Overview of the Tax Credit Program

The tax credit program was created by the United States Congress to be administered by the principal state housing agency of each state on behalf of the Internal Revenue Service. Housing Tax Credits are called “low income housing tax credits” in the Internal Revenue Code. By restricting the rents that may be charged for rental units built or rehabilitated using tax credits, the credits benefit individuals and families who qualify to be tenants. Qualification is based on income. Rent restrictions may call for some units to have rents appropriate for tenants with incomes at 60% or 50% of area median gross income. The restrictions may be even lower if the applicant chooses, but in general, qualified tenants typically have incomes that are at or below 60% of the median gross income in the county where the tax credit development is located.

Developers apply to the state housing agencies for tax credits to profit from the construction of rental units. The developers obtain cash equity for construction by partnering with large financial institutions that create investment funds of tax credits in which investors can buy shares entitling them to use the credits in “payment” of federal income taxes. As an example of how developments are financed by the credits, consider that a developer awarded tax credits by the state might take a payment of 80 cents per dollar of tax credit from the partner financial institution. The institution (syndicator) would establish a tax credit fund for investors, taking a fee for establishing and managing the fund. The credits that cost 80 cents (plus the fee to the syndicator) per dollar of credit would be used by the investor to reduce federal income taxes dollar for dollar. Thus, all participants would profit from the development. Details of the brief outline just stated are given in the remainder of this guide.

Statutes, regulations and rules.

The tax credit program was created by the Tax Reform Act of 1986. Funds were first available to the real estate development community in 1987. Section 42 of the Internal Revenue Code, as amended, is the federal law that governs the program, but the program is administered in each state by a state housing agency. The Code, Treasury Regulations and IRS Revenue Rulings state the federal rules to be followed by the state agencies, development owners and investor/taxpayers. However, in each state, the applicable state housing agency creates a “qualified allocation plan and rules” (“QAP”) describing the process of applying for tax credits, persons and types of rental property that are eligible and rules for constructing and operating developments financed by tax credits. Federal

law permits the QAP to be more, but not less, stringent than the federal rules. The Texas QAP is more stringent than the federal rules.

Availability of development financing from tax credits in Texas.

The tax credit program provides hundreds of millions of dollars per year to Texas for the development of affordable housing. The program is exclusively for rental housing. Although some government and quasi-governmental organizations use program funds, the money is used overwhelmingly for developments that are designed, constructed and operated by the private sector, not by government. Tax credits are available from two sources; the “credit ceiling” based on the size of the state’s population; and in connection with the “volume cap” associated with tax-exempt bond issues in which the bonds finance at least 50% of the cost of land and buildings in the development. Bond financed developments apply under a non-competitive process, and tax credits are, generally, automatically available in conjunction with tax-exempt bond financing. Applications associated with the credit ceiling must participate in the program via a competitive application round that only occurs once a year.

Applying for tax credits.

One function of the QAP is to define an application procedure that, in effect, results in an annual contest among applicants for the state’s tax credits under the credit ceiling. If the applicant for tax credits is successful in competing with the other applicants, he (an applicant may be a natural person or an organization) will receive a commitment from the housing agency for not more than the amount of credits necessary to build, or acquire and rehabilitate, a development whose operation will be financially feasible. Underwriters in the state agency estimate the amount of credits needed for financial feasibility and the amount of conventional and other types of financing that the development can support. The tax credit program is profitable for applicants and investors because an applicant that is successful in the “contest” “sells” the credits at a discount to investors who then use the credits at face value to pay federal income taxes.

The way tax credits are used.

Since the inception of the tax credit program, the system of financing developments with tax credits has become well organized. The ownership of a tax credit development is almost always vested in a limited partnership. Limited partnerships are comprised of a general partner and one or more limited partners. The general partner is responsible to the limited partners for the day to day operations of the partnership’s business and legally liable for the consequences of those operations. The limited partners are the investors in the partnership’s business. The limited partners may not interfere in the operation of the business except to remove and replace the general partner. Both the general partner and limited partner may be individuals (natural persons) or business organizations.

Prior to closing a construction loan and initiating construction, the successful applicant is typically both the general partner and the limited partner in the development owner. At the time of finalizing negotiations for a construction loan, the applicant will generally finalize negotiations with one of many large national financial institutions, and the institution will take over the limited partner interest. Most commonly, the limited partner of the limited partnership that owns the tax credit property will be another limited partnership. The general partner of this secondary limited partnership is typically the national financial corporation or institution that, among other business interests, specializes in the “syndication” of tax credit investments. In essence, the syndicator buys the credits, packages the credits into investment funds and sells shares in the funds to

large individual, corporate and institutional investors. The creation of tax credit investment funds that are managed by large institutions enables the existence of a secondary market for tax credits, and shares in the funds may be bought and sold by investors. The syndicator, as general partner of the entity that is the limited partner of the development owner, must watch over the general partner of the development owner to assure that all of the rules of the Code and QAP are followed. Failure to construct and operate the rental property in compliance with the rules may invalidate some or all of the credits, causing losses to investors and to the syndicator.

Amount of tax credits a development can obtain – GAP and Eligible Basis.

Under the Code and the QAP, development proposals must be underwritten so that no development is allocated more credits than necessary to make the development financially feasible. The amount of credits allocated must be the lower of two calculations, the eligible basis method calculation and the “GAP” calculation. The **GAP** calculation is quite simple. The financing necessary to fill the gap between total development cost and financing available from all sources other than tax credits (excluding owner’s equity) is, basically, the answer provided by the GAP calculation. The dollar amount available through syndicating the credit establishes the amount of credits necessary to fill the gap. The cents on the dollar that a syndicator will pay for credits associated with a particular development is derived from commitment letters or letters of interest from syndication firms.

The **eligible basis** calculation is more complex. If a prospective developer submits a successful tax credit application, the tax credits that the proposed development is eligible to receive typically are determined by the eligible basis calculation. In the eligible basis method, the credits are calculated based on the amount of qualified development costs that are incurred in acquiring and constructing the development. These qualified development costs are called “eligible basis.” In general, development costs are eligible basis if the costs are associated with depreciable improvements that are constructed or installed in the process of building new rental units and associated improvements or rehabilitating an existing rental property. The cost of the existing improvements in a property acquired for rehabilitation is also eligible basis.

The amount of the credits calculated based on the eligible basis may be affected by the location of the development, and the amount **will** be affected by the percentage of units in the development that are tax credit units instead of market rate units (the “applicable fraction”) and the “applicable federal rate” (also called the “applicable percentage”) that has been calculated and published by the Treasury Department for the month in which the tax credit buildings are placed in service. Developments built in locations that have been designated by HUD as “Difficult Development Areas” (DDAs) or “Qualified Census Tracts” (QCTs) as well as other qualified areas listed in §49.5(d) of the 2011 QAP are eligible for a 30% increase in the eligible basis upon which the tax credits are calculated. After any applicable adjustment is applied, the percentage of affordable (tax credit) units within the development or the percentage of total rentable square feet devoted to tax credit units, whichever is less, is used to multiply the adjusted eligible basis (at this point the “eligible basis” has become the “adjusted basis” in tax credit jargon) to arrive at the “qualified basis”. Finally, the qualified basis is multiplied by the “applicable federal rate”, also called the “applicable percentage” to arrive at the tax credits that the development may receive.

The applicable federal rate or applicable percentage is an important part of calculating tax credits because it can, to some extent, be controlled by the applicant. Two applicable federal rates are published monthly by the Treasury Department. The lower of the two rates is often called the 4% rate (and also called the 30% rate) and has historically varied from about 3% to just less than 4%. The higher of the two rates is often called the 9% rate (and also called the 70% rate) and has varied just below 8% to just below 9%. The Housing and Economic Recovery Act of 2008, set the applicable federal rate of not less than 9% for the competitive program for any new buildings placed in service after the enactment of the bill and by December 31, 2013. The 4% rate must always be used as the multiplier of the qualified basis if the qualified basis originated from the cost of existing improvements acquired for rehabilitation (often called acquisition basis).

In addition to the options above, the applicable percentage may be controlled by another method. The percentage may be irrevocably “locked-in” soon after an applicant is chosen for an award of tax credits. Locking-in the rate is accomplished in conjunction with either of two types of agreements, depending on whether the award of tax credits resulted from an application in the competitive allocation round or in connection with a development receiving tax-exempt bond financing. In the former case, a “carryover allocation agreement” committing the applicant to place the proposed development in service within two years of the award of tax credits contains a checkbox to signify that the applicant is locking-in the rate as the rate effective in the month that the applicant and the Department sign the agreement. In the case of tax-exempt bond issues, an “election statement” may be signed by the applicant locking the rate as the rate effective in the month that the tax-exempt bonds are issued. If not locked-in, the applicable percentage for both applicants in the competitive round or “bond” applicants will be the percentage in effect in the month in which the improvements are placed in service (ready for occupancy).

Expertise is needed to participate in the tax credit program.

As the foregoing discussion indicates, a substantial amount of expertise is necessary to structure the financing and other aspects of a tax credit development so that the development produced and the return on capital to investors is optimized. The Department does not advise applicants about the optimal or most effective strategies for obtaining and using tax credits. Before applying, applicants should always have consulted a professional tax advisor who has substantial expertise that is specific to the tax credit program. Specific expertise is necessary to determine optimal financing strategies and which costs of application and development can be claimed as eligible basis. Besides housing tax credits, the financing of a development might include grants or loans from the federal HOME program, federal Community Development Block Grant (CDBG) funds for constructing infrastructure, and other federally subsidized below market rate loans. All of the types of funds just named complicate the issue of structuring the financing of a tax credit development.

More About How Tax Credits Are Used by Development Owners

Under the Code, tax credits may be used as dollar-for-dollar payment of federal income taxes. Only the owners of a Housing Tax Credit development may use credits. A credit is subtracted after the amount of tax is calculated. In this form, a credit differs from a deduction or adjustment. The use of tax credits is limited by the application of the passive loss provisions and other restrictions that exist in the Code. Some types of corporations

may be able to utilize an unlimited amount of tax credits to offset their federal tax liability. Because an individual real estate owner typically cannot use all of the tax credits he or she may obtain on a development against his or her own tax liability, the tax credits awarded to a restricted development will usually not be useful unless outside investors acquire ownership interests in the development. As explained above, the term “syndication” is used to describe the process of structuring the financial arrangements and securing the investors who will join in a partnership and own the development.

Through a syndication, a limited partnership is created whereby the limited partners exchange initial equity for the benefits of the tax credits and possibly residual cash flow from the operation of the development over time. The syndications may be created by using either individual taxpayers as the limited partners or obtaining equity capital from a single corporate sponsor.

What Properties Qualify for Tax Credits?

To be considered for tax credits, the proposed property must undergo new construction, rehabilitation or acquisition and rehabilitation. The minimum requirements necessary to qualify any building for rehabilitation under the tax credit program as referenced in Section 42(e)(3) of the Code are:

1. the expenditures are allocable to one or more low income units or substantially benefit such units; and
2. the amount of such expenditures over any 24 month period must be not less than 20 percent of the adjusted basis of the building; **or** the qualified basis, when divided by the number of low income units in the building, is, under the Code, \$6,000 or more. (Under the Texas QAP, the amount of direct hard cost incurred in the rehabilitation must be at least \$15,000 for each tax credit unit.)

Each development must include a minimum percentage of units to be set aside for eligible low income tenants. The rent charged on the units set aside must also be restricted.

Pursuant to Section 42(g)(1) of the Code, a qualified low income housing development means any development for residential rental occupancy if the development meets the requirement of **either**:

1. **20** percent or more of the residential units in such development are both rent restricted and occupied by individuals whose income is **50** percent or less of area median gross income¹; **or**
2. **40** percent or more of the residential units in such development are both rent restricted and occupied by individuals whose income is **60** percent or less of area median gross income¹.

It is important to note that once an election is made, it is irrevocable. Tax credits may only be claimed on the units that have been set aside for participation under this program. It is possible for development owners to set aside 100% of any development for consideration

¹ This determination is made using the median gross income tables published annually by the U.S. Department of Housing and Urban Development.

under the tax credit program and in doing so claim the maximum amount of tax credits eligible for the development. While 60% of area median income is the highest level at which a tenant may qualify for a tax credit unit, owners who choose the 20% at 50% AMGI option above must restrict 100% of the tax credit units in the development to occupancy by tenants who qualify at 50% of area median income.

Tax credit units must be rent restricted. The Code citation that pertains to rent restrictions can be found in Section 42(g)(2). A residential unit is considered rent restricted if the gross rent does not exceed 30 percent of the imputed income limitation applicable to the unit. An example is given later in this guide.

Credit Period, Compliance Period and Extended Housing Commitment

The following time periods apply to any development owner that utilizes tax credits under Section 42 of the Code:

Credit Period - With respect to a building within a Development, the period of ten taxable years beginning with the taxable year the building is placed in service or, at the election of the Development Owner, the succeeding taxable year, as more fully defined in the Code, §42(f)(1)

Compliance Period - With respect to a building, the period of 15 taxable years, beginning with the first taxable year of the Credit Period pursuant to the Code, §42(i)(1).

Extended Low Income Housing Commitment - No tax credits will be allocated to any building unless an extended low income housing commitment between the development owner and the housing credit agency is in effect. The requirements that must be met by this commitment are set forth in Section 42(h)(6) of the Code. The period that is to be covered by the extended low income housing commitment in the State of Texas is at least 15 years from the close of the compliance period (Section 42(h)(6)(D) of the Code). Therefore, the development will be required to maintain its affordable housing characteristics for a period of 30 years. There are however two provisions for the early release of the extended low income housing commitment:

1. Pursuant to Section 42(h)(6)(E)(i)(I) of the Code, the extended low income housing commitment shall terminate on the date the development is acquired by foreclosure (or instrument in lieu of foreclosure) unless the Secretary of the Treasury determines that such acquisition is part of an arrangement with the taxpayer a purpose of which is to terminate the extended use period. However, under the preceding provision, the development owner may not evict or terminate the tenancy (other than for good cause) of an existing tenant of any low income unit, or increase the gross rent with respect to such unit that is not otherwise permitted under the tax credit program, for a period of not less than three years. The citation that establishes this requirement may be found in Section 42(h)(6)(E)(ii) of the Code; and
2. Pursuant to Section 42(h)(6)(E)(i)(II) of the Code, if at the close of the 14th year of the compliance period the development owner provides the Department with a written request to find a purchaser to acquire its interest in the low income portion of the building. The Department will then be given a period of one year to find such a purchaser and offer the property at a pre-determined purchase price.

If no such purchaser comes forward to acquire the low income portion of the property by the end of the one year period, then the extended low income housing commitment will be released. The specific Code references pertaining to this process may be found in Sections 42(h)(6)(F), (G), (H), and (I).

How to Request Tax Credits

The Texas Department of Housing and Community Affairs is the only entity in the State of Texas that has the authority to allocate tax credits under the Housing Tax Credit Program. Applications and all information necessary to apply are available throughout the year on the home page of the HTC Program on the TDHCA website. Applications must be completed on behalf of a proposed development owner and submitted to the Department for consideration within the time limits applicable to the particular year's Application Cycle as posted on the website.

Applications must be presented to the Department in conformity with the Housing Tax Credit Qualified Allocation Plan and Rules (the "QAP") during a published application acceptance cycle. All application cycles will be published in the Texas Register. Information about the cycles is also available by contacting the staff of the Multifamily Finance Production Division at any time.

To be considered for tax credits, developments must conform to the requirements of Section 42 of the Code. If an application is submitted for a development that does not meet the requirements of Section 42 of the Code, the Department will reject the application.

The Department has produced an Application Submission Procedures Manual that contains the necessary information and instructions for filing a tax credit application. The procedures outlined within the Application Submission Procedures Manual must be followed exactly as stated for the application to be considered.

As required by §2306.111 of the Texas Government Code, the Department will use a regional allocation formula to distribute credits from the State Housing Credit Ceiling. This formula establishes targeted tax credit amounts for each of the thirteen state service regions and is discussed in §49.6(a) of the 2011 QAP. The Department also utilizes set-aside categories for the allocation of tax credits. The actual set-aside categories and percentages associated with each are discussed in §49.6(b) of the 2011 QAP. Applications will compete against those other applications within their own set-aside category and/or state service region, as opposed to competing against all applications submitted.

When filing an application, the development owner must submit to the Department certain required documentation. All of the threshold items specified in §49.8 of the 2011 QAP are **mandatory requirements** that must be provided at the time of application submission for an application to receive consideration.

§49.9(a) of the 2011 QAP establishes the selection criteria, which establish the various policy initiatives set forth by the Department under the tax credit program. The selection criteria are a series of questions concerning development location, housing needs characteristics, development characteristics, sponsor characteristics, participation of local tax-exempt organizations, tenant populations with special housing needs, and public

housing waiting lists. Additional documentation may be required on certain selection criteria. Maximum scores for each selection criteria are also incorporated into the rules under §49.9(a) of the 2011 QAP. The Department makes no assumptions concerning the eligibility of a property to receive points for certain selection criteria items for which the applicant did not initially claim the eligible score.

Tax-Exempt Bond Financed Developments

Applications for developments which receive at least 50% of their financing from the proceeds of tax-exempt bonds which are subject to the state volume cap as described in the Code, §42(h)(4)(B) are also subject to evaluation under the QAP and Department Rules. Such developments must meet all the threshold requirements stipulated in the most recently approved QAP and Department Rules. Such developments must also demonstrate consistency with the bond issuer's local Consolidated Plan. If the Department determines that all requirements have been met, the Board, shall authorize the Department to issue an appropriate notice to the sponsor that the development satisfies the requirements of the QAP and Department Rules in accordance with IRC §42(m)(1)(D).

Calculation of the Tax Credit Amount and the Maximum Allowable Rents

Probably the most common mistake in filing an application is the calculation of the maximum tax credit amount or the maximum monthly rental rate. In an attempt to minimize the number of incorrect allocation requests, an example of actual application pages and sample HUD median income information are provided to demonstrate the method of calculating both tax credit and monthly rental amounts.

In conjunction with determining a development's maximum eligible tax credit amount, the Department will review the feasibility of the proposed property and its potential to remain a viable low income housing development throughout the compliance period. These issues also enter into the Department's final decision concerning the prospects of allocating tax credits to any development.

In determining the maximum amount of tax credits that a development may receive, the Department will utilize three basic methods of calculation. The first method considers the total qualified basis attributable to the property. Qualified basis is the amount of depreciable capital improvements to be made to the property during the development process multiplied by the applicable fraction which is equal to the lesser of the percentage of units set aside for occupancy by low income tenants under this program or the percentage of floor space attributable to the low income set aside units. A more in depth discussion pertaining to the applicable fraction will be provided later in this guide.

It is important that applicants who do not wish to set aside 100 percent of their available units for occupancy by low income tenants observe the applicable fraction requirement, as this factor must be adhered to in determining the maximum tax credit amount.

The second method of determining a development's maximum eligible tax credit amount is commonly referred to as the Equity/Funding Gap Method. Under this method, the Department analyzes the total development costs associated with the creation or rehabilitation of the development. The Department will then analyze the total sources of

funding (development financing) to be obtained to meet these development costs. The resulting difference between the cost of development and available development financing is the Equity/Funding Gap. After the Equity/Funding Gap has been determined, the Department will then calculate the amount of tax credits necessary to satisfy this gap during the credit period.

The third method of determining the annual allocation amount is to utilize the requested amount submitted by the applicant. Through the utilization of these three methods, the Department attempts to maximize the issuance of the total tax credit authority available. The lesser of the annual allocation amounts derived from the three methods of calculation is utilized by the Department.

Qualified Basis Determination

Example 1 - Calculation of credits for a “standard” development

The development cost schedule shown in Figure 1.1 represents a “standard” development whose eligible basis amount will not be adjusted for such items as inclusion of market income units, site location, and use of below market rate federal loans.

Those sections of the development cost schedule shown in Figure 1.1 that are shaded means that qualified basis may not be claimed for that particular cost category under either the acquisition or new construction/rehabilitation components. Please note that the figures provided in Figure 1 represent a simplified example. **Typically not all of the development cost for each line is includable in eligible basis because some of the work may have been associated with non-eligible activities.**

*This table is a sample only, reflecting only general categories in a cost breakdown. It does not reflect all of the line items included in the required Cost Schedule.

Most of the cost items above are self-explanatory. Only several specific cost items will be discussed in greater detail below.

Category 1 (Acquisition) of the development cost schedule pertains to the cost to acquire the land and buildings that will comprise the affordable housing development. Due to the fact that tax credits are only eligible to be claimed on depreciable capital improvement, the cost of the land may not be included towards the qualified basis, and as such needs to be discounted from the total purchase price when determining qualified basis. The instances in which acquisition tax credits will be eligible to be claimed will be more thoroughly discussed during a later portion of this guide. The Department will require that the applicant supply either a current real estate tax valuation, clearly showing the percentage of total property value attributable to the land, or a purchase contract that clearly references the amount of the purchase price that is attributable to the land.

The syndication costs, as provided for in category 11 of the development cost section, relate to any and all expenditures associated with the syndication of the tax credits.

Regarding developer fees in category 12, the Department will not allow the applicant to claim more than 15 percent of total eligible basis as a developer's fee. When considering this amount, the total of both developer overhead and developer fee combine to represent developer fees. Consequently, the sum of these two line items when divided by total basis for both acquisition and rehabilitation/new construction, shall not exceed the maximum level. When an application represents both acquisition and rehabilitation, as the example depicts, and the applicant elects to claim a developers fee on both the acquisition of the buildings and their subsequent rehabilitation, then the applicant must claim the developers fees which would be allowable for both categories of costs, instead of placing all of the developers fees under the rehabilitation category. Eligibility of developers fees is

discussed further in the underwriting guidelines later in this Information Guide. Developers fee may be earned on non-eligible basis activities (adjusted for the reduction of federal grants, B.M.R. loans, historic credits, etc.) not inclusive of the developer fees themselves, but only 15% of eligible basis items may be included in basis for the purpose of calculating developments credit amounts.

The total of each category of expenditure represents total residential costs associated with the development of the affordable housing property. Where applicable, the costs provided for within the development cost section of the uniform application should be consistent with the amounts specified within the development costs estimate submitted to the Department in accordance with the Uniform Application required under Section 50.9 of the QAP.

Upon the completion of the cost items specified within the development cost section of the application form, the applicant will then deduct the following items from the total residential costs:

1. **All federal grant proceeds used to finance development costs** - Pursuant to Section 42(d)(5)(A) of the Code, any grant of which any portion is funded with Federal funds, will require that the eligible basis for that property be reduced by the amount of such grant. Simply stated this means that if a property receives a Federal grant then the amount of that grant must be subtracted from the total eligible basis prior to the determination of tax credit amounts.
2. **Below market rate (B.M.R.) federal loans used to finance development costs** - Pursuant to Section 42(i)(2)(B) of the Code, those developments that are to receive financing, the source of which is from Federal funds, with an interest rate that is below the applicable federal rate, then the development owner must reduce the total residential costs by the amount of the principal of such financing. The alternative to this provision is for the development owner to reduce the applicable percentage from nine percent to four percent. A demonstration will be provided below for this scenario.
3. **Non-qualified non-recourse financing** - The provisions for this reduction are provided for within Section 42(k) of the Code pertaining to the At-Risk Rules. Generally speaking, non-qualified non-recourse financing is considered to be non-recourse seller financing. In the instance where a development owner acquires a property and as a portion of this acquisition price, the purchaser provides a note to the seller, the amount of such financing provided for within this note would be deducted from the total residential costs. This provision would not apply to RTC seller financing under their affordable housing disposition program.
4. **Non-qualified portion of higher quality unit** - Pursuant to Section 42(d)(3) of the Code, in the instance where there exists a disproportionate standard between the quality of the non-set aside low income units and those units set aside for affordable tenancy, the development owner must deduct the costs associated with those higher quality units away from the total residential costs.
5. **Historic Tax Credit** - In the instance where a property receives both historic tax credits and Housing Tax Credits, then the amount of the historic tax credits must be deducted from the rehabilitation portion of the total residential costs prior to the determination of the Housing Tax Credit amount.

Through the deduction of the above listed items, the applicant would reduce the total residential costs associated with the creation of the affordable housing and filter them

into what is referred to as total eligible basis, which is covered in Section 42(d) of the Code.

To take the property from total eligible basis to total qualified basis, the applicant must apply the applicable fraction. The applicable fraction is defined in Section 42(c)(1)(B) of the Code as the smaller of either the unit fraction or floor space fraction as discussed below:

1. **Unit Fraction** - Pursuant to Section 42(c)(1)(C) of the Code, the unit fraction equals the amount of low income units divided by the total number of units (vacant or occupied) within the property.
$$\text{Low Income Units} \div \text{Total Units} = \text{Unit Fraction}$$
2. **Floor Space Fraction** - Pursuant to Section 42(c)(1)(D) of the Code, the floor space fraction equals the total floor space attributable to the low income units divided by the total floor space (whether or not occupied) of the property.
$$\text{Low Income Floor Space} \div \text{Total Floor Space} = \text{Floor Space Fraction}$$

By multiplying the total eligible basis as previously determined by the applicable fraction, the applicant will arrive at the total qualified basis of the property. To determine the maximum amount of tax credits that will be allowed under the qualified basis determination, the applicant will be required to multiply the total qualified basis by the applicable percentage.

For purposes of the initial analysis of the application under this program, the applicant should utilize four percent as the applicable percentage on allowable acquisition costs and new construction/rehabilitation costs that will utilize some form of below market rate federal subsidy, as provided for in Section 42(i)(2)(A) of the Code. For all other new construction/rehabilitation costs, the applicant will utilize nine percent as the applicable percentage.

At either the date on which the building is placed into service, as defined in IRS Advance Notice 88-116, or at the election of the development owner, the Department will fix the applicable percentage as in effect on either of the above two dates, pursuant to Section 42(b)(2) of the Code. The applicable percentage is set each month by the Secretary of the Treasury. A historical perspective of the movement of the applicable percentage from the inception of the tax credit program may be reviewed by the applicant in the reference manual.

As shown in Fig. 1.2 below, the development:

- does not have any funding sources that would require a reduction in the amount of "Total Eligible Basis."
- is not located in an area that qualifies for the "High Cost Area Adjustment."
- is comprised entirely of tax credit units so the applicable fraction is 100%.

As can be seen in Fig. 1.2, the “Total Qualified Basis” amount has not been modified from the amount of eligible “Total Residential Costs” shown at the end of Fig. 1.1. The maximum annual amount of tax credits that may be claimed under the qualified basis determination would be \$672,352 (\$4,600 + \$667,752).

Utilizing the same total residential costs as provided in Fig. 1.1. the Department will now provide examples of how to determine the maximum amount of tax credits, through the qualified basis method, under a number of various scenarios.

Example 2 - Developments Located in either a Difficult Development Area (DDA) or Qualified Census Tract (QCT).

Under certain circumstances, properties located in either difficult development areas or qualified census tracts may be eligible to have their new construction/rehabilitation eligible basis increased by 130%, as provided for in Section 42(d)(5)(C) of the Code. The increase to eligible basis, for properties located in either a difficult development area or qualified census tract, is not allowable on any acquisition basis. The definition of these two areas are provided for below:

1. **Qualified Census Tract** - Pursuant to Section 42(d)(5)(C)(ii) of the Code, a qualified census tract is defined as any census tract that is designated by the Secretary of Housing and Urban Development (HUD) and, for the most recent year for which census data are available on household income in such tract, either in which 50 percent or more of the households have an income which is less than 60 percent of the area median gross income for such year or which has a poverty rate of at least 25%.
2. **Difficult Development Area** - Pursuant to Section 42(d)(5)(C)(iii) of the Code, a difficult development area is defined as any area designated by the Secretary of Housing and Urban Development as an area which has high construction, land, and utility costs relative to area median gross income.
3. The Secretary of Housing and Urban Development designates those areas that will receive the additional benefits inherent by increasing the eligible basis. On an annual basis, the Department receives a listing of these qualified census tracts and difficult development areas and provides the information to you in the Reference Manual.
4. As shown in Fig. 2.1, the development:

- does not have any funding sources that would require a reduction in the amount of “Total Eligible Basis.”
- is located in an area that qualifies for the “High Cost Area Adjustment.”
- is comprised entirely of tax credit units so the applicable fraction remains is 100%.

Figure 2.1

TOTAL ELIGIBLE BASIS (Carried forward from Fig. 1.2)	\$ 115,000	\$ 7,419,472
High Cost Area Adjustment (130% for QCTs and DDAs)		130 %
TOTAL ADJUSTED BASIS	\$ 115,000	\$ 9,645,314

TOTAL QUALIFIED BASIS	\$ 115,000	\$ 9,645,314
Applicable Percentage	4.00%	9.00%
TOTAL AMOUNT OF TAX CREDITS REQUESTED	\$4,600	\$868,078

In this example, the new adjusted eligible basis for the rehabilitation portion of the total residential costs has been increased from \$7,419,472 to \$ 9,645,314, which accounts for the 130% increase that increases the credit award by \$200,321.

Developments That Receive Federal Subsidy.

Developments that will receive a form of below market mortgage financing which is funded in whole or in part through below market rate Federal funds will be required to reduce the credit percentage associated with the new construction/rehabilitation qualified basis or remove the funding source from eligible basis.

The most common occurrence that leads to this reduction is the use of financing from the Texas Rural Development Agency under its Section 515 program. This program provides long term mortgage financing at a subsidized interest rate of one percent. This type of property would fall under the requirement that its applicable percentage be reduced from nine percent to four percent.

As shown in Fig. 3.1, the development:

- has a federal below market rate loan of \$200,000 that the terms of would require a reduction in the amount of “Total Eligible Basis” or a reduction in the “Applicable Percentage.”
- is not located in an area that qualifies for the “High Cost Area Adjustment.”
- is comprised entirely of tax credit units so the applicable fraction is 100%.

Figure 3.1

TOTAL ELIGIBLE BASIS (Carried forward from Fig. 1.2)	\$ 115,000	\$ 7,419,472

TOTAL QUALIFIED BASIS	\$ 115,000	\$ 7,419,472
Applicable Percentage	4.00%	4.00%
TOTAL AMOUNT OF TAX CREDITS REQUESTED	\$4,600	\$296,779

In Figure 3.1, the applicable percentage was reduced from the initial nine percent to four percent, in accordance with Section 42(b)(2)(B) of the Code. The reduction in the applicable percentage decreased the tax credit amount on the rehabilitation from \$667,752 to \$296,779.

As an alternative, the applicant could have chosen to deduct the total principal amount of the federal below market interest rate financing from total eligible basis, and in doing so, be permitted to utilize an applicable percentage of nine percent against the eligible rehabilitation costs. The determination as to which method should be utilized is strictly up to the applicant. The Department will not be responsible for providing consultation concerning this decision to an applicant. This scenario is depicted in Figure 3.2.

Figure 3.2

TOTAL DEVELOPMENT COSTS (Carried forward from Fig. 1.2)	\$ 8,047,47 2	\$ 115,000	\$ 7,419,472

Applicable Percentage		4.00%	9.00%
TOTAL AMOUNT OF TAX CREDITS REQUESTED		\$4,600	\$649,752

In Figure 3.2, the “Total Eligible Basis” amount was reduced by the \$200,000 loan. The reduction in the “Total Eligible Basis” resulted in the decreasing of the tax credit amount on the rehabilitation from \$667,752 to the current level of \$649,752.

It is important to note that some forms of Community Development Block Grant (CDBG) and HOME financing where the applicant clearly is required to repay the awarded funds are not considered under the provisions of a below market federal loan, as provided for in Section 42(i)(2)(D) and (E) of the Code respectively.

Example 4 - Developments That Elect to Set Aside Less Than 100% of the Available Units. As stated previously, prior to calculating the qualified basis for any development, the development owner must first multiply the eligible basis by the applicable fraction. Under the four scenarios provided above, the development owner set-aside 100% of the available units for occupancy by persons or families of low and very low income.

For an example which describes the Applicable fraction for a mixed income development, the Department will assume the unit breakdown and square footage shown in Fig. 4.1.

Figure 4.1

# of Bedrms.	# of Units	Unit Size(NRSF)	Total NRSF
Tax Credit Units			
1	17	700	11,900
2	25	900	22,500
3	8	1,100	8,800
	50		43,200
Market Rate Units			
1	8	700	5,600
2	25	900	22,500
3	17	1,100	18,700
	50		46,800
Total Units	100		90,000

To determine the applicable fraction, the applicant will need to perform both the unit fraction and floor space fraction calculations.

The formula for determining the unit fraction is:

$$\text{Low Income Units} \div \text{Total Units} = \text{Unit Fraction}$$

By utilizing this formula, the corresponding unit fraction for the unit composition and set-aside portions provided above would be 50% ($50 \div 100 = 50\%$). The formula for determining the floor space fraction once again is:

$$\text{Low Income Floor Space} \div \text{Total Floor Space} = \text{Floor Space Fraction}$$

Consequently, the appropriate floor space fraction for the unit composition and set-aside portions as provided above would be 48% ($43,200 \div 90,000 = 48\%$).

Upon the completion of these two calculations, the applicant would utilize the lesser of the unit fraction or floor space fraction. In the case of this example, the applicable fraction would be 48%. The applicant must use the applicable fraction against both the acquisition and new construction/rehabilitation categories to properly calculate the maximum allowable tax credit amount. Only that portion of the development that is set-aside for usage under this program may receive the benefits of the tax credits. Consequently, since the applicant in this example chose to set-aside only 48% of the property for tenancy by low and very low income persons and families, they may only be allocated that amount of tax credits that corresponds to the elected set-aside. As a result of this reduction in the applicable fraction, the qualified basis was reduced which leads to the reduction in the amount of tax credits that the development owner could claim.

Figure 4.2

TOTAL ADJUSTED BASIS (Carried forward from Fig. 1.1)	\$ 115,000	\$ 7,419,472
Applicable Fraction	48%	48%
TOTAL QUALIFIED BASIS	\$55,200	\$3,561,347
Applicable Percentage	4.00%	9.00%
TOTAL AMOUNT OF TAX CREDITS REQUESTED*	\$2,208	\$320,521

In figure 4.2., the use of the 48% applicable fraction reduces the amount of the tax credits requested from \$672,352 (as calculated in Figure 2.1) to \$322,729.

Equity Funding Gap

The equity/funding gap takes into consideration the total sources and uses of funds required for the completion of the new construction, rehabilitation or acquisition and subsequent rehabilitation of a particular property. The basis for this form of analysis may be found in Section 42(m)(2)(B) of the Code, which states the housing credit agency should determine that level of tax credits that will be necessary for the development to be financially feasible as a qualified low income housing development throughout the credit period. In arriving at this determination, the housing credit agency is instructed to review the sources and uses of funds and the total financing planned for the development (Section 42(m)(2)(B)(i) of the Code) and also any proceeds or receipts expected to be generated by reason of tax benefits (Section 42(m)(2)(B)(ii) of the Code) or the syndication of the tax credits.

The Department, through the process of determining the eligible basis of a particular property, has already accomplished the function of determining the total development costs associated with the completion of the property. §49.8(7) of the 2011 QAP requires that the development owner supply information concerning the proposed financing to be utilized towards the completion of the proposed development, that will be used in this calculation to offset the anticipated development costs.

The final component of the equity/funding gap calculation is the determination of the proceeds to be received through the syndication of the tax credits. In arriving at this determination, the Department will assume that the typical property will receive an equity amount equal to the current market rate for every dollar in tax credits allocated to the property. The equity factor used by the Department will assume the discounting which the investor will apply to the tax credits and also the cost associated with the arrangement of the limited partnership group through a syndication firm. The Department will utilize the equity/funding gap approach even in the instance where the development owner chooses not to sell the benefits of the tax credits to a potential limited partner.

Prior to discussing the formula for determining the level of tax credits that might be eligible under the equity/funding gap approach, the Department will provide some definitions or clarification pertaining to the components of the formula.

- **Total Residential Costs** - The total residential costs are those development costs for both the acquisition and/or new construction/rehabilitation categories. It is important to note that this calculation utilizes those development costs that are considered ineligible under the qualified basis determination.
- **Total Sources of Funds** - The total sources of funds includes all proposed or current funding that will be utilized on the development. In arriving at the total sources of funds the Department will be considering the permanent financing as opposed to interim financing. In the instance where grants are to be considered on a particular development, the applicant must include the initial amount of the grant as a source of funds under this calculation.
- **Syndication Factor** - The anticipated value of the tax credits to the development owner. This is the percentage of each dollar that the syndication firms will pay for the tax credits. As previously stated the syndication factor will be assumed to be at the current market rate.

The basic formula for the equity/funding gap is as follows:

Step 1: Total Residential Costs - Total Sources of Funds = Equity Funding Gap

Step 2: Equity Funding Gap ÷ Syndication Factor = Total Value of Tax Credits

Step 3: Total Value of Tax Credits ÷ 10 years = Annual Value of Tax Credits

In conducting this example, the Department will utilize components of the development cost schedule provided in Figure 1.1. In the calculation of the equity/funding gap, the costs used to reference the total uses of funds is the total residential costs, which in the previous example totaled \$8,047,472. The Department will assume that the applicant was successful in obtaining mortgage financing equaling \$3,500,000.

Figure 5.1

Total Residential Costs (from Fig. 1.1)	\$8,047,472
Less: Total Sources of Funds	\$3,500,000
= Equity Funding GAP	\$4,547,472
/ Syndication Factor	0.72
= Total Value of Tax Credits	\$6,315,933
/ 10 Years	10
= Annual Value of Tax Credits	\$631,593

As shown in figure 5.1, under the equity/funding gap approach, it would be assumed that through the provision of \$631,593 per year in tax credits for the next ten years, that the applicant could transfer the benefits of these credits to a limited partner for \$.72 on the dollar and receive \$4,547,472 in equity capital that would offset the initial equity requirement.

The development owner will be eligible for the lower amount of tax credits generated by the qualified basis and equity funding gap approaches.

Determining the Maximum Allowable Rent to be Charged on a Set-Aside Unit

As previously discussed in the section “What Must An Applicant Do To Qualify for Tax Credits” section, the development owner must agree to set-aside a certain percentage of the units for occupancy by persons of low and very low income. The units that are to be set-aside for low and very low income occupancy must also be rent restricted.

The portion of the Code that pertains to rent restrictions is Section 42(g)(2). In general, the rent that is allowed to be charged to a person or family of low and very low income under the tax credit program shall not exceed 30 percent of the imputed income limitation applicable to the units that is set-aside.

In Section 42(g)(2)(C) of the Code, imputed income limitation is considered to be the income that would apply to individuals occupying a unit if the number of individuals that occupied the unit were determined as follows:

1. in the case where the unit does not have a separate bedroom, one individual; and
2. in the case where the unit has one or more separate bedrooms, 1.5 individuals for each separate bedroom.

Figure 6.1 shows how the imputed income limitation parameters are utilized.

Figure. 6.1

Number of Bedrooms	Imputed Income Limitation
Efficiency	1 person
One Bedroom	1.5 persons
Two Bedrooms	3 persons
Three Bedrooms	4.5 persons, etc.

Once the imputed income limitation is determined for the various unit types in the development then the process of calculating the maximum monthly rental rate can commence.

In calculating the maximum monthly rental rate that could be charged on a low income set-aside unit, it has previously been stated that said rent may not exceed 30% of the imputed income limitation applicable to the unit. Within this 30%, the applicant must discount any and all allowances for utilities that the tenant is responsible for paying directly to the service provider, pursuant to Section 42(g)(2)(B)(ii) of the Code.

HTC rent limits include an allowance for the cost of utilities (heat, lights, air conditioning, water, sewer, oil or gas). In developments where the owner pays all utilities, no adjustment in the HTC rent limits are needed to determine the maximum rent that can be charged for a tax credit unit. In developments where tenants pay all or a portion of their own utilities, the rent established for a tax credit unit must not exceed the applicable HTC rent limit for that unit. Depending on whether or not the HTC development receives additional assistance from other programs (such as FmHA, Section 8), owners may be required to use predetermined utility allowances. Owners of conventionally financed buildings may either rely upon local PHA determined utility allowances or calculate allowances themselves. If owners choose to determine utility allowances themselves, they must be able to document calculations as described in Treasury Regulation Section 1.42-10.

In this demonstration, the Department will calculate the maximum monthly rent that could be charged for both a one and two bedroom unit if the property were being set-aside for occupancy by persons and families at or below 50% of area median income. The Department will assume that the property is located in Abilene, Texas in performing the necessary calculations.

Figure 6.2. Example of Income and Rent Limits for Abilene, TX MSA

	1 person	2 person	3 person	4 person	5 person	6 person	7 person	8 person
50%	14,250	16,300	18,300	20,350	22,000	23,600	25,250	26,850
60%	17,000	19,560	21,960	24,420	26,400	28,320	30,300	32,220
	Efficiency	1 Bedroom	2 Bedroom	3 Bedroom	4 Bedroom	5 Bedroom		
50%	356	381	457	529	590	651		
60%	427	458	549	635	708	781		

To arrive at the imputed income limit for a 1.5 person family, the applicant must add the one person income figure to the two person income figure and divide by a factor of two. The resulting number will represent the imputed income limitation for a 1.5 person

family. The same basic process would be used to determine an imputed income limitation for either a 4.5 or 7.5 person family.

Figure 6.3 Imputed Income Calculation

Unit Type	1 Bedroom	2 Bedroom
Imputed Income Limit.	1.5 persons	3 persons
Income Determination:		
One Person Income at 50%	\$14,250	18,300
Two Person Income at 50%	\$16,300	
Sum of the above	\$30,550	
Divided by	/2	
Imputed income	\$15,275	18,300

Maximum Rent Determination:

Imputed Income	\$15,275	18,300
Refer to the Maximum Rent Limit Table for persons at 50%	\$381	\$457
Less Utility Allowance	- \$50	-\$75
Maximum Monthly Rental Rate	\$331	382

Under this demonstration, it is assumed that the tenants within the development will be required to pay for their utilities and the resulting allowance for the community in question for the sake of this example, \$50 is the utility allowance for a one bedroom unit and \$75 for the two bedroom unit. Consequently, the maximum monthly rental rate that could be charged to a person or family under the 50% median income requirement for a one and two bedroom unit would be \$331 and \$382 respectively. In the instance where the development owner would pay all necessary utilities, thereby relieving the tenant from the requirement to separately pay for the utilities, the maximum monthly rental rate could be as much as \$381 for a one bedroom unit and \$457 for a two bedroom unit. The process for calculating the appropriate rents for persons at the 60% income level would be identical except that the 60% limits would be used in the calculation.

The calculation of the maximum rental rate establishes the ceiling that may be charged under the requirements of the tax credit program, and not what should be charged to any particular tenant. The applicant must continue to be sensitive to the prevailing market rates in establishing the rents, all the while being conscious of the maximum rental rate that is allowed for under the tax credit program.

The imputed income limitation calculated in the process of determining maximum rental rates does not establish the maximum family income that a prospective tenant may earn and still qualify for the housing unit. The determination as to any particular tenants ability to qualify for a unit is limited to their income in relationship to the established HUD median income tables that corresponds to the number of people that will reside within the housing unit.

Developments Located in QCT's, DDA's, or Certain Targeted Texas Counties

The Department has elected to provide certain special benefits to those applicants that produce housing in either qualified census tracts, difficult development areas or specifically targeted Texas counties. Those properties that are to be considered in either a qualified census tract or difficult development must conform to the provisions as set down within Section 42(d)(5)(C) of the Code. The definitions for both a qualified census tract and difficult development area were provided in the section dealing with the calculation of qualified basis.

Validating the Allocation of Tax Credits by Year End

After the Department determines the feasibility of a development as an affordable housing development, and the maximum level of tax credits that are eligible to be claimed, those developments that pass all of the necessary tests will be presented to the Board of Directors of the Department for their consideration. Only the Department's Board of Directors may approve the commitment of any tax credits to a proposed housing development application.

Development owners receiving a commitment of housing tax credits will be required to satisfy all of the conditions present within the commitment, including but not limited to the full payment of any and all commitment fees as provided for in §49.14 of the 2011 QAP, prior to the expiration date provided therein. Once all of these conditions have been met, it is required that the development owner either complete the necessary new construction/rehabilitation (commonly referred to as placing the units into service) or file for a carryover allocation prior to the end of the calendar year. A carryover allocation will allow the development owner 24 months from the close of the calendar year in which said carryover allocation is issued to complete the necessary rehabilitation or new construction and place the buildings into service, pursuant to IRS Notice 88-116. Failure on the part of the development owner to either place the units into service or file for a carryover allocation by the specified expiration date stated in the commitment notice would result in the termination of the tax credits from the Department.

Carryover and 10% Test

The specific regulations pertaining to carryovers are within Section 42(h)(1)(E) and Treasury Regulation Section 1.42-6, both of which are within the reference manual. The specific requirements by the Department pertaining to carryover eligibility is further described in detail in the Carryover Allocation Procedures Manual. All portions of the Carryover Allocation Procedures Manual must be adhered to when filing for a carryover allocation with the Department.

A property would qualify for a carryover only if the requirements of the Carryover Allocation Procedures Manual have been met. The following outlines basic qualification procedures for carryover allocations. A carryover allocation occurs when the development owner has not and will not be finishing the rehabilitation or new construction portion of the development prior to the end of the year in which the tax credit commitment is issued.

1. Commitment fee specified in the commitment notice has been received by the Department.

2. All conditions and requirements to the commitment notice have been satisfactorily cleared with the Department.

No later than six months after the execution of the Carryover Allocation Document, the development owner must show that the basis in the development is more than 10% of the development owner's reasonable anticipated basis in the development (as of the end of the second calendar year succeeding the allocation year). Basis means the taxpayers adjusted basis of land and depreciable property that is reasonably expected to be part of the development, whether or not such amounts are includible in the eligible basis of the buildings in the development under Section 42(d) of the Code.

What is Required to Place the Development in Service?

The final IRS Forms 8609 are issued to development owners who complete their rehabilitation or new construction. For development owners applying for acquisition and rehabilitation tax credits, the acquisition of the property must occur in the year the development receives its allocation of tax credits. If the development will be completed prior to the end of the calendar year in which it receives its commitment notice for tax credits, the development owner must cost certify the development prior to the expiration date stated in the commitment notice. The following outlines the basic requirements of cost certifying a development for final allocation:

1. All conditions and requirements to the commitment notice have been satisfactorily cleared with the Department.
2. Commitment fee and Compliance Monitoring fee specified in the commitment notice have been received by the Department.
3. Benefits and burdens of ownership have been transferred to the development owner and the federal tax I.D. number has been established.
4. The Declaration of Land Use Restrictive Covenants Document has been correctly prepared, executed and filed in the appropriate county real property records.
5. The Department has been presented with a cost certification audit and evidence that the new construction or rehabilitation work has been completed.
6. The development owner has attended a compliance monitoring workshop conducted by the Department and has received a certificate of completion from the Department for said workshop.

Development owners must adhere and comply with all portions of the Cost Certification Procedures Manual to be considered for the final allocation of the IRS Forms 8609. Development owners should allow a minimum of eight weeks for processing of the IRS forms 8609.

Areas of Difficulty Experienced by Applicants to the Tax Credit Program

To provide you as much information as possible concerning the tax credit program, the Department will cover some of the typical areas in the program that have given previous applicants difficulty.

1. **Failure on the part of the applicant to provide the Department with sufficient information in order for it to reach a determination concerning the application.** If the applicant does not submit sufficient information to the

Department in order for a determination to be made as to either priority of the application, eligibility of the property under the requirements of the tax credit program, maximum amount of tax credits that may be permitted on the property, etc., then the Department will be delayed in processing the application. If the deficiencies under this scenario are not adequately addressed by the applicant, the property may be terminated by the Department.

2. **Failure on the part of the applicant to properly calculate the maximum amount of tax credits that might be eligible on the property.** By not properly calculating the amount of tax credits that are eligible to be claimed on any property, the applicant may either overestimate or underestimate the potential tax credit allocation. If plans and forecasts dealing with the financial structure of the development are taken into consideration, under the assumption that the initial applicants tax credit estimates are correct, and the Department subsequently recalculates the tax credit amount at a lower level, then the development owner would be faced with the prospect of re-analyzing the transaction to determine the willingness to proceed under the new tax credit amounts.
3. **Failure on the part of the applicant to properly calculate the maximum amount of rents that would be allowable under the tax credit program.** When the applicant improperly calculates the maximum rental rates that may be charged under this program, and in doing so, bases the proforma operating estimates on the incorrect rental rate, the reduction in the maximum allowable rental amount may adversely affect the long term estimates of operating performance, and possibly reduce the properties viability under the tax credit program.
4. **Failure on the part of the applicant to properly satisfy the necessary year end requirements of the tax credit program.** As stated previously in this guide, the development owner is required to either place the units into service or file the necessary documentation to receive a carryover allocation of the tax credits prior to the end of the calendar year. Should the development owner receive a commitment of tax credits and fail to perform under either of these two alternative by the end of the calendar year, then the Department will terminate the tax credit commitment.
5. **Failure on the part of the applicant to adhere to application cycle deadlines or supplemental notice deadlines issued from the Department.** The applicant is advised to adhere to the deadlines with regards to any application cycle and any notice issued with regards to the property whereby the Department is requesting additional information To complete its analysis of the property.
6. **The applicant fails to provide the Department with a completed application package.** As stated earlier in this guide, the Department will not take the responsibility of insuring that all selection criteria issues, which would be eligible to be claimed on a certain property, have been provided in a satisfactory manner. It is the responsibility of the development owner to claim those selection criteria points that the application is eligible to receive. The Department will take the responsibility of either confirming or denying the claims made by the development owner with regards to the application exhibits.
7. **Application fails to score a sufficient number of points to be considered for tax credits.** When the application fails to score sufficient selection criteria points during a given application cycle, the application may not be considered for tax credits during that application cycle. This possibility takes on new meaning when the application cycle in which the development owner is competing in is the last

cycle of any given program year. The failure to be considered during that final cycle could mean that the property will not be considered during that program year.

