs & acq. legal fees				
Other (specify) - see footnote 1				
Other (specify) - see footnote 1				
Subtotal Acquisition Cost	\$1,400,00	0 \$0	\$0	
OFF-SITES ²		•		
Off-site concrete				ALL OFF-SITE COSTS REQUIR
Storm drains & devices				DOCUMENTATION. THOSE
Water & fire hydrants				<b>ENTERED IN BASIS REQUIRE M</b>
Off-site utilities				DOCUMENTATION!!!
Sewer lateral(s)				SEE 10 TAC §11.204(7)(E)(ii)
Off-site paving		-		
Off-site electrical				
Other (specify) - see footnote 1				
Other (specify) - see footnote 1				
Subtotal Off-Sites Cost	,	0 \$0	\$0	
SITE WORK ³		0 30	Şυ	
Demolition				
Asbestos Abatement (Demolition Only)		-

### Footnotes:

¹ An itemized description of all "other" costs must be included at the end of this exhibit.

² All Off-Site costs must be justified by a Third Party engineer in accordance with the Department's format provided in the Offsite Cost Breakdown form.

³ (HTC Only) Site Work expenses, indirect construction costs, developer fees, construction loan financing and other financing costs may or may not be included in Eligible Basis. Site Work costs must be justified by a Third Party engineer in accordance with the Department's format provided in the Site Work Cost Breakdown form.

⁴ (HTC Only) Only fees paid to a consultant for duties which are not ordinarily the responsibility of the developer, can be included in Eligible Basis. Otherwise, consulting fees are included in the calculation of maximum developer fees.

⁵ (HTC Only) Provide <u>all</u> costs & Eligible Basis associated with the Development.

 $^{^{\}rm 6}$  (HTC Only) Use the appropriate Applicable Percentages as defined in §11.1 of the QAP.

# **CONDITIONS STATUS**

- Receipt and acceptance by Cost Certification:
  - a: Certification of comprehensive testing for asbestos and lead-based paint; that any appropriate abatement procedures were implemented; and that any remaining asbestos-containing materials and lead-based paint are being managed in accordance with an acceptable Operations and Maintenance (O&M) program.
  - b: Certification that lead in the drinking water has been tested for, and any appropriate abatement procedures were implemented.
  - c: Certification that subsurface environmental investigation was performed as specified in the ESA, and if necessary, that any recommended mitigation measures were fully implemented.

Should any terms of the proposed capital structure change or if there are material changes to the overall development plan or costs, the analysis must be re-evaluated and adjustment to the credit allocation and/or terms of other TDHCA funds may be warranted.

50% of AMI	50% of AMI	8
60% of AMI	60% of AMI	28

#### **ANALYSIS**

In July 2025, 25163 Landmark on Cypress was awarded a tax credit allocation of \$1,139,031. At the time of application, the developer was under the assumption that the existing mechanical equipment in the building could be moved. This room contains the domestic water and fire services and includes a water pump for the fire suppression systems. Upon further analysis, it was determined that the equipment not only needs to remain, but will need to increase in size due to the new building occupancy. Thus, because this equipment must remain accessible, the space cannot be utilized for dwelling units.

At application, 49 units were proposed, with 12 efficiencies, 22 one bedrooms and 15 two bedrooms, for a total NRA of 34,733 SF. The number of efficiencies and two bedrooms will remain the same and the number of two bedrooms will decrease by two. The new unit breakdown will be 12 efficiencies, 20 one bedrooms and 15 two bedrooms. Some of the 1 bedrooms have decreased in size by ~2-3 square feet and the new NRA will be 33,396 SF, a reduction of ~3.85%. The number of low income units will not change but the number of market rate units will decrease from 9 to 7 units.

### **New Site Plan**

# **Operating Pro Forma**

2025 rents are now being used.

Due to the increase in rents, even though there has been a decrease in units, total income has increased by \$16,394.

Applicant's total expenses have increased by \$2,578 and Net Operating Income has increased by \$13,816.

# **Development Cost**

Building costs have decreased by \$271K, while contingency has increased by \$172K. This offset has led to a decrease of total development costs by \$129,716.

# **Sources of Funds**

MHEG's equity contribution has decreased by \$242K, State Historic Credits have decreased by \$110K, while Federal Historic Credits have increased by \$39K and deferred developer fee has increased by \$183K. Total sources have decreased by \$129K.

Underwriter recommends an annual tax credit allocation of \$1,109,841 as previously awarded.

Underwriter:	Jeffrey Price
Manager of Real Estate Analysis:	Diamond Unique Thompson
Director of Real Estate Analysis:	Jeanna Adams

#### CONDITIONS

- Receipt and acceptance by Cost Certification:
- a: Certification of comprehensive testing for asbestos and lead-based paint; that any appropriate abatement procedures were implemented; and that any remaining asbestos-containing materials and lead-based paint are being managed in accordance with an acceptable Operations and Maintenance (O&M) program.
- b: Certification that lead in the drinking water has been tested for, and any appropriate abatement procedures were implemented.
- c: Certification that subsurface environmental investigation was performed as specified in the ESA, and if necessary, that any recommended mitigation measures were fully implemented.

