

This list is a PRE-AWARD list of "priority" applications consistent with §49.9(d)(2) of the QAP. "Priority" means that at this time, based only on current scores, regional allocations and set-asides, the "priority" applications appear to be most competitive and have been sent to the Real Estate Analysis Division for review. "Priority" designation for any application may change based on the success of appeals still pending in the region and the set-aside where each application is located. This list does not reflect an award or a recommendation for an award and should in no way be construed as an assurance of an award. To ensure a sufficient number of underwritten applications, the total number of tax credits requested by applications with "priority" designation exceeds the total credit ceiling available. As such, it would be impossible to recommend all "priority" applications for an award and some listed applications will not receive this recommendation. "Rescue" Developments are those that already received funding out of the 2005 credit ceiling under the TDHCA Rural Rescue Program.

 * = Priority Designation: This list is a PRE-AWARD list of "priority" applications consistent with §49.9(d)(2) of the QAP. "Priority" means that at this time, based only on current scores, regional allocations and set-asides, the "priority" applications appear to be most competitive and have been sent to the Real Estate Analysis Division for review. "Priority" designation for any application may change based on the success of appeals still pending in the region and the set-aside where each application is located. This list does not reflect an award or a recommendation for an award and should in no way be construed as an assurance of an award. To ensure a sufficient number of underwritten applications, the total number of tax credits requested by applications with "priority" designation exceeds the total credit ceiling available. As such, it would be impossible to recommend all "priority" applications for an award and some listed applications will not receive this recommendation. "Rescue" Developments are those that already received funding out of the 2005 credit ceiling under the TDHCA Rural Rescue Program.

"Priority" designation for any application may change based on the success of appeals still pending in the region and the set-aside where each application is located. This list does not reflect an award or a recommendation for an award and should in no way be construed as an assurance of an award. To ensure a sufficient number of underwritten applications, the total number of tax credits requested by applications with "priority" designation exceeds the total credit ceiling available.