8. **The applicant fails to provide the Department with all of the information as requested within the threshold criteria** (§49.8 of the 2011 QAP). In order for an application to be considered for scoring and possible review by an underwriter, a development must first demonstrate that it meets the threshold criteria as set forth in this section of the Rules. Consequently, the failure on the part of the development owner to supply the information requested in the threshold criteria will force the delay in the underwriting process of the development and may cause the development application to be terminated.
9. **Failure on the part of the applicant concerning the purpose and benefits to be received from tax credits.** Tax credits are an ingredient that, when combined with other forms of financing, will foster the creation of affordable housing. The tax credit is a component of the overall financing package and not the whole package itself. Consequently, the development owner must also seek interim and permanent debt financing as well as arrange the manner in which he/she will provide for the required amount of equity to complete the property. It is highly advisable for the development owner to seek these other sources of funding while they are competing for the tax credits. Failure to consider the role of the tax credits in the development process and the corresponding year end requirements may result in the development owner receiving a commitment for tax credits yet be unable to satisfy the provisions necessary To validate the allocation.

Conclusion

As stated in the first portion of this guide, the Department's intention in providing this information is to familiarize you with the requirements of the tax credit program. While the Department is sure that each person may have specific questions that this guide may not have sufficiently addressed, we hope that the information will provide an adequate foundation upon which you may build your understanding of this program.

The Department always stands ready to assist you in understanding the tax credit program and the means by which an application is to be presented. The Department will offer direct assistance to any individual that requires this service in the preparation of the tax credit application. However, the Department will not take the responsibility of completing the application package for you.

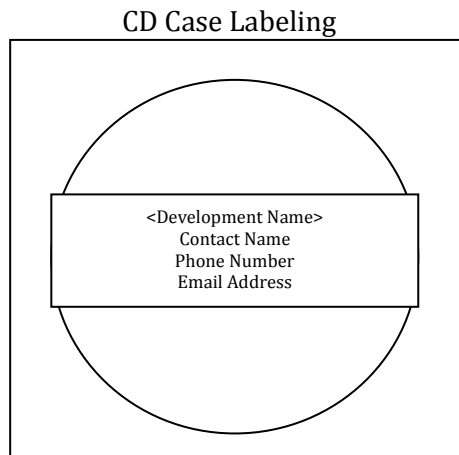

The Department looks forward to your continuing interest in the tax credit program and in the creation of decent, safe, and sanitary affordable housing for the citizens of the State of Texas.

Instructions for Completing the Electronic Pre-Application

If submitting a Pre-Application, all applicants are required to use the 2011 Uniform Pre-Application file provided by TDHCA at (<http://www.tdhca.state.tx.us/multifamily/applications.htm>).

1. To download the electronic Pre-Application file, right-click on the link at the website provided above, select "Save Target As" and choose the storage location on your computer. The Excel file should be named in the following format -- <Development Name-Pre-Application>.xls (e.g. Austin_Crossing_Pre-Application.xls)
2. Please do not transfer tabs from one Pre-Application file to another, even if it is for the same Pre-Application. If you plan to submit more than one Pre-Application, please make additional copies of the 2011 Uniform Pre-Application file **after** completing portions of the Pre-Application that *are common* to all of your applications and **before** completing any portions that are not common to all of your applications.
3. Fill in only the areas shaded in yellow. All other cells not shaded in yellow are for Department use only and have been pre-formatted to automatically calculate information provided by the Applicant and are locked. Applicants may view any formulas within the cells. Applicants may not add additional columns or rows to the spreadsheets.
4. All questions are intended to elicit a response, so please do not leave out any requested information. If references are made by the Applicant to external spreadsheets those references must be removed prior to submission to TDHCA as this may hamper the proper functioning of internal evaluation tools and make pertinent information unavailable to TDHCA.
5. When entering phone, fax and cellular numbers or zip codes, enter numbers only with no blank spaces, parenthesis or hyphens, these cells are pre-formatted. Phone, fax and cellular numbers will require area codes.
6. This electronic Pre-Application has been designed so that some information, such as development name, development address, city, etc. need only be entered once. In order to take advantage of this feature, the user must enter information in the order in which it is requested. If you see a "#VALUE" or "DIV/0" in a cell do not worry. These values will disappear upon data entry in other tabs.
7. Be sure to save the file as you fill it out!

If you have difficulty downloading the files from the website, contact Jason Burr at (512) 475-3986, or jason.burr@tdhca.state.tx.us.

6. A pop-up box will appear that asks "Do you want to proceed without creating tags?" Click Yes.

Remember that there are forms that require a signature. Once you have executed all required documents scan them and re-insert the scanned forms back into the order required.

Once the file has been converted to PDF and all executed forms have been re-inserted into its appropriate location within the file, you will need to create Bookmarks. Bookmarks may or may not have already been created as part of the conversion process. You will need to designate or re-set the locations. To correctly set the Bookmark locations you must have the PDF file open in Adobe Acrobat. Click on the Bookmark icon located on the left-hand side of the Adobe Acrobat screen, or go to the task bar and select these options in the following order: **View** → **Navigation Panels** → **Bookmarks**.

If a Bookmark has already been created for each tab within the Excel file, simply re-set the bookmarks to the correct locations. To re-set the location for the Bookmarks, go to the first page of each separately labeled form/exhibit. You will then right-click on the corresponding Bookmark for the form/exhibit you are currently viewing. Select **Set Destination** and a pop-up box will appear asking you the following: "Are you sure you want to set the destination of the selected bookmark to the current location?" Select **Yes**.

If Bookmarks were not already created within the Excel file, then you will need to create these Bookmarks. Go to **Document** → **Add Bookmark**. Right-click on the first Bookmark and re-name it for the appropriate form or exhibit. You will then need to set the location of the Bookmark by going to the first page of each form or exhibit, right click on the corresponding Bookmark and select **Set Destination**. A pop-up box will appear asking you the following: "Are you sure you want to set the destination of the selected bookmark to the current location?" Select **Yes**.

If after conversion of the Excel file to PDF you have extra blank pages of any exhibit, you can delete those pages in order to limit the size of the file. To delete any extra, unnecessary pages identify the page number(s) you want deleted. On the Adobe Acrobat Task Bar click on Document and select Delete Pages from the drop down list. A box will appear prompting you to select which page(s) you would like to delete. Enter the page numbers to be deleted and hit OK.

The PDF formatted file must be checked for the following prior to submission:

- ✓ All tabs and/or volumes must be correctly bookmarked
- ✓ Files should average less than 100 kilobytes per page
- ✓ Files must be readable with free PDF file viewers including Adobe Reader and be compatible with Adobe Reader 5.0 and above
- ✓ Files should be saved so that "Fast Web View" (or page at a time downloading) is enabled
- ✓ Text within the PDF file should be searchable using the "Find" command in the PDF viewer

If you have any questions on using or experience difficulties with the Microsoft Excel based application, contact Raquel Morales via email at raquel.morales@tdhca.state.tx.us.

Required Forms and Exhibits for the Pre-Application

Submission of a Pre-Application is not required; however, submitting a Pre-Application qualifies the Application for six (6) points, if all threshold requirements are met. These points would not be available otherwise.

Please note that during the review process an Administrative Deficiency will only be issued to an Applicant in cases where a clarification or correction to information originally submitted in the Pre-Application is needed. If a required form, exhibit or supplemental information is completely omitted, this will be cause for termination of the Pre-Application. Therefore, it is important that Applicants take extra care in completing and compiling all required documentation for the Pre-Application submission.

There are nine electronic tabs in the Pre-Application Excel workbook that represent separate spreadsheets for Applicant use. The complete PDF Pre-Application file must be submitted in the order presented in the Excel file and detailed below. Note that some tabs in the workbook act as a placeholder for purposes of reminding Applicants of the unbound documents that must be provided within the Application (*Applicants are encouraged to print out a blank version of each tab beforehand to be aware of all contents*):

❖ **Tab 1: Pre-Application Certification Form --\$49.7(b)(4)**

- All Applicants must submit a completed and executed (**hard copy**) original of this certification form with the Pre-Application submission. The form must be signed by the Applicant or person with authority to execute documents on the Applicant's behalf and must be dated and notarized. A scanned copy of the executed form should be included within the PDF formatted version of the Pre-Application file.

❖ **Tab 2: 2011 Payment Receipt**

- All Applicants must submit a completed and executed (**hard copy**) original of this form with the Pre-Application submission, along with a check for the correct fee amount in order for the Pre-Application to be accepted by the Department.

- If you are submitting a Pre-Application for more than one program at one time, please indicate all programs for which you are submitting documentation and/or payment. If you are submitting one check for more than one fee, please describe each fee included within the payment by selecting the appropriate box(es) in the **Payment Description** section.
- For Applicants claiming a fee reduction based on a Qualified Nonprofit Organization status evidence must be attached of the organization's status with the Payment Receipt. (For HOME, if you are claiming a fee waiver or reduced fee, please see required documentation in HOME NOFA)
- Insert a scanned copy of the completed Payment Receipt and check into the final PDF version of the Pre-Application.
- If you would like a copy of the staff-signed Payment Receipt sent to you, please indicate so by checking the box on the second page of the Payment Receipt.

❖ **Tab 3: 2011 Electronic Application Filing Agreement**

- This form must be completed and submitted with the Pre-Application in order to be able to submit subsequent information and documents related to the Pre-Application by means of electronic transmission using the Department's File Transfer Protocol (FTP) server. **NOTE: you need only to submit a scanned copy of this agreement within the final PDF of the Pre-Application file. A hard copy is not necessary.**
- A TDHCA Application Number will be assigned after the Pre-Application is received, along with instructions on how to use the Department's FTP transmission service.

- Only one **Construction Type** may be selected, unless you also select “Single Room Occupancy.”
- **Units Information**- enter the total number of low income and market rate units proposed. The total number of units will auto-sum.
- Only one **Target Population** may be selected, unless you also select “Supportive Housing.”
- **Requested Credits**- enter amount of housing tax credits being requested. **Note:** the Department will not allocate more than \$2M in annual tax credits during a competitive round.
- **Ownership Entity**- enter the name and address information for the ownership entity as well as information for a second contact for the Pre-Application.

- No evidence to substantiate the points reflected on this form is required at Pre-Application.
- **NOTE:** Pursuant to §49.7(a)(2)(A) of the 2011 QAP, an Applicant may not adjust the Self-Scoring Form in an Administrative Deficiency without a specific request from the Department. Therefore, it is important that care is taken when requesting points.

NOTE!

- The Principal(s) who signs the site control documentation at Pre-Application must be able to certify that the same Principal(s) remain at Application in order to be eligible for the Pre-Application Incentive Points.

 - For Housing Tax Credits, when selecting either “Rural” or “Urban” as the allocation be sure to confirm this designation with the 2011 HTC Site Demographics Report.
 - **Program Eligible Activities:** select the activities under the appropriate program(s) for which the Application is being submitted.
 - Up to two activities may be selected ONLY if one of the activities is also Acquisition.
 - If selecting “Reconstruction” as an activity, be sure you meet the test for being eligible under this activity.
 - *The total Units proposed on the Development Site must **not be greater** than the total Units proposed to be demolished and replaced on the development site. For example, if an existing Development Site has 100 units and an Application is submitted proposing to acquire and demolish all 100 units and re-construct 101 units, you **are not** eligible as a Reconstruction activity.*
 - **Funding Request:** data enter the amounts requested for each TDHCA Program, and the terms requested (if applicable).
 - The maximum annual Housing Tax Credit per Competitive HTC Application is \$2,000,000. **NOTE:** the cell for Requested Amount of Housing Tax Credit does not require data entry. ❖ **Volume 1, Tab 2, Part A (V1 T2 Pt A). Populations Served**

- All cells highlighted in yellow require data entry by the Applicant. Note that cells highlighted in gray will auto-calculate based on data entered here and in *Part B, Rent Schedule*. Therefore, a “**DIV/0!**” will appear upon entry of the “# of Designated Units” in this worksheet. The worksheet is protected and will not allow you to manipulate the cells that are gray. Once data is entered into Volume 1, Tab 2, Pt B the cells will calculate the correct percentage.
 - *Note that the “Type of Unit” categories are not mutually exclusive. For instance: for a 200 Unit Qualified Elderly Development with 10% of the Units set-aside for Persons with Disabilities, the table would read 200 Elderly Units and 20 Units for Persons with Disabilities with corresponding percentages of total Units.*
- The Department will use this form to test that the proposed Development does not violate the Integrated Housing Rule, which prohibits the set aside of more than 18% of units for persons w/disabilities for developments with 50 units or more; or prohibits the set-aside of more than 36% of the units for persons w/disabilities for developments with less than 50 units.
 - *Use this calculation to check*
$$(\text{___ \# of units for Persons with Disabilities} / \text{___ total \# of units} = \text{___} \%)$$

- Gross rents are within program limits available at time of Application submission, **UNLESS** evidence of rental subsidy is included behind this exhibit.
- If any non-rental income is included, describe the source(s) of the income. “Misc” income not an acceptable description. If you do not include a description but include an amount for non-rental income, the cells will turn RED to remind you to enter a description.
- Staff will confirm that no income is derived from fees charged for amenities selected in Volume 3, Tab 1, Part D. *Unit Amenities*.
- If the Development includes loft/efficiency Units, label these Units as “0” bedrooms as provided in the drop-down list.

- Additional rows are hidden should more rows be required. To do this select Rows 46 and 65, right click on mouse and select "Unhide."
- New formatting has been included. Unit types should be entered from smallest to largest based on "# of Bedrooms" and "Unit Size", then within the same "# of Bedrooms" and "Unit Size" from lowest to highest "Rental Income/Unit". If "# of Bedrooms", "Unit Size", or "Rent Collected/Unit" cells turn RED, this indicates the order of the unit types in the schedule is INCORRECT.
 - If you have any questions or experience problems with this please contact Real Estate Analysis for assistance.

- If applying for TDHCA HOME funds the column titled "HOME Unit Designation (Rent/Inc)" has been updated this year to include not only the HOME Unit designation but also includes the Income level required for each HOME Unit designation.

- A change was made for 2011 where non-contiguous single family sites are exempt from having the threshold test applied based on the number of Units per individual site. What this means is that only 100% non-contiguous single family sites are not required to provide common amenities for threshold. All other Developments must provide common amenities that are accessible and available to all residents based on the largest number of units on contiguous sites. For example, a barbecue grill in the backyard of one single family unit is not accessible to all residents. Therefore, this would necessitate a barbecue grill in every backyard or in a common area.

Units of Local Government include a city, county, town, village, tribal reservation or other general purpose political subdivision of the State.  - Must be attributed to the total number of Units in the Development.

The firm commitment must be accompanied by evidence that the funding commitment was approved by the Unit of General Local Government.

If a Governmental Instrumentality was used for these points, a firm commitment will be required **AND** evidence of approval of the funding from the Unit of General Local Government. Loan acknowledgements will not be accepted as evidence of approval at the time of Commitment.

If a firm commitment has not been supplied to the Department by the time the Commitment Notice is due back to the Department, points for the funding will be lost and the Application will be re-evaluated to see whether the loss of points and funding would have resulted in the Department not committing tax credits due to loss of competitiveness or financial feasibility. If so, the Commitment will be rescinded and the credits reallocated.

Experience Certification Delivery Instructions

All Applicants are required to submit an Experience Certificate as part of the final 2011 Housing Tax Credit Application. The required documentation to obtain an Experience Certificate must be submitted in electronic format only to the Multifamily Finance Division, attention: Valentin DeLeon. Hard copies and email submissions will no longer be accepted. The Applicant must deliver (by 5:00 PM CST on February 15, 2011):

1. One VIRUS-FREE CD-R in a protective hard plastic case containing the following:
 - A complete, PDF copy of the 2011 Experience Certification Request form with all attachments and supporting documentation

Label the CD protective case with a standard label containing the Applicant's name with email address to contact. **PLEASE DO NOT ATTACH ADHESIVE LABEL TO THE CD ITSELF.** Rather, write the requested information legibly on the printed side of the CD itself with a felt-tip pen. Refer to labeling illustrations below. **Double-check the CD to verify that it contains the properly named virus-free documents.**

Required Forms and Documentation for Experience Certificate

Applicants seeking an Experience Certificate should read and understand the requirements as further explained in §49.8(4) of the 2011 QAP.

Please note that during the review process an Administrative Deficiency may be issued to the Applicant in cases where a clarification or correction to information originally submitted in the Experience Certification documentation is needed. Applicants will be notified of any deficiencies via email, therefore, it is important that the Applicant provide the most current contact information.

10% Test (for 2010 Awardees)

For developments that received a 2010 Competitive Housing Tax Credit Commitment Notice and Carryover Agreement, the submission of required documentation for the 10% Test is necessary to show that, no later than the date that was six months after the carryover allocation date, expenditures comprising a part of the taxpayer's basis in the Development were incurred in excess of 10% of the total reasonably expected basis as of December 31, 2012. The deadline for submitting documentation that the requirement was met is July 1, 2011. This section describes the conditions and documentation necessary to satisfy the 10% Test requirement pursuant to §50.14(b) of the 2010 Qualified Allocation Plan and Rules (the "QAP" or the "Rules"). The Department may amend any part of this section from time to time as necessary.

The Development name, Development Owner name and General Partner names used throughout the documents must match the names on file with the Secretary of State and should be the same as indicated in the Application. Do not truncate or abbreviate any part of the name, and punctuate exactly as recorded with the Secretary of State. For example, if the ownership entity name uses the words "Limited Partnership", do not substitute "Ltd." or "L.P."

As Department staff reviews the documentation submitted, the names, calculations and other specific information in the each document must all be reconciled with the corresponding or related information in other documents. Therefore, the instructions in this section should be followed closely. The information presented will be used to verify compliance with the 10% Test.

Required Forms and Exhibits for the Carryover

A Development Owner in receipt of a valid 2011 HTC Commitment Notice must file for a Carryover Allocation. If the Development Owner will place the development in service in the same year that the Commitment Notice is issued, the owner must notify the Multifamily Finance Production Division, immediately.

If deficiencies are found, the Department will notify the Development Owner. The Development Owner will be given a specified length of time to correct the deficiencies. The Development Owner should ensure timely responses to any requests for additional information from the Department in order to allow timely processing of the Carryover documentation and final execution of the Carryover Allocation Agreement prior to December 31, 2011.

The complete PDF Carryover file must be submitted in the order presented in the Excel file and detailed below. Note that some tabs in the workbook act as placeholders for the purpose of reminding Development Owners of the unbound documents that must be

provided within the Carryover package (Development Owners are encouraged to print out a blank version of each tab beforehand to be aware of all contents):

❖ **Tab 1: 2011 Carryover Owner and Development Summary**

- This form must be completed in its entirety. If the development has previously received approval from the Department regarding any extensions, ownership changes and/or changes in the original development proposal (amendments), provide a copy of the letter of approval behind this tab.
- If any extensions, ownership changes and/or changes in the development proposal are under consideration by the Department at the time the Carryover documentation is submitted, provide a copy of the letter of request behind this tab. The letter and any applicable request fee must be submitted to the Department in order to have it processed.
- If the Application has undergone an amendment of the development proposal or ownership structure that was not considered in the Department's Application review and underwriting report, or is under consideration at the time the Carryover documentation is submitted to the Department, approval from the Department is required prior to execution of a Carryover Allocation Agreement.

❖ **Tab 2: Documentation for Re-underwriting the Development Proposal**

- Submit all Application exhibits that have changed from the original application review and underwriting behind this tab and label each revised exhibit with the words, "**Revised from Application**".
- Documentation for re-underwriting must be submitted if the documents used by the Department to underwrite the application no longer reflect the applicant's anticipated costs, revenues, expenses or financing. In particular, as stated in the 2011 QAP §49.12(e)(2), "If the financing structure, syndication rate, amount of debt or syndication proceeds are revised at the time of Carryover from what was proposed in the original Application, applicable documentation of such changes must be provided and the Development may be reevaluated by the Department."
- Any changes in the development proposal will require review for conformity with programmatic requirements and may also require additional underwriting review, either of which may affect the allocation of credit. Please be sure that any changes that are reported are anticipated to reflect the final form of the development proposal to avoid unnecessary processing and delay. If there have been no changes in the development proposal since the time of underwriting the application, then the underwriting that was performed at the time of application will remain effective for the carryover, and there will be no decrease in the carryover allocation from the amount of tax credits recommended in the original underwriting.
- The forms needed to report changes in the development proposal are the same forms used in the Application and can be accessed on the TDHCA website at <http://www.tdhca.state.tx.us/multifamily/applications.htm>. If there are no changes from the application, the forms below do not have to be submitted.

Examples of forms that may be applicable for reporting changes are named below:

- a. Volume 1, Tab 2, Part B, Rent Schedule
- b. Volume 1, Tab 2, Part C, Utility Allowances
- c. Volume 1, Tab 2, Part D, Annual Operating Expenses

- d. Volume 1, Tab 2, Part E, 30 Year Rental Housing Operating Pro Forma
- e. Volume 1, Tab 3, Part A, Development Cost Schedule, including as applicable:
 - Property Condition Assessment (only required if rehabilitation is proposed). See “2011 Real Estate Analysis Rules, Section 1.36 Property Condition Assessment Guidelines” for description of requirements.
 - Volume 1, Tab 3, Part B, Offsite Costs Breakdown
 - Volume 1, Tab 3, Part C, Site Work Costs. This item is necessary if site work costs have changed and include unusual items that exceed \$9,000 per unit.
- f. Volume 1, Tab 4 Part A, Summary of Sources and Uses of Funds. If financing changes, submit the form and amended commitment letters.

As previously stated, label all exhibits that have changed with the words, “**Revised from Application**”.

❖ **Tab 3: Carryover Allocation Agreement (Image of Original)**

- **NOTE:** The Department will generate a Carryover Allocation Agreement for Development Owners that received a 2011 competitive Housing Tax Credit allocation. The Department will enter all required data into the Carryover Allocation Agreement and will send the prepared document to the Development Owner for review, signature and notarization. If any correction to the prepared Carryover Allocation Agreement is required, mark the correction in its appropriate place and email to Raquel Morales at raquel.morales@tdhca.state.tx.us. Staff will contact the Development Owner if there are any questions related to the corrections requested prior to making any changes. A revised Carryover Allocation Agreement will be generated and sent to the Development Owner.
- The original of this Agreement conveys the allocation of tax credits pursuant to §42(h)(1) of Internal Revenue Code. Once the Development owner receives the pre-generated Agreement from the Department, the form must be reviewed, fully executed and notarized with original signatures. Blue ink is preferred. The original of the Carryover Allocation Agreement must be returned to the Department for final execution. Place a scanned image of the originally signed form behind Tab 3.
- The Taxpayer’s Reasonably Expected Basis (TREB) that is stated in the Carryover Allocation Agreement must be consistent with the calculation of the tax credit award in the Department’s latest underwriting report. TREB must be high enough to support the amount of credits that are being allocated. Generally, TREB includes all items of eligible basis and possibly other items of cost that can be depreciated or capitalized for tax purposes, such as the acquisition cost of land.
- **NOTE ON ELIGIBLE BASIS BOOST:** This year the Department has added a section to the Agreement to identify whether a Development was eligible for and received the 30% Eligible Basis Boost. Determination of the development’s eligibility for an increase in the eligible basis will be reflected in the Department’s evaluation of financial feasibility of the transaction as reflected in the underwriting report published on the Department’s website.
- **NOTE ON NONPROFIT ORGANIZATIONS:** The presence of an organization that has or will have a 501(c)(3) or (4) designation in the ownership structure requires the “Nonprofit” checkbox on the third page of the carryover allocation agreement to be marked. The foregoing is true regardless of whether or not the Application was made in the Nonprofit Set-Aside and where the Development will receive some financial or tax

benefit for the involvement of the nonprofit. The development will have a restriction in its LURA in association with this issue.

❖ **Tab 4: Federal Tax Identification Number (TIN) or Employer Identification Number (EIN) and Certificate from the Texas Secretary of State**

- Form from the IRS or similar official document showing the number of the Development Owner - not the general partner. The name of the Development Owner must be the same as the name registered with the Texas Secretary of State and stated in the Application and Commitment Notice.
- If the equity investor has entered into the partnership for the transaction, provide a copy of the executed signature page of the Limited Partnership Agreement. If the equity investor has not entered into the partnership, nothing else is required.

❖ **Tab 5: Copy of the Commitment Notice and Resolution of Conditions of the Commitment Notice**

- Place a copy of the Commitment Notice, executed by the Development Owner and the Department, behind this tab.
- Resolution of Conditions of the Commitment Notice and all documentation required to satisfy the conditions of the Commitment Notice that are due at the time of carryover must be presented behind the Commitment Notice in Tab 5. For each condition, no matter how obvious, include a narrative explaining how the documentation submitted satisfies the condition.

❖ **Tab 6: Management Plan, Affirmative Marketing Plan and Fair Housing Training**

- Applicant must include a statement confirming that a management plan and an affirmative marketing plan as required in the 10% Test (for 2011 Awardees) instructions will be submitted with the 10% Test documentation. *Note: the 10% Test for 2011 Awardees will be published at a later date and as part of the 2012 Housing Tax Credit Procedures Manual.*
- **Fair Housing Training.** Applicant must include a statement affirming that the Development Owner, the Development architect **AND** the Development engineer will attend Department-approved fair housing training courses before July 1, 2011 and that evidence of attendance will be submitted with the documentation of the 10% Test. Note that this requirement is for a statement, not evidence of attendance and such evidence is not desired at this time. Certificates of attendance are due by the deadline to submit the 10% Test package and the fair housing training date must not be more than two (2) years prior to the 10% Test submission deadline.

❖ **Tab 7: Evidence of Site Control – Deed or Contract to Purchase or Lease the Land**

- Evidence of property control (purchase contract, option or warranty deed) must be included in the carryover submission package of all developments. Evidence of property control must be consistent with §49.8(8)(A)(i)-(iii) of the 2011 QAP. The evidence must be for the same site as originally proposed in the application, unless an amendment to the property control has been approved by the Board.

❖ **Tab 8: Current Title Commitment or Title Policy**

- If the Development Owner has closed on the land acquisition, as evidenced in Tab 7, provide a current title policy. If the Development Owner has not closed on the land acquisition, no title commitment or policy is required at this time. However, please provide anticipated date of land acquisition.

❖ **Tab 9: Table of BINs for Developments with Previous Allocations**

- If the current development contains buildings for which IRS Forms 8609 were issued (or will be issued in association with a carryover allocation from a previous year) in relation to a past award of tax credits, then provide the following:
 1. List the BINs from the previous allocation (previous carryover allocation agreement or Forms 8609) that have been assigned to buildings that will receive 8609s in association with the current carryover allocation in the table provided in the excel Carryover file.
 2. Attach the page from the Land Use Restrictive Agreement (LURA) of the previous allocation (if such an agreement already has been filed) that lists the buildings with their associated BINs. (This page is typically the last page of the LURA.)
 3. If the development of the previous allocation contained any buildings that were assigned BINs that appear in the carryover allocation agreement, LURA or 8609s, identify any BIN that will not be used in association with the current carryover allocation. This instruction would be applicable in cases where buildings that were assigned BINs have been destroyed or will not be rehabilitated using tax credits from the current allocation. Explain why the BINs will not be used. Attach a page under the heading, “Explanation of Previous BINs Not Used.” that includes the explanation just described. (Note: BINs that were assigned in a carryover allocation agreement in excess of the BINs actually needed for the previous development proposal do not need to be explained. Only BINs that were actually identified for use need to be discussed. For example, if a range containing 99 BINs was stated in the carryover allocation agreement, but the development only needed three BINs, then only the unused numbers included in the three applicable BINs must be discussed.)

 - (A) A member of the Board; or
 - (B) The Executive Director, a Deputy Executive Director, the Director of Multifamily Finance Production, the Director of Portfolio Management and Compliance, the Director of Real Estate Analysis, or a manager over Housing Tax Credits employed by the Department; (§2306.6703(a)(2))
 - (6) The Applicant proposes to replace in less than fifteen (15) years any private activity bond financing of the Development described by the Application, unless:
 - (A) The Applicant proposes to maintain for a period of thirty (30) years or more 100% of the Development Units supported by Housing Tax Credits as rent-restricted and exclusively for occupancy by individuals and families earning not more than 50% of the Area Median Gross Income, adjusted for family size; and
 - (B) At least one-third of all the Units in the Development are public housing units or Section 8 Development-based Units; or

 - (i) on the date the Certificate of Reservation is issued, the Texas Bond Review Board determines that there is not a waiting list for private activity bonds in the same priority level established under §1372.0321 of the Texas Government Code or, if applicable, in the same uniform state service region, as referenced in §1372.0231, Texas Government Code, that is served by the proposed Development; and

The Applicant will provide the Department staff with such information as it may reasonably request to evaluate the facts and circumstances surrounding such actual or threatened removal and prepare a report to the Executive Director. The information considered and addressed in the report will include, but not be limited to those identified in subparagraphs (A) - (D) of this paragraph. The Executive Director will make a determination, based on the report,

whether facts and circumstances are present that would support the institution of formal debarment proceedings. Any debarment under this provision shall be for a period that will not exceed five (5) years. No person shall be debarred except by formal action taken by the Department's Governing Board.

- (A) Whether the Developer or Principal has invested more of its financial resources in the Development than it has received from or in connection with the Development;

 - (D) The compliance history of the Development during the time of the Applicant's, Development Owner's, Developer's or Guarantor's involvement.
- (b) **Ineligible Applications.** The Department will terminate an Application for those issues identified in paragraphs (1) - (11) of this subsection. In addition to termination, the Department may debar a Person for one (1) year from the date of debarment, or until the violation causing the debarment has been remedied, whichever term is longer, if the Department determines those issues identified in paragraphs (1) - (8) of this subsection exist and the facts warrant debarment:
- (1) The provision of fraudulent information, knowingly falsified documentation, or other intentional or negligent material misrepresentation in the Application or other information submitted to the Department at any stage of the evaluation or approval process; or
 - (2) The Applicant, Development Owner, Developer or Guarantor or anyone that has Controlling ownership interest in the Development Owner, Developer, or Guarantor, or any Affiliate that Controls one or more other rent restricted rental housing properties in the state of Texas administered by the Department is in Material Noncompliance with the LURA or if such Material Noncompliance is identified during the Application review or the program rules in effect for such property as further described in Chapter 60 of this title (relating to Compliance Administration); or (§2306.6721(c)(3))
 - (3) The Applicant, Development Owner, Developer, or any Guarantor, anyone that has Controlling ownership interest in the Development Owner, Developer or Guarantor, or any Affiliate of such entity that is active in the ownership or Control has been a Principal of any entity that failed to make all loan payments to the Department in accordance with the terms of the loan, as amended, or was otherwise in default with any provisions of any loans from the Department; or
 - (4) The Applicant or the Development Owner that is active in the ownership or Control of one or more tax credit properties in the state of Texas has failed to cure any fees described in §49.14 of this chapter (relating to Program Related Fees) seven (7) days prior to the Board meeting at which the decision for the Application is to be made; or
 - (5) An Applicant or a Related Party and any Person who is active in the construction, Rehabilitation, ownership, or Control of the proposed Development, including a General Partner or contractor, and a Principal or Affiliate of a General Partner or contractor, or an individual employed as a consultant, lobbyist or attorney by an Applicant or a Related Party, violates §2306.1113 relating to Ex Parte Communication as further described in §49.7 of this chapter (relating to Application Process); or
 - (6) It is determined by the Department's Executive Director that there is evidence that establishes probable cause to believe that an Applicant, Development Owner, Developer, or any of their employees or agents has violated a state revolving door or other standard of conduct or conflict of interest statute, including §2306.6733, Texas Government Code, or a section of Chapter 572, Texas Government Code, in making, advancing, or supporting the Application; or
 - (7) The Applicant, Development Owner, Developer, Guarantor, or any Affiliate of such entity whose previous funding contracts or commitments have been partially or fully deobligated

- during the twelve (12) months prior to the submission of the Application and through the date of final allocation due to a failure to meet contractual obligations; or
- (8) The Applicant, Development Owner, Developer, Guarantor, or any Affiliate of such entity whose pre-development award of non-tax credit funds from the Department has not been repaid for the Development at the time of Carryover Allocation or Bond closing; or
 - (9) The Application is submitted after the Application submission deadline (time or date); includes an electronic submission that is unreadable by the Department's computer system; has an entire Volume of the Application missing; or has a Material Deficiency as defined under §1.1 of this title (relating to Definitions). If an Application is determined ineligible pursuant to this subsection, the Application will be terminated without further consideration and the Applicant will be notified of such termination. To the extent that a review was able to be performed, specific reasons for the Department's determination of ineligibility will be included in the termination letter to the Applicant; or
 - (10) In exercising due diligence in considering information of possible ineligibility, possible grounds for disqualification and debarment, Applicant and Development standards, possible improper representation or compensation, or similar matters, the Department may request a sworn affidavit or affidavits from the Applicant, Development Owner, Developer, Guarantor, or other Persons addressing the matter. If an affidavit determined to be sufficient by the Department is not received by the Department within seven (7) business days of the date of the request by the Department, the Department may terminate the Application; or
 - (11) If more than 50% of the Developer Fee is deferred as reflected in the Sources and Uses exhibit in the Application or the commitments from the lender or syndicator.
- (c) **Ineligible Developments.** Those Developments identified in paragraphs (1) - (14) of this subsection are considered ineligible for funding under the Housing Tax Credit Program:
- (1) Hospitals, nursing homes, trailer parks, dormitories (or other buildings that will be predominantly occupied by students) or other facilities which are usually classified as transient housing (as provided in the §42(i)(3)(B)(iii) and (iv) of the Code) are not eligible. However, structures formerly used as hospitals, nursing homes or dormitories are eligible for Housing Tax Credits if the Development involves the conversion of the building to a non-transient multifamily residential Development;
 - (2) A property that provides continual or frequent nursing, medical or psychiatric services. Refer to IRS Revenue Ruling 98-47 for clarification of assisted living;
 - (3) Any Qualified Elderly Development of two stories or more that does not include elevator service for any Units or living space above the first floor;
 - (4) Any Qualified Elderly Development with any Units having more than two bedrooms with the exception of up to three employee Units reserved for the use of the manager, maintenance, and/or security officer. These employee Units must be specifically designated as such;
 - (5) Any Development with any building(s) with four or more stories that does not include an elevator;
 - (6) Any Qualified Elderly Development proposing more than 70% two-bedroom Units;
 - (7) Any Development that violates §1.15 of this title (relating to Integrated Housing Rule);
 - (8) Any Development located in an Urban Area involving New Construction, Reconstruction or Adaptive Reuse of Units (except for a Qualified Elderly Development, a Development composed entirely of single family dwellings, and certain specific types of transitional housing for the homeless and Single Room Occupancy units, as provided in §42(i)(3)(B)(iii) and (iv) of the Code) in which any of the designs in subparagraphs (A) - (E) of this paragraph are proposed. For Applications involving a combination of single family detached dwellings and multifamily dwellings, the percentages in this subparagraph do not apply to the single family detached dwellings, but they do apply to the multifamily dwellings. An Application may reflect a total of Units for a given bedroom size greater than the percentages in subparagraphs (A) - (E) of this paragraph to the extent that the increase is only to reach the next highest number divisible by four:

- (A) More than 30% of the total Units are one bedroom and/or Efficiency Units; or
 - (B) More than 55% of the total Units are two bedroom Units; or
 - (C) More than 40% of the total Units are three bedroom Units; or
 - (D) More than 5% of the total Units in the Development with four or more bedrooms; or
 - (E) Only two and three bedroom Unit Developments;
- (9) Any Development which is intended to house seniors that is not consistent with the definition of a Qualified Elderly Development;
- (10) Any Development that contains residential Units that violates the general public use requirement under Treasury Regulation §1.42-9;
- (11) Development Sites with negative characteristics in subparagraphs (A) - (G) of this paragraph will be considered ineligible. Rehabilitation (excluding Reconstruction) Developments with ongoing and existing federal assistance from HUD or TRDO-USDA are exempt. For purposes of this exhibit, the term 'adjacent' is interpreted as sharing a boundary with the Development Site. The distances are to be measured from all boundaries of the Development Site to all boundaries of the property containing the negative characteristic. If none of these negative features exist, the Applicant must sign a certification to that effect. The negative characteristics include:
- (A) Developments located adjacent to or within 300 feet of junkyards;
 - (B) Developments located adjacent to or within 300 feet of active railroad tracks, unless the Applicant provides evidence that the city/community has adopted a Railroad Quiet Zone or the railroad in question is commuter or light rail; (Rural Developments funded through TRDO-USDA are exempt);
 - (C) Developments located adjacent to or within 300 feet of heavy industrial uses such as manufacturing plants, refinery blast zones, etc.;
 - (D) Developments located adjacent to or within 300 feet of a solid waste or sanitary landfills;
 - (E) Developments where the buildings are located within the "fall line" of high voltage transmission power lines;
 - (F) Developments where the buildings are located within the accident zones or clear zones for commercial or military airports; or
 - (G) Development is located adjacent to or within 300 feet of a sexually-oriented business. For purposes of this paragraph, a sexually-oriented business shall be defined as stated in §243.002 of the Texas Government Code.
- (12) **One Mile Same Year Rule.** Staff will not recommend an allocation in the same Application Round if the Developments are, or will be, located less than one linear mile apart as determined by the Department. If the Board forward commits credits from the following year's State Housing Credit Ceiling, the Development is considered to be in the calendar year in which the Board votes, not in the year of the State Housing Credit Ceiling. This limitation applies only to communities contained within counties with populations exceeding one million. For purposes of this chapter, any two sites not more than one linear mile apart are deemed to be "in a single community." (§2306.6711(f)) This restriction does not apply to the allocation of Housing Tax Credits to Developments financed through the Tax-Exempt Bond program, including the Tax-Exempt Bond Development Applications under review and existing Tax-Exempt Bond Developments in the Department's portfolio; and (§2306.67021)
- (13) **Unacceptable Sites.** Developments will be ineligible if the Development is located on a site that is determined to be unacceptable by the Department, based on the evaluation factors identified in the Site Evaluation form, augmented by any other inspections or other documented findings of the Department. The Department will advise the Applicant if it makes an initial finding that a proposed site is unacceptable and provide the applicant with a reasonable opportunity to address any identified concerns. If in the Department's reasonable judgment the Applicant is not able to address adequately the Department's concerns regarding the site, the Department will issue a determination that the site is

unacceptable. If not appealed in accordance with §49.10(d) of this chapter (relating to Appeals Process), this determination becomes final.

- (14) **Development Amenities.** These amenities must be at no charge to the tenants. All New Construction, Reconstruction or Adaptive Reuse Units must provide the amenities in subparagraphs (A) - (M) of this paragraph. Rehabilitation Developments must provide the amenities in subparagraphs (C) - (M) of this paragraph unless expressly identified as not required. (§2306.187) Deviations for good cause, by which one or more of the foregoing will not be provided, must be approved prior to award and the request for such deviation must be included in the Application. The Executive Director may issue such approvals. Requests not approved may be appealed to the Board in accordance with §49.10(d) of this chapter.
- (A) All New Construction Units must be wired with RG-6 COAX or better and CAT3 phone cable or better, wired to each bedroom, dining room and living room;
 - (B) Laundry Connections;
 - (C) Blinds or window coverings for all windows;
 - (D) Screens on all operable windows;
 - (E) Disposal and Energy-Star rated dishwasher (not required for TRDO-USDA or SRO Developments; Rehabilitation Developments exempt from dishwasher if one was not originally in the unit);
 - (F) Energy-Star rated refrigerator;
 - (G) Oven/Range;
 - (H) Exhaust/vent fans (vented to the outside) in bathrooms;
 - (I) Energy-Star rated ceiling fans in living areas and bedrooms;
 - (J) Energy-Star rated lighting in all Units which may include compact florescent bulbs;
 - (K) Plumbing fixtures (toilets and faucets) must meet design standards at 30 TAC §290.252;
 - (L) All Units must be air-conditioned; and
 - (M) Fire sprinklers in all Units where required by local code.

§49.5. Site and Development Restrictions.

- (a) **Floodplain.** Any Development proposing New Construction or Reconstruction and located within the one-hundred (100) year floodplain as identified by the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Maps must develop the site so that all finished ground floor elevations are at least one foot above the flood plain and parking and drive areas are no lower than six inches below the floodplain, subject to more stringent local requirements. If no FEMA Flood Insurance Rate Maps are available for the proposed Development, flood zone documentation must be provided from the local government with jurisdiction identifying the one-hundred (100) year floodplain. No buildings or roads that are part of a Development proposing Rehabilitation (excluding Reconstruction) with the exception of Developments with existing and ongoing federal funding assistance from HUD or TRDO-USDA, will be permitted in the one-hundred (100) year floodplain unless they already meet the requirements established in this subsection for New Construction, or if the Unit of General Local Government has undertaken mitigation efforts and can establish that the property is no longer within the one-hundred (100) year floodplain.
- (b) **Credit Amount.** (§2306.6711(b)) An Applicant may not request more than \$2 million in annual tax credits for any given Application. The Department shall not allocate more than \$2 million of tax credits in any given Application Round to any Applicant, Developer, Related Party, Affiliate or Guarantor (unless the Guarantor is also the General Contractor, and is not a Principal of the Applicant, Developer, Related Party or Affiliate of the Development Owner). Tax-Exempt Bond Development Applications are not subject to this limitation and Tax-Exempt Bond Development Applications will not count towards the total limit on tax credits per Applicant. Competitive Housing Tax Credits approved by the Board during the 2011 calendar year, including commitments from the 2011 Credit Ceiling and forward commitments from the 2012 Credit

Ceiling, are applied to the credit cap limitation for the 2011 Application Round. In order to evaluate this \$2 million limitation, nonprofit entities, public housing authorities, publicly traded corporations, individual board members, and executive directors must provide the documentation required in the Application with regard to this requirement. All entities that share a Principal are Affiliates. For purposes of determining the \$2 million limitation of tax credits, a Person is not deemed to be an Affiliate solely because it:

- (1) raises or provides equity;
- (2) provides "qualified commercial financing";
- (3) is a Qualified Nonprofit Organization or other not-for-profit entity that is providing solely loan funds, grant funds or social services; or
- (4) receives fees as a Development Consultant or Developer that do not exceed 10% of the Developer Fee (or 20% for Qualified Nonprofit Developments) to be paid or \$150,000, whichever is greater.

(c) **Limitations on the Size of Developments.**

- (1) The minimum Development size will be 16 Units.
- (2) Developments in Rural Areas involving any New Construction or Adaptive Reuse (excluding New Construction of non-residential buildings) will be limited to 80 Units. Rehabilitation Developments (excluding Reconstruction) do not have a limitation as to the number of Units.
- (3) Urban Developments involving any New Construction or Adaptive Reuse (excluding New Construction of non-residential buildings), in the Competitive Housing Tax Credit Application Round will be limited to 252 total Units, wherein the maximum Department administered Units will be limited to 200 Units. Tax-Exempt Bond Developments will be limited to 252 restricted and total Units. These maximum Unit limitations also apply to those Developments which involve a combination of Rehabilitation, Reconstruction, and New Construction. Only Developments that consist solely of acquisition/Rehabilitation or Rehabilitation may exceed the maximum Unit restrictions.
- (4) For Applications that are proposing an additional phase to an existing tax credit Development; that are otherwise adjacent to an existing tax credit Development; or that are proposing a Development on a contiguous site to another Application awarded in the same program year, the combined Unit total for the existing and proposed Developments may not exceed the maximum allowable Development size set forth in this subsection unless:
 - (A) the first phase of the Development has been completed and has maintained occupancy of at least 90% for a minimum six (6) month period as reflected in the submitted rent roll; or
 - (B) a resolution from the Governing Body of the city or county, in which the proposed Development is located, dated no more than one (1) year old from the date the Application is submitted. Such resolution must state that there is a need for additional Units and that the Governing Body has reviewed a market study, the conclusion of which supports the need for additional Units. The resolution must be submitted to the Department by the Resolution Delivery Date as indicated in §49.3 of this chapter (relating to Program Calendar); or
 - (C) the proposed Development is intended to provide replacement of previously existing affordable Units on the Development Site or that were originally located within a one mile radius from the Development Site; provided, however, the combined number of Units in the proposed Development may not exceed the number of Units being replaced. Documentation of such replacement units must be provided.

(d) **Developments Proposing to Qualify for a 30% increase in Eligible Basis.** Staff will only recommend a 30% increase in Eligible Basis if (paragraphs (2) and (3) of this subsection do not apply to Tax-Exempt Bond Applications):

- (1) The Development is located in a Qualified Census Tract (QCT) (as determined by the Secretary of HUD) that has less than 30% Housing Tax Credit Units per households in the

- tract as established by the U.S. Census Bureau for the most recent Decennial Census. Developments located in a QCT that has in excess of 30% Housing Tax Credit Units per households in the tract are not eligible to qualify for a 30% increase in Eligible Basis, which would otherwise be available for the Development Site pursuant to §42(d)(5)(C) of the Code, unless the Development is proposing only Reconstruction or Rehabilitation (excluding New Construction of non-residential buildings). Applicants must submit a copy of the census map clearly showing that the proposed Development is located within a QCT. The eleven (11) digit census tract number must be clearly marked on the map. These ineligible Qualified Census Tracts are outlined in the 2011 Housing Tax Credit Site Demographic Characteristics Report; or
- (2) The Development qualifies for and receives Renewable Energy Tax Credits. For purposes of this paragraph, the Application will be required to include an architect's letter or signed third party contractor bid as evidence that the Applicant will be eligible to request Renewable Energy Tax Credits in its income tax filings. In addition, the architect's letter or signed third party contractor bid must include a statement that the increased cost differential of the Renewable Energy items over non Renewable Energy alternatives exceeds the value of the energy tax credits to be received. The Applicant will be required to show proof of receipt of the Renewable Energy Tax Credits at the time of Cost Certification. Any amenities as it relates to this item must benefit the entire Development; or
- (3) Pursuant to the authority granted by H.R. 3221, the Development meets one of the criteria described in subparagraphs (A) - (D) of this paragraph:
- (A) Any Rural Development;
- (B) Developments proposing at least 50% of the total number of Units for Supportive Housing;
- (C) Developments proposing to provide 10% of the Low-Income Units, that will serve individuals and families at or below 30% of AMGI, in excess of those that are in §49.9(a)(3) of this chapter (relating to Selection Criteria); or
- (D) Developments proposed in high opportunity areas as provided in clauses (i) - (iii) of this subparagraph:
- (i) A four story or greater Development with structural parking that is proposed to be located within one-quarter mile of existing major bus transfer centers, regional or local commuter rail transportation stations, and/or Transit Oriented Districts that are accessible to all residents including Persons with Disabilities; or
- (ii) A Development that is proposed to be located in a census tract which has an AMGI that is higher than the AMGI of the county or place in which the census tract is located as of the first day of the Application Acceptance Period; or
- (iii) A Development that is proposed in a census tract that has no greater than 10% poverty population according to the most recent census data (these census tracts are designated in the 2011 Housing Tax Credit Site Demographic Characteristics Report).
- (4) The Development proposing to build in an area impacted by a disaster for which federal legislation providing additional credits has been enacted.

§49.6. Allocation Process.