Should any terms of the proposed capital structure change or if there are material changes to the overall development plan or costs, the analysis must be re-evaluated and adjustment to the credit

#### **DEVELOPMENT SUMMARY**

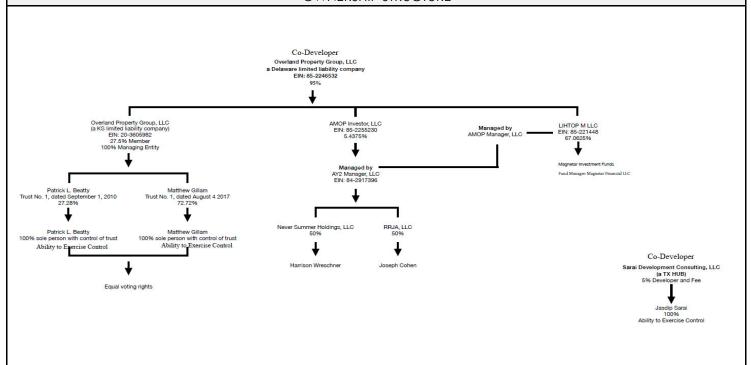

This application is for the development of 49 units of housing serving the general population. The development involves the adaptive reuse of a seven-story, elevator-served historic building. All units and common area are contained in the building and the development will also include commercial space. The development will also have an after-school learning center.

#### **RISK PROFILE**

STRENGTHS/MITIGATING FACTORS	WEAKNESSES/RISKS
Commercial Space	Abatement costs excluded
Low gross capture rate	

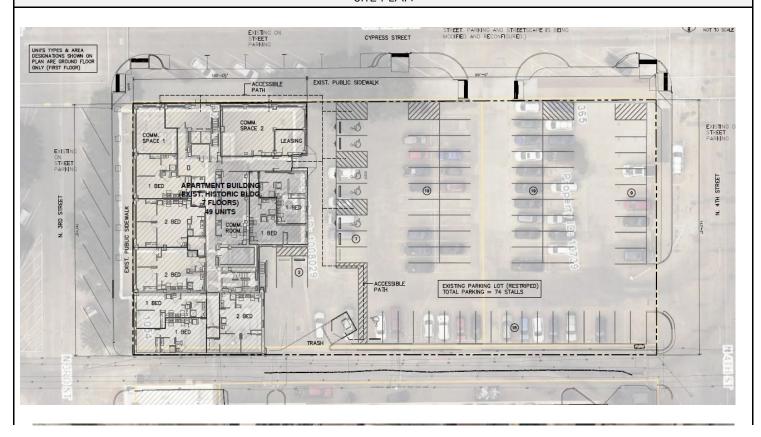

#### **DEVELOPMENT TEAM**

#### OWNERSHIP STRUCTURE

## **DEVELOPMENT SUMMARY**

	HIGHLIGHTS of ENVIRONMENTAL REPORTS								
Provider: Phase Engineering, Inc.  Date: 2/5/2025  Recognized Environmental Conditions (RECs) and Other Concerns:  The subject property has likely been impacted as a result of automotive service and fueling operations conducted onsite based on the duration of operations and lack of information regarding any UST decommissioning investigation activities or the final status and condition of historical USTs, which prevents the environmental professional from verifying that investigation of the former UST systems was adequate to discover any releases.									
A Municipal Setting Designation (MSD) was established for an area including the subject property and adjoining properties. This site applied for an MSD certification in January 2012 in order to facilitate redevelopment of commercial areas in downtown Abilene which may have been affected by releases resulting from historical commercial activities. The MSD prohibits the use of groundwater from beneath the designated property as potable water and restricts other uses of and contact with that groundwater without express written permission.									
A significant data gap was identified which is indicative of potential impact to the subject property as a result of a past undocumented hazardous substance or petroleum product release from gasoline filling and service station operations historically conducted at the subject property.									
the identified	vironmental Site Assessment is recommended to investigate the pote I recognized environmental condition.	ential environm	ental impact due to						
	operator(s) of the subject property should continue to comply with established at the subject property and adjoining properties.	the institutional	I control imposed by

### **OPERATING PRO FORMA**

	SUMMARY- AS UNDERWRITTEN (Applicant's Pro Forma)									
NOI:	\$193,467	Avg. Rent:	\$847	Expense Ratio:	59.4%					
Debt Service:	\$163,701	B/E Rent:	\$792	Controllable Expenses:	\$3,300					
Net Cash Flow:	\$29,766	UW Occupancy:	92.5%	Property Taxes/Unit:	\$537					
Aggregate DCR:	1.18	B/E Occupancy:	86.7%	Program Rent Year:	2024					

The applicant submitted their application with average unit square footages due to the number of different unit types. This resulted in an understated applicable fraction of 79.64%. Underwriter updated to use actual applicable fraction of 80.29% based on actual unit sizes.

