

2025 HOUSING SPONSOR REPORT

PROPERTIES RECEIVING ASSISTANCE FROM THE TEXAS DEPARTMENT OF
HOUSING AND COMMUNITY AFFAIRS AS OF DECEMBER 31, 2024

**Prepared by the Housing Resource Center
P.O. Box 13941, Austin, TX 78711
800-525-0657 www.tdhca.texas.gov**

Equal Opportunity Employer/Program Auxiliary aids and services are
available upon request to individuals with disabilities
Relay Texas: 800-735-2989 (TTY) and 711

Housing Sponsor Report Overview

The *2025 TDHCA Housing Sponsor Report – Reporting on December 31, 2024* (HSR) is intended to provide property and occupant profiles¹ for primarily multifamily properties with 20 or more units receiving assistance from the Texas Department of Housing and Community Affairs (TDHCA or the Department). The information from this report is used to comply with the reporting requirements of Tex. Gov’t Code §2306.072 and §2306.0724.

It should be noted that with the exception of the ‘Questions’ column in the HSR report and reporting on fair housing complaints found in this overview, information presented in this report represents the status of TDHCA assisted properties at a particular moment (December 31, 2024), not a cumulative total of households served within the year. The ‘Questions’ column of the HSR report, which includes a question on fair housing findings, covers calendar year 2024. Fair housing complaint data received from the Texas Workforce Commission (TWC) cover complaints closed during State Fiscal Year (SFY) 2025. All data presented in this report, with the exception of fair housing complaints data from the Texas Workforce Commission (TWC), is self-reported by properties through the Annual Owner’s Compliance Report (AOCR) as required by Tex. Gov’t Code §2306.0724 and 10 TAC §10.607, therefore it may differ from other data reported in the State Low Income Housing Plan and Annual Report (SLIHP) and other official plans and reports produced by TDHCA. In addition, this analysis is only based on occupied units in the TDHCA portfolio as of December 31, 2024.

A Power BI dashboard visualizing data discussed in this overview, the attached Average Rent table and property charts can be viewed at the following link to supplement the analysis below.

[Housing Sponsor Report Data Dashboard](#)

Average Rent Analysis

The Average Rents listed in the HSR are a combination of the amount paid by the household, the amount of assistance received, and the utility allowance of the household. Some erroneous values have been excluded from average rents data in order to avoid skewing the analysis.

The following table shows the highest average rents for each unit size by region as well as urban and rural subregion.

Highest Average Rents by Unit Size (by Region and Subregion)

Unit Size	Urban	Rural	Total
Efficiency	Region 3 \$1,205.55	Region 3 \$984.00	Region 3 \$1,198.67
1 Bedroom	Region 7 \$1,187.65	Region 6 \$888.23	Region 7 \$1,171.74
2 Bedroom	Region 7 \$1,439.54	Region 3 \$1,031.08	Region 7 \$1,423.42
3 Bedroom	Region 7 \$1,688.92	Region 3 \$1,289.13	Region 7 \$1,676.89
4 Bedroom	Region 7 \$2,011.22	Region 9 \$1,571.50	Region 7 \$2,004.41
5 Bedroom	Region 7 \$1,740.00	Region 5 \$1,491.25	Region 7 \$1,740.00
6 Bedroom	Region 13 \$1,376.17	N/A	Region 13 \$1,376.17

¹ Income data for households may not be current if recertification was not required for the program the household participated in.

Region 7, the region containing the Austin-Round Rock MSA, is clearly shown to have higher average rents in several categories of unit types. This is in line with Region 7's high rate of housing cost burden reported in the *2026 State of Texas Low Income Housing Plan and Annual Report (SLIHP)*.

Many of the regions that appear to have high average rents are skewed by low numbers of units or a disproportionate distribution of units between urban and rural subregions. There are low numbers of certain unit types in certain subregions; in particular efficiency units and units with five or six bedrooms. For example, there are only four efficiency units in Region 2, seven five bedroom units in Region 3 and three in Region 7, and 12 six bedroom units in Region 13—but Region 13 is the only region with any six bedroom units. Six bedroom units are only in urban counties and there are only four 5 bedroom units in a rural area. Only 1.7% of the State's 5,994 efficiency units are found in rural counties.