- (a) **Regional Allocation Formula.** This formula, developed by the Department, establishes separate targeted tax credit amounts for Rural Areas and Urban Areas within each of the Uniform State Service Regions. Each Uniform State Service Region's targeted tax credit amount will be published on the Department's website. The regional allocation for Rural Areas is referred to as the Rural Regional Allocation and the regional allocation for Urban Areas is referred to as the Urban Regional Allocation. Developments qualifying for the Rural Regional Allocation must meet the Rural Development definition. The Regional Allocation target will reflect that at least 20% of the State Housing Credit Ceiling for each calendar year shall be allocated to Developments in

Rural Areas with a minimum of \$500,000 for each Uniform State Service Region. (§2306.111(d)(3); §2306.1115)

- (b) **Allocation Set-Asides.** An Applicant may elect to compete in as many of the following Set-Asides for which the proposed Development qualifies: (§2306.111(d))
- (1) **Nonprofit Set-Aside.** At least 10% of the State Housing Credit Ceiling for each calendar year shall be allocated to Qualified Nonprofit Developments which meet the requirements of §42(h)(5) of the Code. Qualified Nonprofit Organizations must have the Controlling interest in the Development Owner applying for this Set-Aside. If the Application is filed on behalf of a limited partnership, the Qualified Nonprofit Organization must be the Managing General Partner. If the Application is filed on behalf of a limited liability company, the Qualified Nonprofit Organization must be the controlling Managing Member. Additionally, a Qualified Nonprofit Development submitting an Application in the nonprofit Set-Aside must have the nonprofit entity or its nonprofit Affiliate or subsidiary be the Developer or a co-Developer as evidenced in the development agreement; (§2306.6729 and §2306.6706(b))
 - (2) **USDA Set-Aside.** At least 5% of the State Housing Credit Ceiling for each calendar year shall be allocated to Rural Developments which are financed through TRDO-USDA. (§2306.111(d)(2)) If an Application in this Set-Aside involves Rehabilitation it will be attributed to and come from the At-Risk Development Set-Aside; if an Application in this Set-Aside involves New Construction it will be attributed to and come from the applicable Uniform State Service Region. Developments financed through TRDO-USDA's §538 Guaranteed Rural Rental Housing Program, in whole or in part, will not be considered under this Set-Aside. Any Rehabilitation or Reconstruction of an existing §515 Development that retains the §515 loan and restrictions will be considered under the At-Risk Development and TRDO-USDA Set-Asides, unless such Development is also financed through TRDO-USDA's §538 Guaranteed Rural Rental Housing Program. Commitments of 2011 Competitive Housing Tax Credits issued by the Board in 2011 will be applied to each Set-Aside, Rural Regional Allocation, Urban Regional Allocation and/or TRDO-USDA Set-Aside for the 2011 Application Round as appropriate;
 - (3) **At-Risk Set-Aside.** At least 15% of the State Housing Credit Ceiling for each calendar year will be allocated under the At-Risk Development Set-Aside and will be deducted from the State Housing Credit Ceiling prior to the application of the regional formula required under subsection (a) of this section. Through this Set-Aside, the Department, to the extent possible, shall allocate credits to Applications involving the preservation of Developments identified as At-Risk Developments. (§2306.6714) Up to 5% of the State Credit Ceiling associated with this Set-Aside may be given priority to Rehabilitation Developments funded with TRDO. An At-Risk Development is a Development that: (§2306.6702)
 - (A) Has received the benefit of a subsidy in the form of a below-market interest rate loan, interest rate reduction, rental subsidy, Section 8 housing assistance payment, rental supplement payment, rental assistance payment, or equity incentive under at least one of the following federal laws, as applicable:
 - (i) Section 221(d)(3) and (5), National Housing Act (12 U.S.C. §17151);
 - (ii) Section 236, National Housing Act (12 U.S.C. §1715z-1);
 - (iii) Section 202, Housing Act of 1959 (12 U.S.C. §1701q);
 - (iv) Section 101, Housing and Urban Development Act of 1965 (12 U.S.C. §1701s);
 - (v) The Section 8 Additional Assistance Program for housing Developments with HUD-Insured and HUD-Held Mortgages administered by the United States Department of Housing and Urban Development;
 - (vi) The Section 8 Housing Assistance Program for the Disposition of HUD-Owned Projects administered by the United States Department of Housing and Urban Development;
 - (vii) Sections 514 - 516, Housing Act of 1949 (42 U.S.C. §§1484 - 1486); or

- (viii) Section 42, of the Internal Revenue Code of 1986 (26 U.S.C. §42); and
 - (B) Is subject to the following conditions:
 - (i) The stipulation to maintain affordability in the contract granting the subsidy is nearing expiration (expiration will occur within two (2) calendar years of July 31 of the year the Application is submitted); or
 - (ii) The federally insured mortgage on the Development is eligible for prepayment or is nearing the end of its mortgage term (the term will end within two calendar years of July 31 of the year the Application is submitted);
 - (C) An Application for a Development that includes the demolition of the existing Units which have received the financial benefit described in subparagraph (A) of this paragraph will not qualify as an At-Risk Development unless the redevelopment will include the same site;
 - (D) Developments must be at risk of losing affordability from the financial benefits available to the Development and must retain or renew all possible financial benefit if available, and at least maintain existing affordability to qualify as an At-Risk Development;
 - (E) Nearing expiration on a requirement to maintain affordability includes Developments eligible to request a qualified contract under §42 of the Code. Evidence must be provided in the form of a copy of the recorded LURA, the first years' IRS Forms 8609 for all buildings showing Part II completed and, if applicable, documentation from the original application regarding the right of first refusal.
- (c) **Redistribution of Credits.** (§2306.111(d)) If any amount of Housing Tax Credits remain after the initial commitment of Housing Tax Credits among the Set-Asides, Rural Regional Allocation and Urban Regional Allocation, the Department may redistribute the credits amongst the different regions and Set-Asides based on the need to most closely achieve regional allocation goals and the level of demand exhibited in the Uniform State Service Regions during the Application Round. However, if there are any tax credits set aside for Developments in a Rural Area in a specific Uniform State Service Region that remain after the allocation under §49.7(g)(3) of this chapter (relating to Application Process), those tax credits shall be made available in any other Rural Area in the state, first, and then to Developments in Urban areas of any uniform state service region. (§2306.111(d)(3)) As described in subsection (b)(1) and (2) of this section, no more than 90% of the State's Housing Credit Ceiling for the calendar year may go to Developments which are not Qualified Nonprofit Developments. If credits will be transferred from a Uniform State Service Region which does not have enough qualified Applications to meet its regional credit distribution amount, then those credits will be apportioned to the other Uniform State Service Regions.

§49.7. Application Process.

- (a) **General.** The application process has two parts, a pre-application which is voluntary and applies only to Applications submitted under the State Housing Credit Ceiling and an Application which is mandatory. An Applicant that does not provide an Application on or before the deadlines provided for herein is not eligible to be placed on the list of eligible Applicants to which awards of tax credits may be made. Pre-applications and Applications submitted to the Department are subject to restrictions on Ex Parte Communications as further described in paragraph (1) of this subsection and the Administrative Deficiency process as further described in paragraph (2) of this subsection.
 - (1) **Ex Parte Communications.** (§2306.1113)
 - (A) During the period beginning on the first date of the Application Acceptance Period and ending on the date the Board makes a final decision with respect to the approval of any Application in that Application Round, except for communications that actually occur in properly posted open meetings, as permitted by §2306.1113 of the Texas Government Code a member of the Board may not communicate with any other Board member or with the following Persons:

- (i) an Applicant or Related Party; and
 - (ii) any Person who is:
 - (I) active in the construction, rehabilitation, ownership, or Control of the proposed Development, including:
 - (-a-) a General Contractor; and
 - (-b-) a Developer; and
 - (-c-) a General Partner, Principal or Affiliate of a General Partner or General Contractor; or
 - (II) employed as a consultant, lobbyist, or attorney by an Applicant or a Related Party.
 - (B) During the period beginning on the first date of the Application Acceptance Period and ending on the date the Board makes a final decision with respect to the approval of any Application in that Application Round, an employee of the Department may communicate about any Application with the following Persons:
 - (i) the Applicant or a Related Party; and
 - (ii) any Person who is:
 - (I) active in the construction, rehabilitation, ownership, or Control of the proposed Development, including:
 - (-a-) a General Partner or General Contractor; and
 - (-b-) a Developer; and
 - (-c-) a Principal or Affiliate of a General Partner or General Contractor; or
 - (II) employed as a consultant, lobbyist or attorney by the Applicant or a Related Party.
 - (C) A communication under paragraph (2) of this subsection may be oral or in any written form, including electronic communication through the Internet, and must satisfy the following conditions:
 - (i) the communication must be restricted to technical or administrative matters directly affecting the Application;
 - (ii) the communication must occur or be received on the premises of the Department during established business hours; and
 - (iii) a record of the communication must be maintained and included with the Application for purposes of Board review and must contain the following information:
 - (I) the date, time, and means of communication;
 - (II) the names and position titles of the Persons involved in the communication and, if applicable, the Person's relationship to the Applicant;
 - (III) the subject matter of the communication; and
 - (IV) a summary of any action taken as a result of the communication.
 - (D) Notwithstanding subparagraph (A) or (B) of this paragraph, a Board member or Department employee may communicate without restriction with a Person listed in subparagraph (A) or (B) of this paragraph during any Board meeting or public hearing held with respect to the Application, but not during a recess or other non-record portion of the meeting or hearing.
 - (E) Subparagraph (A) of this paragraph does not prohibit the Board from participating in social events at which a Person with whom communications are prohibited may, or will be present, provided that all matters related to Applications to be considered by the Board will not be discussed.
- (2) **Administrative Deficiency Process.** The purpose of the Administrative Deficiency process is to allow the Applicant an opportunity to provide clarification or correction to information originally submitted in the Application. For example, if exhibits and other information required under §49.8 of this chapter (relating to Threshold Criteria) are not originally submitted in the Application (i.e. financing commitment missing entirely from

the Application) staff will recommend termination of the Application. However, for information missing in part from the Application (i.e. financing commitment is submitted but it is not executed by the lender) staff will request the missing or corrected information via an Administrative Deficiency. For exhibits and other information required under §49.9 of this chapter (relating to Selection Criteria) not originally submitted in the Application (i.e. Community Revitalization Plan or letter from Appropriate Local Official missing entirely from the Application) staff will not award points for that item, even if points were requested in the Applicant's Self Scoring Form. For information missing in part from the Application (i.e. the letter from the Appropriate Local Official does not include all required information) staff will request the missing information via an Administrative Deficiency and award points provided the information submitted in response to the Administrative Deficiency is satisfactory to the Department.

- (A) **Administrative Deficiencies for Applications submitted under the State Housing Credit Ceiling and Rural Rescue Applications.** If an Application contains Administrative Deficiencies which, in the determination of the Department staff, require clarification or correction of information submitted at the time of the Application, the Department staff may request clarification or correction of such Administrative Deficiencies. Because the review for Eligibility, Selection, Threshold Criteria, Quantifiable Community Participation (QCP) and review for financial feasibility by the Department's Real Estate Analysis Division may occur separately, Administrative Deficiency requests may be made during any of these reviews. The Department staff will request clarification or correction in a deficiency notice in the form of an e-mail, or if an e-mail address is not provided in the Application, by facsimile, and a telephone call (only if there has not been confirmation of the receipt of the e-mail within twenty-four (24) hours) to the Applicant and one other party identified by the Applicant in the Application advising that such a request has been transmitted. If Administrative Deficiencies are not clarified or corrected to the satisfaction of the Department by 5:00 p.m. on the fifth business day following the date of the deficiency notice, then five (5) points shall be deducted from the Selection Criteria score for each additional day the deficiency remains unresolved. If Administrative Deficiencies are not clarified or corrected by 5:00 p.m. on the seventh business day following the date of the deficiency notice, then the Application shall be terminated. The time period for responding to a deficiency notice begins at the start of the business day following the deficiency notice date. Deficiency notices may be sent to an Applicant prior to or after the end of the Application Acceptance Period. An Applicant may not change or supplement any part of an Application in any manner after the filing deadline, and may not add any Set-Asides, increase the requested credit amount, revise the Unit mix (both income levels and bedroom mixes), or adjust their self-score except in response to a direct request from the Department as a result of an Administrative Deficiency or by approved amendment of an Application after a commitment or allocation of tax credits as further described in §49.13(b) of this chapter (relating to Board Reevaluation) (§2306.6708). This Administrative Deficiency process applies to requests for information made by the Real Estate Analysis Division during their review. To the extent that the review of Administrative Deficiency documentation during the review alters the score assigned to the Application, Applicants will be re-notified of their final score.
- (B) **Administrative Deficiencies for Tax Exempt Bond Applications.** If an Application contains deficiencies which, in the determination of the Department staff, require clarification or correction of information submitted at the time of the Application, the Department staff may request clarification or correction of such Administrative Deficiencies. Because the review for Eligibility, Threshold Criteria, and review for financial feasibility by the Department's Real Estate Analysis Division may occur separately, Administrative Deficiency requests may be made during any of these

reviews. The Department staff will request clarification or correction in a deficiency notice in the form of an e-mail, or if an e-mail address is not provided in the Application, by facsimile, and a telephone call (only if there has not been confirmation of the receipt of the e-mail within twenty-four (24) hours) to the Applicant and one other party identified by the Applicant in the Application advising that such a request has been transmitted. All Administrative Deficiencies shall be clarified or corrected to the satisfaction of the Department within five (5) business days. Failure to resolve all outstanding deficiencies by 5:00 p.m. on the fifth business day following the date of the deficiency notice will result in a penalty fee of \$500 for each business day the deficiency remains unresolved. Applications with unresolved deficiencies after 5:00 p.m. on the tenth day following the date of the deficiency notice will be terminated. The Applicant will be responsible for the payment of fees accrued pursuant to this paragraph regardless of any termination pursuant to §49.4 of this chapter (relating to Ineligibility). The time period for responding to a deficiency notice begins at the start of the business day following the deficiency notice date. Deficiency notices may be sent to an Applicant prior to or after the end of the Application Acceptance Period. The Application will not be presented to the Board for consideration until all outstanding fees have been paid. This Administrative Deficiency process applies equally to the Real Estate Analysis Division review and feasibility evaluation and the same penalty and termination will be assessed.

- (b) **Pre-application Submission.** The purpose of the pre-application process is to enable Applicants interested in pursuing the Application to assess generally who else is interested in submitting Applications and the nature of their proposed Development. Based on an understanding of the potential competition they can make a better and more informed decision whether they wish to proceed to prepare and submit an Application.
- (1) As used herein a "complete pre-application" means a pre-application that meets all of the Department's criteria for an Application with all required information and exhibits provided pursuant to the application checklist provided in the Tax Credit (Procedures) Manual.
 - (2) The pre-application must be submitted in accordance with the Application Acceptance Period and Pre-application Final Delivery Date as identified in §49.3 in this chapter (relating to Program Calendar).
 - (3) To submit the complete pre-application the Applicant must deliver one (1) CD-R containing a PDF copy and Excel copy of the complete pre-application to the Department prior to the Pre-application Final Delivery Date.
 - (4) The pre-application must be accompanied by a paper certification with an original signature in the form provided in the pre-application. Furthermore, the pre-application must be a single file, individually bookmarked at each of the required volumes and exhibits presented in the order as required in the application checklist.
 - (5) If a pre-application is not submitted to the Department on or before the applicable deadline indicated in §49.3 of this chapter, the Applicant will be deemed to have not made a pre-application.
 - (6) The required pre-application fee as described in §49.14 of this chapter (relating to Program Related Fees) must be submitted with the pre-application in order for the pre-application to be accepted by the Department.
 - (7) Only one pre-application may be submitted by an Applicant for each site. Prior to the pre-application deadline Applicants may withdraw their pre-application and subsequently file a new pre-application utilizing the original pre-application fee that was paid as long as no evaluation was performed by the Department.
 - (8) Department review at this stage is limited and not all issues of eligibility and threshold are reviewed at pre-application. Acceptance by staff of a pre-application does not ensure that an Applicant satisfies all Application eligibility, Threshold or documentation requirements. The Department is not responsible for notifying an Applicant of potential areas of ineligibility or threshold deficiencies at the time of pre-application. The rejection of a pre-

application shall not preclude an Applicant from submitting an Application with respect to a particular Development or site at the appropriate time.

- (c) **Pre-application Threshold Criteria.** The Pre-application Threshold Criteria include:
- (1) Submission of a pre-application;
 - (2) Evidence of Site Control through March 1, 2011 as evidenced by the documentation required under §49.8(8)(A) of this chapter; and
 - (3) Evidence in the form of a certification that all of the notifications required under this paragraph have been made. (§2306.6704)
 - (A) The Applicant must request a list of Neighborhood Organizations on record with the county and state whose boundaries include the proposed Development Site as follows:
 - (i) No later than the Pre-application Neighborhood Organization Request Date identified in §49.3 of this chapter, the Applicant must e-mail, fax or mail with registered receipt (email or fax to be "receipt confirmed") a completed "Neighborhood Organization Request" letter as provided in the pre-application to the local elected official for the city and county where the Development is proposed to be located. If the Development is located in an area that has district based local elected officials, or both at-large and district based local elected officials, the request must be made to the city council member or county commissioner representing that district; if the Development is located in an area that has only at-large local elected officials, the request must be made to the mayor or county judge for the jurisdiction. If the Development is not located within a city or is located in the Extra Territorial Jurisdiction (ETJ) of a city, the county local elected official must be contacted. In the event that local elected officials refer the Applicant to another source, the Applicant must request Neighborhood Organizations from that source in the same format;
 - (ii) If no reply letter is received from the local elected officials by the Pre-application Response to Neighborhood Organization Request Date, then the Applicant must certify to that fact in the pre-application;
 - (iii) The Applicant must list in the pre-application all Neighborhood Organizations on record with the county or state whose boundaries include the proposed Development Site as provided by the local elected officials, or that the Applicant has knowledge of (regardless of whether the organization is on record with the county or state) as of the pre-application submission.
 - (B) Not later than the date the pre-application is submitted, notification must be sent to all of the following individuals and entities by e-mail, fax or mail with registered receipt return or similar tracking mechanism in the format required in the "Pre-application Notification Template" provided in the pre-application. Developments located in an Extra Territorial Jurisdiction (ETJ) of a city are not required to notify city officials, however, are required to notify county officials. Evidence of notification is required in the form of a certification provided in the pre-application, although it is encouraged that Applicants retain proof of delivery of the notifications, to the persons or entities prescribed in clauses (i) - (ix) of this subparagraph, in the event that the Department requires proof of notification. Evidence of proof of delivery is demonstrated by signed receipt for mail or courier delivery and confirmation of receipt by the recipient for facsimile and electronic mail. Officials to be notified are those officials in office at the time the pre-application is submitted.
 - (i) Neighborhood Organizations on record with the state or county whose boundaries include the proposed Development Site;
 - (ii) Superintendent of the school district containing the Development;
 - (iii) Presiding officer of the board of trustees of the school district containing the Development;
 - (iv) Mayor of any municipality containing the Development;

- (v) All elected members of the Governing Body of any municipality containing the Development;
 - (vi) Presiding officer of the Governing Body of the county containing the Development;
 - (vii) All elected members of the Governing Body of the county containing the Development;
 - (viii) State senator of the district containing the Development; and
 - (ix) State representative of the district containing the Development.
- (C) Each such notice must include, at a minimum, all of the following:
- (i) The Applicant's name, address, individual contact name and phone number;
 - (ii) The Development name, address, city and county;
 - (iii) A statement informing the entity or individual being notified that the Applicant is submitting a request for Housing Tax Credits with the Texas Department of Housing and Community Affairs;
 - (iv) Whether the Development proposes New Construction, Reconstruction, Adaptive Reuse, or Rehabilitation;
 - (v) The type of Development being proposed (single family homes, duplex, apartments, townhomes, high-rise etc.) and population being served (general or elderly);
 - (vi) The approximate total number of Units and approximate total number of low-income Units;
 - (vii) The approximate percentage of Units serving each level of AMGI (e.g. 20% at 50% of AMGI, etc.) and the approximate percentage of Units that are market rate;
 - (viii) The number of Units and proposed rents (less utility allowances) for the low-income Units and any market rate Units, if applicable. Rents to be provided are those that are effective at the time of the pre-application, which are subject to change as annual changes in the area median income occur; and
 - (ix) The expected completion date if credits are awarded.
- (D) Pre-applications not meeting the Pre-application Threshold Criteria identified in this subsection will be terminated and the Applicant will receive a written notice to that effect. The Department shall not be responsible for the Applicant's failure to meet the Pre-application Threshold Criteria and any failure of the Department's staff to notify the Applicant of such inability to satisfy the Pre-application Threshold Criteria shall not confer upon the Applicant any rights to which it would not otherwise be entitled.
- (d) **Pre-application Results.** Only pre-applications which have satisfied all of the Pre-application Threshold Criteria requirements set forth in subsection (c) of this section and §49.9(a)(14) of this chapter, will be eligible for pre-application points. The order and scores of those Developments released on the Pre-application Submission Log do not represent a Commitment on the part of the Department or the Board to allocate tax credits to any Development and the Department bears no liability for decisions made by Applicants based on the results of the Pre-application Submission Log. Inclusion of a Development on the Pre-application Submission Log does not ensure that an Applicant will receive points for a pre-application.
- (e) **Application Submission.** An Applicant requesting a Housing Credit Allocation or a Determination Notice must submit an Application in order to be considered for Housing Tax Credits.
- (1) As used herein a "complete application" means an Application that meets all of the Department's criteria for an Application with all required information and exhibits provided pursuant to the application checklist provided in the Tax Credit (Procedures) Manual.
 - (2) For Applications submitted under the State Housing Credit Ceiling, the Application must be submitted by the Full Application Delivery Date as identified in §49.3 of this chapter. The Full Application Delivery Date for Tax-Exempt Bond Developments is triggered by the

- Certificate of Reservation issued by the Texas Bond Review Board and is further defined in §49.11 of this chapter (relating to Tax-Exempt Bond Developments).
- (3) To submit the complete application the Applicant must deliver one (1) CD-R containing a PDF copy and Excel copy of the complete application to the Department.
 - (4) The Application must be accompanied by a paper certification with an original signature in the form provided in the Application. Furthermore, the Application must be a single file, individually bookmarked at each of the required volumes and exhibits presented in the order as required by the application checklist.
 - (5) If an Application is not submitted to the Department on or before the applicable deadline indicated in paragraph (1) of this subsection, the Applicant will be deemed to have not made an Application.
 - (6) The required Application fee as described in §49.14 of this chapter must be submitted with the Application in order for the Application to be accepted by the Department.
 - (7) Only one Application may be submitted for a site in an Application Round. While the Application Acceptance Period is open, an Applicant may withdraw an Application and subsequently file a new Application utilizing the original Pre-application Fee that was paid as long as no evaluation was performed by the Department.
- (f) **Evaluation Process.** Applications submitted for consideration (including Tax Exempt Bond Developments) will be reviewed according to the Eligibility, Threshold and for competitive applications under the State Housing Credit Ceiling, for Selection Criteria. An Application, during any of these stages of review, may be determined to be ineligible as further described in §49.4 of this chapter. Applicants will be notified in these instances.
- (g) **Subsequent Evaluation and Methodology for Award Recommendations to the Board.** The Department will assign, as herein described, Developments for review for financial feasibility by the Department's Real Estate Analysis Division. In general these will be those Applications identified as most competitive and that meet the requirements of Eligibility and Threshold. However, an Application may be reviewed by the Real Estate Analysis Division prior to the completion of the Eligibility and Threshold reviews. The procedure identified in paragraphs (1) - (6) of this subsection will also be used in making recommendations to the Board:
- (1) Applications with the highest scores in the TRDO-USDA Allocation until the minimum requirements stated in §49.6(b)(2) of this chapter (relating to USDA Set-Aside) are attained. If an Application in this Set-Aside involves Rehabilitation it will be attributed to, and come from the, At-Risk Set-Aside; if an Application in this Set-Aside involves New Construction it will be attributed to and come from the applicable Uniform State Service Region;
 - (2) Applications with the highest scores in the At-Risk Set-Aside Statewide until the minimum requirements stated in §49.6(b)(3) of this chapter (relating to At-Risk Set-Aside) of this chapter are attained;
 - (3) Remaining funds within each Uniform State Service Region will then be selected based on the highest scoring Developments in each of the 26 sub-regions, regardless of Set-Aside, in accordance with the requirements under §49.6(a) of this chapter (relating to Regional Allocation Formula), without exceeding the credit amounts available for a Rural Regional Allocation and Urban Regional Allocation in each region. To the extent that Applications in the At-Risk and TRDO-USDA Set-Asides are not competitive enough within their respective Set-Asides, they will also be able to compete, with no Set-Aside preference, within their appropriate sub-region;
 - (4) If there are any tax credits set-aside for Developments in a Rural Area in a specific Uniform State Service Region that remain after allocation under paragraph (3) of this subsection those tax credits shall then be made available in any other Rural Area in the state to the Application in the most underserved Rural sub-region as compared to the Region's Rural Allocation. (§2306.111(d)(3)) This will be referred to as the Rural collapse;
 - (5) If there are any tax credits remaining in any sub-region after the Rural collapse, in the Rural Regional Allocation or Urban Regional Allocation, they then will be combined and

- made available to the Application in the most underserved sub-region as compared to the sub-region's allocation. This will be referred to as the statewide collapse;
- (6) Staff will ensure that at least 10% of the State Housing Credit Ceiling is allocated to Qualified Nonprofit Organizations to satisfy the Nonprofit Set-Aside. If 10% is not met through the existing competitive process, then the Department will add the highest scoring Application by a Qualified Nonprofit Organization statewide until the 10% Nonprofit Set-Aside is met. Staff will ensure that at least 20% of the State Housing Credit Ceiling is allocated to Rural Developments. If this 20% minimum is not met through the existing competitive process, then the Department will add the highest scoring Rural Development Application statewide until the 20% Rural Development Set-Aside is met. Selection for each of the Set-Asides will take precedence over selection for the Rural Regional Allocation and Urban Regional Allocation. Funds for the Rural Regional Allocation or Urban Regional Allocation within a region, for which there are no eligible feasible Applications, will be redistributed as provided in §49.6(c) of this chapter (relating to Redistribution of Credits). If the Department determines that an allocation recommendation would cause a violation of the \$2 million limit described in §49.5(b) of this chapter (relating to Credit Amount), the Department will make its recommendation by selecting the Development(s) that most effectively satisfy the Department's goals in meeting Set-Aside and regional allocation goals. Based on Application rankings, the Department shall continue to underwrite Applications until the Department has processed enough Applications satisfying the Department's underwriting criteria to enable the allocation of all available Housing Tax Credits according to regional allocation goals and Set-Aside categories. To enable the Board to establish a waiting list, the Department shall underwrite as many additional Applications as necessary to ensure that all available Competitive Housing Tax Credits are allocated within the period required by law. (§2306.6710(a) - (f); §2306.111)
- (h) **Underwriting Evaluation.** The Department shall underwrite an Application to determine the financial feasibility of the Development and an appropriate allocation of Housing Tax Credits. In making this determination, the Department will use the Underwriting Rules and Guidelines found in §1.32 of this title. The Department may have an external party perform the underwriting evaluation to the extent it determines appropriate. The expense of any external underwriting evaluation shall be paid by the Applicant prior to the commencement of the aforementioned evaluation.
- (i) **Compliance Evaluation.** After the Department has determined which Developments will be reviewed for financial feasibility, those same Developments will be reviewed for evaluation of the compliance status in accordance with Chapter 60 of this title (relating to Compliance Administration), and will be evaluated in detail for eligibility under §49.4 of this chapter.
- (j) **Site Evaluation.** Site conditions shall be evaluated through a physical site inspection by the Department or its assigns. Such inspection will evaluate the Development Site based upon the criteria set forth in the Site Evaluation form. The evaluations shall be based on the condition of the surrounding neighborhood, including appropriate environmental and aesthetic conditions and proximity to retail, medical, recreational, educational facilities, and employment centers. The site's appearance to prospective tenants and its accessibility via the existing transportation infrastructure and public transportation systems shall be considered. "Unacceptable" sites include, without limitation, those containing a non-mitigable environmental factor that may adversely affect the health and safety of the residents. For Developments applying under the TRDO-USDA Set-Aside, the Department may rely on the physical site inspection performed by TRDO-USDA.
- (k) **Application Process for Rural Rescue Applications under the 2012 Credit Ceiling.** The Rural Rescue Applications will be reviewed according to the process outlined in this subsection.
- (1) **Submission Requirements.** Rural Rescue Applications may be submitted during the Rural Rescue Application Submission Period as identified in §49.3 of this chapter. A complete

- Application must be submitted at least sixty (60) days prior to the date of the Board meeting at which the Applicant would like the Board to act on the proposed Development. Applications must include the full Application Fee as further described in §49.14 of this chapter. Applicants must submit documents in accordance with the application checklist provided in the Tax Credit (Procedures) Manual for all Volumes, including Volume IV.
- (A) Applications will be processed on a first-come, first-served basis. Applications unable to meet all Administrative Deficiency and underwriting requirements within thirty (30) days of the request by the Department, will remain under consideration, but will lose their submission status and the next Application in line will be moved ahead in order to expedite those Applications ready to proceed. Applications for Rural Rescue will be processed and evaluated as described in this paragraph. Applications will be reviewed to ensure that the Application is eligible as a rural "rescue" Development as described in paragraph (2) of this subsection.
- (B) Prior to the Development being recommended to the Board, TRDO-USDA shall provide the Department with a copy of the physical site inspection report performed by TRDO-USDA, if applicable.
- (2) **Eligibility and Threshold Review.** All Rural Rescue Applications will be reviewed pursuant to §49.8 and §49.9 of this chapter. Additional eligibility requirements include the criteria listed in subparagraphs (A) - (C) of this paragraph. Applications found to be ineligible will be notified.
- (A) Applications must be funded through TRDO-USDA;
- (B) Applications must be able to provide evidence that the loan:
- (i) has been foreclosed and is in the TRDO-USDA inventory; or
 - (ii) is being foreclosed; or
 - (iii) is being accelerated; or
 - (iv) is in imminent danger of foreclosure or acceleration; or
 - (v) is for an Application in which two adjacent parcels are involved, of which at least one parcel qualifies under clauses (i) - (iv) of this subparagraph and for which the Application is submitted under one ownership structure, one financing plan and for which there are no market rate units; and
- (C) Applicants must be identified as in compliance with TRDO-USDA regulations.
- (3) **Selection Criteria Review.** All Rural Rescue Applications will be evaluated against the Selection Criteria pursuant to §49.9 of this chapter and a score will be assigned to the Application. The minimum score for Selection Criteria as identified in §49.9(a) of this chapter is not required to be achieved to be eligible.
- (4) **Credit Ceiling and Applicability of this chapter.** All Rural Rescue Applicants will receive their credit allocation out of the 2012 Credit Ceiling and therefore, will be subject to the rules and guidelines identified in the 2012 Qualified Allocation Plan (QAP). However, because the 2012 QAP will not be in effect during the time period that the Rural Rescue Applications can be submitted, Applications submitted and eligible under the Rural Rescue Set-Aside will be considered to have satisfied the requirements of the 2012 QAP by having satisfied the requirements of the 2011 QAP, to the extent permitted by statute.
- (5) **Procedures for Recommendation to the Board.** Consistent with subsection (c) of this section, staff will make its recommendation to the Committee. The Committee will make Commitment recommendations to the Board. Staff will provide the Board with a written, documented recommendation which will address at a minimum the financial and programmatic viability of each Application and a breakdown of which Selection Criteria were met by the Applicant. The Board will make its decision based on §49.10(a) of this chapter (relating to Board Decisions). Any award made to a Rural Rescue Development will be credited against the TRDO-USDA Set-Aside for the 2011 Application Round, as required under subsection (g)(3) of this section.

- (6) **Limitation on Allocation.** No more than \$350,000 in credits will be forward committed from the 2011 State Housing Credit Ceiling. To the extent Applications are received that exceed the maximum limitation; staff will prepare the award for Board consideration noting for the Board that the award would require a waiver of this limitation.

§49.8. Threshold Criteria.

The Threshold Criteria listed in this section are mandatory requirements that must be submitted at the time of Application submission unless specifically indicated otherwise. If any of the Threshold Criteria indicated below are not resolved, clarified or corrected to the satisfaction of the Department, through the Administrative Deficiency process the Application will be terminated.

- (1) **Submission of the Application.** Includes the entire Uniform Application and any other supplemental forms which may be required by the Department and in the format prescribed by the Department. (§2306.1111)
- (2) **Governing Body Resolutions.** The following resolutions, if applicable to the proposed Development, must be submitted by the Resolutions Delivery Date as indicated in §49.3 of this chapter (relating to Program Calendar) and may not be more than one year old from the date the Volume 1 is submitted to the Department.
- (A) **Twice the State Average.** If the Development is located in a municipality or in a valid Extra Territorial Jurisdiction (ETJ) of a municipality, or if located completely outside a municipality, a county, that has more than twice the state average of units per capita supported by Housing Tax Credits or private activity bonds at the time the Application Round begins (or for Tax-Exempt Bond Developments at the time the Certificate of Reservation is issued by the Texas Bond Review Board) the Applicant must obtain prior approval of the Development from the Governing Body of the appropriate municipality or county containing the Development. Such approval must reference this rule and authorize an allocation of Housing Tax Credits for the Development; (§2306.6703(a)(4))
- (B) **One Mile Three Year Rule.** If the Applicant proposes to construct a Development proposing New Construction or Adaptive Reuse (excluding New Construction of non-residential buildings) that is located one linear mile (measured by a straight line on a map) or less from a Development that: (§2306.6703(a)(3))
- (i) Serves the same type of household as the new Development, regardless of whether the Development serves families, elderly individuals, or another type of household; and
 - (ii) has received an allocation of Housing Tax Credits or private activity bonds for any New Construction at any time during the three-year period preceding the date the Application Round begins (or for Tax-Exempt Bond Developments the three-year period preceding the date the Volume I is submitted); and
 - (iii) has not been withdrawn or terminated from the Housing Tax Credit Program;
 - (iv) an Application is not ineligible under this paragraph if:
 - (I) the Development is using federal HOPE VI funds received through the United States Department of Housing and Urban Development; locally approved funds received from a public improvement district or a tax increment financing district; funds provided to the state under the Cranston-Gonzalez National Affordable Housing Act (42 U.S.C. §§12701 et seq.); or funds provided to the state and participating jurisdictions under the Housing and Community Development Act of 1974 (42 U.S.C. §§5301 et seq.); or
 - (II) the Development is located in a county with a population of less than one million; or
 - (III) the Development is located outside of a metropolitan statistical area; or

- (IV) the Governing Body, of the Unit of General Local Government where the Development is to be located has by vote specifically allowed the construction of a new Development located within one linear mile or less from a Development described under subparagraphs (A) - (C) of this paragraph.
 - (v) In determining when an existing Development received an allocation as it relates to the application of the three-year period, the Development will be considered from the date the Board took action on approving the allocation of tax credits. In dealing with ties between two or more Developments as it relates to this rule, refer to §49.9(b) of this chapter (relating to Selection Criteria).
- (C) **Developments in Certain Census Tracts.** Staff will not recommend and the Board will not allocate Housing Tax Credits for a Competitive Housing Tax Credit or Tax-Exempt Bond Development located in a census tract that has more than 30% Housing Tax Credit Units per total households in the census tract as established by the U.S. Census Bureau for the most recent Decennial Census unless:
- (i) The Development is in a Place whose population is less than 100,000;
 - (ii) The Applicant proposes only Reconstruction or Rehabilitation (excluding New Construction of non-residential buildings); or
 - (iii) Submits to the Department an approval of the Development referencing this rule in the form of a resolution from the Governing Body of the appropriate municipality or county containing the Development. These ineligible census tracts are outlined in the 2011 Housing Tax Credit Site Demographic Characteristics Report.
- (3) **Rehabilitation Costs.** Developments involving Rehabilitation must establish that the Rehabilitation will substantially improve the condition of the housing and will involve at least \$15,000 per Unit in direct hard costs (including site work, contingency, contractor profit, overhead, and general requirements) unless financed with TRDO-USDA in which case the minimum is \$9,000.
- (4) **Experience Certification.** No later than the Experience Certification Delivery Date as indicated in §49.3 of this chapter, an Applicant must submit the documents required in this section to obtain the required certification. Upon receipt of the evidence required under this section, a certification from the Department will be provided to the Applicant for inclusion in its Application(s). Experience must meet the criteria of both subparagraphs (A) and (B) of this paragraph with evidence of such provided as stated in subparagraphs (C) and (D) of this paragraph.
- (A) One of the Principals of the Development Owner, General Partner, Developer or the General Contractor must provide evidence reasonably acceptable to the Department that they have acquired actual experience through previous participation in and subsequent completion of comparable residential units (single family, multifamily) as demonstrated by the submission of a housing tax credit Application, receipt of award, submission of post award activities (Commitment, Carryover, 10% test, etc.), construction oversight, lease-up, stabilization, and receipt of IRS Forms 8609. Executive Directors of non-profits and public housing authorities may qualify for this experience requirement; and

The Department will, in issuing an Experience Certificate, state any limitations. Persons who establish that they have participated in the development of 200 units or more will not be further restricted by size. Experience of multiple parties may not be aggregated. Rehabilitation experience must have been substantial and involved at least \$15,000 of direct cost per Unit.

-
- (C) Evidence for experience must clearly indicate that:
- (i) the Principal was a Principal of the Development Owner, General Partner or Developer (of the Development submitted as experience) during the complete specified timeframe and process as identified in subparagraph (A) of this paragraph; and
 - (ii) the Development has been completed (as evidenced by the number of Units completed); and

- (5) **Certifications.** The "Certification Form" provided in the Application confirming the following items:
- (A) A certification of the basic common amenities selected for the Development. All Developments must meet at least the minimum threshold of points based on the total number of Units in the Development. These points are not associated with the Selection Criteria points in §49.9(a) of this chapter. The amenities selected must be made available for the benefit of all tenants. If fees in addition to rent are charged for amenities reserved for an individual tenant's use, then the amenity may not be included among those provided to satisfy this requirement. Developments proposing Rehabilitation (excluding Reconstruction) or proposing Single Room Occupancy will receive 1.5 points for each point item (do not round). Applications for non-contiguous scattered site housing, excluding non-contiguous single family sites, will have the threshold test applied based on the number of Units per individual site, and must submit a separate certification for each individual site under control by the Applicant. Any future changes in these amenities, or substitution of these amenities, must be approved by the Department in accordance with §49.13(b) of this chapter (relating to Amendments) and may result in a decrease in awarded credits if the substitution or change includes a decrease in cost, or in the cancellation of a Commitment, Determination Notice or Carryover Allocation if all of the Common Amenities claimed are no longer met.
- (i) Applications must meet a minimum threshold of points as follows:
 - (I) Total Units are less than 16, 1 point is required to meet Threshold;

-

each identified amenity unless the item is specifically restricted to one type of Development. All amenities must meet accessibility standards as further described in subparagraphs (D) and (F) of this paragraph. An Application can only count an amenity once, therefore combined functions (a library which is part of a community room) only count under one category. Spaces for activities must be sized appropriately to serve the anticipated population. The Applicant is instructed to review Chapter 60 of this title (relating to Compliance Administration) for detailed definitions and standards as it relates to the amenities listed in this subparagraph;

Maximum Total Points: 226.
- (1) **Financial Feasibility.** (§2306.6710(b)(1)(A)) Applications may qualify to receive a maximum of 28 points for this item. Receipt of feasibility points under this paragraph does not ensure that an Application will be considered feasible during the feasibility evaluation by the Real Estate Analysis Division, and, conversely, a Development may be found feasible during the feasibility evaluation by the Real Estate Analysis Division even if it did not receive all possible points under this paragraph. Evidence will include the following in addition to the commitment letter required under subsection §49.8(8)(C) of this chapter (relating to Threshold Criteria). To qualify for 20 points the supporting financial data shall include:
- (A) A fifteen (15) year pro forma prepared by the permanent or construction lender:

 - (D) To qualify for an additional 8 points, the commitment letter from the permanent or construction lender must indicate that they have reviewed the Applicant's financial position and credit worthiness and have determined that the Applicant meets the financial liquidity or net worth standards that such lender would require in connection with the proposed Development. Furthermore, the letter must describe those standards that such lender would require in connection with the proposed Development. If at any time the Application is under consideration by the Department and the lender changes, the Applicant must provide a subsequent letter from the new lender addressing net worth and liquidity under the new lender's standards in order to remain eligible for the additional 8 points.
- (2) **Quantifiable Community Participation.** (§2306.6710(b)(1)(B); §2306.6725(a)(2)) Points will be awarded based on written statements of support or opposition from Neighborhood Organizations on record with the state or county in which the Development is to be located and whose boundaries contain the proposed Development Site. It is possible for points to be awarded or deducted based on written statements from organizations that were not identified by the process utilized for notification purposes under §49.8(9) of this chapter if the organization provides the information and documentation required in subparagraphs (A) and (B) of this paragraph. It is also possible that Neighborhood Organizations that were initially identified as appropriate organizations for purposes of the notification requirements will subsequently be determined by the Department not to meet the requirements for scoring. If an organization is determined not to be qualified under this paragraph, the organization may qualify under paragraph (11)(B) of this subsection.
- (A) **Submission Requirements.** Each Neighborhood Organization may submit the form as included in the QCP Neighborhood Information Packet that represents the organization's input. In order to receive a point score, the form must be received, by the Department, or postmarked, if mailed by the U.S. Postal Service, no later than the Quantifiable Community Participation Delivery Date as identified in §49.3 of this chapter (relating to Program Calendar). Forms received after the deadline will be summarized for the Board's information and consideration, but will not affect the score for the Application. The form must:
- (i) State the name and location of the proposed single Development;
 - (ii) Certify that the letter is signed by two officials or board members of the Neighborhood Organization with the authority to sign on behalf of the Neighborhood Organization, and include:
 - (I) the street and/or mailing addresses for the signers of the letter;
 - (II) day and evening phone numbers for the signers of the letter;
 - (III) email addresses and/or facsimile numbers for the signers of the letter and one additional contact for the organization; and
 - (IV) a written description and map of the organization's geographical boundaries;
 - (iii) Certify that the organization has boundaries, and that the boundaries in effect on or before the Full Application Delivery Date identified in §49.3 of this chapter contain the proposed Development Site;
 - (iv) Certify that the organization meets the definition of "Neighborhood Organization"; defined as an organization of persons living near one another within the organization's defined boundaries that contain the proposed Development Site and that has a primary purpose of working to maintain or improve the general welfare of the neighborhood (§2306.004(23-a)). For

- purposes of this section, "persons living near one another" means two (2) or more separate residential households. "Neighborhood Organizations" include homeowners associations, property owners associations, and resident councils in which the council is commenting on the Rehabilitation or Reconstruction of the property occupied by the residents. "Neighborhood Organizations" do not include broader based "community" organizations;
- (v) Include documentation showing that the organization is on record as of the Full Application Delivery Date with the state or county in which the Development is proposed to be located. The receipt of the QCP form that meets the requirements of this subsection and further outlined in the QCP Neighborhood Information Packet will constitute being on record with the State. The Department is permitted to issue an Administrative Deficiency notice for this registration process and if satisfied, the organization will still be deemed to be timely placed on record with the state;
 - (vi) A Neighborhood Organization must take reasonable measures to provide notice to persons eligible to join or participate in the affairs of the organization of that right. Examples of reasonable measure would be giving notice in a newsletter distributed where residents will likely see them; posting notice (in compliance with local signage requirements); or distribution flyers. The Department may exclude from consideration Neighborhood Organizations that do not comply with their own bylaws or other constitutive or governing documents;
 - (vii) While not required, the organization is encouraged to hold a meeting to which all the members of the organization are invited to consider whether the organization should support, oppose, or be neutral on the proposed Development, and to have the membership vote on whether the organization should support, oppose, or be neutral on the proposed Development. The organization is also encouraged to invite the Developer or Applicant to this meeting; and
 - (viii) The form from the Neighborhood Organization for the purposes of this subsection must be submitted to the Department by the Neighborhood Organization and not the Applicant. This documentation must be submitted independent of the Application. Furthermore, while the Applicant may assist the Neighborhood Organization in the Administrative Deficiency process or any other request from the Department as it relates to this item, the Administrative Deficiency Notice from the Department will be issued to the Neighborhood Organization with a copy to the Applicant; however, the Deficiency response must be submitted to the Department directly by the Neighborhood Organization.
- (B) Scoring. The input must clearly and concisely state each reason for the Neighborhood Organization's support for or opposition to the proposed Development.
- (i) The score awarded for each letter for this exhibit will be based on the following:
 - (I) Support letters (must establish at least one reason for support) will receive 24 points; or
 - (II) Letters that do not establish a reason for support or opposition or that are unclear will be considered ineligible and scored as neutral (+12 points);
 - (III) Applications for which no letters from Neighborhood Organizations are scored will receive a neutral score of +12 points;
 - (IV) Opposition letters (must state at least one reason for opposition) will receive 0 points;
 - (V) If an Application receives multiple eligible letters, the average score of all eligible letters will be applied to the Application.
 - (ii) The final score will be determined by the Executive Director. The Department may investigate a matter and contact the Applicant and Neighborhood Organizations for more information. The Department may consider any relevant information specified

- in letters from other Neighborhood Organizations regarding a Development in determining a score.
- (iii) The Department highly values quality public input addressed to the merits of a Development. Input that identifies matters that are specific to the neighborhood, the proposed site, the proposed Development, or Developer are valued. If a proposed Development is permitted by the existing or pending zoning or absence of zoning, concerns addressed by the allowable land use that are related to any multifamily development may generally be considered to have been addressed at the local level through the land use planning process. Input concerning positive efforts or the lack of efforts by the Applicant to inform and communicate with the neighborhood about the proposed Development is highly valued. If the Neighborhood Organization refuses to communicate with the Applicant the efforts of the Applicant will not be considered negative. Input that evidences unlawful discrimination against classes of persons protected by Fair Housing law or the scoring of which the Department determines to be contrary to the Department's efforts to affirmatively further fair housing will not be considered.
- (3) **The Income Levels of Tenants of the Development.** (§§2306.111(g)(3)(B); 2306.111(g)(3)(E); 2306.6710(b)(1)(C); 2306.6710(e); and §42(m)(1)(B)(ii)(I)) Applications may qualify to receive up to 22 points for qualifying under only one of subparagraphs (A) - (C) of this paragraph. To qualify for these points, the household incomes must not be higher than permitted by the AMGI level (must round to the next highest whole Unit, no less than one Unit). The Development Owner, upon making selections for this exhibit, will set aside Units at the levels of AMGI and will maintain the percentage of such Units continuously over the compliance and extended use period as specified in the LURA. These income levels require corresponding rent levels that do not exceed 30% of the income limitation in accordance with §42(g), Internal Revenue Code.
- (A) 22 points if at least 40% of the Low-Income Units in the Development are set-aside with incomes at or below a combination of 50% and 30% of AMGI in which at least 5% of the Low-Income Units are at or below 30% of AMGI; or
- (B) 20 points if at least 60% of the Low-Income Units in the Development are set-aside with incomes at or below 50% of AMGI.
- (C) 18 points if at least 10% of the Low-Income Units in the Development are set-aside with incomes at or below 30% of AMGI; or
- (4) **The Size and Quality of the Units** (§2306.6710(b)(1)(D); §42(m)(1)(C)(iii)). Applications may qualify to receive up to 20 points under both subparagraphs (A) and (B) of this paragraph.
- (A) **Size of the Units (6 points).** The Development must meet the minimum requirements identified in this subparagraph to qualify for points. Six points for this item will be automatically granted for Applications involving Rehabilitation (excluding Reconstruction), Developments receiving funding from TRDO-USDA, or Developments proposing Single Room Occupancy without meeting these square footage minimums if requested in the Self Scoring Form. The square feet of all of the Units in the Development, for each type of Unit, must be at least the minimum noted in clauses (i) - (v) of this subparagraph. Changes to an Application during any phase of the review process that decreases the square footage below the minimums noted in clauses (i) - (v) of this subparagraph, will be re-evaluated and may result in a reduction of the Application score.
- (i) 600 square feet for an Efficiency Unit;
- (ii) 700 square feet for a one Bedroom Unit that is not in a Qualified Elderly Development; 600 square feet for a one Bedroom Unit in a Qualified Elderly Development;

- (iii) 950 square feet for a two Bedroom Unit that is not in a Qualified Elderly Development; 750 square feet for a two Bedroom Unit in a Qualified Elderly Development;
 - (iv) 1,050 square feet for a three Bedroom Unit; and
 - (v) 1,250 square feet for a four Bedroom Unit.
 - (B) Quality of the Units (14 points). Applications in which Developments provide specific amenity and quality features in every Unit at no extra charge to the tenant will be awarded points based on the point structure provided in clauses (i) - (xvi) of this subparagraph. Applications involving scattered site Developments must have all of the Units located with a specific amenity to count for points. Applications involving Rehabilitation (excluding Reconstruction) or Single Room Occupancy may receive 1.5 points for each point item (do not round).
 - (i) Covered entries (1 point);
 - (ii) Nine foot ceilings in living room and all bedrooms (at minimum) (1 point);
 - (iii) Microwave ovens (1 point);
 - (iv) Self-cleaning or continuous cleaning ovens (1 point);
 - (v) Refrigerator with icemaker (1 point);
 - (vi) Storage room or closet, of approximately 9 square feet or greater, which does not include bedroom, entryway or linen closets - does not need to be in the Unit but must be on the property site (1 point);
 - (vii) Laundry equipment (washers and dryers) for each individual Unit including a front loading washer and dryer in required UFAS compliant Units (3 points);
 - (viii) Thirty (30) year architectural shingle roofing (1 point);
 - (ix) Covered patios or covered balconies (1 point);
 - (x) Covered parking (including garages) of at least one covered space per Unit (2 points);
 - (xi) 100% masonry on exterior (3 points) (Applicants may not select this item if clause (xii) of this subparagraph is selected);
 - (xii) Greater than 75% masonry on exterior (1 point) (Applicants may not select this item if clause (xi) of this subparagraph is selected);
 - (xiii) Structural Insulated Panel construction with wall insulation at a minimum of R-20 and roof at a minimum R-30 (3 points);
 - (xiv) R-15 Walls / R-30 Ceilings (rating of wall/ceiling system) (3 points);
 - (xv) 14 SEER HVAC (or greater) or evaporative coolers in dry climates for New Construction, Adaptive Reuse, and Reconstruction or radiant barrier in the attic for Rehabilitation (excluding Reconstruction) (3 points); or
 - (xvi) High Speed Internet service to all Units (2 points).
- (5) **The Commitment of Development Funding by Governmental Instrumentality.** (§2306.6710(b)(1)(E)) Applications may qualify to receive up to 18 points under this paragraph.
 - (A) Submission Requirements. Evidence of the following must be submitted in accordance with the application checklist in the Tax Credit (Procedures) Manual.
 - (i) The loans, grant(s) or in-kind contribution(s) must be attributed to the total number of Units in the Development.
 - (ii) An Applicant may submit enough sources to substantiate the point request, and all sources must be included in the Sources and Uses form.
 - (iii) An Applicant may substitute any source in response to an Administrative Deficiency Notice or after the Application has been submitted to the Department.
 - (iv) A loan does not qualify as an eligible source unless it has a minimum term of the later of 1-year or the Placed in Service date, and the interest rate must be at the Applicable Federal Rate (AFR) or below (at the time of loan closing).
 - (v) In-kind contributions such as donation of land, tax exemptions, or waivers of fees such as building permits, water and sewer tap fees, or similar

contributions are only eligible for points if the in-kind contribution provides a tangible economic benefit that results in a quantifiable Total Housing Development Cost reduction to benefit the Development. The quantified value of the Total Housing Development Cost reduction may only include the value during the period the contribution or waiver is received and/or assessed. Donations of land must be under the control of the Applicant, pursuant to §49.8(8)(A) of this chapter to qualify. The value of in-kind contributions may only include the time period between award or August 2, 2011 and the Development's Placed in Service date, with the exception of contributions of land. The full value of land contributions, as established by the appraisal required pursuant to clause (viii) of this subparagraph will be counted. Contributions in the form of tax exemptions or abatements may only count for points if the contribution is in addition to any tax exemption or abatement required under statute.

