Explanation of Application Submission Logs

2009 Hurricane Ike Application Submission Log

This log contains all applications submitted in counties located in the Hurricane Ike affected counties (in accordance with IRS Notice 2008-109). The current total estimated available for Ike credit is \$29,812,320. Applications will be identified by highest score regardless of region or sub-region. All Ike credit will be utilized first before any allocation of regional credit ceiling. Any remaining applications will be placed back in the respective sub-region to compete in the standard competitive process.

2009 At-Risk Application Submission Log

This log contains all applications submitted in the "At-Risk" or "USDA" set-asides. The Department is required to set-aside at least fifteen (15%) of the State Credit Ceiling for "At-Risk" development. The current estimated amount is \$7,888,445.

2009 Regional Application Submission Log

This log contains all applications submitted for regional competition in the state. The current total estimated State Credit Ceiling is \$44,701,191. There are thirteen state regions that are divided into rural and urban sub-regions. Each sub-region has an estimated amount of allocation set-aside based on need for that sub-region. The amounts appearing at the beginning of each region in the log are estimated amounts and are subject to change.

Regions 4, 5 and 6 contain applications that propose developments that are located in counties that were affected by Hurricane Ike. These applications are indicated in the "notes" column as PA-Ike. These applications (if competitive) will be awarded utilizing funds designated for Ike counties or with regional credit ceiling, allocated to the respective sub-region through the regional allocation formula.