The following table shows the lowest average rents for each unit size by region as well as urban and rural subregion.

Lowest Average Rents by Unit Size (by Region and Subregion)

Unit Size	Urban	Rural	Total
Efficiency	Region 11 \$578.07	Region 8 \$521.71	Region 8 \$521.71
1 Bedroom	Region 11 \$754.65	Region 11 \$711.16	Region 11 \$749.38
2 Bedroom	Region 13 \$901.51	Region 11 \$867.01	Region 13 \$902.20
3 Bedroom	Region 13 \$1,096.80	Region 13 \$900.24	Region 13 \$1,095.90
4 Bedroom	Region 2 \$1,151.13	Region 10 \$1,072.00	Region 2 \$1,208.17
5 Bedroom	Region 3 \$874.29	Region 5 \$1,491.25	Region 3 \$874.29
6 Bedroom	Region 13 \$1,376.17	N/A	Region 13 \$1,376.17

Region 11, the region containing the Brownsville-Harlingen, Laredo, and McAllen-Edinburg-Mission MSAs, has the lowest average rents for one bedroom units. Region 13, the region containing the El Paso MSA, also appears multiple times. Region 11 and Region 13 contain the majority of Texas' border counties and have the highest percentages of residents in the lowest income categories compared to other TDHCA state service regions, as reported in the 2026 SLIHP. Region 11 in particular also has a higher rate of households experiencing overcrowding. The lack of efficiency units in rural Region 7 reinforces that affordability issues in Region 7 are more pronounced in the urban counties containing the Austin-Round Rock-Georgetown MSA (the only MSA in Region 7).

Many of the regions that appear to have low average rents are skewed by low numbers of units or a disproportionate distribution of units between urban and rural subregions. Efficiency units tend to have lower average rents in urban counties. Region 11 does not have any efficiency units in rural counties, so the lower urban average rent stands as the total average rent for Region 11. In addition, because Region 13 is the only region with six-bedroom units, six-bedroom units in Region 13 have both the highest and lowest average rent among all regions. Low numbers of units may skew average rents, especially if the few units in that subregion have particularly high or low rents. Regions 13, 6 and 3 may all experience a similar issue as 98% of all units in these regions are located in urban counties.

The vast majority of total reported, occupied TDHCA-monitored units (92.8%) were located in MSA counties per U.S. Census Bureau Office of Management and Budget definitions. Some unit types are more likely to be located in MSA counties than others; 98.3% of efficiency units as well as 96.9% and 100.0% of five and six bedroom units respectively are located in MSAs. More than 90% of each unit type can be found in MSA areas.

Looking at the average rent of MSAs can be useful in observing the particular trends and issues of smaller, more concentrated areas than regions or subregions. The following table shows the highest and lowest average rents for each unit size by MSA.

Highest and Lowest Average Rents by Unit Size (by MSA)

Unit Size	Lowest Average Rent MSA	Highest Average Rent MSA
Efficiency	Amarillo \$457.74	Dallas-Fort Worth-Arlington \$1,205.55
1 Bedroom	Texarkana \$730.94	Austin-Round Rock-Georgetown \$1,187.65
2 Bedroom	Texarkana \$867.32	Austin-Round Rock-Georgetown \$1,439.54
3 Bedroom	Texarkana \$1,021.93	Austin-Round Rock-Georgetown \$1,688.92
4 Bedroom	Wichita Falls \$1,010.67	Austin-Round Rock-Georgetown \$2,011.22
5 Bedroom	Dallas-Fort Worth-Arlington \$874.29	Austin-Round Rock-Georgetown \$1,740.00
6 Bedroom	El Paso \$1,376.17	El Paso \$1,376.17

The Austin-Round Rock-Georgetown MSA (consisting of Bastrop, Caldwell, Hays, Travis, and Williamson counties) consistently has the highest average rents compared to other MSAs. This is in line with regional and subregional data for average rents and findings in the 2026 SLIHP regarding housing cost burden.

The San Antonio MSA (consisting Atascosa, Bandera, Bexar, Comal, Guadalupe, Kendall, Medina and Wilson counties), has the second highest average rent for efficiency units while the Dallas Fort Worth -Arlington MSA -has the second highest average rents for one, two and four bedroom units and the third highest rents for three bedroom units.