- (vi) To the extent that a Notice of Funding Availability (NOFA) is released and funds are available, funds from TDHCA's HOME Investment Partnerships (HOME) Program will qualify if a resolution, dated on or before the date the Application Acceptance Period ends, is submitted with the Application from the Governing Body of the Unit of General Local Government authorizing the Applicant to act on behalf of the Governing Body of the Unit of General Local Government in applying for HOME Funds from TDHCA for the particular Application. TDHCA's HOME funds may be substituted for a source originally submitted with the Application, provided the HOME funds substituted are from a NOFA released after the Application Acceptance Period ends and a resolution is submitted with the substitution documentation from the Governing Body of the Unit of General Local Government authorizing the Applicant to act on behalf of the Unit of General Local Government in applying for HOME Funds from TDHCA for the particular Application.
- (vii) Development based rental subsidies may qualify under this section if evidence of the remaining value of the contract remaining as of December 31st of the application year is submitted from the Governmental Instrumentality. The value of the contract does not include past subsidies.
- (viii) Evidence to be submitted with the Application must include a copy of the commitment of funds; a copy of the application to the funding entity; or a letter from the funding entity indicating that the award of funds with respect to the funding cycle for which the Applicant intends to apply for will be made by August 1, 2011. This letter does not have to confirm that the funds will be awarded to the subject Application, but that awards with respect to the Applications under consideration for the funding cycle will be announced by the previously stated deadline. A statement from the Applicant with respect to the loan amount to be applied for and the specific terms requested or to be requested must be submitted. For in-kind contributions, evidence must be submitted in the Application from the Unit of General Local Government substantiating the value of the in-kind contributions. For in-kind contributions of land, evidence of the value of the contribution must be in the form of an appraisal.
- (ix) If not already provided, at the time the executed Commitment is required to be submitted, the Applicant or Development Owner must provide evidence of a commitment approved by the Governing Body of the Unit of General Local Government, or its designee or agent, for the Development Funding to the Department. If the funding commitment from the Governmental Instrumentality has not been received by the date the Department's Commitment is to be submitted, the Application will be evaluated to determine if the loss of these points would have resulted in the Department's not committing the tax credits. If the loss of points would have made the

- Application noncompetitive, the Commitment will be rescinded and the credits reallocated. If the Application would still be competitive even with the loss of points and the loss would not have impacted the recommendation for an award, the Application will be reevaluated for financial feasibility. If the Application is infeasible without the Governmental Instrumentalities Development Funding, the Commitment will be rescinded and the credits reallocated.
- (x) Funding commitments from a Governmental Instrumentality will not be considered final unless the Governmental Instrumentality attests to the fact that any funds committed were not first provided to the Governmental Instrumentality by the Applicant, the Developer, Consultant, Related Party or any individual or entity acting on behalf of the proposed Application, unless the Applicant itself is a Governmental Instrumentality or subsidiary.
- (B) Scoring. Points will be determined on a sliding scale based on the amount of funds to be made available to the Development on a per unit basis, based on the total number of Units in the Development. Do not round for the following calculations. The "total contribution" is the total combined value of qualifying loan(s), grants or in-kind contributions from a Governmental Instrumentality pursuant to subparagraph (A) of this paragraph.
- (i) A total contribution of at least \$900 (or \$450 for Rural Developments or Developments located in non-participating jurisdictions) per unit receives 6 points; or
 - (ii) A total contribution of at least \$2,250 (or \$1,125 for Rural Developments or Developments located in non-participating jurisdictions) per unit receives 12 points;
 - (iii) A total contribution equal to or greater than \$4,500 (or \$2,250 for Rural Developments or Developments located in non-participating jurisdictions) per unit receives 18 points.
- (6) **Community Support from State Representative or State Senator.** (§2306.6710(b)(1)(F) and §2306.6725(a)(2)) Applications may qualify to receive 14 points for this item. Letters must identify the specific Development, must clearly state support for or opposition to the specific Development and must be from the State Representative or State Senator that represents the district containing the proposed Development Site. This documentation will be accepted with the Application or through delivery to the Department from the Applicant or the State Representative or Senator on or before the Input from State Senator or Representative Delivery Date as identified in §49.3 of this chapter. A State Representative or State Senator may withdraw (in writing), but may not change or replace a letter that is submitted by the April 1st deadline on or before the Withdraw Deadline for State Senator or Representative Letters as identified in §49.3 of this chapter but may not submit a new letter. After the Withdraw Deadline such letters may not be withdrawn. The previous position of support or opposition that is withdrawn will be scored as neutral (0 points). State Representatives or Senators to be considered are those State Representatives or Senators in office at the time the Application is submitted. Letters of support from State Representatives or Senators that do not represent the district containing the proposed Development Site will not qualify for points under this exhibit. Support letters are +14 points; neutral letters, or letters that do not specifically refer to the Development, will receive 0 points; Opposition letters (must state reason for opposition) will receive -14 points. If one letter is received in support and one letter is received in opposition the score would be 0 points. A letter that does not directly express support but expresses it indirectly by inference, (i.e. "the local jurisdiction supports the Development and I support the local jurisdiction") will be treated as a neutral letter.
- (7) **The Rent Levels of the Units.** (§2306.6710(b)(1)(G)) Applications may qualify to receive up to 12 points for this item provided the Application has qualified for points under paragraph

- (3) of this subsection, relating to Income Levels of Tenants of the Development. An Application may qualify for points under this subsection by providing additional Low-Income Units at 30% and 50% of AMGI (must round up to the next whole Unit, not less than one Unit), as follows:
- (A) An Application may receive 2 points for every 5% of Low-Income Units at rents and incomes at 50% of AMGI; or
 - (B) An Application may receive 6 points for every 2.5% of Low-Income Units at rents and incomes at 30% of AMGI.
- (8) **The Cost of the Development by Square Foot.** (§2306.6710(b)(1)(H); §42(m)(1)(C)(iii)) Applications may qualify to receive 10 points for this item. For this exhibit, costs shall be defined as construction costs, including site work, direct hard costs, contingency, contractor profit, overhead and general requirements, as represented in the Development Cost Schedule. This calculation does not include indirect construction costs. The calculation will be costs per square foot of Net Rentable Area (NRA). For the purposes of this paragraph only, if a building is in a Qualified Elderly Development with an elevator or a high rise building with four or more stories serving any population, the NRA may include elevator served interior corridors. If the proposed Development is a Single Room Occupancy Development, the NRA may include elevator served interior corridors and may include up to 50 square feet of common area per Unit. As it relates to this paragraph, an interior corridor is a corridor that is enclosed, heated and/or cooled and otherwise finished space. The calculations will be based on the cost listed in the Development Cost Schedule and NRA shown in the Rent Schedule of the Application. Developments qualify for 10 points if their costs do not exceed \$95 per square foot for Qualified Elderly, single family design, transitional, and Single Room Occupancy Developments (transitional housing for the homeless and Single Room Occupancy units as provided in §42(i)(3)(B)(iii) and (iv) of the Code), unless located in a "First Tier County" in which case their costs do not exceed \$97 per square foot; and \$85 for all other Developments, unless designated as "First Tier" by the Texas Department of Insurance, in which case their costs do not exceed \$87 per square foot. The First Tier counties are identified in the Tax Credit (Procedures) Manual. There are also specifically designated First Tier communities in Harris County that are east of State Highway 146, and evidence in the Application must include a map with the Development Site designated clearly within the community. These communities are Pasadena, Morgan's Point, Shoreacres, Seabrook and La Porte.
- (9) **Tenant Services.** (§2306.6710(b)(1)(I) and §2306.6725(a)(1)) Applications may qualify to receive up to 8 points for this item. The Applicant must certify that the Development will provide a combination of supportive services appropriate for the proposed tenants. The provision of supportive services will be included in the LURA as selected from the list of services identified in this paragraph. No fees may be charged to the tenants for any of the services. Services must be provided on-site or transportation to off-site services must be provided. The same service may not be used for more than one scoring item. Applications will be awarded points for selecting services listed in subparagraphs (A) - (U) of this paragraph:
- (A) Joint use library center, as evidenced by a written agreement with the local school district (2 points);
 - (B) Weekday afterschool program (shall include at least on a monthly basis a curriculum based character building presentation on relevant topics (i.e. teen dating violence, drug prevention, teambuilding, internet dangers, stranger danger, etc.)) (3 points);
 - (C) Daily transportation (2 point);
 - (D) Counseling services (only Supportive Housing Developments eligible) (1 point);
 - (E) Food pantry/common household items (only Supportive Housing Developments eligible) (1 point);

 - (I) Annual health fair (1 point);
 - (J) Quarterly health and nutritional courses (1 point);
 - (K) Organized team sports programs or youth programs (1 point);
 - (L) Scholastic tutoring (1 point);

 - (N) Weekly exercise classes (2 points);
 - (O) Monthly arts and crafts (1 point);
 - (P) Annual income tax preparation services (1 point);
 - (Q) Monthly transportation to community/social events (i.e. lawful gaming sites, mall trips, community theatre, bowling, organized tours, etc.) (1 point); and
 - (R) Monthly on-site social events (i.e. potluck dinners, game night, etc.) (1 point);
 - (S) Specific and pre-approved caseworker services for seniors and Persons with Disabilities (1 point);
 - (T) Home chore services (such as trash removal and quarterly preventative maintenance including light bulb replacement and hot water heater and other appliance check) for seniors and Persons with Disabilities (1 point);
 - (U) 1 point for any other programs described under Title IV-A of the Social Security Act (42 U.S.C. §§601 et seq.) which enables children to be cared for in their homes or the homes of relatives; ends the dependence of needy families on government benefits by promoting job preparation, work and marriage; prevents and reduces the incidence of out-of wedlock pregnancies; and encourages the formation and maintenance of two-parent families; or any other services approved in writing by the Department.
- (10) **Declared Disaster Areas.** (§2306.6710(b)(1)) Applications may receive 7 points, if by the Full Application Delivery Date as identified in §49.3 of this chapter or at any time within the two-year period preceding the date of submission, the proposed Development Site is located in an area declared a disaster under Texas Government Code §418.014.
- (11) **Community Input other than Quantifiable Community Participation.** If an Application was awarded 18 or 12 points under paragraph (2) of this subsection, then that Application may receive up to 6 points for letters that qualify for points under subparagraph (A), (B) or (C) of this paragraph. An Application may not receive points under more than one of the subparagraphs (A) - (C) of this paragraph. All letters must be submitted within the Application. At no time will the Application receive a score lower than zero for this item.
- (A) An Application may receive two points (maximum of 6 points) for each letter of support submitted from a community or civic organization that serves the community in which the Development Site is located. Letters of support must identify the specific Development and must state support of the specific Development at the proposed location. The community or civic organization must provide some documentation of its existence in the community in which the Development is located including, but not limited to, listing of services and/or members, brochures, annual reports, etc. Letters of support from organizations that cannot provide reasonable evidence that they are active in the area that includes the location of the Development will not be counted. For purposes of this subparagraph, community and civic organizations do not include neighborhood organizations, governmental entities (excluding Special Management Districts), taxing entities or educational activities. Organizations that were created by a governmental entity or derive their source of creation from a governmental entity do not qualify under this item. For purposes of this item, educational activities include school districts, trade and vocational

- schools, charter schools and depending on how characterized could include day care centers; a PTA or PTO would qualify. Should an Applicant elect this option and the Application receives letters in opposition, then 2 points will be subtracted from the score for each letter in opposition, provided that the letter is from an organization serving the community.
- (B) An Application may receive 6 points for a letter of support, from a property owners association created for a master planned community whose boundaries include the Development Site that does not meet the requirements of a Neighborhood Organization for points under paragraph (2) of this subsection.
 - (C) An Application may receive 6 points for a letter of support from a Special Management District, whose boundaries, as of the Full Application Delivery Date as identified in §49.3 of this chapter, include the Development Site and for which there is not a Neighborhood Organization on record with the county or state.
- (12) **Housing Needs Characteristics.** (§42(m)(1)(C)(ii)) Applications may qualify to receive up to 6 points (if the Development Site is located in a Place with a certain Affordable Housing Need Score). Each Application may receive a score if correctly requested in the Self Score form based on objective measures of housing need in the Place where the Development is located. This Affordable Housing Need Score for each Place will be published in the 2011 Site Demographic Characteristics Report. For purposes of this item a Place is defined as the geographic area contained within the boundaries of:
- (A) An incorporated place; or
 - (B) Census Designated Place (CDP) as established by the U.S. Census Bureau for the most recent Decennial Census. For Developments located outside the boundaries of an incorporated place or CDP, the Development shall take up the Place characteristics of the incorporated place or CDP whose boundary is nearest to the Development Site.
- (13) **Community Revitalization, (§42(m)(1)(C)(iii)) Historic Preservation or Rehabilitation.** Applications may qualify to receive 6 points under subparagraphs (A) - (C) of this paragraph or 3 points under subparagraph (D) of this paragraph.
- (A) The Development includes the use of an Existing Residential Development and proposes any Rehabilitation or any Reconstruction that is part of a Community Revitalization Plan. Evidence of the Community Revitalization Plan must be in the form of a letter from the Appropriate Local Official stating there is a Community Revitalization Plan in effect and the Development is within the area covered by the plan or only if the Community Revitalization Plan has specific boundaries, a copy of the plan, adopted by the jurisdiction or its designee and a map showing that the Development is within the area covered by the Community Revitalization Plan; or
 - (B) The Development includes the use of an existing building that is designated as historic by a federal or state Entity and proposes Rehabilitation (including Reconstruction) or Adaptive Reuse. The Development itself must have the designation; points in this subparagraph are not available for Developments simply located within historic districts or areas that do not have a designation on the building. The Development must include the historic building. Evidence will include proof of the historic designation from the appropriate Governmental Entity.
 - (C) Rehabilitation (includes Reconstruction). Applications proposing to build solely Rehabilitation (excluding New Construction of non-residential buildings), solely Reconstruction (excluding New Construction of non-residential buildings), or solely Adaptive Reuse;
 - (D) The Development is New Construction and is proposed to be located in an area that is part of a Community Revitalization Plan (3 points).
- (14) **Pre-application Participation Incentive Points.** (§2306.6704) Applicants that submitted a pre-application during the Pre-Application Acceptance Period and meet the requirements

- of this paragraph will qualify to receive 6 points for this item. To be eligible for these points, the Application must:
- (A) Be for the identical Development Site, or reduced portion of the Development Site as the proposed Development Site under control in the pre-application;
 - (B) Have met the Pre-application Threshold Criteria;
 - (C) Include, as part of this exhibit, a certification signed by the Principal(s) that signed the site control at pre-application confirming they are the same Principal(s) at Application.
 - (D) Be serving the same target population (general or elderly) as in the pre-application;
 - (E) Be applying for the same Set-Asides as indicated in the pre-application (Set-Asides can be dropped between pre-application and Application, but no Set-Asides can be added); and
 - (F) Be awarded by the Department an Application score that is not more than 5% greater or less than the number of points awarded by the Department at pre-application, with the exclusion of points for support and opposition under paragraphs (2), (6), and (11) of this subsection. The Application score used to determine whether the Application score is 5% greater or less than the number of points awarded at pre-application will also include all point losses under §49.7(a)(2)(A) of this chapter (relating to Administrative Deficiencies). An Applicant must choose, at the time of Application either clause (i) or (ii) of this subparagraph:
 - (i) To request the pre-application points and have the Department cap the Application score at no greater than the 5% increase regardless of the total points accumulated in the scoring evaluation. This allows an Applicant to avoid penalty for increasing the point structure outside the 5% range from pre-application to Application; or
 - (ii) To request that the pre-application points be forfeited and that the Department evaluate the Application as requested in the Self-Score Form.
- (15) **Green Building Amenities.** Application may qualify to receive up to 6 points for this item provided that points under this paragraph are not being requested for the same items utilized for points under §49.8(5)(A) of this chapter. Rehabilitation Developments (excluding Reconstruction) and Single Room Occupancy Developments will receive 1.5 points for each point requested under this paragraph.
- (A) **Development Energy Savings (1 point for each item):**
 - (i) at least 50% of the water needed annually for site irrigation is from a rain water harvesting/collection system and/or locally approved gray water collection system; or
 - (ii) native trees and plants installed that are appropriate to the site's soils and microclimate and located to allow for shading in the summer and heat gain in the winter; or
 - (B) **Tenant Energy Savings (2 points for each item):**
 - (i) If the glazing area on the north- and south-facing walls of the building is at least 50% greater than the sum of the glazing area on the east- and west-facing walls; and the east-west axis of the building is within 15 degrees of due east-west;
 - (ii) If the east-west axis of the building oriented within 15 degrees of due east-west utilizes a narrow floor plate (less than 40 feet), and single loaded corridors and open floor plan to optimize daylight penetration and passive ventilation;
 - (iii) Solar screens or solar film on all East, West, and South Windows with building oriented to east-west axis within 15 degrees of due east-west, (applies only to rehabilitation where windows are not replaced with Energy Star rated windows);

- (iv) 100% of HVAC condenser units are located so they are fully shaded 75% of the time during summer months (May through August);
 - (v) Install low-flow or high efficiency toilets that exceed State requirements;
 - (vi) Install bathroom lavatory faucets, showerheads and kitchen faucets that exceed the State standard at the time of Application. All fixtures throughout development must meet the standard. Rehabilitation Developments may install compliant faucet aerators instead of replacing entire faucets; or
 - (vii) Provide Solar water heaters designed to provide at least 25% of the average energy used to heat domestic water throughout the entire Development;
 - (viii) Sub-metered utility meters for any utility in a Rehabilitation Development which was not already sub-metered at the time of Application;
 - (ix) If the Development includes Energy-Star qualified windows and glass doors exclusively; and insulation, and air barriers greater than or equal to Energy Star air barrier and insulation criteria; and Energy Star rated HVAC and domestic hot water heaters, and insulation that exceeds Energy Star standards;
 - (x) If the Development promotes energy efficiency by demonstrating a certified HERS score of 85 or lower;
 - (xi) Thermally and draft efficient doors (SHGC of 0.40 or lower (for doors with glass) and U-value specified by climate zone according to the 2006 IECC) are used;
 - (xii) On-site photovoltaic panels or wind-driven turbines for generating at least 5kW of electricity that are incorporated into the engineered structural design of the roof(s) and neither of which protrude from any roof structure by more than 8 feet and are designed and wired to supplement the Development's electric power. Photographs and data sheets of the proposed equipment must be submitted with the Application; or
 - (xiii) Recycling service provided throughout the compliance period.
- (C) **Other Green Features/Indoor Health (1 point for each item):**
- (i) Renewable materials, provide at least one of the following: bamboo flooring, wool carpet, linoleum flooring, straw board cabinetry, poplar OSB, or cotton batt insulation;
 - (ii) Healthy flooring, provide at least one of the following for 50% of flooring. Finished concrete or ceramic tile resilient flooring material that is Floor Score Certified, applied with a Floor Score Certified adhesive and comes with a minimum 7-year wear through warranty; or
 - (iii) Healthy finish materials, use paints, stains, adhesives and sealants consistent with the Green Seal 11 standard or other applicable Green Seal standards.
- (D) **LEED (Leadership in Energy and Environmental Design) Certification. (6 points)** If at the time of Cost Certification a LEED Certification (Certified, Silver, Gold or Platinum levels) for the Development is obtained then the maximum points allowed under this paragraph will be awarded and none of the green building amenities selected under this paragraph will need to be substantiated. Conversely, if at the time of Cost Certification a LEED Certification has not been obtained then the Applicant will be required to prove up 6 points under this subparagraph.
- (16) **Development Location.** (§2306.6725(a)(4); §42(m)(1)(C)(i)) Applications may qualify to receive 4 points under this item. Evidence must not be more than six (6) months old from the first day of the Application Acceptance Period. An Application may only receive points under one of the subparagraphs (A) - (E) of this paragraph.
- (A) The Development is located in a census tract which has a median family income (MFI), as published by the United States Bureau of the Census (U.S. Census) that is higher than the median family income for the county in which the census tract is located. This comparison shall be made using the most recent data available to the

Department as of the date the Application Round opens the year preceding the applicable program year. Developments eligible for these points must submit evidence documenting the median income for both the census tract and the county. These Census Tracts are outlined in the 2011 Housing Tax Credit Site Demographic Characteristics Report.

- (B) The proposed Development will serve families with children (at least 70% of the Units must have an eligible bedroom mix of two bedrooms or more) and is proposed to be located in an elementary school attendance zone that has an academic rating of "Exemplary" or "Recognized," or comparable rating if the rating system changes. An elementary attendance zone does not include magnet school or elementary schools with district-wide possibility of enrollment or no defined attendance zones. The date for consideration of the attendance zone is that in existence as of the opening date of the Application Round and the academic rating is the most current rating determined by the Texas Education Agency as of that same date. (§42(m)(1)(C)(vii))
 - (C) The proposed Development will expand affordable housing opportunities for low-income families with children outside of poverty areas. This must be demonstrated by showing that the Development will serve families with children (at least 70% of the Units must have an eligible bedroom mix of two bedrooms or more) and that the census tract in which the Development is proposed to be located has no greater than 10% poverty population according to the most recent census data. (§42(m)(1)(C)(vii)) These Census Tracts are outlined in the 2011 Housing Tax Credit Site Demographic Characteristics Report.
 - (D) The proposed Development is located in an urban core, on a site where the proposed use is not prohibited by the Unit of General Local Government via ordinance or regulation. For purposes of this item, an urban core is defined as a compact and contiguous geographical area that is located in a Metropolitan Statistical Area within the city limits with a population of no less than 150,000 composed of adjacent block groups of which is zoned to accommodate a mix of medium or high density residential and commercial uses and at least 50% of such land is actually being used for such purposes based on high density residential structures and/or commercial structures already constructed. Evidence must be submitted in the form of zoning maps and a certification provided in the Application.
 - (E) The proposed Development is located in a high opportunity area as identified in §49.5(d)(3)(D)(i) - (iii) of this chapter (relating to Site and Development Restrictions).
- (17) **Economic Development Initiatives.** An Application may qualify to receive 4 points under subparagraphs (A) - (C) of this paragraph. For the purpose of this paragraph, "area" shall mean the boundaries of any zone or community in subparagraph (A) of this paragraph or the area in which funds in subparagraph (B) of this paragraph must be used:
- (A) A Designated State or Federal Empowerment/Enterprise Zone, Urban Enterprise Community, or Urban Enhanced Enterprise Community. To be eligible for these points, Applicants must submit a letter and a map of the zoned area from a city/county official stating that the proposed Development is located within such a designated zone or area. The letter should be no older than six (6) months from the first day of the Application Acceptance Period (§2306.127); or
 - (B) An area that has received an award within the three year period prior to the beginning of the Application Acceptance Period, from the Texas Capital Fund, Texas or Federal Enterprise Zone Fund, Texas Leverage Fund, Industrial Revenue Bond Program, Emerging Technologies, Skills Development, Rural Business Enterprise Grants, Certified Development Company Loans, or Micro Loan Program or other state or federally funded economic development initiatives approved by the Department (This excludes limited highway improvement and roadwork projects, but does include broader regional transportation initiatives targeted to expanding economic development); or

- (C) A geographical area which is an Economically Distressed Area; a Colonia; or a Difficult Development Area (DDA) as specifically designated by the Secretary of HUD at the time of Application submission (these census tracts are designated in the 2011 Housing Tax Credits Site Demographics Characteristics Report (§2306.127); or
- (D) Points under subparagraphs (A), (B) and (C) of this paragraph will not be granted if more than 3 Developments received an award of Housing Tax Credits in the applicable area in the seven (7) years prior to the beginning of the Application Acceptance Period. The Applicant must provide receipt of funds to the area by evidence of a map of the designated area for such funding and documentation of the recipient of the award of funds or a letter from the entity granting such funds stating that funds were awarded in the designated area.
- (18) **Developments in Census Tracts with No Other Existing Same Type Developments Supported by Tax Credits.** (§2306.6725(b)(2)) Applications may receive 4 points if the proposed Development is located in a census tract in which there are no other existing Developments supported by Housing Tax Credits that serve the same type of household, regardless of whether the Development serves the general or elderly populations. Evidence of the census tract in which the Development is located must be submitted. These census tracts are outlined in the 2011 Housing Tax Credit Site Demographic Characteristics Report.
- (19) **Tenant Populations with Special Housing Needs.** (§42(m)(1)(C)(v)) Applications may qualify to receive 4 points for this item. The Department will award these points to Applications in which at least 5% of the Units are set aside for Persons with Special Needs. For purposes of this section, Persons with Special Needs is defined as persons with alcohol and/or drug addictions, Colonia residents, Persons with Disabilities, victims of domestic violence, persons with HIV/AIDS, homeless populations and migrant farm workers. Throughout the Compliance Period, unless otherwise permitted by the Department, the Development Owner agrees to affirmatively market Units to Persons with Special Needs. In addition, the Department will require a minimum twelve-month period during which Units must either be occupied by Persons with Special Needs or held vacant. The twelve-month period will begin on the date each building receives its Certificate of Occupancy. For buildings that do not receive a Certificate of Occupancy, the twelve-month period will begin on the placed in service date as provided in the Cost Certification manual. After the twelve-month period, the Development Owner will no longer be required to hold Units vacant for households with special needs, but will be required to continue to affirmatively market Units to household with special needs.
- (20) **Length of Affordability Period.** (§§2306.6725(a)(5); 2306.111(g)(3)(C); 2306.185(a)(1) and (c); 2306.6710(e)(2); and 42(m)(1)(B)(ii)(II)) Applications may qualify to receive up to 4 points. In accordance with the Code, each Development is required to maintain its affordability for a 15-year compliance period and, subject to certain exceptions, an additional 15-year extended use period. Development Owners that are willing to extend the affordability period for a Development beyond the thirty (30) years required in the Code may receive points as follows:
- (A) Add five (5) years of affordability after the extended use period for a total affordability period of thirty-five (35) years (2 points); or
- (B) Add ten (10) years of affordability after the extended use period for a total affordability period of forty (40) years (4 points).
- (21) **Site Characteristics.** Development Sites, including scattered sites, may qualify to receive up to 4 points for this item. Developments Sites must be located within a one mile radius (two-mile radius for Developments competing for a Rural Regional Allocation) of at least three (3) services appropriate to the target population. A site located within one-quarter mile of public transportation that is accessible to all residents including Persons With Disabilities and/or located within a community that has another form of transportation,

- including, but not limited to, special transit service or specialized elderly transportation for Qualified Elderly Developments, will receive full points regardless of the proximity to amenities, as long as the Applicant provides appropriate evidence of the transportation services used to satisfy this requirement. If a Development is providing its own specialized van or funding a comparable service, then this will be a requirement of the LURA. Only one service of each type listed in subparagraphs (A) - (L) of this paragraph will count towards the points. A map must be included identifying the Development Site and the location of the services by name. If the services are not identified by name, points will not be awarded. All services must exist or, if under construction, must be under active construction, post pad by the date the Application is submitted.

 - (J) Medical offices (physician, dentistry, optometry).
 - (K) Public Schools (only eligible for Developments that are not Qualified Elderly Developments).
 - (L) Senior Center.
- (22) **Development Size.** The Development consists of not more than 36 Units (3 points).
- (23) **Sponsor Characteristics.** Applications may qualify to receive a maximum of 2 points for this item. Qualifying under subparagraph (A) shall be worth 1 point and qualifying under subparagraph (B) shall be worth 2 points. (§42(m)(1)(C)(iv))
- (A) The Applicant has submitted a plan to use Historically Underutilized Businesses (HUB) in the development process consistent with the Historically Underutilized Business Guidelines for contracting with the State of Texas. The Applicant will be required to submit a report of the success of the plan as part of the cost certification documentation, in order to receive IRS Forms 8609; or
 - (B) There is a HUB as certified by the Texas Comptroller of Public Accounts, has at least 51% ownership interest in the General Partner and materially participates in the Development and operation of the Development throughout the Compliance Period. To qualify for these points, the Applicant must submit a certification from the Texas Comptroller of Public Accounts that the Person is a HUB at the close of the Application Acceptance Period.
- (24) **Qualified Census Tracts with Revitalization.** (§42(m)(1)(B)(ii)(III)) Applications may qualify to receive 1 point for this item if the Development is located within a Qualified Census Tract and contributes to a concerted Community Revitalization Plan. Evidence of the Community Revitalization Plan must be in the form of a letter from the Appropriate Local Official stating there is a Community Revitalization Plan in effect and the Development is within the area covered by the plan or only if the Community Revitalization Plan has specific boundaries, a copy of the plan, adopted by the jurisdiction or its designee and a map showing that the Development is within the area covered by the Community Revitalization Plan.
- (25) **Developments Intended for Eventual Tenant Ownership--Right of First Refusal.** Applications may qualify to receive 1 point for this item. (§2306.6725(b)(1); §42(m)(1)(C)(viii)) Evidence that Development Owner agrees to provide a right of first

refusal to purchase the Development upon or following the end of the Compliance Period for the minimum purchase price provided in, and in accordance with the requirements of, §42(i)(7) of the Code (the "Minimum Purchase Price"), to a Qualified Nonprofit Organization, the Department, or either an individual tenant with respect to a single family building, or a tenant cooperative, a resident management corporation in the Development or other association of tenants in the Development with respect to multifamily developments (together, in all such cases, including the tenants of a single family building, a "Tenant Organization"). Development Owner may qualify for these points by providing the right of first refusal in the following terms.

- (A) Upon the earlier to occur of:
 - (i) The Development Owner's determination to sell the Development; or
 - (ii) The Development Owner's request to the Department, pursuant to §42(h)(6)(E)(II) of the Code, to find a buyer who will purchase the Development pursuant to a "qualified contract" within the meaning of §42(h)(6)(F) of the Code, the Development Owner shall provide a notice of intent to sell the Development ("Notice of Intent") to the Department and to such other parties as the Department may direct at that time. If the Development Owner determines that it will sell the Development at the end of the Compliance Period, the Notice of Intent shall be given no later than two (2) years prior to expiration of the Compliance Period. If the Development Owner determines that it will sell the Development at some point later than the end of the Compliance Period, the Notice of Intent shall be given no later than two (2) years prior to date upon which the Development Owner intends to sell the Development.
- (B) During the two (2) years following the giving of Notice of Intent, the Sponsor may enter into an agreement to sell the Development only in accordance with a right of first refusal for sale at the Minimum Purchase Price with parties in the following order of priority:
 - (i) During the first six-month period after the Notice of Intent, only with a Qualified Nonprofit Organization that is also a community housing development organization, as defined for purposes of the federal HOME Investment Partnerships Program at 24 CFR §92.1 (a "CHDO") and is approved by the Department;
 - (ii) During the second six-month period after the Notice of Intent, only with a Qualified Nonprofit Organization or a Tenant Organization; and
 - (iii) During the second year after the Notice of Intent, only with the Department or with a Qualified Nonprofit Organization approved by the Department or a Tenant Organization approved by the Department;
 - (iv) If, during such two-year period, the Development Owner shall receive an offer to purchase the Development at the Minimum Purchase Price from one of the organizations designated in clauses (i) - (iii) of this subparagraph (within the period(s) appropriate to such organization), the Development Owner shall sell the Development at the Minimum Purchase Price to such organization. If, during such period, the Development Owner shall receive more than one offer to purchase the Development at the Minimum Purchase Price from one or more of the organizations designated in clauses (i) - (iii) of this subparagraph (within the period(s) appropriate to such organizations), the Development Owner shall sell the Development at the Minimum Purchase Price to whichever of such organizations it shall choose.
- (C) After whichever occurs the later of:
 - (i) The end of the Compliance Period; or
 - (ii) Two (2) years from delivery of a Notice of Intent, the Development Owner may sell the Development without regard to any right of first refusal established by the LURA if no offer to purchase the Development at or above the Minimum Purchase Price has been made by a Qualified Nonprofit Organization, a Tenant

Organization or the Department, or a period of one hundred twenty (120) days has expired from the date of acceptance of all such offers as shall have been received without the sale having occurred, provided that the failure(s) to close within any such 120-day period shall not have been caused by the Development Owner or matters related to the title for the Development.

- (D) At any time prior to the giving of the Notice of Intent, the Development Owner may enter into an agreement with one or more specific Qualified Nonprofit Organizations and/or Tenant Organizations to provide a right of first refusal to purchase the Development for the Minimum Purchase Price, but any such agreement shall only permit purchase of the Development by such organization in accordance with and subject to the priorities set forth in subparagraph (B) of this paragraph.
 - (E) The Department shall, at the request of the Development Owner, identify in the LURA a Qualified Nonprofit Organization or Tenant Organization which shall hold a limited priority in exercising a right of first refusal to purchase the Development at the Minimum Purchase Price, in accordance with and subject to the priorities set forth in subparagraph (B) of this paragraph.
 - (F) The Department shall have the right to enforce the Development Owner's obligation to sell the Development as herein contemplated by obtaining a power-of-attorney from the Development Owner to execute such a sale or by obtaining an order for specific performance of such obligation or by such other means or remedy as shall be, in the Department's discretion, appropriate.
- (26) **Leveraging of Private, State, and Federal Resources.** Applications may qualify to receive 1 point for this item. (§2306.6725(a)(3)) Funding sources used for points under paragraph (5) of this subsection may be used for this point item; however, funding amounts may not be duplicative.
- (A) Evidence must be submitted in the Application that the proposed Development has received or will receive loan(s), grant(s) or in-kind contributions from a private, state or federal resource, which include Capital Grant Funds and HOPE VI funds, that is equal to or greater than 2% (do not round) of the Total Housing Development Costs reflected in the Application.
 - (B) For in-kind contributions, evidence must be submitted in the Application from a private, state or federal resource which substantiates the value of the in-kind contributions. Development based rental subsidies from private, state or federal resource may qualify under this section if evidence of the remaining value of the contract is submitted from the source. The value of the contract does not include past subsidies.
 - (C) Qualifying funds awarded through local entities may qualify for points if the original source of the funds is from a private, state or federal source. If qualifying funds awarded through local entities are used for this item, a statement from the local entity must be provided that identifies the original source of funds.
 - (D) Applicants may only submit enough sources to substantiate the point request, and all sources must be included in the Sources and Uses form. For example, two sources may be submitted if each is for an amount equal to 1% of the Total Housing Development Cost. However, two sources may not be submitted if each source is for an amount equal to 2% of the Total Housing Development Cost.
 - (E) The funding must be in addition to the primary funding (construction and permanent loans) that is proposed to be utilized and cannot be issued from the same primary funding source or an affiliated source. The provider of the funds must attest to the fact that they are not the Applicant, the Developer, Consultant, Related Party or any individual or entity acting on behalf of the proposed Application and attest that none of the funds committed were first provided to the entity by the Applicant, the Developer, Consultant, Related Party or any individual or entity acting on behalf of the proposed Application, unless the Applicant itself is a Unit of General Local Government.

- (F) The Development must have already applied for funding from the funding entity. Evidence to be submitted with the Application must include a copy of the commitment of funds or a copy of the application to the funding entity and a letter from the funding entity indicating that the application was received. At the time the executed Commitment is required to be submitted, the Applicant or Development Owner must provide evidence of a commitment approved by the Governing Body of the entity for the sufficient financing to the Department. If the funding commitment from the private, state or federal source, identified in the Application, or qualifying substitute source, has not been received by the date the Department's Commitment is to be submitted, the Application will be evaluated to determine if the loss of these points would have resulted in the Department's not committing the tax credits. If the loss of points would have made the Application noncompetitive, the Commitment will be rescinded and the credits reallocated. If the Application would still be competitive even with the loss of points and the loss would not have impacted the recommendation for an award, the Application will be reevaluated for financial feasibility. If the Application is infeasible without the commitment from the private, state or federal source, the Commitment will be rescinded and the credits reallocated. Funds from the Department's HOME and Housing Trust Fund sources will only qualify under this category if there is a Notice of Funding Availability (NOFA) out for available funds and the Applicant is eligible under that NOFA.
- (G) To qualify for this point, the Rent Schedule must show that at least 3% (not using normal rounding) of all Low-Income Units are designated to serve individuals or families with incomes at or below 30% of AMGI.
- (27) **Third Party Funding Outside of Qualified Census Tracts.** Applications may qualify to receive 1 point for this item. (§2306.6710(e)(1)) Evidence that the proposed Development has documented and committed Third-Party funding sources and the Development is located outside of a Qualified Census Tract serving 10% of households at 30% AMGI or less. The provider of the funds must attest to the fact that they are not the Applicant, the Developer, Consultant, Related Party or any individual or entity acting on behalf of the proposed Application and attest that none of the funds committed were first provided to the entity by the Applicant, the Developer, Consultant, Related Party or any individual or entity acting on behalf of the proposed Application. The commitment of funds (an application alone will not suffice) must already have been received from the Third-Party funding source and must be equal to or greater than 2% (do not round) of the Total Development Costs reflected in the Application. Funds from the Department's HOME and Housing Trust Fund sources will not qualify under this category. Funding sources and amounts used for points under paragraph (5) of this subsection may not be used for this point item.
- (28) **Scoring Criteria Imposing Penalties.** (§2306.6710(b)(2))
- (A) Penalties will be imposed on an Application if the Applicant has requested an extension of the Carryover or 10% Test deadline, and did not meet the original submission deadline, relating to Developments receiving a Housing Tax Credit Commitment made in the Application Round preceding the current round. For each extension request made, unless the person approving the extension (the Board or the Executive Director, as applicable) makes an affirmative finding setting forth that the facts which gave rise to the need for the extension were beyond the reasonable control of the Applicant and could not have been reasonably anticipated, the Applicant will receive a 5 point deduction. No penalty points or fees will be deducted for extensions that were requested on Developments that involved Rehabilitation when the Department is the primary lender, or for Developments that involve TRDO-USDA as a lender if TRDO-USDA or the Department is the cause for the Applicant not meeting the deadline.

- (B) Penalties will be imposed on an Application if Developer or Principal of the Applicant violates the Adherence to Obligations pursuant to §49.12(a) of this chapter (relating to Post Award Activities).
- (b) **Tie Breaker Factors.**
- (1) In the event that two or more Applications receive the same number of points in any given Set-Aside category, Rural Regional Allocation or Urban Regional Allocation, or Uniform State Service Region, and are both practicable and economically feasible, the Department will utilize the factors in this paragraph, in the order they are presented, to determine which Development will receive a preference in consideration for a tax credit commitment.
- (A) Applications involving any Rehabilitation or Reconstruction of existing Units will win this first tier tie breaker over Applications involving solely New Construction or Adaptive Reuse.
- (B) The Application located in the municipality or, if located outside a municipality, the county that has the lowest state average of units per capita supported by Housing Tax Credits or private activity bonds at the time the Application Round begins as reflected in the Reference Manual will win this second tier tie breaker.
- (C) The amount of requested tax credits per square foot of Net Rentable Area (the lower credits per square foot has preference).
- (D) Developments that are intended for eventual tenant ownership. Such Developments must utilize a detached single family site plan and building design and have a business plan describing how the Development is intended to convert to tenant ownership at the end of the 15-year compliance period.
- (2) This paragraph identifies how ties will be handled when dealing with the restrictions on location identified in §49.8(2)(B) of this chapter (relating to One Mile Three Year Rule), and in dealing with any issues relating to capture rate calculation. When two Tax-Exempt Bond Developments would violate one of these restrictions, and only one Development can be selected, the Department will utilize the Certificate of Reservation docket number issued by the Texas Bond Review Board (TBRB) in making its determination. When two Competitive Housing Tax Credits Applications in the Application Round would violate one of these restrictions, and only one Development can be selected, the Department will utilize the tie breakers identified in paragraph (1) of this subsection. When a Tax-Exempt Bond Development and a Competitive Housing Tax Credit Application in the Application Round would both violate a restriction, the following determination will be used:
- (A) Tax-Exempt Bond Developments that receive their Certificate of Reservation from the TBRB on or before April 29, 2011 will take precedence over the Housing Tax Credit Applications in the 2011 Application Round;
- (B) Housing Tax Credit Applications approved by the Board for tax credits in July 2011 will take precedence over the Tax-Exempt Bond Developments that received their Certificate of Reservation from the TBRB on or between May 2, 2011 and July 29, 2011; and
- (C) After July 29, 2011, a Tax-Exempt Bond Development with a Certificate of Reservation from the TBRB will take precedence over any Housing Tax Credit Application from the 2011 Application Round on the waiting list. However, if no Certificate of Reservation has been issued by the date the Board approves an allocation to a Development from the waiting list of Applications in the 2011 Application Round or a forward commitment, then the waiting list Application or forward commitment will be eligible for its allocation.
- (c) **Staff Recommendations.** (§2306.1112 and §2306.6731) In accordance with the QAP and other applicable Department rules, the Department staff shall make its recommendations to the Executive Award and Review Advisory Committee. Recommendations of staff to the Board will be the recommendations of that Committee except as otherwise disclosed.
- (d) **Tax Credits Financed Under American Recovery and Reinvestment Act of 2009.** (§2306.6736)

- (1) To the extent the Department receives federal funds under the American Recovery and Reinvestment Act of 2009 (Pub. L. No. 111-5) or any subsequent law (including any extension or renewal thereof) that requires the Department to award the federal funds in the same manner and subject to the same limitation as the awards of the housing tax credits, the following provisions apply.
- (2) Any reference in this chapter to the administration of the housing tax credit program shall apply equally to the administration of such federal funds except:
 - (A) the Department may, as approved by the Board, establish a separate application procedure for such funds, outside of the uniform application cycle referred to in §2306.111, Texas Government Code, and the deadlines established in §2306.6724, Texas Government Code, and any reference herein to the application period shall refer to the period beginning on the date the Department begins accepting applications for such funds and continuing until all such available funds are awarded;
 - (B) unless reauthorized, this section is repealed on August 31, 2011.

§49.10. Board Decisions.

- (a) The Board's decisions shall be based upon the Department's and the Board's evaluation of the proposed Developments' consistency with the criteria and requirements set forth in this QAP and other applicable Department rules.
 - (1) On awarding tax credits, the Board shall document the reasons for each Application's selection, including any discretionary factors used in making its determination, and the reasons for any decision that conflicts with the recommendations made by Department staff. The Board may not make, without good cause, a commitment decision that conflicts with the recommendations of Department staff. Good cause includes the Board's decision to apply discretionary factors. (§§2306.6725(c); 2306.6731; and 42(m)(1)(A)(iv))
 - (2) In making a determination to allocate tax credits, the Board shall be authorized to not rely solely on the number of points scored by an Application. It shall in addition, be entitled to take into account, as it deems appropriate, the discretionary factors listed in this paragraph. The Board may also apply these discretionary factors to its consideration of Tax-Exempt Bond Developments. If the Board disapproves or fails to act upon an Application, the Department shall issue to the Applicant a written notice stating the reason(s) for the Board's disapproval or failure to act. The discretionary factors include: (§2306.111(g)(3))
 - (A) The Developer market study;
 - (B) The location;
 - (C) The compliance history of the Developer;
 - (D) The financial feasibility;
 - (E) The appropriateness of the Development's size and configuration in relation to the housing needs of the community in which the Development is located;
 - (F) The Development's proximity to other low-income housing Developments;
 - (G) The availability of adequate public facilities and services;
 - (H) The anticipated impact on local school districts;
 - (I) Zoning and other land use considerations;
 - (J) Any matter considered by the Board to be relevant to the approval decision and in furtherance of the Department's purposes; and
 - (K) Other good cause as found by the Board.
 - (3) Before the Board approves any Application, the Department shall assess the compliance history of the Applicant with respect to all applicable requirements; and the compliance issues associated with the proposed Development, including compliance information provided by the Texas State Affordable Housing Corporation. Department staff shall provide to the Board a written report regarding the results of the assessments. The Board has established a rule for the materiality of noncompliance in Chapter 60 of this title to address noncompliance associated with the Development, Applicant or Affiliate.

- (b) **Waiting List.** (§2306.6711(c) and (d)) If the entire State Housing Credit Ceiling for the applicable calendar year has been committed or allocated in accordance with this chapter, the Board shall generate, concurrently with the issuance of the Commitment, a waiting list of additional Applications ranked by score in descending order of priority based on Set-Aside categories and regional allocation goals. The Board may also apply discretionary factors in determining the waiting list provided that it takes into account the need to assure adherence to regional allocation requirements. If at any time prior to the end of the Application Round, one or more Commitments expire or a sufficient amount of the State Housing Credit Ceiling becomes available, the Board shall issue a Commitment to Applications on the waiting list subject to the amount of returned credits, the regional allocation goals and the Set-Aside categories, including the 10% Nonprofit Set-Aside allocation, 15% At-Risk Set-Aside allocation and 5% TRDO-USDA Set-Aside required under §42(h)(5) of the Code. At the end of each calendar year, all Applications which have not received a Commitment shall be deemed terminated. The Applicant may re-apply to the Department during the next Application Acceptance Period.
- (c) **Forward Commitments.** The Board may determine to issue Commitments of tax credit authority with respect to Applications from the State Housing Credit Ceiling for the calendar year following the year of issuance (each a "forward commitment") to Applications submitted in accordance with the rules and timelines required under this chapter and the application checklist provided in the Tax Credit (Procedures) Manual. The Board will utilize its discretion in determining the amount of credits to be allocated as forward commitments and the reasons for those commitments considering score and discretionary factors.
- (1) Unless otherwise provided in the Commitment with respect to a Development selected to receive a forward commitment, actions which are required to be performed under this chapter by a particular date within a calendar year shall be performed by such date in the calendar year of the State Housing Credit Ceiling from which the credits are allocated.
 - (2) Any forward commitment made pursuant to this section shall be made subject to the availability of State Housing Credit Ceiling in the calendar year with respect to which the forward commitment is made. If a forward commitment shall be made with respect to a Development placed in service in the year of such commitment, the forward commitment shall be a "binding commitment" to allocate the applicable credit dollar amount within the meaning of §42(h)(1)(C) of the Code.
 - (3) If tax credit authority shall become available to the Department in a calendar year in which forward commitments have been awarded, the Department may allocate such tax credit authority to any eligible Development which received a forward commitment, in which event the forward commitment shall be canceled with respect to such Development.
- (d) **Appeals Process.** (§2306.6715) An Applicant may appeal decisions made by the Department as follows:

- (4) The Executive Director of the Department shall respond in writing to the appeal not later than fourteen (14) calendar days after the date of actual receipt of the appeal by the Department in its offices. If the Applicant is not satisfied with the Executive Director's response to the appeal, the Applicant may appeal directly in writing to the Board, provided that an appeal filed with the Board under this subsection must be received by the Board before:
 - (A) The seventh calendar day preceding the date of the Board meeting at which the relevant commitment decision is expected to be made; or
 - (B) The third calendar day preceding the date of the Board meeting described by subparagraph (A) of this paragraph, if the Executive Director does not respond to the appeal before the date described by subparagraph (A) of this paragraph;

§49.11. Tax-Exempt Bond Developments.