### **DEVELOPMENT COST EVALUATION**

	SUMMARY- AS UNDERWRITTEN (TDHCA's Costs- Based on SCR)									
Acquisition	\$/ac	\$28,5	571/unit	\$1,4	00,000	Contractor Fee	\$1,177,065			
Off-site + Site Work		\$5,0	)44/unit	\$2	47,140	Soft Cost + Financing	\$3,083,138			
Building Cost	\$218.16/s	f \$154,6	339/unit	\$7,577,309		Developer Fee	\$2,452,471			
Contingency	7.45%	\$11,9	01/unit	01/unit <b>\$58</b>		Reserves	\$447,213			
Total Developmen	t Cost \$	346,275/unit	\$16	,967,492		Rehabilitation Cost	\$159,683/unit			

Qualified for 30% Basis Boost?	High Opportunity Index [9% only]

#### **Building Cost:**

Applicant has not included any costs for asbestos or lead-based paint abatement. The Applicant has indicated that they assume these line items will total \$150K. Including the \$150K of abatement costs does not make the deal infeasible, but reduces the 15-year cash flow from \$346K to \$196K. The Applicant can add approximately \$345K of abatement costs before the deal becomes infeasible due to negative cash flow.

	REHABILITATION COSTS / UNIT / % HARD COST									
Site Work	\$172,140	\$3,513/unit	2%	Finishes/Fixtures	\$2,397,407	\$48,927/unit	29%			
Building Shell	\$4,236,113	\$86,451/unit	50%	HVAC	\$833,389	\$17,008/unit	10%			
Amenities	\$75,000	\$1,531/unit	1%	Appliances	\$110,400	\$2,253/unit	1%			
Total Exterior	\$4,483,253	\$91,495/unit	57%	Total Interior	\$3,341,196	\$68,188/unit	43%			

#### **SCOPE & COST REVIEW**

Provider: Phase Engin	eering	Date:	2/25/2025
-----------------------	--------	-------	-----------

#### Scope of Work:

- -Roof repairs & replacement
- -Sidewalk/concrete repairs
- -Water heater repairs & replacement
- -Asphalt seal and stripe
- -HVAC repairs & replacements
- -Plumbing repairs
- -Replace furnishings and fixtures
- -Elevator improvements
- -Mail area improvements
- -Unit flooring
- -Appliance repairs and replacements
- -Exterior walls masonry
- -Trash enclosure improvements
- -Sanitary sewer and water distribution repairs
- -Unit cabinet and countertops

Historic Preservation items including brick reuse/replacement, mortar replacement/repair, exterior lights, and any other visible repairs need to be done in a way that they are compatible with the character of the original building. Some other historic items include removal of non-historic features and finishes such as dropped ceilings, furred walls, non-historic tile, and non-historic demising walls, demolition of non-historic 1980s buildings/additions, and utilizing the same types of materials, such as the type of brick, mortar, and cement, that the original building was constructed with. The Applicant has budgeted \$75,000 for a historic consultant.

#### Reserves:

Applicant overstated reserves by \$157.

#### Comments:

The Applicant assumed a reduction in development costs of \$87K due to Historic Credits. Underwriter utilized a different methodology and is reducing eligible costs by \$508K due to Historic Credits. This difference in methodology is leading to the cut in credits.

#### Credit Allocation Supported by Costs:

Total Development Cost	Adjusted Eligible Cost	Credit Allocation Supported by Eligible Basis
\$16,967,492	\$12,323,359	\$1,109,841

Credit Price Sensitivity based on current capital structure

\$1.129 Maximum Credit Price before the Development is oversourced and allocation is limited

\$1.081 Minimum Credit Price below which the Development would be characterized as infeasible

# CONCLUSIONS

Gap Analysis:	
Total Development Cost	\$16,967,492
Permanent Sources (debt + non-HTC equity)	\$4,105,002
Gap in Permanent Financing	\$12,862,490

Possible Tax Credit Allocations:	<b>Equity Proceeds</b>	Annual Credits
Determined by Eligible Basis	\$9,210,759	\$1,109,841
Needed to Balance Sources & Uses	\$12,862,490	\$1,549,853
Requested by Applicant	\$9,453,012	\$1,139,031

	RECOMM	ENDATION				
	Equity Proceeds Annual Credit					
Tax Credit Allocation	\$9,210,759	\$1,109,841				

Deferred Developer Fee	\$446,511	( 18% deferred)
Repayable in	13 years	

#### Recommendation:

Underwriter recommends an annual tax credit allocation of \$1,109,841 per the eligible basis.

Underwriter:	Jeffrey Price