The Amarillo MSA has the lowest rents for efficiency units. The McAllen-Edinburg-Mission MSA (consisting of Hidalgo County alone) has the second lowest average rents for efficiency, one, two and three bedroom units. Border area regions appear frequently in the lowest average rents:

- The Brownsville-Harlingen MSA (consisting of Cameron County alone) has the third lowest average rents for efficiency units;
- The El Paso MSA (consisting of El Paso and Hudspeth counties) has the third lowest average rents for two and three bedroom units. It is also the only MSA with six bedroom units.
- Laredo MSA (consisting of Webb County alone) has the fourth lowest average rent for efficiency and one bedroom units.

The McAllen-Edinburg-Mission, Brownsville-Harlingen, and Laredo MSAs, located in Region 11, and the El Paso MSA, located in Region 13, are in areas that generally have low average rents, high poverty, high rates of overcrowding and cost burden.

The Wichita Falls MSA (consisting of Archer, Clay, and Wichita Counties) has the lowest average rent for four bedroom units. Other MSAs in Region 4, Longview and in particular Tyler, have slightly higher average rents and help raise the overall regional average rent. The Tyler MSA (consisting of Smith County alone) has the third highest rents for four bedroom units. Region 4 also has the second lowest percentage of units located in an MSA of any region (70.9%), so average rents in non-MSA counties of Region 4 may be higher than in other regions and bring up overall regional average rents.

The Texarkana MSA (consisting of Bowie County in Texas) has the lowest average one, two and three bedroom unit rents.

Household Area Median Family Income (AMFI) Analysis

Data for AMFI found in the attached property charts denotes the number of households at each property and the income band they fall into, 0-30% AMFI, 31-50% AMFI, 51-60% AMFI, and 61-80% AMFI. These numbers represent the household's income and not the AMI designation of the unit in which the household resides. Based on the AMFI of the household 85% of all tenants in the TDHCA portfolio have incomes ranging from 0-50% AMFI, with 46% in the 0-30% category and 37% in the 31-50% AMFI category. When looking at households in these income categories by urban and rural areas we continue to see a similar trend with the 0-30% and 31-50% AMFI category making up 43% and 41 % respectively of the urban region population; in rural areas the 0-30% AMFI band makes up 48% while 31-50% makes up 38% of the population of households in TDHCA portfolio units.

While 85% of all households have incomes under 50% of AMFI; 76% of all units in the TDHCA portfolio are designated for households making 51-60% of Area Median Income (AMI). This housing mismatch is in line with the larger housing mismatch discussed in the 2026 SLIHP, Housing Analysis, Housing Affordability (pp.45 - 46) chapter. In the State of Texas, renter households under 30% AMI make up the second largest group of renters who are under 80% AMI and 75.6% of renters under 30% AMI are living in units not designated to be affordable for households under 30% AMI.

While a housing mismatch exists, this does not take into account whether the tenant of a 60% AMI unit is receiving government assistance to aide them in paying the rent. Types of potential government assistance include but are not limited to, Housing Choice Voucher (HCV), Tenant Based Rental Assistance (TBRA), Project Based Rental Assistance (PBRA), Section 202, Section 811 PRA, etc. In the TDHCA portfolio, 40% of households are receiving government assistance to aid in paying rent. While this analysis does not identify what AMI tier unit these individuals are residing in, based on the high percentage of 60% AMI units a majority of those receiving government assistance are in 60+% AMI units.

Persons With Disabilities

Tenants in TDHCA monitored properties have the option of identifying themselves as having a disability. In the TDHCA portfolio, 15% of households report at least one person as having a disability. As cited in the 2026 SLIHP, Section 2: Housing Analysis pp 27-28, "Rural subregions have higher rates of disability than urban subregions in every TDHCA service region. Urban counties generally have more persons with disability overall." This holds true for households in the TDHCA portfolio with 89.2% of all households reporting a disability living in urban areas. While 21% of rural households report a disability but only 14% of urban households. Currently, 9.14 % of LIHTC units have mobility accessibility features. It is important to note that the 9.14% number is only inclusive of units that were designed at construction to be accessible to persons with mobility impairments. This does not include units that received accessible features post-construction due to reasonable accommodation requests, so the number of units with accessible features is likely slightly higher. Regardless, there is still a sizeable gap in the number of accessible units and the number of households that have a person with a disability.