- (a) **Filing of Applications.** Applications for a Tax-Exempt Bond Development may be submitted to the Department as described in paragraphs (1) and (2) of this subsection:

- (1) Applicants which receive advance notice of a Program Year 2011 reservation as a result of the Texas Bond Review Board's (TBRB) lottery for the private activity volume cap must file a complete Application not later than 12:00 p.m. on December 30, 2010. Such filing must be accompanied by the Application fee described in §49.14 of this chapter (relating to Program Related Fees);
 - (2) Applicants which receive advance notice of a Program Year 2011 Certificate of Reservation after being placed on the waiting list as a result of the TBRB lottery for private activity volume cap must submit Volume 1 and Volume 2 of the Application and the Application fee described in §49.14 of this chapter prior to the Applicant's Certificate of Reservation date as assigned by the TBRB. Those Applications designated as Priority 3 by the TBRB must submit Volumes I and II within fourteen (14) days of the Certificate of Reservation date if the Applicant intends to apply for tax credits regardless of the Issuer. Any outstanding documentation required under this section regardless of Priority must be submitted to the Department at least sixty (60) days prior to the Board meeting at which the decision to issue a Determination Notice would be made unless a waiver is requested by the Applicant. The Department staff will have limited discretion to recommend an Application with appropriate justification of the late submission;
 - (3) Multiple site applications will be considered to be one Application as identified in Chapter 1372, Texas Government Code.
- (b) **Applicability of Rules.** Tax-Exempt Bond Development Applications are subject to all rules in this chapter, with the only exceptions being the following sections: §49.4(c)(12) of this chapter (relating to One Mile Same Year Rule); §49.5(b) of this chapter (relating to Credit Amount); §49.6 of this chapter (relating to Allocation Process); §49.7(b), (c) and (d) of this chapter (relating to Pre-application); §49.7(g) of this chapter (relating to Methodology for Awards); §49.7(k) of this chapter (relating to Rural Rescue Applications); §49.9(a) of this chapter (relating to Selection Criteria); §49.10(b) and (c) of this chapter (relating to Waiting List and Forward Commitments); and §49.12(e) - (g) of this chapter (relating to Carryover, 10% Test and Substantial Construction).
- (c) **Tenant Services.** Tax-Exempt Bond Development Applications must provide an executed agreement with a qualified service provider for the provision of supportive services that would otherwise not be available for the tenants. No fees may be charged to the tenants for any of the services. Services must be provided on-site or transportation to off-site services must be provided. The provision of these services will be included in the LURA. Acceptable services include those described in §49.9(a)(9) of this chapter.
- (d) **Financial Feasibility Evaluation for Tax-Exempt Bond Developments.** Section 42(m)(2)(D), Internal Revenue Code, requires the bond issuer (if other than the Department) to ensure that a Tax-Exempt Bond Development does not receive more tax credits than the amount needed for the financial feasibility and viability of a Development throughout the Compliance Period. Treasury Regulations prescribe the occasions upon which this determination must be made. In light of the requirement, issuers may either elect to underwrite the Development for this purpose in accordance with the QAP and the §1.32 of this title (relating to Underwriting Rules and Guidelines), or request that the Department perform the function. If the issuer underwrites the Development, the Department may request such underwriting report and may upon review make such changes in the amount of credits which the Development may be allowed as are appropriate under the Department's guidelines. The Determination Notice issued by the Department and any subsequent IRS Form(s) 8609 will reflect the amount of tax credits for which the Development is determined to be eligible in accordance with this subsection, and the amount of tax credits reflected in the IRS Form 8609 may be greater or less than the amount set forth in the Determination Notice, based upon the Department's and the bond issuer's determination as of each building's placement in service. Any increase of tax credits, from the amount specified in the Determination Notice, at the time of each building's placement in service will only be permitted if it is determined by the Department, as required by §42(m)(2)(D) of the Code. Increases to the amount of tax credits that exceed 110% of the amount of credits reflected in the

Determination Notice are contingent upon approval by the Board. Increases to the amount of tax credits that do not exceed 110% of the amount of credits reflected in the Determination Notice may be approved administratively by the Executive Director and are subject to the Credit Increase Fee as described in §49.14 of this chapter.

- (e) **Certification of Tax Exempt Applications with New Docket Numbers.** Applications that are processed through the Department review and evaluation process and receive an affirmative Board Determination, but do not close the bonds prior to the Certificate of Reservation expiration date, and subsequently have that docket number withdrawn from the TBRB, may have their Determination Notice reinstated. The Applicant would need to receive a new docket number from the TBRB and one of the following must apply:
- (1) The new docket number must be issued in the same program year as the original docket number and must not be more than four (4) months from the date the original application was withdrawn from the TBRB. The application must remain unchanged. This means that at a minimum, the following cannot have changed: site control, total number of units, unit mix (bedroom sizes and income restrictions), design/site plan documents, financial structure including bond and Housing Tax Credit amounts, development costs, rent schedule, operating expenses, sources and uses, ad valorem tax exemption status, target population, scoring criteria (TDHCA issues) or TBRB priority status including the effect on the inclusive capture rate. Note that the entities involved in the Applicant entity and Developer cannot change; however, the certification can be submitted even if the lender, syndicator or issuer changes, as long as the financing structure and terms remain unchanged. Notifications under §49.8(9) of this chapter (relating to Threshold Criteria) are not required to be reissued. A revised Determination Notice will be issued once notice of the assignment of a new docket number has been provided to the Department and the Department has confirmed that the capture rate and market demand remain acceptable. This certification must be submitted no later than thirty (30) days after the date the TBRB issues the new docket number. In the event that the Department's Board has not yet approved the Application, the Application will continue to be processed and ultimately provided to the Board for consideration. This certification must be submitted no later than thirty (30) days after the date the TBRB issues the new docket number; or
 - (2) If there are changes to the Application as referenced in paragraph (1) of this subsection or if there is public opposition, the Applicant will be required to submit a new Application in full, along with the applicable fees, to be reviewed and evaluated in its entirety for a new Determination Notice to be issued.

§49.12. Post Award Activities.

- (a) **Adherence to Obligations.** (§2306.6720) Compliance with representations, undertakings and commitments made by an Applicant in the Application process for a Development, whether with respect to Threshold Criteria, Selection Criteria or otherwise, shall be deemed to be a condition to any Commitment, Determination Notice, or Carryover Allocation for such Development, the violation of which shall be cause for cancellation of such Commitment, Determination Notice, or Carryover Allocation by the Department, and if concerning the ongoing features or operation of the Development, shall be enforceable even if not reflected in the LURA. All such representations are enforceable by the Department and the tenants of the Development, including enforcement by administrative penalties for failure to perform, as stated in the representations and in accordance with the LURA.  - (B) Prohibit eligibility to apply for Housing Tax Credits for a Tax-Exempt Bond Development that are submitted by an Applicant or Affiliate related to the Development Owner of the non-conforming Development for up to twenty-four (24) months from the date that the non-conforming aspect, or lack of financing, was recognized by the Department of the need for the amendment; the placed in service date; or the date the amendment is accepted by the Board, less any time delay caused by the Department;
 - (C) In addition to, or in lieu of, the penalty in subparagraph (A) or (B) of this paragraph, the Board may assess a penalty fee of up to \$1,000 per day for each violation.
- (3) For amendments approved administratively by the Executive Director, the penalties in paragraph (2) of this subsection will not be imposed.

(b) **Commitments and Determination Notices.**

- (1) **Commitments.** If the Application is for a commitment from the State Housing Credit Ceiling, the Department shall issue a Commitment to the Development Owner which shall:
 - (A) Confirm that the Board has approved the Application; and

This Commitment shall expire on the date specified therein unless the Development Owner indicates acceptance of the Commitment by executing the Commitment, pays the required fee specified in §49.14(f) of this chapter (relating to Program Related Fees), and satisfies any other conditions set forth therein by the Department. The Commitment expiration date may not be extended;
- (2) **Determination Notices.** If the Application regards a Tax-Exempt Bond Development, issue a Determination Notice to the Development Owner which shall:

The Determination Notice shall expire on the date specified therein unless the Development Owner indicates acceptance by executing the Determination Notice, pays the required fee specified in §49.14(f) of this chapter and satisfies any conditions set forth therein by the Department. The Determination Notice expiration date may not be extended.

- Furthermore, no later than sixty (60) days following closing on the bonds, the Development Owner must submit a Management Plan and an Affirmative Marketing Plan (as further described in the carryover procedures as identified in the Tax Credit (Procedures) Manual and evidence must be provided at this time of attendance of the Development Owner or management company at Department-approved Fair Housing training relating to leasing and management issues for at least five (5) hours and the Development architect and engineer at Department-approved Fair Housing training relating to design issues for at least five (5) hours.  - (B) Any material statement or representation made by the Development Owner or made with respect to the Development Owner or the Development is untrue or misleading;
 - (C) An event occurs with respect to the Applicant or the Development Owner which would have made the Development's Application ineligible for funding pursuant to §49.4 of this chapter (relating to Ineligibility) if such event had occurred prior to issuance of the Commitment, Determination Notice or Carryover Allocation; or

Current Treasury Regulations, §1.42-8(a)(1)(v), suggest that in order to permit a Development Owner to make an effective election to fix the Applicable Percentage for a Development (receiving credits from the State Housing Credit Ceiling), the Carryover Allocation Document must be executed by the Department and the Development Owner within the same month. The Department staff will cooperate with a Development Owner, as possible or reasonable; to assure that the Carryover Allocation Document can be so executed.

Failure to provide these documents may cause the Commitment or Determination Notice to be rescinded. For each Applicant all of the following must be provided:

The Development Owner for Tax-Exempt Bond Developments shall obtain a subordination agreement wherein the lien of the mortgage is subordinated to the LURA. The LURA shall contain any provision which requires the Development Owner to restrict rents and incomes at any AMGI level, as approved by the Board. For amendments not requiring Board approval, the amendment will be deemed approved if the Executive Director does not approve or deny within thirty (30) days from the date on which the Department has acknowledged it has received all additional information that it has, in writing, requested of the Applicant to enable the Department to evaluate the amendment request. Amendment requests which require Board approval must be received by the Department at least forty-five (45) days prior to the Board meeting in which the amendment will be considered.
 - (3) The Board must vote whether to approve an amendment that is material. The Executive Director may administratively approve all non-material amendments. The Board may vote to reject an amendment request and if appropriate, rescind a Commitment or terminate the allocation of Housing Tax Credits and reallocate the credits to other Applicants on the waiting list. Amendment requests may be denied if the Board determines that the modification proposed in the amendment:
 - (A) Would materially alter the Development in a negative manner; or

- (B) Would have adversely affected the selection of the Application in the Application Round.
- (4) Material alteration of a Development includes, but is not limited to:
 - (A) A significant modification of the site plan;
 - (B) A modification of the number of units or bedroom mix of units;
 - (C) A substantive modification of the scope of tenant services;
 - (D) A reduction of 3% or more in the square footage of the units or common areas;
 - (E) A significant modification of the architectural design of the Development;
 - (F) A modification of the residential density of the Development of at least 5%;
 - (G) An increase or decrease in the site acreage of greater than 10% from the original site under control and proposed in the Application; and
 - (H) Any other modification considered significant by the Board.
- (5) In evaluating the amendment under this subsection, Department staff shall consider whether the need for the proposed modification was:
 - (A) Reasonably foreseeable by the Applicant at the time the Application was submitted; or
 - (B) Preventable by the Applicant. Amendment requests will be denied if the circumstances were reasonably foreseeable and preventable unless good cause is found for the approval of the amendment.
- (6) This section shall be administered in a manner that is consistent with §42 of the Code.
- (7) Before the 15th day preceding the date of Board action on the amendment, notice of an amendment and the recommendation of the Executive Director and monitor regarding the amendment will be posted to the Department's website and the Applicant will be notified of the posting.
- (8) In the event that an Applicant or Developer seeks to be released from the commitment to serve the income level of tenants targeted in the Real Estate Analysis Report at the time of the Commitment Notice issuance, as approved by the Board, the following procedure will apply:
 - (A) For amendments that involve a reduction in the total number of Low-Income Units being served, or a reduction in the number of Low-Income Units at any level of AMGI, as approved by the Board, evidence must be presented to the Department that includes written confirmation from the lender and syndicator that the Development is infeasible without the adjustment in Units. The Board may or may not approve the amendment request; however, any affirmative recommendation to the Board is contingent upon concurrence from the Real Estate Analysis Division that the Unit adjustment (or an alternative Unit adjustment) is necessary for the continued feasibility of the Development; and
 - (B) If it is determined by the Department that the allocation of credits would not have been made in the year of allocation because the loss of low-income targeting points would have resulted in the Application not receiving an allocation, and the amendment is approved by the Board, the approved amendment will carry a penalty that prohibits the Applicant and all Persons or entities with any ownership interest in the Application (excluding any tax credit purchaser/syndicator), from participation in the Housing Tax Credit Program (for both the Competitive Housing Tax Credit Developments and Tax-Exempt Bond Developments) for twenty-four (24) months from the time that the amendment is approved.
- (c) **Extension Requests.** All extension requests relating to the Carryover, Documentation for 10% Test, Substantial Construction Commencement, Placed in Service or Cost Certification requirements shall be submitted to the Department in writing and be accompanied by a mandatory non-refundable extension fee as identified in §49.14(l) of this chapter. Such requests must be submitted to the Department no later than the date for which an extension is being requested. All requests for extensions totaling less than six (6) months may be approved by the Executive Director and are not required to have Board approval. For extensions that require Board approval, the extension request must be received by the Department at least fifteen (15)

business days prior to the Board meeting where the extension will be considered. The extension request shall specify a requested extension date and the reason why such an extension is required. Carryover extension requests shall not request an extended deadline later than December 1st of the year the Commitment was issued. The Department, in its sole discretion, may consider and grant such extension requests for all items. If an extension is required at Cost Certification, the fee as identified in §49.14 of this chapter (relating to Program Related Fees) must be received by the Department to qualify for issuance of Forms 8609.

- (d) **Housing Tax Credit and Ownership Transfers.** (§2306.6713) A Development Owner may not transfer an allocation of Housing Tax Credits or ownership of a Development supported with an allocation of Housing Tax Credits to any Person including an Affiliate of the Development Owner unless the Development Owner obtains the Executive Director's prior, written approval of the transfer. The Executive Director may not unreasonably withhold approval of the transfer.
- (1) Transfers (other than an Affiliate included in the ownership structure) will not be approved prior to the issuance of IRS Forms 8609 unless the Development Owner can provide evidence that a hardship is creating the need for the transfer (potential bankruptcy, removal by a partner, etc.). A Development Owner seeking Executive Director approval of a transfer and the proposed transferee must provide to the Department a copy of any applicable agreement between the parties to the transfer, including any third-party agreement with the Department.
 - (2) A Development Owner seeking Executive Director approval of a transfer must provide the Department with documentation requested by the Department, including but not limited to, a list of the names of transferees and Related Parties; and detailed information describing the experience and financial capacity of transferees and related parties. All transfer requests must disclose the reason for the request. The Development Owner shall certify to the Executive Director that the tenants in the Development have been notified in writing of the transfer before the 30th day preceding the date of submission of the transfer request to the Department. Not later than the fifth working day after the date the Department receives all necessary information under this section, the Department shall conduct a qualifications review of a transferee to determine the transferee's past compliance with all aspects of the Housing Tax Credit Program, LURAs; and the sufficiency of the transferee's experience with Developments supported with Housing Credit Allocations. If the viable operation of the Development is deemed to be in jeopardy by the Department, the Department may authorize changes that were not contemplated in the Application.
 - (3) As it relates to the credit amount further described in §49.5(b) of this chapter (relating to Site and Development Restrictions), the credit amount will not be applied in the following circumstances:
 - (A) In cases of transfers in which the syndicator, investor or limited partner is taking over ownership of the Development and not merely replacing the general partner; or
 - (B) In cases where the General Partner is being replaced if the award of credits was made at least five (5) years prior to the transfer request date.
- (e) **Sale of Certain Tax Credit Properties.** Consistent with §2306.6726, Texas Government Code, not later than two (2) years before the expiration of the Compliance Period, a Development Owner who agreed to provide a right of first refusal under §2306.6725(b)(1), Texas Government Code, and who intends to sell the property shall notify the Department of its intent to sell.
- (1) The Development Owner shall notify Qualified Nonprofit Organizations and tenant organizations of the opportunity to purchase the Development. The Development Owner may:
 - (A) During the first six-month period after notifying the Department, negotiate or enter into a purchase agreement only with a Qualified Nonprofit Organization that is also a community housing development organization as defined by the Federal Home Investment Partnership Program (HOME);

- (B) During the second six-month period after notifying the Department, negotiate or enter into a purchase agreement with any Qualified Nonprofit Organization or tenant organization; and
 - (C) During the year before the expiration of the compliance period, negotiate or enter into a purchase agreement with the Department or any Qualified Nonprofit Organization or tenant organization approved by the Department.
- (2) Notwithstanding items for which points were received consistent with §49.9(a) of this chapter (relating to Selection Criteria), a Development Owner may sell the Development to any purchaser after the expiration of the compliance period if a Qualified Nonprofit Organization or tenant organization does not offer to purchase the Development at the minimum price provided by §42(i)(7) of the Code, and the Department declines to purchase the Development.
- (f) **Withdrawals.** An Applicant may withdraw an Application prior to receiving a Commitment, Determination Notice, Carryover Allocation Document or Housing Credit Allocation, or may cancel a Commitment or Determination Notice by submitting to the Department a notice, as applicable, of withdrawal or cancellation, and making any required statements as to the return of any tax credits allocated to the Development at issue.
- (g) **Alternative Dispute Resolution (ADR) Policy.** In accordance with §2306.082, Texas Government Code, it is the Department's policy to encourage the use of appropriate alternative dispute resolution procedures ("ADR") under the Governmental Dispute Resolution Act, Chapter 2010, Texas Government Code, to assist in resolving disputes under the Department's jurisdiction. As described in Chapter 154, Civil Practices and Remedies Code, ADR procedures include mediation. Except as prohibited by law and the Department's Ex Parte Communications policy, the Department encourages informal communications between Department staff and Applicants, and other interested persons, to exchange information and informally resolve disputes. The Department also has administrative appeals processes to fairly and expeditiously resolve disputes. If at any time an Applicant or other person would like to engage the Department in an ADR procedure, the person may send a proposal to the Department's Dispute Resolution Coordinator. For additional information on the Department's ADR Policy, see the Department's General Administrative Rule on ADR at §1.17 of this title (relating to Alternative Dispute Resolution and Negotiated Rulemaking).
- (h) **Compliance Monitoring and Material Noncompliance.** Section 42(m)(1)(B)(iii) of the Code, requires the Department as the housing credit agency to include in its QAP a procedure that the Department will follow in monitoring Developments for compliance with the provisions of §42 of the Code and in notifying the IRS of any noncompliance of which the Department becomes aware. Detailed compliance rules and procedures for monitoring are set forth in Chapter 60 of this title (relating to Compliance Administration).

§49.14. Program Related Fees.

- (a) **Timely Payment of Fees.** All fees must be paid as stated in this section, unless the Executive Director has granted a waiver for specific extenuating and extraordinary circumstances. To be eligible for a waiver, the Applicant must submit a request for a waiver no later than ten (10) business days prior to the deadlines as stated in this section. Any fees, as further described in this section, that are not timely paid will cause an Applicant to be ineligible to apply for tax credits and additional tax credits and ineligible to submit extension requests, ownership changes and Application amendments. Payments made by check, for which insufficient funds are available, may cause the Application, Commitment or Allocation to be terminated.
- (b) **Pre-application Fee.** Each Applicant that submits a Pre-application shall submit to the Department, along with such Pre-application, a non refundable Pre-application fee, in the amount of \$10 per Unit. Units for the calculation of the Pre-application Fee include all Units

within the Development, including tax credit, market rate and owner-occupied Units. Pre-applications without the specified Pre-application Fee in the form of a check will not be accepted. Pre-applications in which a CHDO or Qualified Nonprofit Organization intends to serve as the Managing General Partner of the Development Owner, or Control the Managing General Partner of the Development Owner, will receive a discount of 10% off the calculated Pre-application fee. (§2306.6716(d)) For Tax Exempt Bond Developments with the Department as the issuer, the Applicant shall submit the following fees: \$1,000 (payable to TDHCA), \$2,000 (payable to Vinson & Elkins, Bond Counsel), and \$5,000 (payable to the Texas Bond Review Board).

- (c) **Application Fee.** Each Applicant that submits an Application shall submit to the Department, along with such Application, an Application fee. For Applicants having submitted a pre-application which met Pre-application Threshold and for which a pre-application fee was paid, the Application fee will be \$20 per Unit. For Applicants not having submitted a pre-application, the Application fee will be \$30 per Unit. Units for the calculation of the Application Fee include all Units within the Development, including tax credit, market rate and owner-occupied Units. Applications without the specified Application Fee in the form of a check will not be accepted. Applications in which a CHDO or Qualified Nonprofit Organization intends to serve as the Managing General Partner of the Development Owner, or Control the Managing General Partner of the Development Owner, will receive a discount of 10% off the calculated Application fee. (§2306.6716(d)) For Tax Exempt Bond Developments with the Department as the Issuer the Applicant shall submit a tax credit application fee of \$30 per unit and bond application fee of \$10,000. Those Applications utilizing a local issuer only need to submit the tax credit application fee. For Tax-Exempt Bond Development refunding Applications, with the Department as the issuer, the Application Fee will be \$10,000 unless the refunding is not required to have a TEFRA public hearing, in which case the fee will be \$5,000.
- (d) **Refunds of Pre-application or Application Fees.** (§2306.6716(c)) Upon written request from the Applicant, the Department shall refund the balance of any fees collected for a pre-application or Application that is withdrawn by the Applicant or that is not fully processed by the Department. The amount of refund on pre-applications not fully processed by the Department will be commensurate with the level of review completed. Intake and data entry will constitute 50% of the review, and Threshold review prior to a deficiency issued will constitute 30% of the review. Deficiencies submitted and reviewed constitute 20% of the review. The amount of refund on Applications not fully processed by the Department will be commensurate with the level of review completed. Intake and data entry will constitute 20% of the review, the site visit will constitute 20% of the review, Eligibility and Selection review will constitute 20%, and Threshold review will constitute 20% of the review, and underwriting review will constitute 20%. The Department must provide the refund to the Applicant not later than the 30th day after the date of request.
- (e) **Third Party Underwriting Fee.** Applicants will be notified in writing prior to the evaluation of a Development by an independent external underwriter in accordance with §49.7(h) of this chapter (relating to Application Process) if such a review is required. The fee must be received by the Department prior to the engagement of the underwriter. The fees paid by the Development Owner to the Department for the external underwriting will be credited against the Commitment Fee established in subsection (f) of this section, in the event that a Commitment or Determination Notice is issued by the Department to the Development Owner.
- (f) **Commitment or Determination Notice Fee.** Each Development Owner that receives a Commitment or Determination Notice shall submit to the Department, not later than the expiration date on the Commitment or Determination Notice, a Commitment or Determination Fee equal to 5% of the annual Housing Credit Allocation amount. The Commitment or Determination Fee shall be paid by check. If a Development Owner of an Application awarded Competitive Housing Tax Credits has paid a Commitment Fee and returns the credits by November 1, 2011, the Development Owner may receive a refund of 50% of the Commitment Fee.

If a Development Owner of an Application awarded Housing Tax Credits associated with Tax-Exempt Bonds has paid a Determination Fee and is not able close on the bond transaction within ninety (90) days of the issuance date of the Determination Notice, the Development Owner may receive a refund of 50% of the Determination Fee. The Determination Fee will not be refundable after ninety (90) days of the issuance date of the Determination Notice.

- (g) **Compliance Monitoring Fee.** Upon receipt of the cost certification, the Department will invoice the Development Owner for compliance monitoring fees. The amount due will equal \$40 per tax credit Unit. The fee will be collected, retroactively if applicable, beginning with the first year of the credit period. The invoice must be paid prior to the issuance of form 8609. Subsequent anniversary dates on which the compliance monitoring fee payments are due shall be determined by the month the first building is placed in service. For Tax-Exempt Bond Developments with the Department as the issuer, the annual tax credit compliance fee will be paid annually in advance (for the duration of the compliance or affordability period) and is equal to \$40/Unit beginning two (2) years from the first payment date of the bonds; the asset management fee, if applicable is paid in advance and is equal to \$25/Unit beginning two (2) years from the first payment date. Compliance fees may be adjusted from time to time by the Department.
- (h) **Building Inspection Fee.** The Building Inspection Fee must be paid at the time the Commitment Fee is paid. The Building Inspection Fee for all Developments is \$750. Inspection fees in excess of \$750 may be charged to the Development Owner not to exceed an additional \$250 per Development.
- (i) **Tax-Exempt Bond Credit Increase Request Fee.** As further described in §49.11 of this chapter (relating to Tax-Exempt Bond Developments), requests for increases to the credit amounts to be issued on IRS Forms 8609 for Tax-Exempt Bond Developments must be submitted with a request fee equal to 5% of the amount of the credit increase for one (1) year.
- (j) **Public Information Requests.** Public information requests are processed by the Department in accordance with the provisions of the Texas Government Code, Chapter 552. The Department uses the guidelines promulgated by the Office of the Attorney General to determine the cost of copying and other costs of production.
- (k) **Periodic Adjustment of Fees by the Department and Notification of Fees.** (§2306.6716(b)) All fees charged by the Department in the administration of the tax credit program will be revised by the Department from time to time as necessary to ensure that such fees compensate the Department for its administrative costs and expenses. The Department shall publish each year an updated schedule of Application fees that specifies the amount to be charged at each stage of the Application process. Unless otherwise determined by the Department, all revised fees shall apply to all Applications in process and all Developments in operation at the time of such revisions.
- (l) **Extension and Amendment Fees.**
 - (1) All extension requests relating to the Carryover, Documentation for 10% Test, Substantial Construction Commencement, Placed in Service or Cost Certification requirements shall be submitted to the Department in writing and be accompanied by a mandatory non-refundable extension fee in the form of a check in the amount of \$2,500. Such extension requests must be submitted to the Department in accordance with §49.13(c) of this chapter (relating to Board Reevaluation).
 - (2) Amendment requests must be submitted in accordance with §49.13(b) of this chapter and be accompanied by a mandatory non-refundable amendment fee in the form of a check in the amount of \$2,500.
 - (3) The Board may waive extension or amendment fees for good cause.

- (m) **Penalties.** Development Owners who have more tax credits allocated to them than they can substantiate through Cost Certification will return those excess tax credits prior to issuance of 8609's. For Competitive Housing Tax Credit Developments, a penalty fee equal to the one year credit amount of the lost credits (10% of the total unused tax credit amount) will be required to be paid by the Owner prior to the issuance of form 8609's if the tax credits are not returned, and 8609's issued, within one hundred eighty (180) days of the end of the first year of the credit period. This penalty fee may be waived without further Board action if the Department recaptures and re-issues the returned tax credits in accordance with §42, Internal Revenue Code. If an Applicant returns a full credit allocation after the Carryover Allocation deadline required for that allocation, the Department will impose a penalty on the score for any Competitive Housing Tax Credit Applications submitted by that Applicant or any Affiliate of that Applicant for any Application in an Application Round occurring concurrent to the return of credits or if no Application Round is pending the Round immediately following the return of credits unless otherwise exempted in accordance with the Board's policy pursuant to the implementation of The Housing and Economic Recovery Act of 2008, H.R. 3221, in September 2008. The penalty will be assessed in an amount that reduces the Applicant's final awarded score by an additional 20%.

§49.15. Manner and Place of Filing All Required Documentation.

- (a) All Applications, letters, documents, or other papers filed with the Department must be received only between the hours of 8:00 a.m. and 5:00 p.m. on any day which is not a Saturday, Sunday or a holiday established by law for state employees.
- (b) All notices, information, correspondence and other communications under this chapter shall be deemed to be duly given if delivered or sent and effective in accordance with this subsection. Such correspondence must reference that the subject matter is pursuant to the Tax Credit Program and must be addressed to the Housing Tax Credit Program, Texas Department of Housing and Community Affairs, P.O. Every such correspondence required or contemplated by this chapter to be given, delivered or sent by any party may be delivered in person or may be sent by courier, telecopy, express mail, telex, telegraph, electronic submission or postage prepaid certified or registered air mail (or its equivalent under the laws of the country where mailed), addressed to the party for whom it is intended, at the address specified in this subsection. Regardless of method of delivery, documents must be received by the Department no later than 5:00 p.m. for the given deadline date. Notice by courier, express mail, certified mail, or registered mail will be considered received on the date it is officially recorded as delivered by return receipt or equivalent. Notice by telex or telegraph will be deemed given at the time it is recorded by the carrier in the ordinary course of business as having been delivered, but in any event not later than one business day after dispatch. Notice not given in writing will be effective only if acknowledged in writing by a duly authorized officer of the Department.
- (c) If required by the Department, Development Owners must comply with all requirements to use the Department's website to provide necessary data to the Department.

§49.16. Waiver and Amendment of Rules.

- (a) The Board, in its discretion, may waive any one or more of the rules provided herein if the Board finds that a waiver is appropriate to fulfill the purposes or policies of Chapter 2306, Texas Government Code, or for other good cause, as determined by the Board.
- (b) The Department may amend this chapter contained herein at any time in accordance with Chapter 2001, Texas Government Code.

§49.17. Department Responsibilities.

- (a) The Department shall make all required notifications pursuant to Chapter 2306 of the Texas Government Code.
- (b) In accordance with §§2306.6724, 2306.67022 and §42(m)(1) regarding the deadlines for allocating Housing Tax Credits the following shall apply:

 - (7) The Board shall approve final commitments for allocations of Housing Tax Credits each year in accordance with the QAP not later than July 31, unless unforeseen circumstances prohibit action by that date. In any event, the Board shall approve final Commitments for allocations of Housing Tax Credits each year in accordance with the QAP not later than September 30. Department staff will subsequently issue Commitments based on the Board's approval. Final Commitments may be conditioned on various factors approved by the Board, including resolution of contested matters in litigation.
- (c) With respect to site demographics information, the general rule is for the Department to use current State Demographer information. (a) Purpose.

The rules in this subchapter apply to the underwriting, market analysis, appraisal, environmental site assessment, property condition assessment, and reserve for replacement standards employed by the Texas Department of Housing and Community Affairs (the "Department" or "TDHCA"). This chapter provides rules for the underwriting review of an affordable housing development's financial feasibility and economic viability that ensures the most efficient allocation of resources while promoting and preserving the public interest in ensuring the long-term health of the Department's portfolio. In addition, this chapter guides the underwriting staff in making recommendations to the Executive Award and Review Advisory Committee (the "Committee"), Executive Director, and TDHCA Governing Board (the "Board") to help ensure procedural consistency in the determination of Development feasibility (§2306.0661(f) and §2306.6710(d), Texas Government Code). Due to the unique characteristics of each development the interpretation of the rules and guidelines described in this subchapter is subject to the discretion of the Department and final determination by the Board.

(b) Definitions.

Terms used in this subchapter that are also defined in Chapter 49 of this title (relating to the 2011 Department's Housing Tax Credit Program Qualified Allocation Plan and Rules, known as the "QAP") have the same meaning as in the QAP. Those terms that are not defined in the QAP or which may have another meaning when used in this subchapter, shall have the meanings set forth in §1.32(b) of this subchapter (relating to Underwriting Rules and Guidelines) and subchapter §1.1 (relating to Definitions for Housing Program Activities).

§1.32. Underwriting Rules and Guidelines.

(a) **General Provisions.**

The Department Governing Board has authorized the development of these rules under its authority under §2306.148, Texas Government Code. The rules provide a mechanism to produce consistent information in the form of a Credit Underwriting Analysis Report to provide interested parties information the Board relies upon in balancing the desire to assist as many Texans as possible by providing no more financing than necessary and have independent verification that Developments are economically feasible. The Report should consider all information timely provided by the Applicant. The Report generated in no way guarantees or purports to warrant the actual performance, feasibility, or viability of the Development by the Department.

(b) Report Contents.

The Report provides an organized and consistent synopsis and reconciliation of the application information submitted by the Applicant. The Report will be based solely upon information that is provided in accordance with the time frames provided in the current Qualified Allocation Plan (QAP), Program Rules, or Notice of Funds Availability as appropriate. The Report should also identify the number of revisions and date of most current revision to any information deemed to be relevant by the Underwriter.

(c) Recommendations in the Report.

The conclusion of the Report includes a recommended award of funds or allocation of Housing Tax Credits based on the lesser amount calculated by the program limit method, if applicable, gap/DCR method, or the amount requested by the Applicant as further described in paragraphs (1) - (3) of this subsection, and states any feasibility conditions to be placed on the award.

- (1) **Program Limit Method.** For Developments requesting Housing Tax Credits, this method is based upon calculation of Eligible Basis after applying all cost verification measures and program limits as described in this section. The Applicable Percentage used is as defined in the QAP. For Developments requesting funding through a Department program other than Housing Tax Credits, this method is based upon calculation of the funding limit based on current program rules at the time of underwriting.
- (2) **Gap/DCR Method.** This method evaluates the amount of funds needed to fill the gap created by total development cost less total non-Department-sourced funds or Tax Credits. In making this determination, the Underwriter resizes any anticipated deferred developer fee down to zero before reducing the amount of Department funds or Tax Credits. In the case of Housing Tax Credits, the syndication proceeds needed to fill the gap in permanent funds are divided by the syndication rate to determine the amount of Tax Credits. In making this determination, the Department adjusts the permanent loan amount and/or any Department-sourced loans, as necessary, such that it conforms to the DCR standards described in this section.
- (3) **The Amount Requested.** The amount of funds that is requested by the Applicant as reflected in the Application documentation.

(d) Operating Feasibility.

The operating financial feasibility of Developments funded by the Department is tested by subtracting operating expenses, including replacement reserves and taxes, from EGI to determine Net Operating Income. This Net Operating Income is divided by the annual debt service to determine the Debt Coverage Ratio. The Underwriter characterizes a Development as infeasible from an operational standpoint when the Debt Coverage Ratio does not meet the minimum standard set forth in paragraph (4)(D) of this subsection. The Underwriter may choose to make adjustments to the financing structure, such as lowering the debt and increasing the deferred developer fee, which could result in a re-characterization of the Development as feasible based upon specific conditions set forth in the Report.

- (1) **Income.** In determining the Year 1 proforma, the Underwriter evaluates the reasonableness of the Applicant's income estimate by determining the appropriate rental rate per unit based on contract, program and market factors. Miscellaneous income and vacancy and collection loss limits as set forth in subparagraphs (B) and (C) of this paragraph, respectively, are applied unless well-documented support is provided.

- (A) **Rental Income.** The Underwriter will update the utility allowance and calculate the appropriate rent on a conservative or Contract Rent basis for comparison to the Applicant's estimate in the Application. To determine the conservative basis, the Underwriter may consider the current rent roll of the subject Development and/or documentation of rents for Comparable Units; this shall be referred to as the "Underwriter's independently verified rents." The conservative basis for a restricted unit is the lesser of the Gross Program Rent less Utility Allowances ("Net Program Rent") or Restricted Market Rent or the Underwriter's independently verified rents. The conservative basis for an unrestricted unit is the lesser of the Market Rent, or Applicant's projected rent where the Applicant's projected rent is reasonable to the Underwriter as supported by documentation of Comparable Units, or the Underwriter's independently verified rents. Where Contract Rents are included, they will be used regardless of the conservative basis derived rent.
- (i) **Market Rents.** The Underwriter reviews the attribute adjustment matrix of Comparable Units by unit size provided by the Market Analyst and determines if the adjustments and conclusions made are reasoned and well documented. The Underwriter uses the Market Analyst's conclusion of adjusted Market Rent by unit, as long as the proposed Market Rent is reasonably justified and does not exceed the highest existing unadjusted market comparable rent. Random checks of the validity of the Market Rents may include direct contact with the comparable properties. The Market Analysts attribute adjustment matrix should include, at a minimum, adjustments for location, size, amenities, and concessions as more fully described in §1.33 of this subchapter (relating to Market Analysis Rules and Guidelines).
 - (ii) **Restricted Market Rent.** The Underwriter reviews the attribute adjustment matrix of Comparable Units by unit size and income and rent restrictions provided by the Market Analyst and determines if the adjustments and conclusions made are reasoned and well documented. The Underwriter uses the Market Analyst's conclusion of adjusted Restricted Market Rent by unit, as long as the proposed Restricted Market Rent is reasonably justified and does not exceed the highest existing unadjusted market comparable restricted rent. Random checks of the validity of the Restricted Market Rents may include direct contact with the comparable properties. The Market Analysts attribute adjustment matrix should include, at a minimum, adjustments for location, size, amenities, and concessions as more fully described in §1.33 of this subchapter.
 - (iii) **Gross Program Rents less Utility Allowance or Net Program Rents.** The Underwriter reviews the Applicant's proposed rent schedule and determines if it is consistent with the representations made in the remainder of the Application. The Underwriter uses the Gross Program Rents as promulgated by the Department's division responsible for compliance for the year that is most current at the time the underwriting begins. When underwriting for a simultaneously funded competitive round, all of the Applications are underwritten with the rents promulgated for the same year. Gross Program Rents are reduced by the Utility Allowance. If Program Rents are adjusted by the Department after the close of the Application Acceptance Period but prior to publication of the Report, the Underwriter will adjust the Applicant's EGI to account for any increase or decrease in Program Rents for the purposes of determining the reasonableness of the Applicant's EGI.

- (I) Units must be individually metered for all utility costs to be paid by the tenant.
 - (II) Gas utilities are verified on the building plans and elsewhere in the Application when applicable.
 - (III) Trash allowances paid by the tenant are rare and only considered when the building plans allow for individual exterior receptacles.
 - (IV) Refrigerator and range allowances are not considered part of the tenant-paid utilities unless the tenant is expected to provide their own appliances, and no eligible appliance costs are included in the development cost breakdown.
- (iv) **Contract Rents.** The Underwriter reviews submitted rental assistance contracts to determine the Contract Rents currently applicable to the Development. Documentation supporting the likelihood of continued rental assistance is also reviewed. The underwriting analysis will take into consideration the Applicant's intent to request a Contract Rent increase. At the discretion of the Underwriter, the Applicant's proposed rents may be used in the underwriting analysis with the recommendations of the Report conditioned upon receipt of final approval of such increase.
- (B) **Miscellaneous Income.** All ancillary fees and miscellaneous secondary income, including but not limited to late fees, storage fees, laundry income, interest on deposits, carport rent, washer and dryer rent, telecommunications fees, and other miscellaneous income, are anticipated to be included in a \$5 to \$20 per unit per month range. Exceptions may be made at the discretion of the Underwriter for garage income, pass-through utility payments, pass-through water, sewer and trash payments, cable fees, congregate care/assisted living/elderly facilities, and child care facilities.
- (i) Exceptions must be justified by operating history of existing comparable properties within the PMA or SMA.
 - (ii) The Applicant must show that the tenant will not be required to pay the additional fee or charge as a condition of renting an apartment unit and must show that the tenant has a reasonable alternative.
 - (iii) The Applicant's operating expense schedule should reflect an offsetting cost associated with income derived from pass-through utility payments, pass-through water, sewer and trash payments, and cable fees.
 - (iv) Collection rates of exceptional fee items will generally be heavily discounted.
 - (v) If an additional fee is charged for the use of an amenity, any cost associated with the construction, acquisition, or development of the hard assets needed to produce the additional fee for such amenity must be reduced from Eligible Basis for Tax Credit Developments.
- (C) **Vacancy and Collection Loss.** The Underwriter uses a vacancy rate of 7.5% (5% vacancy plus 2.5% for collection loss) unless the Market Analysis reflects a higher or lower established vacancy rate for the area. Elderly and 100% project-based rental subsidy Developments and other well documented cases may be underwritten at a combined 5% at the discretion of the Underwriter if the historical performance reflected in the Market Analysis is consistently higher than a 95% occupancy rate.
- (D) **Effective Gross Income.** The Underwriter independently calculates EGI. If the EGI figure provided by the Applicant is within 5% of the EGI figure calculated by the Underwriter, the Applicant's figure is characterized as reasonable in the Report; however, for purposes of calculating DCR the Underwriter will maintain and use its independent calculation unless the Applicant's proforma meets the requirements of paragraph (3) of this subsection.

- (2) **Expenses.** In determining the Year 1 proforma, the Underwriter evaluates the reasonableness of the Applicant's expense estimate by line item comparisons based upon the specifics of each transaction, including the type of Development, the size of the units, and the Applicant's expectations as reflected in their proforma. Historical stabilized certified or audited financial statements of the Development or Third Party quotes specific to the Development will reflect the strongest data points to predict future performance. The Department's database of properties in the same location or region as the proposed Development also provides heavily relied upon data points; the Department's database summary is available on the TDHCA website. Data from the Institute of Real Estate Management's (IREM) most recent Conventional Apartments-Income/Expense Analysis book for the proposed Development's property type and specific location or region may be referenced. In some cases local or project-specific data such as Public Housing Authority ("PHA") Utility Allowances and property tax rates are also given significant weight in determining the appropriate line item expense estimate. Estimates of utility savings from green building components, including on-site renewable energy, must be documented by experience of third parties not related to the contractor or component vendor. Finally, well documented information provided in the Market Analysis, the Application, and other sources may be considered.
- (A) **General and Administrative Expense.** General and Administrative Expense includes all accounting fees, legal fees, advertising and marketing expenses, office operation, supplies, and equipment expenses. The underwriting tolerance level for this line item is 20%.
 - (B) **Management Fee.** Management Fee is paid to the property management company to oversee the effective operation of the property and is most often based upon a percentage of Effective Gross Income as documented in the management agreement contract. Typically, 5% of the Effective Gross Income is used, though higher percentages for rural transactions that are consistent with the TDHCA Database can be concluded. Percentages as low as 3% may be utilized if documented by a fully executed management contract agreement with an acceptable management company. The Underwriter will require documentation for any percentage difference from the 5% of the Effective Gross Income standard.
 - (C) **Payroll and Payroll Expense.** Payroll and Payroll Expense includes all direct staff payroll, insurance benefits, and payroll taxes including payroll expenses for repairs and maintenance typical of a conventional development. It does not, however, include direct security payroll or additional supportive services payroll. The underwriting tolerance level for this line item is 10%.
 - (D) **Repairs and Maintenance Expense.** Repairs and Maintenance Expense includes all repairs and maintenance contracts and supplies. It should not include extraordinary capitalized expenses that would result from major renovations. Direct payroll for repairs and maintenance activities are included in payroll expense. The underwriting tolerance level for this line item is 20%.
 - (E) **Utilities Expense (Gas and Electric).** Utilities Expense includes all gas and electric energy expenses paid by the owner. It includes any pass-through energy expense that is reflected in the EGI. The underwriting tolerance level for this line item is 30%.
 - (F) **Water, Sewer and Trash Expense.** Water, Sewer and Trash Expense includes all water, sewer and trash expenses paid by the owner. It would also include any pass-through water, sewer and trash expense that is reflected in the EGI. The underwriting tolerance level for this line item is 30%.
 - (G) **Insurance Expense.** Insurance Expense includes any insurance for the buildings, contents, and liability but not health or workman's compensation insurance. The underwriting tolerance level for this line item is 30%.

- (H) **Property Tax.** Property Tax includes all real and personal property taxes but not payroll taxes. The underwriting tolerance level for this line item is 10%.
- (i) The per unit assessed value will be calculated based on the capitalization rate published on the county taxing authority's website. If the county taxing authority does not publish a capitalization rate on the internet, a capitalization rate of 10% will be used or comparable assessed values may be used in evaluating this line item expense.
 - (ii) Property tax exemptions or "Proposed Payment In Lieu Of Tax" agreement (PILOT) must be documented as being reasonably achievable if they are to be considered by the Underwriter. At the discretion of the Underwriter, a property tax exemption that meets known federal, state and local laws may be applied based on the tax-exempt status of the Development Owner and its Affiliates.
- (I) **Reserves.** Reserves include annual reserve for replacements of future capitalizable expenses as well as any ongoing additional operating reserve requirements. The Underwriter includes minimum reserves of \$250 per unit for new construction and \$300 per unit for all other Developments. The Underwriter may require an amount above \$300 for Developments other than new construction based on information provided in the PCA. The Applicant's expense for reserves may be adjusted by the Underwriter if the amount provided by the Applicant is insufficient to fund capital needs as documented by the PCA during the first 15 years of the long term proforma. Higher levels of reserves also may be used if they are documented in the financing commitment letters.
- (J) **Other Expenses.** The Underwriter will include other reasonable and documented expenses, not including depreciation, interest expense, lender or syndicator's asset management fees, or other ongoing partnership fees. Lender or syndicator's asset management fees or other ongoing partnership fees also are not considered in the Department's calculation of debt coverage. The most common other expenses are described in more detail in clauses (i) - (iv) of this subparagraph.
- (i) **Supportive Services Expense.** Supportive Services Expense includes the documented cost to the owner of any non-traditional tenant benefit such as payroll for instruction or activities personnel. The Underwriter will not evaluate any selection points for this item. The Underwriter's verification will be limited to assuring any anticipated costs are included. For all transactions supportive services expenses are considered in calculating the Debt Coverage Ratio.
 - (ii) **Security Expense.** Security Expense includes contract or direct payroll expense for policing the premises of the Development. The Applicant's amount is typically accepted as provided. The Underwriter will require documentation of the need for security expenses that exceed 50% of the anticipated payroll expense estimate discussed in subparagraph (C) of this paragraph.
 - (iii) **Compliance Fees.** Compliance fees include only compliance fees charged by TDHCA. The Department's charge for a specific program may vary over time; however, the Underwriter uses the current charge per unit per year at the time of underwriting. For all transactions compliance fees are considered in calculating the Debt Coverage Ratio.

- (iv) **Cable Television Expense.** Cable Television Expense includes fees charged directly to the owner of the Development to provide cable services to all units. The expense will be considered only if a contract for such services with terms is provided and income derived from cable television fees is included in the projected EGI. Cost of providing cable television in only the community building should be included in General and Administrative Expense as described in subparagraph (A) of this paragraph.
- (K) The Department will communicate with and allow for clarification by the Applicant when the overall expense estimate is over 5% greater or less than the Underwriter's estimate. In such a case, the Underwriter will inform the Applicant of the line items that exceed the tolerance levels indicated in this paragraph, but may request additional documentation supporting some, none or all expense line items. If a rationale acceptable to the Underwriter for the difference is not provided, the discrepancy is documented in the Report and the justification provided by the Applicant and the countervailing evidence supporting the Underwriter's determination is noted. If the Applicant's total expense estimate is within 5% of the final total expense figure calculated by the Underwriter, the Applicant's figure is characterized as reasonable in the Report; however, for purposes of calculating DCR the Underwriter will maintain and use its independent calculation unless the Applicant's Year 1 proforma meets the requirements of paragraph (3) of this subsection.
- (3) **Net Operating Income.** NOI is the difference between the EGI and total operating expenses. If the Year 1 NOI figure provided by the Applicant is within 5% of the Year 1 NOI figure calculated by the Underwriter, the Applicant's figure is characterized as reasonable in the Report; however, for purposes of calculating the Year 1 DCR the Underwriter will maintain and use his independent calculation of NOI unless the Applicant's Year 1 EGI, Year 1 total expenses, and Year 1 NOI are each within 5% of the Underwriter's estimates.
- (4) **Debt Coverage Ratio.** Debt Coverage Ratio is calculated by dividing Net Operating Income by the sum of loan principal and interest for all permanent sources of funds. Loan principal and interest, or "Debt Service," is calculated based on the terms indicated in the submitted commitments for financing. Terms generally include the amount of initial principal, the interest rate, amortization period, and repayment period. Unusual financing structures and their effect on Debt Service will also be taken into consideration.
 - (A) **Interest Rate.** The interest rate used should be the rate documented in the commitment letter. Commitments indicating a variable rate must provide a detailed breakdown of the component rates comprising the all-in rate. The commitment must also state the lender's underwriting interest rate, or the Applicant must submit a separate statement executed by the lender with an estimate of the interest rate as of the date of the statement. The Underwriter may challenge the interest rate based on data collected on similarly structured transactions.
 - (B) **Amortization Period.** The Department requires an amortization of not less than thirty (30) years and not more than forty (40) years (fifty (50) years for federally sourced loans), or an adjustment to the amortization structure is evaluated and recommended. In non-Tax Credit transactions a lesser amortization period may be used if the Department's funds are fully amortized over the same period.
 - (C) **Repayment Period.** For purposes of projecting the DCR over a 30-year period for Developments with permanent financing structures with balloon payments in less than thirty (30) years, the Underwriter will carry forward Debt Service calculated based on a full amortization and the interest rate stated in the commitment.

- (D) **Acceptable Debt Coverage Ratio Range.** The acceptable Year 1 DCR range for all priority or foreclosable lien financing plus the Department's proposed financing falls between a minimum of 1.15 to a maximum of 1.35. HOPE VI and USDA Rural Development transactions may underwrite to a DCR less than 1.15 or greater than 1.35 based upon documentation of acceptance from the lender.
- (i) For Developments other than HOPE VI and USDA Rural Development transactions, if the DCR is less than the minimum, the recommendations of the Report are conditioned upon a reduced debt service and the Underwriter will make adjustments to the assumed financing structure in the order presented in subclauses (I) - (III) of this clause.
 - (I) A reduction of the interest rate or an increase in the amortization period for TDHCA funded loans;
 - (II) A reclassification of TDHCA funded loans to reflect grants, if permitted by program rules;
 - (III) A reduction in the permanent loan amount for non-TDHCA funded loans based upon the rates and terms in the permanent loan commitment letter as long as they are within the ranges in subparagraphs (A) and (B) of this paragraph.
 - (ii) If the DCR is greater than the maximum, the recommendations of the Report may be based upon an increase in the debt service and the Underwriter will make adjustments to the assumed financing structure in the order presented in subclauses (I) - (III) of this clause.
 - (I) A reclassification of TDHCA funded grants to reflect loans, if permitted by program rules;
 - (II) An increase in the interest rate or a decrease in the amortization period for TDHCA funded loans;
 - (III) An increase in the permanent loan amount for non-TDHCA funded loans based upon the rates and terms in the permanent loan commitment letter as long as they are within the ranges in subparagraphs (A) and (B) of this paragraph.
 - (iii) For Housing Tax Credit Developments, a reduction in the recommended Tax Credit allocation may be made based on the gap/DCR method described in subsection (c)(2) of this section.
 - (iv) Although adjustments in Debt Service may become a condition of the Report, future changes in income, expenses, and financing terms could allow for an acceptable DCR.
- (5) **Long Term Proforma.** The Underwriter will create a 30-year operating proforma.
- (A) The base year projection utilized is the Underwriter's Year 1 EGI, Year 1 operating expenses, and Year 1 NOI unless the Applicant's Year 1 EGI, Year 1 total operating expenses, and Year 1 NOI are each within 5% of the Underwriter's estimates.
 - (B) A 2% annual growth factor is utilized for income and a 3% annual growth factor is utilized for expenses.
 - (C) Adjustments may be made to the Long Term Proforma if sufficient support documentation is provided by the Applicant. Support may include:
 - (i) Documentation with terms for project-based rental assistance or operating subsidy;
 - (ii) A fully executed management contract with clear terms;

- (iii) Documentation prepared and signed by the Central Appraisal District (CAD) with jurisdiction over the Development indicating the appraisal methodology consistently employed by the CAD and a ten-year history, beginning with the Application year, of tax rates for each taxing district with jurisdiction over the Development; and
- (iv) Required reserve for replacement schedule prepared and signed by the proposed permanent lender or equity provider. In no instance will the reserve for replacement figure included in the Long Term Proforma be less than the minimum requirements as described in §1.37 of this subchapter (relating to Reserve for Replacement Rules and Guidelines).

(e) Development Costs.

The Development's need for permanent funds and, when applicable, the Development's Eligible Basis is based upon the projected total development costs. The Department's estimate of the total development cost will be based on the Applicant's project cost schedule to the extent that it can be verified to a reasonable degree of certainty with documentation from the Applicant and tools available to the Underwriter. For new construction Developments, the Underwriter's total cost estimate will be used unless the Applicant's total development cost is within 5% of the Underwriter's estimate. The Department's estimate of the total development cost for acquisition/rehabilitation will be based in accordance with the PCA's estimated cost for the scope of work as defined by the Applicant and §1.36(a)(5) of this subchapter (relating to Property Condition Assessment Guidelines). In the case of a rehabilitation Development, the Underwriter may use a lower tolerance level due to the reliance upon the PCA. If the Applicant's total development cost is utilized and the Applicant's line item costs are inconsistent with documentation provided in the Application or program rules, the Underwriter may make adjustments to the Applicant's total cost estimate.

- (1) **Acquisition Costs.** The proposed acquisition price is verified with the fully executed site control document(s) for the entire proposed site.
 - (A) **Excess Land Acquisition.** Where more land is being acquired than will be utilized for the site and the remainder acreage is not being utilized as permanent green space, the value ascribed to the proposed Development will be prorated based on acreage from the total cost reflected in the site control document(s). An appraisal containing segregated values for the total acreage, the acreage for the subject site and the remainder acreage, or tax assessment value may be tools that are used by the Underwriter in making a proration determination based on relative value; however, the Underwriter will not utilize a prorated value greater than the total amount in the site control document(s).
 - (B) **Identity of Interest Acquisitions.**
 - (i) The acquisition will be considered an identity of interest transaction when an Affiliate of, a Related Party to, or any owner at any level of the Development Team or permanent lender:
 - (I) Is the current owner in whole or in part of the proposed property; or
 - (II) Was the owner in whole or in part of the proposed property during any period within the thirty-six (36) months prior to the first day of the Application Acceptance Period.
 - (ii) In all identity of interest transactions the Applicant is required to provide subclauses (I) and (II) of this clause.

- (I) The original acquisition cost listed in the submitted settlement statement or, if a settlement statement is not available, the original asset value listed in the most current audited financial statement for the identity of interest owner; and
- (II) If the original acquisition cost evidenced by subclause (I) of this clause is less than the acquisition cost claimed in the application:
 - (-a-) an appraisal that meets the requirements of §1.34 of this subchapter (relating to Appraisal Rules and Guidelines); and
 - (-b-) any other verifiable costs of owning, holding, or improving the Property, excluding seller financing, that when added to the value from subclause (I) of this clause justifies the Applicant's proposed acquisition amount.
 - (-1-) For land-only transactions, documentation of owning, holding or improving costs since the original acquisition date may include Property taxes, interest expense, capitalized costs of any physical improvements made to the Property that benefit the proposed Development, the cost of rezoning, replatting, and any off-site costs to provide utilities or improve access to the Property that benefit the proposed Development. Additionally, an annual return of 10% may be applied to the original acquisition cost and documented holding and improvement costs; this return can be applied from the date the applicable cost is incurred until the date of the Department's Board meeting at which the subject Development's award will be considered.
 - (-2-) For transactions which include existing buildings that will be rehabilitated or otherwise maintained as part of the Development, documentation of owning, holding, or improving costs since the original acquisition date may include capitalized costs of improvements to the Property, and the cost of exit taxes not to exceed an amount necessary to allow the sellers to be made whole in the original and subsequent investment in the Property and avoid foreclosure. Additionally, an annual return of 10% may be applied to the original acquisition cost and documented holding and improvement costs; this return can be applied from the date the applicable cost was incurred until the date of the Department's Board meeting at which the subject Development's award will be considered. For any period of time during which the existing buildings are occupied or otherwise producing revenue, holding costs may not include operating expenses, including, but not limited to, property taxes and interest expense.

- (iii) In no instance will the acquisition cost utilized by the Underwriter exceed the lesser of the original acquisition cost evidenced by clause (ii)(I) of this subparagraph plus costs identified in clause (ii)(II)(-b-) of this subparagraph, or the "as-is" value conclusion evidenced by clause (ii)(II)(-a-) of this subparagraph. The resulting acquisition cost will be referred to as the "identity of interest adjusted acquisition cost."
- (C) **Acquisition of Buildings for Tax Credit Properties.** In order to make a determination of the appropriate building acquisition value, the Applicant will provide and the Underwriter will utilize an appraisal that meets the Department's Appraisal Rules and Guidelines as described in §1.34 of this subchapter. The building acquisition value utilized by the Underwriter will be equal to the least of the following:
- (i) The Applicant's claimed building acquisition value;
 - (ii) The building acquisition value that results from the proration of the actual acquisition cost or identity of interest adjusted acquisition cost based upon a calculated "as-is" improvement value over the total "as-is" value provided in the appraisal; or
 - (iii) The actual acquisition cost or identity of interest adjusted acquisition cost less the land value in the appraisal.
- (2) **Off-Site Costs.** Off-Site costs are costs of development up to the site itself such as the cost of roads, water, sewer and other utilities to provide the site with access. All off-site costs must be well documented and certified by a Third Party engineer on the required application form. If off-site costs are included in eligible basis based on PLR 200916007, a statement of findings from a CPA must also be provided which describes the facts relevant to the Development and affirmatively certifies that the fact pattern of the development matches the fact pattern in PLR 200916007. A certification from a Third Party engineer must also be provided that describes the circumstances of the necessity of the off-site improvement, including the relevant requirements of the local jurisdiction with authority over building codes.
- (3) **Site Work Costs.** Project site work costs exceeding \$9,000 per Unit, exclusive of ineligible demolition costs, must be well documented and certified by a Third Party engineer on the required application form. In addition, for Applicants seeking Tax Credits, documentation in keeping with §49.8(7)(C) of this title (relating to Threshold Criteria)_will be utilized in calculating eligible basis.
- (4) **Direct Construction Costs.** Direct construction costs are the costs of materials and labor required for the building or rehabilitation of a Development.
- (A) **New Construction.** The Underwriter will use the Marshall and Swift Residential Cost Handbook or equivalent other comparable published third-party cost estimating data source and historical final cost certifications of all previous Housing Tax Credit allocations to estimate the direct construction cost for a new construction Development. If the Applicant's estimate is more than 5% greater or less than the Underwriter's estimate, the Underwriter will attempt to reconcile this concern and ultimately identify this as a cost concern in the Report.
- (i) The "Average Quality" multiple, townhouse, or single family costs, as appropriate, from the Marshall and Swift Residential Cost Handbook or equivalent other comparable published third-party data source, based upon the details provided in the application and particularly site and building plans and elevations will be used to estimate direct construction costs. If the Development contains amenities or specifications not included in the Average Quality standard, the Department will take into account these costs.

- (ii) If the difference in the Applicant's direct cost estimate and the direct construction cost estimate detailed in clause (i) of this subparagraph is more than 5%, the Underwriter shall also evaluate the direct construction cost of the Development based on acceptable cost parameters as adjusted for inflation and as established by historical final cost certifications of all previous housing tax credit allocations for:
 - (I) the county in which the Development is to be located; or
 - (II) if cost certifications are unavailable under subclause (I) of this clause, the uniform state service region in which the Development is to be located; or
 - (III) other Developments by the same Applicant that are similar in design to the subject Development.
 - (B) **Rehabilitation including Reconstruction Costs.** In the case where the Applicant has provided a PCA which is inconsistent with the Applicant's figures as proposed in the development cost schedule and/or the Applicant's scope of work, the Underwriter may request a supplement executed by the PCA provider reconciling the Applicant's estimate and detailing the difference in costs. If said supplement is not provided or the Underwriter determines that the reasons for the initial difference in costs are not well-documented, the Underwriter utilizes the initial PCA estimations in lieu of the Applicant's estimates.
- (5) **Contingency.** All contingencies identified in the Applicant's project cost schedule including any soft cost contingency will be added to Contingency with the total limited to the guidelines detailed in this paragraph. Contingency is limited to a maximum of 7% of direct construction costs plus site work for new construction Developments and 10% of direct construction costs plus site work for rehabilitation Developments. For Housing Tax Credit Developments, the percentage is applied to the sum of the eligible direct construction costs plus eligible site work costs in calculating the eligible contingency cost. The Applicant's figure is used by the Underwriter if the figure is less than 7% or 10%, as applicable.
- (6) **Contractor Fee.** Contractor fees are limited to a total of 14% on Developments with Hard Costs of \$3 million or greater, the lesser of \$420,000 or 16% on Developments with Hard Costs less than \$3 million and greater than \$2 million, and the lesser of \$320,000 or 18% on Developments with Hard Costs at \$2 million or less. For tax credit Developments, the percentages are applied to the sum of the Eligible Hard Costs in calculating the eligible contractor fees. For Developments also receiving financing from TX-USDA-RHS, the combination of builder's general requirements, builder's overhead, and builder's profit should not exceed the lower of TDHCA or TX-USDA-RHS requirements. Additional fees for ineligible costs will be limited to the same percentage of ineligible construction costs but will be ineligible for tax credit basis purposes.
- (7) **Developer Fee.** Developer fee claimed must be multiplied by the appropriate applicable percentage depending whether it is attributable to acquisition or rehabilitation basis. Additional fees for ineligible costs will be limited to the same percentage of ineligible development costs (15% for Developments with 50 or more units, or 20% for Developments with 49 or fewer units) but will be ineligible for tax credit basis purposes. All fees to related parties to the owner or developer for work determined by the Underwriter to be typically completed by the developer will be considered part of the Developer fee claimed.
 - (A) For Tax Credit Developments, the development cost associated with developer fees and Development Consultant (also known as Housing Consultant) fees included in Eligible Basis cannot exceed 15% of the project's Total Eligible Basis less developer fees for Developments proposing 50 units or more and 20% of the project's Total Eligible Basis less developer fees for Developments proposing 49 units or less, as defined in the Qualified Allocation Plan and Rules (QAP).

- (B) In the case of a transaction requesting acquisition Tax Credits:
 - (i) the allocation of eligible developer fee in calculating rehabilitation/new construction Tax Credits will not exceed 15% of the rehabilitation/new construction basis less developer fees for Developments proposing 50 units or more and 20% of the rehabilitation/new construction basis less developer fees for Developments proposing 49 units or less; and
 - (ii) no developer fee attributable to an identity of interest acquisition of the Development will be included in Eligible Basis.
- (C) For non-Tax Credit Developments, the percentage can be up to 15% but is based upon total development costs less the sum of the fee itself, land costs, the costs of permanent financing, excessive construction period financing described in paragraph (8) of this subsection, reserves, and any other identity of interest acquisition cost.
- (8) **Financing Costs.** Eligible construction period interest is limited to the lesser of actual eligible construction period interest, or the interest on one (1) year's fully drawn construction period loan funds at the construction period interest rate indicated in the commitment. Any excess over this amount is removed to ineligible cost and will not be considered in the determination of developer fee included in Eligible Basis.
- (9) **Reserves.** The Department will utilize the amount described in the Applicant's project cost schedule if it is within the range of two (2) to six (6) months of stabilized operating expenses less management fees and reserve for replacements plus debt service. Alternatively, the Underwriter may consider a greater amount proposed by the conventional lender or syndicator if the detail for such greater amount is well documented in the conventional lender or syndicator commitment letter.
- (10) **Other Soft Costs.** For Tax Credit Developments all other soft costs are divided into eligible and ineligible costs. Eligible costs are defined by Internal Revenue Code but generally are costs that can be capitalized in the basis of the Development for tax purposes. Ineligible costs are those that tend to fund future operating activities. The Underwriter will evaluate and accept the allocation of these soft costs in accordance with the Department's prevailing interpretation of the Internal Revenue Code. If the Underwriter questions the eligibility of any soft costs, the Applicant is given an opportunity to clarify and address the concern prior to removal from Eligible Basis.

(f) Developer Capacity.

The Department will review personal credit reports for development sponsors, developer fee recipients and those individuals anticipated to guarantee the completion of the Development. The Underwriter will evaluate the credit report and identify any bankruptcy, state or federal tax liens or other relevant credit risks for compliance with eligibility and debarment requirements in the QAP and statute.

(g) Other Underwriting Considerations.

The Underwriter will evaluate numerous additional elements as described in subsection (b) of this section and those that require further elaboration are identified in this subsection.

- (1) **Floodplains.** The Underwriter evaluates the site plan, floodplain map, survey and other information provided to determine if any of the buildings, drives, or parking areas reside within the 100-year floodplain. If such a determination is made by the Underwriter, the Report will include a condition that:
 - (A) The Applicant must pursue and receive a Letter of Map Amendment (LOMA) or Letter of Map Revision (LOMR-F); or

- (B) The Applicant must identify the cost of flood insurance for the buildings and for the tenant's contents for buildings within the 100-year floodplain; or
- (C) The Development must be designed to comply with the QAP, as proposed.
- (2) The Underwriter will identify in the report any Developments funded or known and anticipated to be eligible for funding within one linear mile of the subject.
- (3) **Supportive Housing.** The unique development and operating characteristics of Supportive Housing Developments may require special consideration in the following areas:
 - (A) **Operating Income.** The extremely-low-income tenant population typically targeted by a Supportive Housing Development may include deep-skewing of rents to well below the 50% AMI level or other maximum rent limits established by the Department. The Underwriter should utilize the Applicant's proposed rents in the Report as long as such rents are at or below the maximum rent limit proposed for the units and equal to any project based rental subsidy rent to be utilized for the Development;
 - (B) **Operating Expenses.** A Supportive Housing Development may have significantly higher expenses for payroll, management fee, security, resident support services, or other items than typical Affordable Housing Developments. The Underwriter will rely heavily upon the historical operating expenses of other Supportive Housing Developments provided by the Applicant or otherwise available to the Underwriter;
 - (C) **DCR and Long Term Feasibility.** Supportive Housing Developments may be exempted from the DCR requirements of subsection (d)(4)(D) of this section if the Development is anticipated to operate without conventional debt. Applicants must provide evidence of sufficient financial resources to offset any projected 15-year cumulative negative cash flows. Such evidence will be evaluated by the Underwriter on a case-by-case basis to satisfy the Department's long term feasibility requirements and may take the form of one or a combination of the following: executed subsidy commitment(s); set-aside of Applicant's financial resources; to be substantiated by an audited financial statement evidencing sufficient resources; and/or proof of annual fundraising success sufficient to fill anticipated operating losses. If either a set aside of financial resources or annual fundraising are used to evidence the long term feasibility of a Supportive Housing Development, a resolution from the Applicant's governing board must be provided confirming their irrevocable commitment to the provision of these funds and activities; and/or
 - (D) **Development Costs.** For Supportive Housing that is styled as efficiencies, the Underwriter may use "Average Quality" dormitory costs, or costs of other appropriate design styles from the Marshall & Swift Valuation Service, with adjustments for amenities and/or quality as evidenced in the application, as a base cost in evaluating the reasonableness of the Applicant's direct construction cost estimate for new construction Developments.

(h) **Work Out Development.**

Developments that are underwritten subsequent to Board approval in order to refinance or gain relief from restrictions may be considered infeasible based on the guidelines in this section, but may be characterized as "the best available option" or "acceptable available option" depending on the circumstances and subject to the discretion of the Underwriter as long as the option analyzed and recommended is more likely to achieve a better financial outcome for the property and the Department than the status quo.

(i) **Feasibility Conclusion.**

An infeasible Development will not be recommended for funding or allocation unless the Underwriter can determine a plausible alternative feasible financing structure and conditions the recommendations of the report upon receipt of documentation supporting the alternative feasible financing structure. A Development will be characterized as infeasible if paragraph (1) or (2) of this subsection applies. The Development will be characterized as infeasible if one or more of paragraphs (3) and (4) of this subsection applies unless paragraph (6)(B) of this subsection also applies.

- (1) **Gross Capture Rate.** The method for determining the Gross Capture Rate for a Development is defined in §1.33(d)(11)(F) of this subchapter. The Underwriter will independently verify all components and conclusions of the Gross Capture Rate and may at their discretion use independently acquired demographic data to calculate demand and may make a determination of the effective Gross Capture Rate based upon an analysis of the Sub-market. The Development:
 - (A) is characterized as a Qualified Elderly Development (including the Elderly section of an Intergenerational Development) and the Gross Capture Rate exceeds 10% for the total proposed units; or
 - (B) is in an Urban Area and targets the general population, and the Gross Capture Rate exceeds 10% for the total proposed units; or
 - (C) is in a Rural Area and targets the general population, and the Gross Capture Rate exceeds 30%; or
 - (D) targets Persons with Special Needs and the Gross Capture rate exceeds 30%.
 - (E) Developments meeting the requirements of subparagraph (A), (B), (C), or (D) of this paragraph may avoid being characterized as infeasible if clause (i) or (ii) of this subparagraph apply.
 - (i) Replacement Housing. The proposed Development is comprised of Affordable Housing which replaces previously existing Affordable Housing within the Primary Market Area as defined in §1.33 of this subchapter on a Unit for Unit basis, and gives the displaced tenants of the previously existing Affordable Housing a leasing preference.
 - (ii) Existing Housing. The proposed Development is comprised of existing Affordable Housing which is at least 50% occupied and gives displaced existing tenants a leasing preference as stated in the submitted relocation plan.
- (2) **Deferred Developer Fee.** Developments requesting an allocation of tax credits cannot repay the estimated deferred developer fee, based on the Underwriter's recommended financing structure, from cashflow within the first fifteen (15) years of the long term proforma as described in subsection (d)(5) of this section.
- (3) **Restricted Market Rent.** The Restricted Market Rent for units with rents restricted at 60% of AMGI is less than both the Net Program Rent and Market Rent for units with rents restricted at or below 50% of AMGI unless the Applicant accepts all Underwriting recommendation that all restricted units have rents and incomes restricted at or below the 50% of AMGI level.
- (4) **Initial Feasibility.** The Year 1 annual total operating expense divided by the Year 1 Effective Gross Income is greater than 68% for rural developments 36 units or less and 65% for all other developments.
- (5) **Long Term Feasibility.** Any year in the first fifteen (15) years of the Long Term Proforma, as defined in subsection (d)(5) of this section, reflects:
 - (A) negative Cash Flow; or
 - (B) a Debt Coverage Ratio below 1.15.

- (6) **Exceptions.** The infeasibility conclusions may be excepted where either of the following apply.
- (A) The requirements in this subsection may be waived by the Executive Director of the Department on appeal if documentation is submitted by the Applicant to support unique circumstances that would provide mitigation.
 - (B) Developments meeting the requirements of one or more of paragraphs (3) - (5) of this subsection will be re-characterized as feasible if one or more of clauses (i) - (vi) of this subparagraph apply.
 - (i) The Development will receive Project-based Section 8 Rental Assistance for at least 50% of the units and a firm commitment with terms including contract rent and number of units is submitted at application.
 - (ii) The Development will receive rental assistance for at least 50% of the units in association with USDA-RD-RHS financing.
 - (iii) The Development will be characterized as public housing as defined by HUD for at least 50% of the units.
 - (iv) The Development will be characterized as Supportive Housing for at least 50% of the units and evidence of adequate financial support for the long term viability of the Development is provided.
 - (v) The Development has other long term project based restrictions on rents for at least 50% of the units that allow rents to increase based upon expenses and the Applicant's proposed rents are at least 10% lower than both the Net Program Rent and Restricted Market Rent.
 - (vi) The units not receiving Project-based Section 8 Rental Assistance or rental assistance in association with USDA-RD-RHS financing, or not characterized as public housing do not propose rents that are less than the Project-based Section 8, USDA-RD-RHS financing, or public housing units.

§1.33. Market Analysis Rules and Guidelines.

(a) General Provision.

A Market Analysis prepared for the Department must evaluate the need for decent, safe, and sanitary housing at rental rates or sales prices that eligible tenants can afford. The analysis must determine the feasibility of the subject Property rental rates or sales price and state conclusions as to the impact of the Property with respect to the determined housing needs. The Market Analysis must include a statement that the report preparer has read and understood the requirements of this section.

(b) Self-Contained.

A Market Analysis prepared for the Department must allow the reader to understand the market data presented, the analysis of the data, and the conclusions derived from such data. All data presented should reflect the most current information available and the report must provide a parenthetical (in-text) citation or footnote describing the data source. The analysis must clearly lead the reader to the same or similar conclusions reached by the Market Analyst. All steps leading to a calculated figure must be presented in the body of the report.

(c) Market Analyst Qualifications.

A Market Analysis submitted to the Department must be prepared and certified by an approved Qualified Market Analyst (§2306.67055.) The Department will maintain an approved Market Analyst list based on the guidelines set forth in paragraphs (1) - (3) of this subsection.

- (1) If not listed as approved by the Department, Market Analysts must submit subparagraphs (A) - (F) of this paragraph at least thirty (30) days prior to the first day of the Application Acceptance Period for which the Market Analyst must be approved. To maintain status as an approved Qualified Market Analyst, updates to the items described in subparagraphs (A) - (C) of this paragraph must be submitted annually on the first Monday in February for review by the Department.
 - (A) Documentation of good standing from the Texas Comptroller of Public Accounts.
 - (B) A current organization chart or list reflecting all members of the firm who may author or sign the Market Analysis.
 - (C) Resumes for all members of the firm or subcontractors who may author or sign the Market Analysis.
 - (D) General information regarding the firm's experience including references, the number of previous similar assignments and time frames in which previous assignments were completed.
 - (E) Certification from an authorized representative of the firm that the services to be provided will conform to the Department's Market Analysis Rules and Guidelines, as described in this section, in effect for the application round in which each Market Analysis is submitted.
 - (F) A sample Market Analysis that conforms to the Department's Market Analysis Rules and Guidelines, as described in this section, in effect for the year in which the sample Market Analysis is submitted.
- (2) During the underwriting process each Market Analysis will be reviewed and any discrepancies with the rules and guidelines set forth in this section may be identified and require timely correction. Subsequent to the completion of the application round and as time permits, staff or a review appraiser will re-review a sample set of submitted market analyses to ensure that the Department's Market Analysis Rules and Guidelines are met. If it is found that a Market Analyst has not conformed to the Department's Market Analysis Rules and Guidelines, as certified to, the Market Analyst will be notified of the discrepancies in the Market Analysis and will be removed from the approved Qualified Market Analyst list.
 - (A) In and of itself, removal from the list of approved Market Analysts will not invalidate a Market Analysis commissioned prior to the removal date and at least ninety (90) prior to the first day of the applicable Application Acceptance Period.
 - (B) To be reinstated as an approved Qualified Market Analyst, the Market Analyst must amend the previous report to remove all discrepancies or submit a new sample Market Analysis that conforms to the Department's Market Analysis Rules and Guidelines, as described in this section, in effect for the year in which the updated or new sample Market Analysis is submitted.
- (3) The list of approved Qualified Market Analysts is posted on the Department's web site and updated within seventy-two (72) hours of a change in the status of a Market Analyst.

- (7) **Statement of Ownership.** Disclose the current owners of record and provide a three (3) year history of ownership for the subject Property.
- (8) **Secondary Market Area.** All of the Market Analyst's conclusions specific to the subject Development must be based on only one Secondary Market Area definition. The entire PMA, as described in this paragraph, must be contained within the Secondary Market boundaries. The Market Analyst must adhere to the methodology described in this paragraph when determining the secondary market area. (§2306.67055)
 - (A) The Secondary Market Area will be defined by the Market Analyst with:
 - (i) size based on a base year population of no more than 250,000 people inclusive of the Primary Market Area; and

- (9) **Primary Market Area.** All of the Market Analyst's conclusions specific to the subject Development must be based on only one Primary Market Area definition. The Market Analyst must adhere to the methodology described in this paragraph when determining the market area. (§2306.67055)
 - (A) The Primary Market Area will be defined by the Market Analyst with:
 - (i) size based on a base year population of no more than 100,000 people;
 - (ii) boundaries based on U.S. census tracts, zip codes, or place, as defined by the U.S. Census Bureau; and

- (iii) the population of the PMA may exceed 100,000 if the amount over the limit is contained within a single census tract or zip code, and if the PMA is defined by census tract or zip code.
 - (B) The Market Analyst's definition of the Primary Market Area must include:
 - (i) a detailed description of why the subject Development is expected to draw a majority of its prospective tenants or homebuyers from the defined PMA;
 - (ii) a complete demographic report for the defined PMA; and
 - (iii) a scaled distance map indicating the PMA boundaries as well as the location of the subject Development and all comparable Developments.
 - (C) **Comparable Units.** Identify Developments in the PMA with Comparable Units. In Primary Market Areas lacking sufficient rent comparables, it may be necessary for the Market Analyst to collect data from markets with similar characteristics and make quantifiable location adjustments. Provide a data sheet for each Development consisting of:
 - (i) Development name;
 - (ii) Address;
 - (iii) Year of construction and year of rehabilitation, if applicable;
 - (iv) Property condition;
 - (v) Population target;
 - (vi) Unit mix specifying number of Bedrooms, number of baths, net rentable square footage; and
 - (I) monthly rent and utility allowance; or
 - (II) sales price with terms, marketing period and date of sale;
 - (vii) Description of concessions;
 - (viii) List of unit amenities;
 - (ix) Utility structure;
 - (x) List of common amenities; and
 - (xi) For rental developments only;

 - (II) turnover.
- (10) **Market Information:**
- (A) For each of the defined market areas, identify the number of units for each of the categories in clauses (i) - (vi) of this subparagraph; the data must be clearly labeled as relating to either the PMA or the SMA, if applicable:
 - (i) total housing;
 - (ii) rental developments (all multi-family);
 - (iii) Affordable Housing;
 - (iv) Comparable Units;
 - (v) Unstabilized Comparable Units; and
 - (vi) proposed Comparable Units.
 - (B) **Occupancy.** The occupancy rate indicated in the Market Analysis may be used to support both the overall demand conclusion for the proposed Development and the vacancy rate assumption used in underwriting the Development (§1.32(d)(1)(C) of this subchapter relating to Underwriting Rules and Guidelines). State the overall physical occupancy rate for the proposed housing tenure (renter or owner) within the defined market areas by:
 - (i) number of Bedrooms;
 - (ii) quality of construction (class);
 - (iii) Targeted Population; and
 - (iv) Comparable Units.

- (C) **Absorption.** State the absorption trends by quality of construction (class) and absorption rates for Comparable Units.
- (D) **Demographic Reports.**
 - (i) All demographic reports must include population and household data for a five (5) year period with the year of application as the base year;
 - (ii) All demographic reports must provide sufficient data to enable calculation of income-eligible, age-, size-, and tenure-appropriate household populations; and
 - (iii) For Developments targeting seniors, all demographic reports must provide a detailed breakdown of households by age and by income.
- (E) **Demand.** Provide a comprehensive evaluation of the need for the proposed housing for the Development as a whole and each Unit type by number of Bedrooms proposed and rent restriction category within the defined market areas using the most current census and demographic data available.
 - (i) **Demographics.** The Market Analyst should use demographic data specific to the characteristics of the households that will be living in the proposed Development. For example, the Market Analyst should use demographic data specific to elderly population for an elderly Development, if available, and should avoid making adjustments from more general demographic data. If adjustment rates are used based on more general data for any of the following they should be clearly identified and documented as to their source in the report.
 - (I) **Population.** Provide population and household figures, supported by actual demographics, for a five (5) year period with the year of application as the base year.
 - (II) **Target.** If applicable, adjust the household projections for the Qualified Elderly or special needs population targeted by the proposed Development.
 - (III) **Household Size-Appropriate.** Adjust the household projections or target household projections, as applicable, for the appropriate household size for the proposed Unit type by number of Bedrooms proposed and rent restriction category based on 1.5 persons per Bedroom (round up).
 - (IV) **Income Eligible.** Adjust the household size appropriate projections for income eligibility based on the income bands for the proposed Unit type by number of Bedrooms proposed and rent restriction category with:
 - (-a-) the lower end of each income band calculated based on the lowest gross rent proposed divided by 35% for the general population and 50% for Qualified Elderly households; and
 - (-b-) the upper end of each income band equal to the applicable gross median income limit for the largest appropriate household size based on 1.5 persons per Bedroom (round up) or one person for efficiency units.
 - (V) **Tenure-Appropriate.** Adjust the income-eligible household projections for tenure (renter or owner). If tenure appropriate income eligible target household data is available, a tenure appropriate adjustment is not necessary.
 - (ii) **Gross Demand.** Gross Demand is defined as the sum of Potential Demand from the PMA, Demand from Other Sources, and Potential Demand from a Secondary Market Area (SMA) to the extent that SMA demand does not exceed 25% of Gross Demand.

- (iii) **Potential Demand.** Potential Demand is defined as the number of income-eligible, age-, size-, and tenure-appropriate target households in the designated market area at the proposed placed in service date.
 - (I) Maximum eligible income is equal to the applicable gross median income limit for the largest appropriate household size based on 1.5 persons per Bedroom (round up) or one person for efficiency units.
 - (II) For Developments targeting the general population:
 - (-a-) Minimum eligible income is based on a 35% rent to income ratio;
 - (-b-) Appropriate household size is defined as 1.5 persons per Bedroom (rounded up); and
 - (-c-) The tenure-appropriate population for a rental Development is limited to the population of renter households.
 - (III) For Developments consisting solely of single family residences on separate lots with all units having three (3) or more bedrooms:
 - (-a-) Minimum eligible income is based on a 35% rent to income ratio;
 - (-b-) Appropriate household size is defined as 1.5 persons per bedroom (rounded up); and
 - (-c-) Gross Demand includes both renter and owner households.
 - (IV) For Developments targeting the senior population:
 - (-a-) Minimum eligible income is based on a 50% rent to income ratio; and
 - (-b-) Gross Demand includes all household sizes and both renter and owner households.
- (iv) **Demand from Secondary Market Area:**
 - (I) Potential Demand from an SMA should be calculated in the same way as Potential Demand from the PMA;
 - (II) Potential Demand from an SMA may be included in Gross Demand to the extent that SMA demand does not exceed 25% of Gross Demand; and
 - (III) The supply of proposed and unstabilized comparable units in the SMA must be included in the calculation of the capture rate at the same proportion that Potential Demand from the SMA is included in Gross Demand.
- (v) **Demand from Other Sources:**
 - (I) The source of additional demand and the methodology used to calculate the additional demand must be clearly stated;
 - (II) Consideration of Demand from Other Sources is at the discretion of the Underwriter;
 - (III) Demand from Other Sources must be limited to households that are not included in Potential Demand; and
 - (IV) If households with Section 8 vouchers are identified as a source of demand, the Market Study must include:
 - (-a-) Documentation of the number of vouchers administered by the local Housing Authority; and
 - (-b-) A complete demographic report for the area in which the vouchers are distributed.
- (11) **Conclusions.** Include a comprehensive evaluation of the subject Property, separately addressing each housing type and specific population to be served by the Development in terms of items in subparagraphs (A) - (I) of this paragraph. All conclusions must be consistent with the data and analysis presented throughout the Market Analysis.

- (A) **Unit Mix.** Provide a best possible unit mix conclusion based on the occupancy rates by Bedroom type within the PMA and target, income-eligible, size-appropriate and tenure-appropriate household demand within the PMA.
- (B) **Rents.** Provide a separate Market Rent and Restricted Market Rent conclusion for each proposed Unit type by number of Bedrooms and rent restriction category. Conclusions of Market Rent or Restricted Market Rent below the maximum Net Program Rent limit must be well documented as the conclusions may impact the feasibility of the Development under §1.32(i) of this subchapter. Rent Adjustments. In support of the Market Rent and Restricted Market Rent conclusions, provide a separate attribute adjustment matrix for each proposed unit type by number of Bedrooms and rental restriction category.
 - (i) The Department recommends use of HUD Form 92273.
 - (ii) A minimum of three developments must be represented on each attribute adjustment matrix.
 - (iii) Adjustments for concessions must be included, if applicable.
 - (iv) Total adjustments in excess of 15% must be supported with additional narrative.
 - (v) Total adjustments in excess of 25% indicate the Units are not comparable for the purposes of determining Market Rent and Restricted Market Rent conclusions.
- (C) **Effective Gross Income.** Provide rental income, secondary income, and vacancy and collection loss projections for the subject derived independent of the Applicant's estimates.
- (D) **Demand:**
 - (i) State the Gross Demand for each Unit type by number of Bedrooms proposed and rent restriction category (e.g. one-Bedroom units restricted at 50% of AMFI; two-Bedroom units restricted at 60% of AMFI); and
 - (ii) State the Gross Demand for the proposed Development as a whole. If some households are eligible for more than one unit due to overlapping eligible ranges for income or household size, Gross Demand should be adjusted to avoid including households more than once.
- (E) **Relevant Supply.** The relevant supply of proposed and unstabilized comparable units includes:
 - (i) The proposed subject Units;
 - (ii) Comparable Units with priority over the subject that have made application to TDHCA and have not been presented to the TDHCA Board for decision;
 - (iii) Comparable Units in previously approved but Unstabilized Developments in the PMA; and
 - (iv) Comparable Units in previously approved but Unstabilized Developments in the SMA, in the same proportion as the proportion of Potential Demand from the SMA that is included in Gross Demand.
- (F) **Gross Capture Rate.** The Gross Capture Rate is defined as the Relevant Supply divided by the Gross Demand. The Market Analyst must calculate a Gross Capture Rate for the subject Development as a whole, as well as for each Unit type by number of Bedrooms and rent restriction categories, and market rate Units, if applicable. Refer to §1.32(i) of this subchapter for feasibility criteria.
- (G) A complete demand and capture rate analysis is required in every Market Study, regardless of the current occupancy level of an existing Development.
- (H) **Absorption.** Project an absorption period for the subject Development to achieve Breakeven Occupancy. State the absorption rate.
- (I) **Market Impact.** Provide an assessment of the impact the subject Development, as completed, will have on existing Developments supported by Housing Tax Credits in the Primary Market. (§2306.67055)

- (12) **Photographs.** Provide labeled color photographs of the subject Property, the neighborhood, street scenes, and comparables. An aerial photograph is desirable but not mandatory.
- (13) **Appendices.** Any Third Party reports including demographics relied upon by the Market Analyst must be provided in appendix form. A list of works cited including personal communications also must be provided, and the Modern Language Association (MLA) format is suggested.

- (e) The Department reserves the right to require the Market Analyst to address such other issues as may be relevant to the Department's evaluation of the need for the subject Development and the provisions of the particular program guidelines.
- (f) In the event that the PMA for a subject Development overlaps the PMA's of other proposed or unstabilized comparable Developments, the Underwriter may perform an extended Sub-Market analysis considering the combined PMA's and all proposed and unstabilized units in the extended Sub-Market Area; the Gross Capture Rate from such an extended Sub-Market Area analysis may be used as the basis for a feasibility conclusion.
- (g) All Applicants shall acknowledge, by virtue of filing an application, that the Department shall not be bound by any such opinion or Market Analysis, and may substitute its own analysis and underwriting conclusions for those submitted by the Market Analyst.

§1.34. Appraisal Rules and Guidelines.

(a) General Provision.

An appraisal prepared for the Department must conform to the Uniform Standards of Professional Appraisal Practice (USPAP) as adopted by the Appraisal Standards Board of the Appraisal Foundation. The appraisal must include a statement that the report preparer has read and understood the requirements of this section.

(b) Self-Contained.

An appraisal prepared for the Department must describe sufficient and adequate data and analyses to support the final opinion of value. The final value(s) must be reasonable, based on the information included. Any Third Party reports relied upon by the appraiser must be verified by the appraiser as to the validity of the data and the conclusions.

(c) Appraiser Qualifications.

The qualifications of each appraiser are determined on a case-by-case basis by the Director of Real Estate Analysis or review appraiser, based upon the quality of the report itself and the experience and educational background of the appraiser. At minimum, a qualified appraiser must be appropriately certified or licensed by the Texas Appraiser Licensing and Certification Board.

(d) Appraisal Contents.

An appraisal prepared for the Department must be organized in a format that follows a logical progression. In addition to the contents described in USPAP Standards Rule 2, the appraisal must include items addressed in paragraphs (1) - (12) of this subsection.

- (6) **Property Rights Appraised.** Include a statement as to the property rights (e.g., fee simple interest, leased fee interest, leasehold, etc.) being considered. The appropriate interest must be defined in terms of current appraisal terminology with the source cited.
- (7) **Site/Improvement Description.** Discuss the site characteristics including subparagraphs (A) - (E) of this paragraph.
 - (A) **Physical Site Characteristics.** Describe dimensions, size (square footage, acreage, etc.), shape, topography, corner influence, frontage, access, ingress-egress, etc. associated with the site. Include a plat map and/or survey.
 - (B) **Floodplain.** Discuss floodplain (including flood map panel number) and include a floodplain map with the subject clearly identified.
 - (C) **Zoning.** Report the current zoning and description of the zoning restrictions and/or deed restrictions, where applicable, and type of Development permitted. Any probability of change in zoning should be discussed. A statement as to whether or not the improvements conform to the current zoning should be included. A statement addressing whether or not the improvements could be rebuilt if damaged or destroyed, should be included. If current zoning is not consistent with the highest and best use, and zoning changes are reasonable to expect, time and expense associated with the proposed zoning change should be considered and documented. A zoning map should be included.
 - (D) **Description of Improvements.** Provide a thorough description and analysis of the improvements including size (net rentable area, gross building area, etc.), number of stories, number of buildings, type/quality of construction, condition, actual age, effective age, exterior and interior amenities, items of deferred maintenance, energy efficiency measures, etc. All applicable forms of depreciation should be addressed along with the remaining economic life.
 - (E) **Environmental Hazards.** It is recognized appraisers are not experts in such matters and the impact of such deficiencies may not be quantified; however, the report should disclose any potential environmental hazards (e.g., discolored vegetation, oil residue, asbestos-containing materials, lead-based paint etc.) noted during the inspection.
- (8) **Highest and Best Use.** Market Analysis and feasibility study is required as part of the highest and best use. The highest and best use analysis should consider paragraph (7)(A) - (E) of this subsection as well as a supply and demand analysis.
 - (A) The appraisal must inform the reader of any positive or negative market trends which could influence the value of the appraised property. Detailed data must be included to support the appraiser's estimate of stabilized income, absorption, and occupancy.

- (B) The highest and best use section must contain a separate analysis "as if vacant" and "as improved" (or "as proposed to be improved/renovated"). All four elements (legally permissible, physically possible, feasible, and maximally productive) must be considered.
- (9) **Appraisal Process.** It is mandatory that all three approaches, Cost Approach, Sales Comparison Approach and Income Approach, are considered in valuing the property. If an approach is not applicable to a particular property an adequate explanation must be provided. A land value estimate must be provided if the cost approach is not applicable.
- (A) **Cost Approach.** This approach should give a clear and concise estimate of the cost to construct the subject improvements. The source(s) of the cost data should be reported.
- (i) Cost comparables are desirable; however, alternative cost information may be obtained from Marshall & Swift Valuation Service or similar publications. The section, class, page, etc. should be referenced. All soft costs and entrepreneurial profit must be addressed and documented.
 - (ii) All applicable forms of depreciation must be discussed and analyzed. Such discussion must be consistent with the description of the improvements.
 - (iii) The land value estimate should include a sufficient number of sales which are current, comparable, and similar to the subject in terms of highest and best use. Comparable sales information should include address, legal description, tax assessor's parcel number(s), sales price, date of sale, grantor, grantee, three (3) year sales history, and adequate description of property transferred. The final value estimate should fall within the adjusted and unadjusted value ranges. Consideration and appropriate cash equivalent adjustments to the comparable sales price for subclauses (I) - (VII) of this clause should be made when applicable.
 - (I) Property rights conveyed.
 - (II) Financing terms.
 - (III) Conditions of sale.
 - (IV) Location.
 - (V) Highest and best use.
 - (VI) Physical characteristics (e.g., topography, size, shape, etc.).
 - (VII) Other characteristics (e.g., existing/proposed entitlements, special assessments, etc.).
- (B) **Sales Comparison Approach.** This section should contain an adequate number of sales to provide the reader with a description of the current market conditions concerning this property type. Sales data should be recent and specific for the property type being appraised. The sales must be confirmed with buyer, seller, or an individual knowledgeable of the transaction.
- (i) Sales information should include address, legal description, tax assessor's parcel number(s), sales price, financing considerations and adjustment for cash equivalency, date of sale, recordation of the instrument, parties to the transaction, three (3) year sale history, complete description of the property and property rights conveyed, and discussion of marketing time. A scaled distance map clearly identifying the subject and the comparable sales must be included.

- (ii) The method(s) used in the Sales Comparison Approach must be reflective of actual market activity and market participants.
 - (I) Sale Price/Unit of Comparison. The analysis of the sale comparables must identify, relate, and evaluate the individual adjustments applicable for property rights, terms of sale, conditions of sale, market conditions, and physical features. Sufficient narrative must be included to permit the reader to understand the direction and magnitude of the individual adjustments, as well as a unit of comparison value indicator for each comparable.
 - (II) Net Operating Income/Unit of Comparison. The net operating income statistics or the comparables must be calculated in the same manner. It should be disclosed if reserves for replacement have been included in this method of analysis. At least one other method should accompany this method of analysis.
- (C) **Income Approach.** This section must contain an analysis of both the actual historical and projected income and expense aspects of the subject property.
 - (i) **Market Rent Estimate/Comparable Rental Analysis.** This section of the report should include an adequate number of actual market transactions to inform the reader of current market conditions concerning rental units. The comparables must indicate current research for this specific property type. The comparables must be confirmed with the landlord, tenant or agent and individual data sheets must be included. The individual data sheets should include property address, lease terms, description of the property (e.g., unit type, unit size, unit mix, interior amenities, exterior amenities, etc.), physical characteristics of the property, and location of the comparables. Analysis of the Market Rents should be sufficiently detailed to permit the reader to understand the appraiser's logic and rationale. Adjustment for lease rights, condition of the lease, location, physical characteristics of the property, etc. must be considered.
 - (ii) **Comparison of Market Rent to Contract Rent.** Actual income for the subject along with the owner's current budget projections must be reported, summarized, and analyzed. If such data is unavailable, a statement to this effect is required and appropriate assumptions and limiting conditions should be made. The contract rents should be compared to the market-derived rents. A determination should be made as to whether the contract rents are below, equal to, or in excess of market rates. If there is a difference, its impact on value must be qualified.
 - (iii) **Vacancy/Collection Loss.** Historical occupancy data and current occupancy level for the subject should be reported and compared to occupancy data from the rental comparables and overall occupancy data for the subject's Primary Market.
 - (iv) **Expense Analysis.** Actual expenses for the subject, along with the owner's projected budget, must be reported, summarized, and analyzed. If such data is unavailable, a statement to this effect is required and appropriate assumptions and limiting conditions should be made. Historical expenses should be compared to comparables expenses of similar property types or published survey data (e.g., IREM, BOMA, etc.). Any expense differences should be reconciled. Include historical data regarding the subject's assessment and tax rates and a statement as to whether or not any delinquent taxes exist.
 - (v) **Capitalization.** The appraiser should present the capitalization method(s) reflective of the subject market and explain the omission of any method not considered in the report.

- (I) **Direct Capitalization.** The primary method of deriving an overall rate (OAR) is through market extraction. If a band of investment or mortgage equity technique is utilized, the assumptions must be fully disclosed and discussed.
 - (II) **Yield Capitalization (Discounted Cash Flow Analysis).** This method of analysis should include a detailed and supportive discussion of the projected holding/investment period, income and income growth projections, occupancy projections, expense and expense growth projections, reversionary value and support for the discount rate.
- (10) **Value Estimates.** Reconciliation final value estimate is required.
 - (A) All appraisals shall contain a separate estimate of the "as vacant" market value of the underlying land, based upon current sales comparables. The appraiser should consider the fee simple or leased fee interest as appropriate.
 - (B) Appraisal assignments for new construction are required to provide an "as completed" value of the proposed structures. These reports shall provide an "as restricted with favorable financing" value as well as an "unrestricted market" value.
 - (C) Reports on Properties to be rehabilitated shall address the "as restricted with favorable financing" value as well as both an "as is" value and an "as completed" value. The appraiser should consider the fee simple or leased fee interest as appropriate.
 - (D) If required the appraiser must include a separate assessment of personal property, furniture, fixtures, and equipment (FF&E) and/or intangible items. If personal property, FF&E, or intangible items are not part of the transaction or value estimate, a statement to such effect should be included.
- (11) **Marketing Time.** Given property characteristics and current market conditions, the appraiser(s) should employ a reasonable marketing period. The report should detail existing market conditions and assumptions considered relevant.
- (12) **Photographs.** Provide good quality color photographs of the subject property (front, rear, and side elevations, on-site amenities, interior of typical units if available). Photographs should be properly labeled. Photographs of the neighborhood, street scenes, and comparables should be included. An aerial photograph is desirable but not mandatory.

(e) **Additional Appraisal Concerns.**

The appraiser(s) must be aware of Department program rules and guidelines and the appraisal must include analysis of any impact to the subject's value.

§1.35.Environmental Site Assessment Rules and Guidelines.

(a) General Provisions.

The Environmental Site Assessments (ESA) prepared for the Department should be conducted and reported in conformity with the standards of the American Society for Testing and Materials. The initial report should conform with the Standard Practice for Environmental Site Assessments: Phase I Assessment Process (ASTM Standard Designation: E1527-05). Any subsequent reports should also conform to ASTM standards and such other recognized industry standards as a reasonable person would deem relevant in view of the Property's anticipated use for human habitation. The environmental assessment shall be conducted by a Third Party environmental professional at the expense of the Applicant, and addressed to TDHCA as a User of the report (as defined by ASTM standards.) Copies of reports provided to TDHCA which were commissioned by other financial institutions should address TDHCA as a co-recipient of the report, or letters from both the provider and the recipient of the report should be submitted extending reliance on the report to TDHCA. The ESA report should also include a statement that the person or company preparing the ESA report will not materially benefit from the Development in any other way than receiving a fee for performing the Environmental Site Assessment, and that the fee is in no way contingent upon the outcome of the assessment. The ESA report must contain a statement indicating the report preparer has read and understood the requirements of this section.