Race and Ethnicity Analysis

The race and ethnicity in the HSR are self-reported by the tenants of all multifamily housing units in the TDHCA portfolio to their property manager which is then reported to TDHCA through the AOCR. This analysis includes every person in the household and not just the head of household. The data presented below represents approximately 574,294 individuals. The data is broken into the following race and ethnicity categories; Native American/American Indian, Asian, Black/African American, Pacific Islander, White, Other and Race Unknown (unknown means the individual chose not to disclose their race), Hispanic, Not Hispanic and Ethnicity Unknown (again the individual chose not to disclose their ethnicity).

The below table shows the percentage breakdown of all individuals in the TDHCA portfolio by Race and Ethnicity, compared to the Statewide population.

Race	Percentage TDHCA Portfolio	Statewide
Native American/American Indian	0.29%	0.70%
Asian	1.25%	5.6%
Black/African American	29.43%	12.2%
Pacific Islander	0.11%	0.10%
White	42.98%	48.5%
Other	5.00%	32.8%
Race Unknown	20.95%	N/A

Ethnicity	Percentage TDHCA Portfolio	Statewide
Hispanic	36.96%	39.7%
Not Hispanic	42.71%	60.3%
Ethnicity Unknown	20.33%	N/A

Statewide data source: American Community Survey (ACS) 2024 5-year estimates, Table DP05. Other for statewide includes persons of two or more races.

Comparing TDHCA portfolio figures to statewide data helps provide a general understanding of the racial and ethnic makeup of tenants in the TDCHA portfolio, but race and ethnicity vary by region and subregion (urban or rural) around the state. For example, in Regions 11 and 13 on the Texas/Mexico border 89.83% and 92.03% of all tenants are White, Hispanic. Regions where nonwhite populations make up the majority of tenants include regions 3, 4, 5, and 6. When looking at the data by subregion 62.11% of tenants in rural counties identify as White and 35.10% as Hispanic with only 22.34% identifying as Black/African American. In urban counties 41.56% identify as White and 37.10% Hispanic while 29.95% identify as Black/African American.

Fair Housing

TDHCA is required to report whether or not the Department has been notified of a violation of fair housing law filed with the US Department of Housing and Urban Development, the Commission on Human Rights, or the US Department of Justice. Each property is required to disclose in the Annual Owner's Compliance Report whether or not HUD or an equivalent fair housing agency or a federal court find that the development violated the Fair Housing Act. This is noted with a response of "Y" or "N" to the question "Any Fair Housing Findings" in the 'Questions' field of the HSR. Nineteen TDHCA-monitored properties reported fair housing violations in State Fiscal Year 2025.

In addition, the Department is notified of fair housing complaints processed by TWC. Whether or not the TWC processed a fair housing complaint in regards to a specific property is indicated in the 'Questions' field of the HSR. The outcome of the complaint is also listed. The possible outcomes and definitions of those outcomes are as follows:

- No cause: The case lacks sufficient evidence of reasonable cause for discrimination.
- Complaint withdrawn: The complainant has voluntarily requested and received a halt in the processing of the housing complaint.
- Conciliation: The successful resolution of issues raised by a complaint that was determined through informal negotiations involving the aggrieved person, the respondent, and the Fair Housing Assistance Program or HUD.
- FHAP judicial consent order: The voluntary agreement that resolves a complaint that was submitted to the independent fact finder and signed by all parties.

Nineteen TDHCA-monitored properties were the subject of fair housing complaints filed through the TWC in SFY 2025. 58% of the complaints ended in conciliation and 42% were found to have no cause or the complainant withdrew the complaint after settlement.

Notes

This section provides explanations for variations in the data found in the attached property charts.

- In the attached property charts, the section titled “Occupants by AMFI Total (By Households)” represents actual incomes of households at the property and does not reflect the LURA requirements of the property.
- In the attached property charts, there are a number of properties that were new or under construction as of 12/31/2024 and will not show occupancy or Fair Housing related data.
- All information in the attached property charts is self-reported by property owners. No information or data in these charts has been changed by TDHCA. Blank fields indicate that either no response was submitted by a property owner or that the data is not available.