(b) In addition to ASTM requirements, the report must:

- (1) State if a noise study is recommended for a property in accordance with current HUD guidelines and identify its proximity to industrial zones, major highways, active rail lines, civil and military airfields, or other potential sources of excessive noise;
- (2) Provide a copy of a current survey, if available, or other drawing of the site reflecting the boundaries and adjacent streets, all improvements on the site, and any items of concern described in the body of the environmental site assessment or identified during the physical inspection;
- (3) Provide a copy of the current FEMA Flood Insurance Rate Map showing the panel number and encompassing the site with the site boundaries precisely identified and superimposed on the map;
- (4) If the subject site includes any improvements or debris from pre-existing improvements, state if testing for asbestos containing materials (ACMs) would be required pursuant to local, state, and federal laws, or recommended due to any other consideration;
- (5) If the subject site includes any improvements or debris from pre-existing improvements, state if testing for Lead Based Paint would be required pursuant to local, state, and federal laws, or recommended due to any other consideration;
- (6) State if testing for lead in the drinking water would be required pursuant to local, state, and federal laws, or recommended due to any other consideration such as the age of pipes and solder in existing improvements; and
- (7) Assess the potential for the presence of Radon on the property, and recommend specific testing if necessary.

(c) If the report recommends further studies or establishes that environmental hazards currently exist on the Property, or are originating off-site but would nonetheless affect the Property, the Development Owner must act on such a recommendation or provide a plan for either the abatement or elimination of the hazard. Evidence of action or a plan for the abatement or elimination of the hazard must be presented upon Application submittal.

- (d) For Developments in programs that allow a waiver of the Phase I ESA such as a TX-USDA-RHS funded Development, the Development Owners are hereby notified that it is their responsibility to ensure that the Development is maintained in compliance with all state and federal environmental hazard requirements.
- (e) Those Developments which have or are to receive first lien financing from HUD may submit HUD's environmental assessment report, provided that it conforms to the requirements of this subsection.

§1.36. Property Condition Assessment Guidelines.

(a) General Provisions.

The objective of the Property Condition Assessment is to provide cost estimates for repairs and replacements, and new construction of additional buildings or amenities, which are: immediately necessary repairs and replacements; improvements proposed by the Applicant as outlined in a scope of work narrative submitted by the Applicant to the PCA provider that is consistent with the scope of work provided in the Application; and expected to be required throughout the term of the regulatory period and not less than thirty (30) years. For Developments proposing reconstruction, the PCA must only address costs to rehabilitate the existing buildings. The PCA prepared for the Department should be conducted and reported in conformity with the American Society for Testing and Materials "Standard Guide for Property Condition Assessments. Baseline Property Condition Assessment Process (ASTM Standard Designation: E 2018)" except as provided for in subsections (b) and (c) of this section. The PCA report must contain a statement indicating the report preparer has read and understood the requirements of this section. The PCA must include the Department's PCA Cost Schedule Supplement which details all rehabilitation costs and projected repairs and replacements through at least fifteen (15) years. The PCA must also include discussion and analysis of the following:

- (1) **Useful Life Estimates.** For each system and component of the property the PCA should assess the condition of the system or component, and estimate its remaining useful life, citing the basis or the source from which such estimate is derived;
- (2) **Code Compliance.** The PCA should review and document any known violations of any applicable federal, state, or local codes. In developing the cost estimates specified herein, it is the responsibility of the Housing Sponsor or Applicant to ensure that the PCA adequately considers any and all applicable federal, state, and local laws and regulations which may govern any work performed to the subject property;
- (3) **Program Rules.** The PCA should assess the extent to which any systems or components must be modified, repaired, or replaced in order to comply with any specific requirements of the housing program under which the Development is proposed to be financed, particular consideration being given to accessibility requirements, the Department's Housing Quality Standards, and any scoring criteria for which the Applicant may claim points;
- (4) **Statement of Acknowledgement.** The PCA provider must affirm in the report that the Applicant's scope of work for improvements and the immediate needs of the rehabilitation are considered and reconciled within the PCA report and the PCA Cost Schedule Supplement; and
- (5) **Cost Estimates for Repair and Replacement.** It is the responsibility of the Housing Sponsor or Applicant to ensure that the PCA provider is apprised of all development activities associated with the proposed transaction and consistency of the total immediately necessary and proposed repair and replacement cost estimates with the development cost schedule and scope of work submitted as an exhibit of the Application.

- (A) **Immediately Necessary Repairs and Replacement.** Systems or components which are expected to have a remaining useful life of less than one (1) year, which are found to be in violation of any applicable codes, which must be modified, repaired or replaced in order to satisfy program rules, or which are otherwise in a state of deferred maintenance or pose health and safety hazards should be considered immediately necessary repair and replacement. The PCA must provide a separate estimate of the costs associated with the repair, replacement, or maintenance of each system or component which is identified as being an immediate need, citing the basis or the source from which such cost estimate is derived.
- (B) **Proposed Repair, Replacement, or New Construction.** If the development plan calls for additional repair, replacement, or new construction above and beyond the immediate repair and replacement described in subparagraph (A) of this paragraph, such items must be identified and the nature or source of obsolescence or improvement to the operations of the Property discussed. The PCA must provide a separate estimate of the costs associated with the repair, replacement, or new construction which is identified as being above and beyond the immediate need, citing the basis or the source from which such cost estimate is derived.
- (C) **Expected Repair and Replacement Over Time.** The term during which the PCA should estimate the cost of expected repair and replacement over time must equal the longest term of any land use or regulatory restrictions which are, or will be, associated with the provision of housing on the property. The PCA must estimate the periodic costs which are expected to arise for repairing or replacing each system or component of the property, based on the estimated remaining useful life of such system or component as described in paragraph (1) of this subsection adjusted for completion of repair and replacement immediately necessary and proposed as described in subparagraphs (A) and (B) of this paragraph. The PCA must include a separate table of the estimated long term costs which identifies in each line the individual component of the property being examined, and in each column the year during the term in which the costs are estimated to be incurred and no less than fifteen (15) years. The estimated costs for future years should be given in both present dollar values and anticipated future dollar values assuming a reasonable inflation factor of not less than 2.5% per annum.

(b) If a copy of such standards or a sample report have been provided for the Department's review, if such standards are widely used, and if all other criteria and requirements described in this section are satisfied, the Department will also accept copies of reports commissioned or required by the primary lender for a proposed transaction, which have been prepared in accordance with:

- (1) Fannie Mae's criteria for Physical Needs Assessments;
- (2) Federal Housing Administration's criteria for Project Capital Needs Assessments;
- (3) Freddie Mac's guidelines for Engineering and Property Condition Reports;
- (4) TX-USDA-RHS guidelines for Capital Needs Assessment; or
- (5) Standard and Poor's Property Condition Assessment Criteria: Guidelines for Conducting Property Condition Assessments, Multifamily Buildings.

(c) The Department may consider for acceptance reports prepared according to other standards which are not specifically named above in subsection (b) of this section, if a copy of such standards or a sample report have been provided for the Department's review, if such standards are widely used, and if all other criteria and requirements described in this section are satisfied.

- (d) The PCA shall be conducted by a Third Party at the expense of the Applicant, and addressed to TDHCA as the client. Copies of reports provided to TDHCA which were commissioned by other financial institutions should address TDHCA as a co-recipient of the report, or letters from both the provider and the recipient of the report should be submitted extending reliance on the report to TDHCA. The PCA report should also include a statement that the person or company preparing the PCA report will not materially benefit from the Development in any other way than receiving a fee for performing the PCA. The PCA report must contain a statement indicating the report preparer has read and understood the requirements of this section. The PCA should be signed and dated by the report provider not more than six (6) months prior to the date of the application.

§1.37. Reserve for Replacement Rules and Guidelines.

(a) General Provisions.

The Department will require Developments to provide regular maintenance to keep housing sanitary, safe and decent by maintaining a reserve for replacement in accordance with §2306.186 Texas Government Code. The reserve must be established for each unit in a Development of 25 or more rental units, regardless of the amount of rent charged for the unit. The Department shall, through cooperation of its divisions responsible for asset management and compliance, ensure compliance with this section.

- (b) The First Lien Lender shall maintain the reserve account through an escrow agent acceptable to the First Lien Lender to hold reserve funds in accordance with an executed escrow agreement and the rules set forth in this section and §2306.186 Texas Government Code.

- (d) If the Development meets the minimum unit size described in subsection (a) of this section and the establishment of a Reserve Account for repairs has not been required by the First Lien Lender or Bank Trustee, each Owner receiving Department assistance for multifamily rental housing shall set aside the repair reserve amount as described in subsection (e)(1) - (3) of this section through the date described in subsection (f)(2) of this section through the appointment of an escrow agent as further described in subsection (b)(3) of this section.
- (e) If the Department is the First Lien Lender with respect to the Development, each Owner receiving Department assistance for multifamily rental housing shall deposit annually into a Reserve Account through the date described in subsection (f)(2) of this section.
- (1) For new construction Developments:
 - (A) Not less than \$150 per unit per year for units one (1) to five (5) years old; and

 - (2) For rehabilitation Developments:
 - (A) An amount per unit per year established by the Department's division responsible for credit underwriting based on the information presented in a Property Condition Assessment in conformance with §1.36 of this subchapter; and
 - (B) Not less than \$300 per unit per year.
 - (3) For either new construction or rehabilitation Developments, the Owner of a multifamily rental housing Development shall contract for a third-party Property Condition Assessment meeting the requirements of §1.36 of this subchapter and the Department will reanalyze the annual reserve requirement based on the findings and other support documentation.
 - (A) A Property Condition Assessment will be conducted:
 - (i) At appropriate intervals that are consistent with requirements of the First Lien Lender, other than the Department; or
 - (ii) At least once during each five-year period beginning with the 11th year after the awarding of any financial assistance for the Development by the Department, if the Department is the First Lien Lender or the First Lien Lender does not require a third-party Property Condition Assessment.

- (B) Submission by the Owner to the Department will occur within thirty (30) days of completion of the Property Condition Assessment and must include:
 - (i) The complete Property Condition Assessment;
 - (ii) First Lien Lender and/or Owner response to the findings of the Property Condition Assessment;

 - (iv) Documentation of adjustments to the amounts held in the replacement Reserve Account based upon the Property Condition Assessment.

- (f) A Land Use Restriction Agreement or restrictive covenant between the Owner and the Department must require:
 - (1) The Owner to begin making annual deposits to the reserve account on the later of:
 - (A) The date that occupancy of the Development stabilizes as defined by the First Lien Lender or in the absence of a First Lien Lender other than the Department, the date the property is at least 90% occupied; or
 - (B) The date that permanent financing for the Development is completely in place as defined by the First Lien Lender or in the absence of a First Lien Lender other than the Department, the date when the permanent loan is executed and funded.

SUBCHAPTER B AVAILABILITY OF FUNDS, APPLICATION REQUIREMENTS, AND REVIEW AND AWARD PROCEDURES

§53.20. Availability of Funds.

The Department will make HOME funds available through Notices of Funding Availability (each a NOFA) or the procurement of a contractor. Funds made available under a NOFA may be allocated through Contract awards to Contract Administrators (CAs) or by providing the ability to submit Reservations of Funds for Reservation System Participants (RSPs). Funds subject to regional allocation shall be made available as follows:

- (1) Applicants applying in response to a Competitive Application Cycle will be ranked highest to lowest by subregion. Funding that remains available after awarding all available eligible Applications in each subregion shall collapse and be directed to the next Application in the most underserved subregion. If funding is made available to multiple Program Activities under one NOFA, the funds remaining after awarding all eligible Applications by Program Activity shall collapse and be directed to the next Application in the most underserved subregion regardless of Program Activity;
- (2) Funds made available through an Open Application Cycle and subject to regional allocation shall be made available to each subregion for a time period to be specified in the applicable NOFA, after which the funds remaining shall collapse and be made available statewide; and
- (3) In the event of a tie between two or more Applicants, the Department reserves the right to determine which Application will receive a recommendation for funding, or as otherwise specified in the NOFA. Tied Applicants may also receive a partial recommendation for funding.

§53.21. Application Forms and Materials and Deadlines.

- (a) The Department will develop and publish an Application, which if completed by an eligible Applicant, would satisfy the requirements for requesting funds from the Department. The Department will also issue an ASPM to provide guidance on proper completion of the Application.
- (b) Applicants must submit an Application for a Contract award by the deadline date specified in the NOFA. Applications for participation in a reservation system may be submitted on an ongoing basis throughout the year. All Applications must be received during business hours on any day in which the Department is open for business.

§53.22. Contract Award Application Review Process.

- (a) An Application received by the Department in response to an Open Application Cycle NOFA will be assigned a "Received Date" based on the date it is received by the Division. An Application will be prioritized for review based on its "Received Date." An Application with outstanding Administrative Deficiencies may be held from further review until all Administrative Deficiencies have been cured. Applications that have completed the review process may be presented to the Board for approval with

priority over Applications that continue to have Administrative Deficiencies at the time Board materials are prepared, regardless of "Received Date." If all funds available under a NOFA are awarded, all remaining Applicants will be notified and the remaining Applications will not be processed. Notwithstanding the foregoing, for an Applicant that has also applied under the competitive housing tax credit cycle for the same development, the following shall apply:

(1) The HOME Application shall not lose its "Received Date" priority to applicants that are not requesting housing tax credits unless the development does not receive an award of housing tax credits by July 31st of the year of the cycle (For example: A HOME-only application that is received after the start of the competitive housing tax credit cycle may not be presented to the Board for approval until HOME and housing tax credit layered applications with priority "Received Dates" are presented for approval and the layered application would maintain its "Received Date" priority); and

(2) Applications that have not submitted third party reports due to a later deadline under the housing tax credit program may be held as incomplete Applications until the housing tax credit deadline for submission of third party reports. Such Applications will not be considered complete Applications and shall not be assigned a "Received Date" until the third party reports are received.

(b) For Applications received by the Department in response to a Competitive Application Cycle NOFA, the Department will accept Applications on an ongoing basis during the Application Acceptance Period as specified in the NOFA. Applications will be prioritized for review based upon the score of the Application.

(c) Administrative Deficiencies. An Administrative Deficiency may not be cured if it would require substantially changing an Application or providing any new unrequested information. An Applicant may not change or supplement any part of an Application in any manner after submission to the Department, and may not add any set-asides, increase the award request amount, or revise the unit mix (both income levels and bedroom mixes), except in response to a direct request from the Department to remedy an Administrative Deficiency as further described in this chapter or by amendment of an Application after the Board approval of a HOME award. The curative time periods allowable for Administrative Deficiencies are: for Applications received under an Open Application Cycle NOFA, Administrative Deficiencies not cured within five (5) business days will be terminated. Applicants that have been terminated may reapply for funds; or for Applications received under a Competitive Application Cycle NOFA, if Administrative Deficiencies are not cured to the satisfaction of the Department within five (5) business days of the deficiency notice date, then five (5) points shall be deducted from the selection score for each additional day the Administrative Deficiency remains unresolved. If Administrative Deficiencies are not clarified or corrected within seven (7) business days from the deficiency notice date, then the Application shall be terminated. An Applicant may not adjust the self-score without a request from the Department as a result of an Administrative Deficiency.

§53.23. Reservation System Participant Review Process.

(a) In order for an Applicant to participate in the reservation system, the Department must review and approve an Application to become a Reservation System Participant (RSP). Applications will be

reviewed and presented to the Executive Director for approval in the order they are received. Any such approval will be subject to ratification by the Board prior to Commitment of Funds.

(b) Applications for recertification may be submitted ninety (90) days prior to the end of the RSP agreement term and will be required to demonstrate that all Application requirements are met.

(c) Administrative Deficiencies must be cured within ten (10) business days of the date of the deficiency notice. If Administrative Deficiencies are not clarified or corrected within ten business days from the deficiency notice date, the Application may be terminated.

§53.24. General Threshold and Selection Criteria.

All Applicants and Applications must submit or comply with the following:

(1) An Applicant certification of compliance with state and federal laws and state and federal rules and guidance governing the HOME Program;

(2) A resolution signed and dated within the six (6) months preceding the Application submission date from the Applicant's direct governing body which includes:

(A) Authorization of the submission of the Application;

(B) Commitment and amount of cash reserves, if applicable, for use during the Contract or RSP agreement term;

(C) Source of funds for Match obligation and Match dollar amount, if applicable;

(D) Name and title of the person authorized to represent the organization; and

(E) Signature authority to execute a contract;

(3) Any Applicant requesting \$25,000 or more must be registered in the federal Central Contractor Registration (CCR) and have a current Data Universal Numbering System (DUNS) number. Applicants requesting funds for multifamily housing development and that are "to-be-formed" are not required to submit a CCR or DUNS number until after award but prior to Contract execution. If the property will be owned by a partnership, the partnership must be the registrant. If a partnership will be receiving funds under the CHDO set-aside, the partnership and the CHDO must both be registered;

(4) An Application fee, to be defined in the NOFA, which is sufficient to discourage the submission of partial or incomplete Applications except as otherwise allowed by state statute;

(5) To be eligible for a new Contract award, an Applicant must have committed funds to at least 80% of the total number of contractually required Households or has committed at least 80% of the total Project funds on their current Contract for the same Program Activity. This provision shall not apply to Applications submitted for disaster relief funding or those with an exclusively different Service Area;

(6) An Application must be substantially complete when received by the Department. An Application will be terminated if an entire volume of the Application is missing; has excessive omissions of documentation from the threshold or selection criteria or uniform Application documentation; or is so unclear, disjointed, or incomplete that a thorough review cannot reasonably be performed by the Department, as determined by the Department. Such Application will be terminated without being processed as an Administrative Deficiency. To the extent that a review was able to be performed, specific reasons for the Department's termination will be included in the notification sent to the Applicant but, because of the suspended review, may not include an all inclusive list of deficiencies in the Application; and

(7) The Department may incentivize or provide preference to Applicants targeting very low and extremely low income Households or to Applicants that have successfully executed a previous HOME Contract with the Department. Such incentives may be established in the form of threshold or selection criteria in the NOFA and may be different for each Program Activity.

§53.25. Contract Award Limitations.

(a) Project Funds Limits. Project funds for Contract awards are limited to \$500,000 per Contract Administrator for Homeowner Rehabilitation and Contract for Deed Conversion Program Activity Applicants and \$300,000 per Contract Administrator for Homebuyer Assistance and Tenant-Based Rental Assistance Program Activity Applicants. The Contract award limits for Project funds for Single Family Development and Multifamily (Rental Housing) Development Program Activity Applicants may be higher and will be established in the NOFA for these activities.

(b) Contract Award Terms. With the exception of Tenant-Based Rental Assistance, all Program Activity Contract awards will have a Contract term of twenty-four (24) months exclusive of any applicable affordability period or loan term. Tenant-Based Rental Assistance Program Activity Contract awards will have a Contract term of thirty-six (36) months.

(c) Contract Award Benchmarks. All Contract Administrators must submit to the Department complete Project setup information for the Commitment of Funds of all contractually required Households in accordance with the requirements herein within twelve (12) months from the effective date of the Contract. All remaining funds will be automatically deobligated and returned to the Department unless an amendment has been requested in writing prior to this date and is approved.

(d) Amendments. The Division Director may approve amendments to Contract awards except amendments to extend the Contract and benchmarks by more than six (6) months, increase Project funds, or that would have negatively impacted the priority of the Board-approved Application. The Executive Director may approve amendments except to extend the Contract and benchmarks by more than twelve (12) months, increase Project funds by more than 25% or \$50,000, whichever is greater, or that would have negatively impacted the priority of the Board approved Application in the Executive Director's estimation. The Board may, on a case by case basis, approve amendments provided such approval would not cause a violation of the Department's rules or federal requirements.

(e) Voluntary deobligation. The Contract Administrator may fully deobligate funds in the form of a written request signed by the executor of the Contract. The Contract Administrator may partially

deobligate funds under a Contract in the form of a written request from the executor if the letter also deobligates the associated number of targeted Households, funds for Administrative costs, and Match and the partial deobligation would not have impacted the award of the Contract.

(f) The Department may request information regarding the performance or status under a Contract prior to a Contract benchmark or at various times during the term of a Contract. Contract Administrator must respond in a timely manner to such requests from the Department. Prolonged or repeated failure to respond may result an Administrative Deficiency and ultimately in termination of the Contract by the Department.

(g) The Department reserves the right to reduce the amount requested in an Application, condition the award recommendation, or terminate the Application based on Program Activity or Project feasibility, past performance, underwriting analysis, or availability of funds. The recommendation with amendments, if any, approved by the Board, will supersede any conflicting Application information.

(h) Pre-Award Costs. Before the effective date of the HOME Contract, the Contract Administrator may incur and be reimbursed for travel costs, as provided for with Administrative funds, related to mandatory training required by the Department as a condition of receiving a HOME award and Contract. Department authorized pre-award costs for predevelopment costs, including but not limited to legal, architectural, engineering, appraisal, surveying, environmental, and market study fees, may be paid if incurred before the effective date of the Contract if the costs are in accordance with 24 CFR §92.212 and at the sole discretion of the Department.

§53.26. Reservation System Participant (RSP) Agreements.

(a) Terms of agreement. RSP agreements will have a twenty-four (24) month term for all Program Activities. Execution of an RSP agreement does not guarantee the availability of funds under a reservation system.

(b) Limits on Number of Reservations. The number of Homeowner Rehabilitation, Homebuyer Assistance or Single Family Development reservations for an RSP is limited to five (5) per county within the RSP's Service Area at any given time. The number of Tenant-Based Rental Assistance reservations for an RSP is limited to thirty (30) at any given time.

(c) Extremely Low-Income Households. Except for Households served with HBA or SFD funds, each RSP will be required to serve at least one (1) Household at or below 30% of AMFI out of every four (4) Households submitted and approved for assistance.

(d) Match. An RSP must meet the tiered Match requirements per Program Activity for at least every fourth Household submitted and approved for assistance. For example, if Match is not provided for the first three (3) Households assisted by an RSP, the Match provided to the fourth Household must meet the Match requirement for all four (4) Households.

(e) Completion of Construction. For Activities involving construction, an RSP must complete construction and submit all requests for disbursement within nine (9) months from the Commitment of Funds for the Activity.

(f) Extensions. The Division Director may approve one three (3) month time extension to the Commitment of Funds to allow for the completion of construction and submission of requests for disbursement.

(g) An RSP must remain in good standing with the Department, the State of Texas, and HUD. If an RSP is not in good standing, participation in the reservation system will be suspended and may result in termination of the RSP agreement.

§53.81. Multifamily (Rental Housing) Development (MFD) Program Requirements.

(a) Eligible activities include the acquisition or refinancing and New Construction or Rehabilitation of multifamily housing Developments. Housing assisted with HOME funds must meet all applicable codes and standards. Additionally, the Development must meet or exceed the requirements of the Texas Property Code relating to security devices and other applicable requirements for residential tenancies, and will adhere to local building codes or if no local building codes are in place then to the most recent version of the International Building Code.

(b) Developments involving New Construction will be limited to no more than 252 total units. This maximum unit limitation also applies to those Developments which involve a combination of Rehabilitation and New Construction. Developments that consist solely of acquisition and Rehabilitation or Reconstruction only may exceed the maximum unit restrictions. The minimum number of units shall be 8 units.

(c) This Program Activity is a CHDO-eligible activity.

(d) A Development receiving funds under this section shall have a LURA filed and recorded at the time of Loan closing and prior to any disbursement of HOME funds. The Department may require that a second LURA be filed and recorded if the restrictions to be placed on the Development exceed those of the federal requirements. Such second LURA shall include all of the requirements that exceed the federally required restrictions.

(e) In addition to the federal restrictions, Developments receiving funds under this section must meet the following rent and income restrictions:

NOTE: This copy of 10 TAC Chapter 53, “State HOME Program Rule” is for reference purposes only. All final determinations are subject to the rule as published on the Texas Secretary of State website at [http://info.sos.state.tx.us/pls/pub/readtac\\$ext.ViewTAC?tac_view=3&ti=10&pt=1](http://info.sos.state.tx.us/pls/pub/readtac$ext.ViewTAC?tac_view=3&ti=10&pt=1)

(1) At least 20% of the total number of units in the Development must be restricted as HOME units;

(2) At least 5% of the total number of units in the Development must be set-aside for households at or below 30% of AMFI and must have rent restrictions at 30% of AMFI; and

(3) Developments receiving funds under the Persons with Disabilities set-aside are not required to meet the requirements under paragraph (1) or (2) of this subsection but must restrict all HOME units at 50% of AMFI or below and at least 5% of the HOME units at 30% of AMFI or below.

(f) Project funds awarded to Developments under this section shall be structured in the form of a loan or loans as follows:

(1) The interest rate may be as low as 2% provided all requirements of this chapter and §1.32 of this title are met. To the extent that Match in an amount of 5% or more of the HOME funds is provided, an interest rate as low as 0% may be requested;

(2) Unless structured only as an interim construction or bridge loan, the loan term shall be no less than fifteen (15) years and no greater than forty (40) years and the amortization schedule shall be no less than twenty (20) years and no greater than forty (40) years;

(3) The loan shall be structured with a regular monthly payment beginning at the end of the construction period and continuing for the loan term. If the first lien mortgage is a federally insured HUD or FHA mortgage, the Department may approve a loan structure with annual payments payable from surplus cashflow provided that the debt coverage ratio, inclusive of the loan, continues to meet the requirements in §1.32 of this title. The Board may also approve, on a case-by-case basis, a cashflow loan structure provided it determines that the financial risk is outweighed by the need for the proposed housing; and

(4) The loan shall have a deed of trust with a lien position consistent with the principal amount of the loan in relation to the principal amounts of the other sources of financing. Notwithstanding the foregoing, the loan shall have a lien position that is superior to any other sources of financing that have soft repayment structures, non-amortizing balloon notes, are deferred forgivable loans or in which the lender has an Identity of Interest with any member of the development team. The Board may also approve, on a case-by-case basis, an alternative lien priority provided it determines that the financial risk is outweighed by the need for the proposed housing.

(g) Closing on the Loan shall be conditioned upon the occurrence of closing with any superior lien holders or any other sources of funds determined to be necessary for the long-term financial feasibility of the Development and all due diligence determined by the Department to be prudent and necessary to meet the Department's rules, the HOME Final Rule, and to secure the interests of the Department.

(h) When Department funds have a first lien position, assurance of completion of the development in the form of payment and performance bonds in the full amount of the construction contract will be required or equivalent guarantee in the sole determination of the Department. Such assurance of

completion will run to the Department as obligee. Development Owners also utilizing the USDA §515 program are exempt from this requirement but must meet the alternative requirements set forth by USDA.

(i) All HOME units required under this section shall be restricted as "floating" HOME units in accordance with the meaning ascribed by HUD except for units receiving funds for the development of units for persons with disabilities in which case such units shall be designated "fixed" HOME units. Development Owner must use its best efforts to distribute units reserved for Low Income Families, Very Low Income Families and Extremely Low Income Families among unit sizes in proportion to the distribution of unit sizes in the Property and to avoid concentration of Low Income Families, Very Low Income Families and Extremely Low Income Families in any area or areas of the Property.

§53.82. Multifamily (Rental Housing) Development (MFD) Administrative Requirements.

(a) Loan closing. The Development Owner must submit the following with a request for the preparation of loan closing:

Submission of documentation related to the Development Owner's compliance with following requirements may be required with a request for disbursement.

- (1) Except disbursements for acquisition and closing costs, a down date endorsement to the title policy not older than the date of the last disbursement of funds or forty-five (45) days,

whichever is later. For release of retainage the down date endorsement must be dated at least thirty (30) days after the date of construction completion;

(2) For hard construction costs, documentation of the total construction costs incurred and costs incurred since the last disbursement of funds. Such documentation must be signed by the General Contractor and certified by the Development architect and is generally in the form of an AIA Form G702 or G703;

(3) If applicable, up to 50% of Project funds for an Activity may be drawn before providing evidence of Match. Thereafter, each CA or RSP must provide evidence of Match, including the date of provision, in accordance with the percentage of Project funds disbursed;

(B) For Developments in which the Loan is not secured by a first lien deed of trust or the Development is also utilizing Housing Tax Credits to finance development, Developer fees will not be reimbursed by the Department unless the other lenders and syndicator confirm in writing that they do not have an existing or planned agreement to govern the disbursement of Developer fees and expect that Department funds shall be used to fund Developer fees. Provided this requirement is met, developer fees shall be reimbursed in the same manner as described in subparagraph (A) of this paragraph; and

(C) The Department may reasonably withhold any disbursement of developer fees if it is determined that is not progressing as necessary to meet Contract benchmarks or that cost overruns may put the Department's funds or completion within budget at risk. Once a reasonable alternative that is deemed acceptable by the Department has been provided, disbursement of the remaining fee may occur;

(7) Expenditures must be allowable and reasonable in accordance with federal, state, and local rules and regulations. The Department shall determine the reasonableness of each expenditure requested. The Department may request Development Owner to make modifications to the disbursement request and is authorized to modify the disbursement procedures set forth herein and to establish such additional requirements for payment of HOME funds to Development Owner as may be necessary or advisable for compliance with all program requirements;

(8) Table funding requests must be submitted to the Department with complete documentation no later than ten (10) business days prior to the anticipated loan closing date. (9) Include the withholding of 10% of hard construction costs for retainage. Retainage will be held until at least thirty (30) days after completion of construction, a final inspection is completed and clearance is issued by the Department, labor standards final wage compliance report, and receipt of certificates of occupancy for new construction or a certification of completion from the Development architect for rehabilitation;

(10) For final disbursement requests, submission of documentation required for Project completion reports; and

(11) The final request for disbursement must be submitted to the Department with support documentation no later than sixty (60) days after the termination date of the Contract in order to remain in compliance with Contract and eligible for future funding. The Department shall not be obligated to pay for costs incurred or performances rendered after the termination date of a Contract.

§35.1. Introduction.

The purpose of this chapter is to state the Texas Department of Housing and Community Affairs (the "Department") requirements for issuing Bonds, the procedures for applying for multifamily housing revenue Bond financing, and the regulatory and land use restrictions imposed upon Developments financed with the issuance of Bonds for the 2011 Private Activity Bond Program year. The rules and provisions contained in this chapter are separate from the rules relating to the Department's administration of the Housing Tax Credit Program. Applicants seeking a housing tax credit allocation should consult the Department's Qualified Allocation Plan ("QAP"), in effect for the program year for which the Housing Tax Credit application will be submitted. If the applicable QAP contradicts rules set forth in this chapter, the applicable QAP will take precedence over the rules in this chapter. The Department encourages the participation in the Multifamily Bond programs by working directly with Applicants, lenders, trustees, legal counsels, local and state officials and the general public to conduct business in an open, transparent and straightforward manner. The Department has simplified the process, within the limitation of statute, to affirmatively support and create affordable housing throughout the State of Texas.

§35.2. Authority.

The Department receives its authority to issue Bonds from Chapter 2306 of the Texas Government Code. All Bonds issued by the Department must conform to the requirements of the Act. The Department will issue Bonds to finance the rehabilitation, preservation or construction of decent, safe and affordable housing throughout the State of Texas. Eligible Developments may include those which are constructed, acquired, or rehabilitated and which provide housing for individuals and families of Low Income, Very Low Income, or Extremely Low Income, and Families of Moderate Income. Notwithstanding anything herein to the contrary, tax-exempt Bonds which are issued to finance the Development of multifamily rental housing are specifically subject to the requirements of the laws of the State of Texas, including but not limited to Chapter 2306 and Chapter 1372 of the Texas Government Code relating to Private Activity Bonds, and to the requirements of the Code (as defined in this title).

§35.3. Definitions.

The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise. Any capitalized terms not specifically mentioned in this section shall have the meaning as defined in Texas Government Code, Chapter 2306, §§42, 141 and 145 of the Internal Revenue Code, and §1.1 of this title (relating to Definitions) and repeated in the Tax Credit (Procedures) Manual.

§35.4. Bond Rating and Investment Letter.

- (a) **Bond Ratings.** All publicly offered Bonds issued by the Department to finance Developments shall have and be required to maintain a debt rating the equivalent of at least an "A" rating assigned to long-term obligations by Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. or Moody's Investors Service, Inc. If such rating is based upon credit enhancement provided by an institution other than the Applicant or Development Owner, the form and substance of such credit enhancement shall be subject to approval by the Board, which approval shall be evidenced by adoption by the Board of a resolution authorizing the issuance of the credit-enhanced

Bonds. Remedies relating to failure to maintain appropriate credit ratings shall be provided in the financing documents relating to the Development.

- (b) Investment Letters. Bonds rated less than "A," or Bonds which are unrated must be placed with one or more Institutional Buyers and must be accompanied by an investment letter acceptable to the Department. Bonds rated less than "A" and Bonds which are unrated shall be issued in physical form, in minimum denominations of one hundred thousand dollars (\$100,000), and shall carry a legend requiring any purchasers of the Bonds to sign and deliver to the Department an investment letter in a form acceptable to the Department.

§35.5. Application Procedures, Evaluation and Approval.

- (a) Application Costs, Costs of Issuance, Responsibility and Disclaimer. The Applicant shall pay all costs associated with the preparation and submission of the Pre-application--including costs associated with the publication and posting of required public notices--and all costs and expenses associated with the issuance of the Bonds, regardless of whether the Application is ultimately approved or whether Bonds are ultimately issued. At any stage during the Application process, the Applicant is solely responsible for determining whether to proceed with the Application, and the Department disclaims any and all responsibility and liability in this regard.
- (b) Pre-application. An Applicant who requests financing from the Department for a Development shall submit a pre-application in the format prescribed by the Department. Within fourteen (14) days of the Department's receipt of the pre-application, the Department will be responsible for federal, state, and local community notifications of the proposed Development. Upon review of the pre-application, if the Development is determined to be ineligible for Bond financing by the Department pursuant to §49.4 of this title (relating to Ineligible Applicants, Applications and Developments), the Department will send a letter to the Applicant explaining the reason for the ineligibility. If the Development is determined to be eligible for Bond financing by the Department, the Department will score and rank the pre-application based on the Private Activity Bond Program Scoring Criteria as described in subsection (e) of this section.
 - (1) The Department will rank the pre-application with higher scores ranking higher within each priority defined by §1372.0321, Texas Government Code. All Priority 1 Applications will be ranked above all Priority 2 Applications which will be ranked above all Priority 3 Applications, regardless of score, reflecting a priority structure which gives consideration to the income levels of the tenants and the rent levels of the units consistent with §2306.359, Texas Government Code. This priority ranking will be used throughout the calendar year. In the event two or more Applications receive the same score, the Department will use, as a tie-breaking mechanism, a priority first for Applications involving rehabilitation; then if a tie still exists, the Application with the greatest number of points awarded for Quality and Amenities for the Development; then if a tie still exists, the Department will grant preference to the pre-application with the lower number of net rentable square feet per bond amount requested. Pre-Applications must meet the threshold requirements as stated in the Private Activity Bond Program Threshold Requirements as set out in subsection (d) of this section.

- (2) After scoring and ranking, the Development and the proposed financing structure will be presented to the Department's Board for consideration of an inducement resolution declaring the Department's initial intent to issue Bonds with respect to the Development.
- (c) Approval of the inducement resolution does not guarantee final Board approval of the Bond Application. Department staff, for good cause, may recommend that the Board not approve an inducement resolution for an Application. Because each Development is unique, making the final determination is often dependent on the issues presented at the time the full Application is presented to the Board.
- (d) Pre-Application Threshold Requirements.
- (1) As the Department reviews the Application, the Department will use the assumptions as reflected in §1.32 of this title (relating to Underwriting Rules and Guidelines), even if not reflected by the Applicant in the Application.
- (A) Construction Costs Per Unit Assumption. Costs not to exceed \$85 per square foot for general population developments and \$95 for elderly developments (Rehabilitation developments are exempt from this requirement);

The potential expiration of site control does not warrant the application being presented to the TDHCA Board prior to the scheduled meeting.
- (4) Current Market Information (must support affordable rents).
- (5) Completed current TDHCA Bond Pre-Application.
- (6) Completed 2011 Bond Review Board Residential Rental Attachment.

The "Public Information Form" must be completed and include a list of all of the recipients (including names and complete addresses). Proof of delivery, though not required to be submitted with the Application, must not be older than three months prior to the date of Application submission date. Notification must be sent to all the following individuals and entities (if the QAP in effect for the program year for which the Bond and Housing Tax Credit applications are submitted reflect a notification process that is different from the process listed in subparagraphs (A) - (G) of this paragraph, then the QAP will override the notification process listed in subparagraphs (A) - (G) of this paragraph):

An Applicant who elects to proceed with submitting a final Application to the Department must submit the Volumes I and II of the Application, for Priority 1 and 2, prior to receipt of a Certificate of Reservation of allocation from the Texas Bond Review Board. For Priority 3 Applications the Volumes I and II must be submitted within fourteen (14) days of the Certificate of Reservation date from the Texas Bond Review Board. The Volume III of the Application and such supporting material as is required by the Department must be submitted at least sixty (60) days prior to the scheduled meeting of the Board at which the Development and the Bond issuance are to be considered, unless the Department directs the Applicant otherwise in writing. If the Applicant is applying for other Department funding then refer to the Rules for that program for Application submission requirements. The full Application must adhere to the Department's QAP in effect for the program year for which the Bond and Housing Tax Credit applications are submitted. The Department may determine that supporting materials listed in the full Application shall be provided subsequent to the final Application deadline in accordance with a schedule approved by the Department. Failure to provide any supporting materials in accordance with the approved schedule may be grounds for terminating the Application and returning the reservation to the Texas Bond Review Board.
-

- (1) A Public Notification Sign shall be installed on the proposed Development site, regardless of Priority as described in §49.8(9)(B) of this title.
 - (2) Completed Uniform Application and Multifamily Rental Worksheets in the format required by the Department as posted to the Department's website.

- (j) Eligibility Criteria. The Department, in addition to those items described in §49.4 of this title, will evaluate the Development for eligibility at the time of pre-application, and at the time of full Application. If there are changes to the Application that have an adverse affect on the score and ranking order and that would have resulted in the Application being placed below another Application in the ranking, the Department will terminate the Application and return the Certificate of Reservation to the Texas Bond Review Board (with the exception of changes to deferred developer's fees and support or opposition points). The Development and the Applicant must satisfy the conditions set out in paragraphs (1) and (2) of this subsection in order for a Development to be considered eligible:
- (1) The proposed Development must further meet the public purposes of the Department as identified in the Code.
 - (2) An application may include either the rehabilitation or new construction, or both the rehabilitation and new construction, of qualified residential rental facilities located at multiple sites and with respect to which 51% or more of the residential units are located:
 - (A) in a county with a population of less than 75,000; or
 - (B) in a county in which the median income is less than the median income for the state, provided that the units are located in that portion of the county that is not included in a metropolitan statistical area containing one or more projects that are proposed to be financed, in whole or in part, by an issuance of bonds. The number of sites may be reduced as needed without affecting their status as a project for purposes of the application, provided that the final application for a reservation contains at least two sites. (§1372.002, Texas Government Code)
- (k) Bond Documents. After receipt of the final Application, bond counsel for the Department shall draft Bond documents which conform to the state and federal laws and regulations which apply to the transaction.
- (l) Public Hearings; Board Decisions. For every Bond issuance, the Department will hold a public hearing in accordance with §147(f) of the Code, in order to receive comments from the public pertaining to the Development and the issuance of the Bonds. The Applicant or member of the Development team must be present and will be responsible for conducting a brief presentation on the proposed Development and providing handouts at the hearing that should contain at a minimum, a description of the Development, maximum rents and income restrictions. If the proposed Development is a Rehabilitation then the presentation should include the scope of work that will be done to the property. All handouts must be submitted to the Department for review at least two (2) days prior to the public hearing. Publication of all notices required for the public hearing shall be at the sole expense of the Applicant. The Board's decisions on approvals of proposed

Developments will consider all relevant matters. Any topics or matters, alone or in combination, may or may not determine the Board's decision. The Department's Board will consider the following topics in relation to the approval of a proposed Development:

- (1) The Developer market study;
- (2) The location;
- (3) The compliance history of the Developer;
- (4) The financial feasibility;
- (5) The appropriateness of the Development's size and configuration in relation to the housing needs of the community in which the Development is located;
- (6) The Development's proximity to other low-income housing Developments;
- (7) The availability of adequate public facilities and services;
- (8) The anticipated impact on local school districts;
- (9) Zoning and other land use considerations;
- (10) Any matter considered by the Board to be relevant to the approval decision and in furtherance of the Department's purposes; and
- (11) Other good cause as found by the Board.

(m) Approval of the Bonds.

- (1) Subject to the timely receipt and approval of commitments for financing, an acceptable evaluation for eligibility, the satisfactory negotiation of Bond documents, and the completion of a public hearing, the Board, upon presentation by the Department's staff, will consider the approval of the Bond issuance, final Bond documents and in the instance of privately placed Bonds, the pricing of the Bonds. The process for appeals and grounds for appeals may be found under §1.7 and §1.8 of this title. To the extent applicable to each specific bond issuance, the Department's conduit housing transactions will be processed in accordance with 34 TAC Part 9, Chapter 181, Subchapter A (relating to the Texas Bond Review Board rules) and Chapter 1372, Texas Government Code. The Bond issuance must receive an approving opinion from the Department's bond counsel with respect to the legality and validity of the Bonds and the security therefore, and in the case of tax-exempt Bonds, with respect to the excludability from gross income for federal income tax purposes of interest on the Bonds.
- (2) Alternative Dispute Resolution Policy. The Department encourages use of Alternative Dispute Resolution methods as outlined in §1.17 of this title.

(n) Local Permits. Prior to the closing of the Bonds, all necessary approvals, including building permits, from local municipalities, counties, or other jurisdictions with authority over the Development must have been obtained or evidence that the permits are obtainable subject only to payment of certain fees must be provided to the Department.

(o) Closing. If there are changes to the Application prior to closing that have an adverse effect on the score and ranking order that would have resulted in the Application being placed below another Application in the ranking, the Department will terminate the Application and return the reservation to the Texas Bond Review Board (with the exception of changes to deferred developer's fees and support or opposition points). Once all approvals have been obtained including final approval by the Board and Bond documents have been finalized to the respective parties' satisfaction, the Bond transaction will close. Any outstanding Housing Trust Fund Pre-Development loans for the proposed Development site must be paid in full at the time the bond transaction is closed. All Applicants are subject to §1.20(g) of this title (relating to Asset Resolution and Enforcement). Upon satisfaction of all conditions precedent to closing, the Department will issue

Bonds in exchange for payment thereof. The Department will then loan the proceeds of the Bonds to the Applicant and disbursements of the proceeds may begin.

§35.6.Regulatory and Land Use Restrictions.

- (a) Filing and Term of LURA. A Regulatory and Land Use Restriction Agreement or other similar instrument (the "LURA"), will be filed in the property records of the county in which the Development is located for each Development financed from the proceeds of Bonds issued by the Department. The term of the LURA will be the longer of thirty (30) years, from the date the Development Owner takes legal possession of the Development or until the end of the remaining term of the existing federal government assistance pursuant to §2306.185.
- (b) Development Occupancy. The LURA will specify occupancy restrictions for each Development based on the income of its tenants, and will restrict the rents that may be charged for Units occupied by tenants who satisfy the specified income requirements. Pursuant to §2306.269, Texas Government Code, the LURA will prohibit a Development Owner from excluding an individual or family from admission to the Development because the individual or family participates in the housing choice voucher program under Section 8, United States Housing Act of 1937 (the "Housing Act"), and from using a financial or minimum income standard for an individual or family participating in the voucher program that requires the individual or family to have a monthly income of more than two and one half (2.5) times the individual's or family's share of the total monthly rent payable to the Development Owner. Development occupancy requirements must be met on or prior to the date on which Bonds are issued unless the Development is under construction. Adequate substantiation that the occupancy requirements have been met, in the sole discretion of the Department, must be provided prior to closing. Occupancy requirements exclude Units for managers and maintenance personnel that are reasonably required by the Development.
- (c) Set Asides.
- (1) Developments which are financed from the proceeds of Private Activity Bonds or from the proceeds of Qualified §501(c)(3) Bonds must be restricted under one of the following two minimum set-asides:
 - (A) at least 20% of the Units within the Development that are available for occupancy shall be occupied or held vacant and available for occupancy at all times by persons or families whose income does not exceed 50% of the area median income; or
 - (B) at least 40% of the Units within the Development that are available for occupancy shall be occupied or held vacant and available for occupancy at all times by persons or families whose income does not exceed 60% of the area median income.
 - (2) The Development Owner must designate at the time of Application which of the two set-asides will apply to the Development and must also designate the selected priority for the Development in accordance with §1372.0321, Texas Government Code. Units intended to satisfy set-aside requirements must be distributed evenly throughout the Development, and must include a reasonably proportionate amount of each type of Unit available in the Development.
 - (3) No tenant qualifying under either of the set-asides shall be denied continued occupancy of a Unit in the Development because, after commencement of such occupancy, such tenant's income increases to exceed the qualifying limit; provided, however, that, should a tenant's income, as of the most recent determination thereof, exceed 140% of the then applicable income limit and such tenant constitutes a portion of the set-aside requirement of this section, then such tenant

shall only continue to qualify for so long as no Unit of comparable or smaller size is rented to a tenant that does not qualify as a Low-Income Tenant (Required federal set-aside requirements).

- (d) Global Income Requirement. All of the Units that are available for occupancy in Developments financed from the proceeds of Private Activity Bonds or from the proceeds of Qualified §501(c)(3) Bonds shall be occupied or held vacant (in the case of new construction) and available for occupancy at all times by persons or families whose income does not exceed 140% of the area median income for a four-person household.
- (e) Qualified §501(c)(3) Bonds. Developments which are financed from the proceeds of Qualified §501(c)(3) Bonds are further subject to the restriction that at least 75% of the Units within the Development that are available for occupancy shall be occupied (or, in the case of new construction, held vacant and available for occupancy until such time as initial lease-up is complete) at all times by individuals and families of Low Income (less than or equal to 80% of AMFI).
- (f) Taxable Bonds. The occupancy requirements for Developments financed from the issuance of taxable Bonds will be negotiated, considered and approved by the Department on a case by case basis.
- (g) Fair Housing. All Developments financed by the Department must comply with the Fair Housing Act which prohibits discrimination in the sale, rental, and financing of dwellings based on race, color, religion, sex, national origin, familial status, and disability. The Fair Housing Act also mandates specific design and construction requirements for multifamily housing built for first occupancy after March 13, 1991, in order to provide accessible housing for individuals with disabilities.
- (h) Tenant Services. Acceptable services include those found in §49.9(a)(9) of this title (relating to Selection Criteria).

§35.7.Fees.

- (a) Pre-Application Fees. The Applicant is required to submit, at the time of pre-application, the following fees: \$1,000 (payable to TDHCA), \$2,000 (payable to Vinson & Elkins, the Department's bond counsel) and \$5,000 (payable to the Texas Bond Review Board (BRB)). These fees cover the costs of pre-application review and filing fees to the BRB. The Department shall set fees to be paid by the Applicant in order to cover the costs of pre-application review, Application and Development review, the Department's expenses in connection with providing financing for a Development, and as required by law. (§1372.006(a), Texas Government Code).
- (b) Application and Issuance Fees. At the time of full application the Applicant is required to submit a tax credit application fee of \$30/unit and \$10,000 for the bond application fee (for multiple site Applications \$10,000 or \$30/unit, whichever is greater, for the bond application fee.) At the closing of the bonds the following fees are required: an issuance fee equal to 50 basis points (0.005) of the issued bond amount, administration fee equal to 20 basis points (0.002) and a Private Activity Bond compliance fee equal to \$25/unit and a tax credit compliance fee equal to \$40/unit. For refunding Applications the Application fee will be \$10,000 unless the refunding is not required to have a TEFRA public hearing, in which case the fee will be \$5,000.

- (c) Annual Administration, Portfolio Management and Compliance, and Asset Management Fees. The Department shall set ongoing fees to be paid by Development Owners to cover the Department's costs of administering the Bonds, portfolio management and compliance with the program requirements applicable to each Development and asset management applicable requirements.
- (1) Administration. The annual administration fee is paid in arrears and is equal to 10 basis points (0.001) of the outstanding bond amount beginning three years from the closing date. These fees are paid as long as the bonds are outstanding.
 - (2) Compliance Monitoring Fees. The annual tax credit compliance fee is paid in advance (for the duration of the compliance or affordability period) and is equal to \$40/unit beginning two years from the closing date on the bonds. The fee will be collected, retroactively if applicable, beginning with the first year of the credit period. The invoice must be paid prior to the issuance of form 8609. Subsequent anniversary dates on which the compliance monitoring fee payments are due shall be determined by the month the first building is placed in service. The Private Activity Bond compliance fee is paid in advance at closing (for as long as the bonds are outstanding) and is equal to \$25/unit beginning two years from the closing date on the bonds for payment to be applied to the third year following closing. Compliance monitoring fees may be adjusted from time to time by the Department.
 - (3) Asset Management. The asset management fee is paid in advance and is equal to \$25/unit beginning two years from the closing date on the bonds. This fee is based on voluntary participation in the asset management program. Those who elect to participate are encouraged to contact the Texas State Affordable Housing Corporation (TSAHC) for information on billing and services offered.

§35.8. Waiver of Rules.

Provided all requirements of the Act, the Code, and any other applicable law are met, the Board may waive any one or more of the Rules set forth in this chapter relating to the Multifamily Housing Revenue Bond Program in order to further the purposes and the policies of Chapter 2306, Texas Government Code; to encourage the acquisition, construction, reconstruction, or rehabilitation of a Development that would provide decent, safe, and sanitary housing, including, but not limited to, providing such housing in economically depressed or blighted areas, or providing housing designed and equipped for Persons with Special Needs; or for other good cause, as determined by the Board.

§35.9. No Discrimination.

The Department and its staff or agents, Applicants, Development Owners, and any participants in the Program shall not discriminate under this Program against any person or family on the basis of race, creed, national origin, age, religion, handicap, family status, or sex, or against persons or families on the basis of their having minor children, except that nothing herein shall be deemed to preclude a Development Owner from selecting tenants with Special Needs, or to preclude a Development Owner from selecting tenants based on income in renting Units to comply with the set asides under the provisions of this chapter.

(c-2) In allocating set-aside funds under Subsection (c), the department may not give preference to nonprofit providers of affordable housing, except as required by federal law.

(d) The department shall allocate housing funds provided to the state under the Cranston-Gonzalez National Affordable Housing Act (42 U.S.C. Section 12701 et seq.), housing trust funds administered by the department under Sections 2306.201-2306.206, and commitments issued under the federal low income housing tax credit program administered by the department under Subchapter DD to all urban areas and rural areas of each uniform state service region based on a formula developed by the department under Section 2306.1115. If the department determines under the formula that an insufficient number of eligible applications for assistance out of funds or credits allocable under this subsection are submitted to the department from a particular uniform state service region, the department shall use the unused funds or credits allocated to that region for all urban areas and rural areas in other uniform state service regions based on identified need and financial feasibility.

(d-1) In allocating low income housing tax credit commitments under Subchapter DD, the department shall, before applying the regional allocation formula prescribed by Section 2306.1115, set aside for at-risk developments, as defined by Section 2306.6702, not less than the minimum amount of housing tax credits required under Section 2306.6714. Funds or credits are not required to be allocated according to the regional allocation formula under Subsection (d) if:

(1) the funds or credits are reserved for contract-for-deed conversions or for set-asides mandated by state or federal law and each contract-for-deed allocation or set-aside allocation equals not more than 10 percent of the total allocation of funds or credits for the applicable program;

(2) the funds or credits are allocated by the department primarily to serve persons with disabilities; or

(3) the funds are housing trust funds administered by the department under Sections 2306.201-2306.206 that are not otherwise required to be set aside under state or federal law and do not exceed \$3 million during each application cycle.

(d-2) In allocating low income housing tax credit commitments under Subchapter DD, the department shall allocate five percent of the housing tax credits in each application cycle to developments that receive federal financial assistance through the Texas Rural Development Office of the United States Department of Agriculture. Any funds allocated to developments under this subsection that involve rehabilitation must come from the funds set aside for at-risk developments under Section 2306.6714 and any additional funds set aside for those developments under Subsection (d-1). This subsection does not apply to a development financed wholly or partly under Section 538 of the Housing Act of 1949 (42 U.S.C. Section 1490p-2).

(d-3) In allocating low income tax credit commitments under Subchapter DD, the department shall allocate to developments in rural areas 20 percent or more of the housing tax credits in the state in the application cycle, with \$500,000 or more in housing tax credits being reserved for each uniform state service region under this subsection. Any amount of housing tax credits set aside for developments in a rural area in a specific uniform state service region under this subsection that remains after the initial allocation of housing tax credits is available for allocation to developments in any other rural area first, and then is available to developments in urban areas of any uniform state service region.

(e) The department shall include in its annual low income housing plan under Section 2306.0721:

(1) the formula developed by the department under Section 2306.1115; and

(2) the allocation targets established under the formula for the urban areas and rural areas of each uniform state service region.

(f) The department shall include in its annual low income housing report under Section 2306.072 the amounts of funds and credits allocated to the urban areas and rural areas of each uniform state service region in the preceding year for each federal and state program affected by the requirements of Subsection (d).

(g) For all urban areas and rural areas of each uniform state service region, the department shall establish funding priorities to ensure that:

(1) funds are awarded to project applicants who are best able to meet recognized needs for affordable housing, as determined by department rule;

(2) when practicable and when authorized under Section 42, Internal Revenue Code of 1986 (26 U.S.C. Section 42), the least restrictive funding sources are used to serve the lowest income residents; and

(3) funds are awarded based on a project applicant's ability, when consistent with Section 42, Internal Revenue Code of 1986 (26 U.S.C. Section 42), practicable, and economically feasible, to:

(A) provide the greatest number of quality residential units;

(B) serve persons with the lowest percent area median family income;

(C) extend the duration of the project to serve a continuing public need;

(D) use other local funding sources to minimize the amount of state subsidy needed to complete

the project; and

(E) provide integrated, affordable housing for individuals and families with different levels of income.

(h) The department by rule shall adopt a policy providing for the reallocation of financial assistance administered by the department, including financial assistance related to bonds issued by the department, if the department's obligation with respect to that assistance is prematurely terminated.

(i) The director shall designate an employee of the department to act as the information officer and as a liaison with the public regarding each application seeking an allocation of housing funds described by this section.

SUBCHAPTER G. HOUSING FINANCE DIVISION: GENERAL POWERS AND DUTIES OF BOARD

Sec. 2306.141. RULES. The board shall have the specific duty and power to adopt rules governing the administration of the housing finance division and its programs.

Added by Acts 1993, 73rd Leg., ch. 268, Sec. 1, eff. Sept. 1, 1993.

Sec. 2306.142. AUTHORIZATION OF BONDS.

(a) Subject to the requirements of this section, the board shall authorize all bonds issued by the department.

(b) If the issuance is authorized by the board, the department shall issue single-family mortgage revenue bonds to make home mortgage credit available for the purchase of newly constructed or previously owned single-family homes to economic and geographic submarkets of borrowers who are not served or who are substantially underserved by the conventional, Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, or Federal Housing Administration home mortgage lending industry or by housing finance corporations organized under Chapter 394, Local Government Code.

(c) The board by rule shall adopt a methodology for determining through a market study the home mortgage credit needs in underserved economic and geographic submarkets in the state. In conducting the market study required by this subsection, the department or its designee shall analyze for the underserved economic and geographic submarkets, at a minimum, the following factors:

(1) home ownership rates;

(2) loan volume;

(3) loan approval ratios;

(4) loan interest rates;

(5) loan terms;

(6) loan availability;

(7) type and number of dwelling units; and

(8) use of subprime mortgage loan products, comparing the volume amount of subprime loans and interest rates to "A" paper mortgage loans as defined by Standard and Poor's credit underwriting criteria.

(d) The department or its designee shall analyze the potential market demand, loan availability, and private sector home mortgage lending rates available to extremely low, very low, low, and moderate income borrowers in the rural counties of the state, in census tracts in which the median family income is less than 80 percent of the median family income for the county in which the census tract is located, and in the region of the state adjacent to the international border of the state. The department or its designee shall establish a process for serving those counties, census tracts, and regions through the single-family mortgage revenue bond program in a manner proportionate to the credit needs of those areas as determined through the department's market study.

(e) Using the market study and the analysis required by this section, the board shall evaluate the feasibility of a single-family mortgage revenue bond program with loan marketing, eligibility, underwriting, structuring, collection, and foreclosure criteria and with loan services practices that are designed to meet the credit needs of the underserved economic and geographic submarkets of the state, including those submarkets served disproportionately by subprime lenders.

(f) In evaluating a proposed bond program under this section, the board shall consider, consistent with the reasonable financial operation of the department, specific set-asides or reservations of mortgage loans for underserved economic and geographic submarkets in the state, including the reservation of funds to serve borrowers who have "A-" to "B-" credit according to Standard and Poor's credit underwriting criteria.

(g) The department may use any source of funds or subsidy available to the department to provide credit enhancement, down payment assistance, pre-homebuyer and post-homebuyer counseling, interest rate reduction, and payment of incentive lender points to accomplish the purposes of this section in a manner considered by the board to be consistent with the reasonable financial operation of the department.

(h) In allocating funds under Subsection (g), the department's highest priority is to provide assistance to borrowers in underserved economic and geographic submarkets in the state. If the board determines that sufficient funds are available after fully meeting the credit needs of borrowers in those submarkets, the department may provide assistance to other borrowers.

(i) The board shall certify that each single-family mortgage revenue bond issued by the department under this section is structured in a manner that serves the credit needs of borrowers in underserved economic and geographic submarkets in the state.

(j) After any board approval and certification of a single-family mortgage revenue bond issuance, the department shall submit the proposed bond issuance to the Bond Review Board for review.

(k) In the state fiscal year beginning on September 1, 2001, the department shall:

- (1) adopt by rule a market study methodology as required by Subsection (c);
- (2) conduct the market study;
- (3) propose for board review a single-family mortgage revenue bond program, including loan feature details, a program for borrower subsidies as provided by Subsections (g) and (h), and origination and servicing infrastructure;
- (4) identify reasonable capital markets financing;
- (5) conduct a public hearing on the market study results and the proposed bond program; and
- (6) submit for review by the Bond Review Board the market study results and, if approved and certified by the board, the proposed bond program.

(l) In the state fiscal year beginning on September 1, 2002, and in each subsequent state fiscal year, the department shall allocate not less than 40 percent of the total single-family mortgage revenue bond loan volume to meet the credit needs of borrowers in underserved economic and geographic submarkets in the state, subject to the identification of a satisfactory market volume demand through the market study.

(m) On completion of the market study, if the board determines in any year that bonds intended to be issued to achieve the purposes of this section are unfeasible or would damage the financial condition of the department, the board may formally appeal to the Bond Review Board the requirements of Subsection (k) or (l), as applicable. The Bond Review Board has sole authority to modify or waive the required allocation levels.

(n) In addition to any other loan originators selected by the department, the department shall authorize colonia self-help centers and any other community-based, nonprofit institutions considered appropriate by the board to originate loans on behalf of the department. All non-financial institutions acting as loan originators under this subsection must undergo adequate training, as prescribed by the department, to participate in the bond program. The department may require lenders to participate in ongoing training and underwriting compliance audits to maintain good standing to participate in the bond program. The department may require that lenders meet appropriate eligibility standards as prescribed by the department.

(o) The department shall structure all single-family mortgage revenue bond issuances in a manner designed to recover the full costs associated with conducting the activities required by this section.

Sec. 2306.143. ALTERNATIVE TO SUBPRIME LENDER LIST.

(a) If the United States Department of Housing and Urban Development ceases to prepare or make public a subprime lender list, the market study required by Section 2306.142 must annually survey the 100 largest refinancing lenders and the 100 largest home purchase loan lenders in the state to identify lenders primarily engaged in subprime lending.

(b) The lenders included in the survey must be identified on the basis of home mortgage loan data reported by lenders under the Home Mortgage Disclosure Act of 1975 (12 U.S.C. Section 2801 et seq.) and the Community Reinvestment Act of 1977 (12 U.S.C. Section 2901 et seq.).

Added by Acts 2001, 77th Leg., ch. 1367, Sec. 2.03, eff. Sept. 1, 2001.

Sec. 2306.144. FEES FOR SERVICES AND FACILITIES; PAYMENT OF DEPARTMENT OBLIGATIONS AND EXPENSES.

(a) It is the duty of the board to establish and collect sufficient fees for services and facilities.

(b) The board shall use available sources of revenue, income, and receipts to:

(1) pay all expenses of the department's operation and maintenance;

(2) pay the principal and interest on department bonds; and

(3) create and maintain the reserves or funds provided by each resolution authorizing the issuance of department bonds.

Added by Acts 1993, 73rd Leg., ch. 268, Sec. 1, eff. Sept. 1, 1993.

(a) The department shall adopt policies and procedures to ensure that, for a multifamily rental housing development funded through loans, grants, or tax credits under this chapter, the owner of the development:

(1) keeps the rents affordable for low income tenants for the longest period that is economically feasible; and

(2) provides regular maintenance to keep the development sanitary, decent, and safe and otherwise complies with the requirements of Section 2306.186.

(b) In implementing Subsection (a)(1) and in developing underwriting standards and application scoring criteria for the award of loans, grants, or tax credits to multifamily developments, the department shall ensure that the economic benefits of longer affordability terms, for specific terms of years as established by the board, and below market rate rents are accurately assessed and considered.

(c) The department shall require that a recipient of funding maintains the affordability of the multifamily housing development for households of extremely low, very low, low, and moderate incomes for the greater of a 30-year period from the date the recipient takes legal possession of the housing or the remaining term of the existing federal government assistance. In addition, the agreement between the department and the recipient shall require the renewal of rental subsidies if available and if the subsidies are sufficient to maintain the economic viability of the multifamily development.

(d) The development restrictions provided by Subsection (a) and Section 2306.269 are enforceable by the department, by tenants of the development, or by private parties against the initial owner or any subsequent owner. The department shall require a land use restriction agreement providing for enforcement of the restrictions by the department, a tenant, or a private party that includes the right to recover reasonable attorney's fees if the party seeking enforcement of the

restriction is successful.

(e) Subsections (c) and (d) and Section 2306.269 apply only to multifamily rental housing developments to which the department is providing one or more of the following forms of assistance:

Sec. 2306.186. MANDATORY DEPOSITS TO FUND NECESSARY REPAIRS.

(a) In this section:

- (1) "Bank trustee" means a bank authorized to do business in this state, with the power to act as trustee.
- (2) "Department assistance" means any state or federal assistance administered by or through the department, including low income housing tax credits.
- (3) "First lien lender" means a lender whose lien has first priority.
- (4) "Reserve account" means an individual account:
 - (A) created to fund any necessary repairs for a multifamily rental housing development; and
 - (B) maintained by a first lien lender or bank trustee.

(b) If the department is the first lien lender with respect to the development, each owner who receives department assistance for a multifamily rental housing development that contains 25 or more rental units shall deposit annually into a reserve account:

- (1) for the year 2004:
 - (A) not less than \$150 per unit per year for units one to five years old; and
 - (B) not less than \$200 per unit per year for units six or more years old; and
- (2) for each year following the year 2004, the amounts per unit per year as described by Subdivision (1).

(c) A land use restriction agreement or restrictive covenant between the owner and the department must require the owner to begin making annual deposits to the reserve account on the date that occupancy of the multifamily rental housing development stabilizes or the date that permanent financing for the development is completely in place, whichever occurs later, and shall continue making deposits until the earliest of the following dates:

- (1) the date of any involuntary change in ownership of the development;
- (2) the date on which the owner suffers a total casualty loss with respect to the development or the date on which the development becomes functionally obsolete, if the development cannot be or is not restored;
- (3) the date on which the development is demolished;
- (4) the date on which the development ceases to be used as multifamily rental property; or
- (5) the end of the affordability period specified by the land use restriction agreement or restrictive covenant.

(d) With respect to multifamily rental developments, if the establishment of a reserve fund for repairs has not been required by the first lien lender, the development owner shall set aside the repair reserve amount as a reserve for capital improvements. The reserve must be established for each unit in the development, regardless of the amount of rent charged for the unit.

(e) Beginning with the 11th year after the awarding of any financial assistance for the development by the department, the owner of a multifamily rental housing development shall contract for a third-party physical needs assessment at appropriate intervals that are consistent with lender requirements with respect to the development. If the first lien lender does not require a third-party physical needs assessment or if the department is the first lien lender, the owner shall contract

with a third party to conduct a physical needs assessment at least once during each five-year period beginning with the 11th year after the awarding of any financial assistance for the development by the department. The owner of the development shall submit to the department copies of the most recent third-party physical needs assessment conducted on the development, any response by the owner to the assessment, any repairs made in response to the assessment, and information on any necessary changes to the required reserve based on the assessment.

(f) The department may complete necessary repairs if the owner fails to complete the repairs as required by Subsection (e). Payment for those repairs must be made directly by the owner of the development or through a reserve account established for the development under this section.

(g) If notified of the development owner's failure to comply with a local health, safety, or building code, the department may enter on the property and complete any repairs necessary to correct a violation of that code, as identified in the applicable violation report, and may pay for those repairs through a reserve account established for the development under this section.

(h) The duties of the owner of a multifamily rental housing development under this section cease on the date of a voluntary change in ownership of the development, but the subsequent owner of the development is subject to the deposit, inspection, and notification requirements of Subsections (b), (c), (d), and (e).

(i) The first lien lender shall maintain the reserve account. In the event there is no longer a first lien lender, then Subsections (b) and (d) no longer apply.

(j) The department shall adopt rules that:

(1) establish requirements and standards regarding:

(A) for first lien lenders and bank trustees:

(i) maintenance of reserve accounts and reasonable costs of that maintenance;

(ii) asset management;

(iii) transfer of money in reserve accounts to the department to fund necessary repairs;

and

(iv) oversight of reserve accounts and the provision of financial data and other information

to the department; and

(B) for owners, inspections of the multifamily rental housing developments and identification of necessary repairs, including requirements and standards regarding construction, rehabilitation, and occupancy that may enable quicker identification of those repairs;

(2) identify circumstances in which money in the reserve accounts may:

(A) be used for expenses other than necessary repairs, including property taxes or insurance; and

(B) fall below mandatory deposit levels without resulting in department action;

(3) define the scope of department oversight of reserve accounts and the repair process;

(4) provide the consequences of any failure to make a required deposit, including a definition of good cause, if any, for a failure to make a required deposit;

(5) specify or create processes and standards to be used by the department to obtain repairs for developments;

(6) define for purposes of Subsection (c) the date on which occupancy of a development is considered to have stabilized and the date on which permanent financing is considered to be completely in place; and

(7) provide for appointment of a bank trustee as necessary under this section.

(k) The department shall assess an administrative penalty on development owners who fail to contract for the third-party physical needs assessment and make the identified repairs as required by this section. The department may assess the administrative penalty in the same manner as an administrative penalty assessed under Section 2306.6023. The penalty is computed by multiplying \$200 by the number of dwelling units in the development and must be paid to the department. The office of the attorney general shall assist the department in the collection of the penalty and the enforcement of this subsection.

(l) This section does not apply to a development for which an owner is required to maintain a reserve account under any other provision of federal or state law.

- (7) the installation of the air ducting system inside the conditioned space.

(b) A single or multifamily dwelling must include energy conservation and efficiency measures specified by the department if:

- (1) the dwelling is rehabilitated with assistance awarded by the department, including state or federal money, housing tax credits, or multifamily bond financing; and
- (2) any portion of the rehabilitation includes alterations that will replace items that are identified as required efficiency measures by the department.

(c) The energy conservation and efficiency measures the department requires under Subsection (b) may not be more stringent than the measures the department requires under Subsection (a).

(d) The department shall review the measures required to meet the energy efficiency standards at least annually to determine if additional measures are desirable and to ensure that the most recent energy efficiency technology is considered.

(e) Subsections (a) and (b) do not apply to a single or multifamily dwelling that receives weatherization assistance money from the department or money provided under the first-time homebuyer program.

- (1) not more than 25 percent of the total annual issuance amount authorized through the memorandum of understanding provided for in Subsection (b) may be used for projects in any one metropolitan area; and
- (2) at least 15 percent of the annual issuance amount authorized through the memorandum of understanding provided for in Subsection (b) is reserved for projects in rural areas.

(a-1) For the purposes of Subsection (a), "rural area" and "metropolitan area" shall be defined through the memorandum of understanding provided for in Subsection (b).

(b) A qualified 501(c)(3) bond may not be issued unless approved by the Bond Review Board. In addition, the Bond Review Board shall enter into a memorandum of understanding with the department specifying the amount of bonds to be issued in each fiscal year. The department and the Bond Review Board shall review the memorandum of understanding annually to determine the specific amount of bonds to be issued in each fiscal year. The Bond Review Board may not approve a proposal to issue qualified 501(c)(3) bonds unless they meet the requirements of this section, including the memorandum of understanding, and all other laws that may apply.

(c) In addition to the requirements of Section 145 of the Internal Revenue Code of 1986 (26 U.S.C. Section 145), a qualified 501(c)(3) organization must:

- (1) demonstrate to the department that the project is carefully and conservatively underwritten to:
 - (A) ensure that the project is well run, well maintained, and financially viable; and
 - (B) minimize the risk of the organization's default;
- (2) ensure that at least 60 percent of the housing to be provided under the project is affordable housing provided to individuals and families of low and very low income and:
 - (A) at least 40 percent of the units in a multifamily development are affordable to individuals and families with incomes at or below 60 percent of the median family income, adjusted for family size; or
 - (B) at least 20 percent of the units in a multifamily development are affordable to individuals and families with incomes at or below 50 percent of the median family income, adjusted for family size; and

(3) enter into an agreement with the department in which the 501(c)(3) organization:

(A) agrees during the term of the agreement to reserve at least 60 percent of the housing to be provided under the project for individuals and families of low and very low income;

(B) ensures that the reserved housing will remain affordable to individuals and families of low and very low income during the term of the agreement;

(C) agrees to not discriminate against a tenant applicant solely because the applicant receives public rental assistance payments, except if at least 15 percent of the housing units provided under the project are occupied by tenants who receive public rental assistance payments; and

(D) agrees to restrict the rents charged on those units reserved for individuals and families of low and very low income at 30 percent of the area median income adjusted for family size and utility allowance, unless this requirement is waived or modified on a case-by-case basis by the board, and approved by the Bond Review Board, if both boards determine that the waiver or modification is necessary for an area of the state because the area's median income would prevent the construction of new affordable projects.

(d) Subsection (c)(3)(C) does not prohibit an organization from requiring a tenant applicant who receives public assistance to meet the organization's standard criteria for occupancy, including such criteria as satisfactory creditworthiness and lack of criminal history.

(e) The agreement provided for in Subsection (c)(3) may provide for the lease or sale of the project to a nonprofit corporation approved by the department subject to the conditions specified in Subsection (c).

(f) Neither the department nor the Texas State Affordable Housing Corporation may use state or federal money to provide for credit enhancement of a bond issued under this section unless the credit enhancement would facilitate the issuance of bonds for the purpose of financing the creation or preservation of affordable housing by 501(c)(3) nonprofit entities.

(g) In lieu of complying with the set-aside requirements specified in Subsection (c)(2), a qualified 501(c)(3) organization may comply with such other set-asides or restrictions as are approved by the Internal Revenue Service as a basis for the determination letter addressed to the qualified 501(c)(3) organization.

(h) For purposes of this section, "rural area" and "metropolitan area" shall be defined through the memorandum of understanding provided for in Subsection (b) of this section.

(2) produce the greatest number of high-quality units committed to remaining affordable to qualified tenants for extended periods.

Based on application rankings, the department shall continue to underwrite applications until the department has processed enough applications satisfying the department's underwriting criteria to enable the allocation of all available housing tax credits according to regional allocation goals and set-aside categories. To enable the board to establish an applications waiting list under Section 2306.6711, the department shall underwrite as many additional applications as the board considers necessary to ensure that all available housing tax credits are allocated within the period required by law. The department shall underwrite an application to determine the financial feasibility of the development and an appropriate level of housing tax credits. (2) produce for the longest economically feasible period the greatest number of high quality units committed to remaining affordable to any tenants who are income-eligible under the low income housing tax credit program.

(f) In evaluating the level of community support for an application under Subsection (b)(1)(F), the department shall award:

- (1) positive points for positive written statements received;

(d) The board shall issue commitments for housing tax credits with respect to applications on the waiting list as additional credits become available.

(e) Not later than the 120th day after the date of the initial issuance of commitments for housing tax credits under Subsection (b), the department shall provide to an applicant who did not receive a commitment under that subsection an opportunity to meet and discuss with the department the application's deficiencies and scoring.

(f) The board may allocate housing tax credits to more than one development in a single community, as defined by department rule, in the same calendar year only if the developments are or will be located more than one linear mile apart. The board by vote may reject an amendment and, if appropriate, rescind the allocation of housing tax credits and reallocate the credits to other applicants on the waiting list required by Section 2306.6711 if the board determines that the modification proposed in the amendment:

- (1) would materially alter the development in a negative manner; or
- (2) would have adversely affected the selection of the application in the application round.

(d) Material alteration of a development includes:

- (1) a significant modification of the site plan;
- (2) a modification of the number of units or bedroom mix of units;

- (3) a substantive modification of the scope of tenant services;

§42 Internal Revenue Code.

(a) In general. For purposes of section 38, the amount of the low-income housing credit determined under this section for any taxable year in the credit period shall be an amount equal to—

(1) the applicable percentage of

(2) the qualified basis of each qualified low-income building.

(b) Applicable percentage: 70 percent present value credit for certain new buildings; 30 percent present value credit for certain other buildings.

(1) Determination of applicable percentage.

(A [sic]) For purposes of this section, the term “applicable percentage” means, with respect to any building, the appropriate percentage prescribed by the Secretary for the earlier of—

(i) the month in which such building is placed in service, or

(ii) at the election of the taxpayer—

(I) the month in which the taxpayer and the housing credit agency enter into an agreement with respect to such building (which is binding on such agency, the taxpayer, and all successors in interest) as to the housing credit dollar amount to be allocated to such building, or

(II) in the case of any building to which subsection (h)(4)(B) applies, the month in which the tax-exempt obligations are issued.

A month may be elected under clause (ii) only if the election is made not later than the 5th day after the close of such month. Such an election, once made, shall be irrevocable.

(B) Method of prescribing percentages. The percentages prescribed by the Secretary for any month shall be percentages which will yield over a 10-

year period amounts of credit under subsection (a) which have a present value equal to—

(i) 70 percent of the qualified basis of a new building which is not federally subsidized for the taxable year, and

(ii) 30 percent of the qualified basis of a building not described in clause (i) .

(C) Method of discounting. The present value under subparagraph (B) shall be determined—

(i) as of the last day of the 1st year of the 10-year period referred to in subparagraph (B) ,

(ii) by using a discount rate equal to 72 percent of the average of the annual Federal mid-term rate and the annual Federal long-term rate applicable under section 1274(d)(1) to the month applicable under clause (i) or (ii) of subparagraph (A) and compounded annually, and

(iii) by assuming that the credit allowable under this section for any year is received on the last day of such year.

(2) Temporary minimum credit rate for non-federally subsidized new buildings.

In the case of any new building—

(A) which is placed in service by the taxpayer after the date of the enactment of this paragraph and before December 31, 2013, and

(B) which is not federally subsidized for the taxable year,

the applicable percentage shall not be less than 9 percent.

(3) Cross references.

(A) For treatment of certain rehabilitation expenditures as separate new buildings, see subsection (e).

(B) For determination of applicable percentage for increases in qualified basis after the 1st year of the credit period, see subsection (f)(3) .

(C) For authority of housing credit agency to limit applicable percentage and qualified basis which may be taken into account under this section with respect to any building, see subsection (h)(7).

(c) Qualified basis; qualified low-income building.

For purposes of this section —

(1) Qualified basis.

(A) Determination. The qualified basis of any qualified low-income building for any taxable year is an amount equal to—

(i) the applicable fraction (determined as of the close of such taxable year) of

(ii) the eligible basis of such building (determined under subsection (d)(5)).

(B) Applicable fraction. For purposes of subparagraph (A), the term “applicable fraction” means the smaller of the unit fraction or the floor space fraction.

(C) Unit fraction. For purposes of subparagraph (B), the term “unit fraction” means the fraction—

(i) the numerator of which is the number of low-income units in the building, and

(ii) the denominator of which is the number of residential rental units (whether or not occupied) in such building.

(D) Floor space fraction. For purposes of subparagraph (B), the term “floor space fraction” means the fraction—

(i) the numerator of which is the total floor space of the low-income units in such building, and

(ii) the denominator of which is the total floor space of the residential rental units (whether or not occupied) in such building.

(E) Qualified basis to include portion of building used to provide supportive services for homeless. In the case of a qualified low-income building described in subsection (i)(3)(B)(iii) , the qualified basis of such building for any taxable year shall be increased by the lesser of—

(i) so much of the eligible basis of such building as is used throughout the year to provide supportive services designed to assist tenants in locating and retaining permanent housing, or

(ii) 20 percent of the qualified basis of such building (determined without regard to this subparagraph).

(2) Qualified low-income building.

The term “qualified low-income building” means any building—

(A) which is part of a qualified low-income housing project at all times during the period—

(i) beginning on the 1st day in the compliance period on which such building is part of such a project, and

(ii) ending on the last day of the compliance period with respect to such building, and

(B) to which the amendments made by section 201(a) of the Tax Reform Act of 1986 apply.

(d) Eligible basis.

For purposes of this section —

(1) New buildings. The eligible basis of a new building is its adjusted basis as of the close of the 1st taxable year of the credit period.

(2) Existing buildings.

(A) In general. The eligible basis of an existing building is—

(i) in the case of a building which meets the requirements of subparagraph (B) , its adjusted basis as of the close of the 1st taxable year of the credit period, and

(ii) zero in any other case.

(B) Requirements. A building meets the requirements of this subparagraph if—

(i) the building is acquired by purchase (as defined in section 179(d)(2)),

(ii) there is a period of at least 10 years between the date of its acquisition by the taxpayer and the date the building was last placed in service,

(iii) the building was not previously placed in service by the taxpayer or by any person who was a related person

with respect to the taxpayer as of the time previously placed in service, and

(iv) except as provided in subsection (f)(5), a credit is allowable under subsection (a) by reason of subsection (e) with respect to the building.

(C) Adjusted basis. For purposes of subparagraph (A), the adjusted basis of any building shall not include so much of the basis of such building as is determined by reference to the basis of other property held at any time by the person acquiring the building.

(D) Special rules for subparagraph (B).

(i) Special rules for certain transfers. For purposes of determining under subparagraph (B)(ii) when a building was last placed in service, there shall not be taken into account any placement in service—

(I) in connection with the acquisition of the building in a transaction in which the basis of the building in the hands of the person acquiring it is determined in whole or in part by reference to the adjusted basis of such building in the hands of the person from whom acquired,

(II) by a person whose basis in such building is determined under section 1014(a) (relating to property acquired from a decedent),

(III) by any governmental unit or qualified nonprofit organization (as defined in subsection (h)(5)) if the requirements of subparagraph (B)(ii) are met with respect to the placement in service by such unit or organization and all the income from such property is exempt from Federal income taxation,

(IV) by any person who acquired such building by foreclosure (or by instrument in lieu of foreclosure) of any purchase-money security interest held by such person if the requirements of subparagraph (B)(ii) are met with respect to the placement in service by such

person and such building is resold within 12 months after the date such building is placed in service by such person after such foreclosure, or

(V) of a single-family residence by any individual who owned and used such residence for no other purpose than as his principal residence.

(ii) Related person. For purposes of subparagraph (B)(iii), a person (hereinafter in this subclause referred to as the "related person") is related to any person if the related person bears a relationship to such person specified in section 267(b) or 707(b)(1), or the related person and such person are engaged in trades or businesses under common control (within the meaning of subsections (a) and (b) of section 52).

(3) Eligible basis reduced where disproportionate standards for units.

(A) In general. Except as provided in subparagraph (B), the eligible basis of any building shall be reduced by an amount equal to the portion of the adjusted basis of the building which is attributable to residential rental units in the building which are not low-income units and which are above the average quality standard of the low-income units in the building.

(B) Exception where taxpayer elects to exclude excess costs.

(i) In general. Subparagraph (A) shall not apply with respect to a residential rental unit in a building which is not a low-income unit if—

(I) the excess described in clause (ii) with respect to such unit is not greater than 15 percent of the cost described in clause (ii)(I), and

(II) the taxpayer elects to exclude from the eligible basis of such building the excess described in clause (ii) with respect to such unit.

(ii) Excess. The excess described in this clause with respect to any unit is the excess of—

(I) the cost of such unit, over

(II) the amount which would be the cost of such unit if the average cost per square foot of low-income

units in the building were substituted for the cost per square foot of such unit.

The Secretary may by regulation provide for the determination of the excess under this clause on a basis other than square foot costs.

(4) Special rules relating to determination of adjusted basis.

For purposes of this subsection —

(A) In general. Except as provided in subparagraphs (B) and (C), the adjusted basis of any building shall be determined without regard to the adjusted basis of any property which is not residential rental property.

(B) Basis of property in common areas, etc., included. The adjusted basis of any building shall be determined by taking into account the adjusted basis of property (of a character subject to the allowance for depreciation) used in common areas or provided as comparable amenities to all residential rental units in such building.

(C) Inclusion of basis of property used to provide services for certain non-tenants.

(i) In general. The adjusted basis of any building located in a qualified census tract (as defined in paragraph (5)(C)) shall be determined by taking into account the adjusted basis of property (of a character subject to the allowance for depreciation and not otherwise taken into account) used throughout the taxable year in providing any community service facility.

(ii) Limitation. The increase in the adjusted basis of any building which is taken into account by reason of clause (i) shall not exceed the sum of—

(I) 25 percent of so much of the eligible basis of the qualified low-income housing project of which it is a part as does not exceed \$15,000,000, plus

(II) 10 percent of so much of the eligible basis of such project as is not taken into account under subclause (I).

For purposes of the preceding sentence, all community service facilities which are part of the same qualified low-income housing project shall be treated as one facility.

(iii) Community service facility. For purposes of this subparagraph, the term “community service facility” means any facility designed to serve primarily individuals whose income is 60 percent or less of area median income (within the meaning of subsection (g)(1)(B)).

(D) No reduction for depreciation. The adjusted basis of any building shall be determined without regard to paragraphs (2) and (3) of section 1016(a).

(5) Special rules for determining eligible basis.

(A) Federal grants not taken into account in determining eligible basis. The eligible basis of a building shall not include any costs financed with the proceeds of a federally funded grant.

(B) Increase in credit for buildings in high cost areas.

(i) In general. In the case of any building located in a qualified census tract or difficult development area which is designated for purposes of this subparagraph —

(I) in the case of a new building, the eligible basis of such building shall be 130 percent of such basis determined without regard to this subparagraph, and

(II) in the case of an existing building, the rehabilitation expenditures taken into account under subsection (e) shall be 130 percent of such expenditures determined without regard to this subparagraph.

(ii) Qualified census tract.

(I) In general. The term “qualified census tract” means any census tract which is designated by the Secretary of Housing and Urban Development and, for the most recent year for which census data are available on household income in such tract, either in which 50 percent or more of the households have an

income which is less than 60 percent of the area median gross income for such year or which has a poverty rate of at least 25 percent. If the Secretary of Housing and Urban Development determines that sufficient data for any period are not available to apply this clause on the basis of census tracts, such Secretary shall apply this clause for such period on the basis of enumeration districts.

(II) Limit on MSA's designated. The portion of a metropolitan statistical area which may be designated for purposes of this subparagraph shall not exceed an area having 20 percent of the population of such metropolitan statistical area.

(III) Determination of areas. For purposes of this clause, each metropolitan statistical area shall be treated as a separate area and all nonmetropolitan areas in a State shall be treated as 1 area.

(iii) Difficult development areas.

(I) In general. The term "difficult development areas" means any area designated by the Secretary of Housing and Urban Development as an area which has high construction, land, and utility costs relative to area median gross income.

(II) Limit on areas designated. The portions of metropolitan statistical areas which may be designated for purposes of this subparagraph shall not exceed an aggregate area having 20 percent of the population of such metropolitan statistical areas. A comparable rule shall apply to nonmetropolitan areas.

(iv) Special rules and definitions. For purposes of this subparagraph —

(I) population shall be determined on the basis of the most recent decennial census for which data are available,

(II) area median gross income shall be determined in accordance with subsection (g)(4),

(III) the term "metropolitan statistical area" has the same meaning as when used in section 143(k)(2)(B), and

(IV) the term "nonmetropolitan area" means any county (or portion thereof) which is not within a metropolitan statistical area.

(v) Buildings designated by State housing credit agency. Any building which is designated by the State housing credit agency as requiring the increase in credit under this subparagraph in order for such building to be financially feasible as part of a qualified low-income housing project shall be treated for purposes of this subparagraph as located in a difficult development area which is designated for purposes of this subparagraph. The preceding sentence shall not apply to any building if paragraph (1) of subsection (h) does not apply to any portion of the eligible basis of such building by reason of paragraph (4) of such subsection.

(6) Credit allowable for certain buildings acquired during 10-year period described in paragraph (2)(B)(ii).

(A) In general. Paragraph (2)(B)(ii) shall not apply to any federally- or State-assisted building.

(B) Buildings acquired from insured depository institutions in default. On application by the taxpayer, the Secretary may waive paragraph (2)(B)(ii) with respect to any building acquired from an insured depository institution in default (as defined in section 3 of the Federal Deposit Insurance Act) or from a receiver or conservator of such an institution.

(C) Federally- or State-assisted building. For purposes of this paragraph —

(i) Federally-assisted building. The term "federally-assisted building" means any building which is substantially assisted, financed, or operated under section 8 of the United States Housing Act of 1937, section 221(d)(3), 221(d)(4), or 236 of the National Housing Act, section 515 of the Housing

Act of 1949, or any other housing program administered by the Department of Housing and Urban Development or by the Rural Housing Service of the Department of Agriculture.

(ii) State-assisted building. The term "State-assisted building" means any building which is substantially assisted, financed, or operated under any State law similar in purposes to any of the laws referred to in clause (i).

(7) Acquisition of building before end of prior compliance period.

(A) In general. Under regulations prescribed by the Secretary, in the case of a building described in subparagraph (B) (or interest therein) which is acquired by the taxpayer—

(i) paragraph (2)(B) shall not apply, but

(ii) the credit allowable by reason of subsection (a) to the taxpayer for any period after such acquisition shall be equal to the amount of credit which would have been allowable under subsection (a) for such period to the prior owner referred to in subparagraph (B) had such owner not disposed of the building.

(B) Description of building. A building is described in this subparagraph if—

(i) a credit was allowed by reason of subsection (a) to any prior owner of such building, and

(ii) the taxpayer acquired such building before the end of the compliance period for such building with respect to such prior owner (determined without regard to any disposition by such prior owner).

(e) Rehabilitation expenditures treated as separate new building.

(1) In general. Rehabilitation expenditures paid or incurred by the taxpayer with respect to any building shall be treated for purposes of this section as a separate new building.

(2) Rehabilitation expenditures.

For purposes of paragraph (1) —

(A) In general. The term "rehabilitation expenditures" means amounts chargeable to capital account and incurred for property (or additions or improvements to property) of a character subject to the allowance for depreciation in connection with the rehabilitation of a building.

(B) Cost of acquisition, etc, not included. Such term does not include the cost of acquiring any building (or interest therein) or any amount not permitted to be taken into account under paragraph (3) or (4) of subsection (d).

(3) Minimum expenditures to qualify.

(A) In general. Paragraph (1) shall apply to rehabilitation expenditures with respect to any building only if—

(i) the expenditures are allocable to 1 or more low-income units or substantially benefit such units, and

(ii) the amount of such expenditures during any 24-month period meets the requirements of whichever of the following subclauses requires the greater amount of such expenditures:

(I) The requirement of this subclause is met if such amount is not less than 20 percent of the adjusted basis of the building (determined as of the 1st day of such period and without regard to paragraphs (2) and (3) of section 1016(a)).

(II) The requirement of this subclause is met if the qualified basis attributable to such amount, when divided by the number of low-income units in the building, is \$6,000 or more.

(B) Exception from 10 percent rehabilitation. In the case of a building acquired by the taxpayer from a governmental unit, at the election of the taxpayer, subparagraph (A)(ii)(I) shall not apply and the credit under this section for such rehabilitation expenditures shall be determined using the percentage applicable under subsection (b)(2)(B)(ii).

(C) Date of determination. The determination under subparagraph (A) shall be made as of the close of the 1st taxable year in the credit period with respect to such expenditures.

(D) Inflation adjustment. In the case of any expenditures which are treated under paragraph (4) as placed in service during any calendar year after 2009, the \$6,000 amount in subparagraph (A)(ii)(II) shall be increased by an amount equal to—

(i) such dollar amount, multiplied by

(ii) the cost-of-living adjustment determined under section 1(f)(3) for such calendar year by substituting “calendar year 2008” for “calendar year 1992” in subparagraph (B) thereof.

Any increase under the preceding sentence which is not a multiple of \$100 shall be rounded to the nearest multiple of \$100.

(4) Special rules.

For purposes of applying this section with respect to expenditures which are treated as a separate building by reason of this subsection—

(A) such expenditures shall be treated as placed in service at the close of the 24-month period referred to in paragraph (3)(A), and

(B) the applicable fraction under subsection (c)(1) shall be the applicable fraction for the building (without regard to paragraph (1)) with respect to which the expenditures were incurred.

Nothing in subsection (d)(2) shall prevent a credit from being allowed by reason of this subsection.

(5) No double counting.

Rehabilitation expenditures may, at the election of the taxpayer, be taken into account under this subsection or subsection (d)(2)(A)(i) but not under both such subsections.

(6) Regulations to apply subsection with respect to group of units in building.

The Secretary may prescribe regulations, consistent with the purposes of this subsection, treating a group of units with respect to which rehabilitation expenditures are incurred as a separate new building.

(f) Definition and special rules relating to credit period.

(1) Credit period defined.

For purposes of this section , the term “credit period” means, with respect to any building, the period of 10 taxable years beginning with—

(A) the taxable year in which the building is placed in service, or

(B) at the election of the taxpayer, the succeeding taxable year,

but only if the building is a qualified low-income building as of the close of the 1st year of such period. The election under subparagraph (B), once made, shall be irrevocable.

(2) Special rule for 1st year of credit period.

(A) In general. The credit allowable under subsection (a) with respect to any building for the 1st taxable year of the credit period shall be determined by substituting for the applicable fraction under subsection (c)(1) the fraction—

(i) the numerator of which is the sum of the applicable fractions determined under subsection (c)(1) as of the close of each full month of such year during which such building was in service, and

(ii) the denominator of which is 12.

(B) Disallowed 1st year credit allowed in 11th year. Any reduction by reason of subparagraph (A) in the credit allowable (without regard to subparagraph (A)) for the 1st taxable year of the credit period shall be allowable under subsection (a) for the 1st taxable year following the credit period.

(3) Determination of applicable percentage with respect to increases in qualified basis after 1st year of credit period.

(A) In general. In the case of any building which was a qualified low-income building as of the close of the 1st year of the credit period, if—

(i) as of the close of any taxable year in the compliance period (after the 1st year of the credit period) the qualified basis of such building exceeds

(ii) the qualified basis of such building as of the close of the 1st year of the credit period,

the applicable percentage which shall apply under subsection (a) for the taxable year to such excess shall be the percentage

equal to 2/3 of the applicable percentage which (after the application of subsection (h)) would but for this paragraph apply to such basis.

(B) 1st year computation applies. A rule similar to the rule of paragraph (2)(A) shall apply to any increase in qualified basis to which subparagraph (A) applies for the 1st year of such increase.

(4) Dispositions of property.

If a building (or an interest therein) is disposed of during any year for which credit is allowable under subsection (a) , such credit shall be allocated between the parties on the basis of the number of days during such year the building (or interest) was held by each. In any such case, proper adjustments shall be made in the application of subsection (j).

(5) Credit period for existing buildings not to begin before rehabilitation credit allowed.

(A) In general. The credit period for an existing building shall not begin before the 1st taxable year of the credit period for rehabilitation expenditures with respect to the building.

(B) Acquisition credit allowed for certain buildings not allowed a rehabilitation credit.

(i) In general. In the case of a building described in clause (ii) —

(I) subsection (d)(2)(B)(iv) shall not apply, and

(II) the credit period for such building shall not begin before the taxable year which would be the 1st taxable year of the credit period for rehabilitation expenditures with respect to the building under the modifications described in clause (ii)(II).

(ii) Building described. A building is described in this clause if—

(I) a waiver is granted under subsection (d)(6)(C) with respect to the acquisition of the building, and

(II) a credit would be allowed for rehabilitation expenditures with respect to such building if subsection (e)(3)(A)(ii)(I) did not

apply and if the dollar amount in effect under subsection (e)(3)(A)(ii)(II) were two-thirds of such amount.

(g) Qualified low-income housing project.

For purposes of this section —

(1) In general.

The term “qualified low-income housing project” means any project for residential rental property if the project meets the requirements of subparagraph (A) or (B) whichever is elected by the taxpayer:

(A) 20-50 test. The project meets the requirements of this subparagraph if 20 percent or more of the residential units in such project are both rent-restricted and occupied by individuals whose income is 50 percent or less of area median gross income.

(B) 40-60 test. The project meets the requirements of this subparagraph if 40 percent or more of the residential units in such project are both rent-restricted and occupied by individuals whose income is 60 percent or less of area median gross income.

Any election under this paragraph, once made, shall be irrevocable. For purposes of this paragraph, any property shall not be treated as failing to be residential rental property merely because part of the building in which such property is located is used for purposes other than residential rental purposes.

(2) Rent-restricted units.

(A) In general. For purposes of paragraph (1), a residential unit is rent-restricted if the gross rent with respect to such unit does not exceed 30 percent of the imputed income limitation applicable to such unit. For purposes of the preceding sentence, the amount of the income limitation under paragraph (1) applicable for any period shall not be less than such limitation applicable for the earliest period the building (which contains the unit) was included in the determination of whether the project is a qualified low-income housing project.

(B) Gross rent. For purposes of subparagraph (A), gross rent—

(i) does not include any payment under section 8 of the United States Housing Act of 1937 or any comparable rental assistance program (with respect to such unit or occupants thereof),

(ii) includes any utility allowance determined by the Secretary after taking into account such determinations under section 8 of the United States Housing Act of 1937,

(iii) does not include any fee for a supportive service which is paid to the owner of the unit (on the basis of the low-income status of the tenant of the unit) by any governmental program of assistance (or by an organization described in section 501(c)(3) and exempt from tax under section 501(a)) if such program (or organization) provides assistance for rent and the amount of assistance provided for rent is not separable from the amount of assistance provided for supportive services, and

(iv) does not include any rental payment to the owner of the unit to the extent such owner pays an equivalent amount to the Farmers' Home Administration under section 515 of the Housing Act of 1949.

For purposes of clause (iii), the term "supportive service" means any service provided under a planned program of services designed to enable residents of a residential rental property to remain independent and avoid placement in a hospital, nursing home, or intermediate care facility for the mentally or physically handicapped. In the case of a single-room occupancy unit or a building described in subsection (i)(3)(B)(iii), such term includes any service provided to assist tenants in locating and retaining permanent housing.

(C) Imputed income limitation applicable to unit. For purposes of this paragraph , the imputed income limitation applicable to a unit is the income limitation which would apply under paragraph (1) to individuals occupying the unit if the number of individuals occupying the unit were as follows:

(i) In the case of a unit which does not have a separate bedroom, 1 individual.

(ii) In the case of a unit which has 1 or more separate bedrooms, 1.5 individuals for each separate bedroom.

In the case of a project with respect to which a credit is allowable by reason of this section and for which financing is provided by a bond described in section 142(a)(7) , the imputed income limitation shall apply in lieu of the otherwise applicable income limitation for purposes of applying section 142(d)(4)(B)(ii).

(D) Treatment of units occupied by individuals whose incomes rise above limit.

(i) In general. Except as provided in clause (ii), notwithstanding an increase in the income of the occupants of a low-income unit above the income limitation applicable under paragraph (1) , such unit shall continue to be treated as a low-income unit if the income of such occupants initially met such income limitation and such unit continues to be rent-restricted.

(ii) Next available unit must be rented to low-income tenant if income rises above 140 percent of income limit. If the income of the occupants of the unit increases above 140 percent of the income limitation applicable under paragraph (1), clause (i) shall cease to apply to such unit if any residential rental unit in the building (of a size comparable to, or smaller than, such unit) is occupied by a new resident whose income exceeds such income limitation. In the case of a project described in section 142(d)(4)(B), the preceding sentence shall be applied by substituting "170 percent" for "140 percent" and by substituting "any low-income unit in the building is occupied by a new resident whose income exceeds 40 percent of area median gross income" for "any residential unit in the building (of a size comparable to, or smaller than, such unit) is occupied by a new resident whose income exceeds such income limitation".

(E) Units where federal rental assistance is reduced as tenant's income increases. If the gross rent with respect to a residential

unit exceeds the limitation under subparagraph (A) by reason of the fact that the income of the occupants thereof exceeds the income limitation applicable under paragraph (1), such unit shall, nevertheless, be treated as a rent-restricted unit for purposes of paragraph (1) if—

(i) a Federal rental assistance payment described in subparagraph (B)(i) is made with respect to such unit or its occupants, and

(ii) the sum of such payment and the gross rent with respect to such unit does not exceed the sum of the amount of such payment which would be made and the gross rent which would be payable with respect to such unit if—

(I) the income of the occupants thereof did not exceed the income limitation applicable under paragraph (1), and

(II) such units were rent-restricted within the meaning of subparagraph (A).

The preceding sentence shall apply to any unit only if the result described in clause (ii) is required by Federal statute as of the date of the enactment of this subparagraph and as of the date the Federal rental assistance payment is made.

(3) Date for meeting requirements.

(A) In general. Except as otherwise provided in this paragraph, a building shall be treated as a qualified low-income building only if the project (of which such building is a part) meets the requirements of paragraph (1) not later than the close of the 1st year of the credit period for such building.

(B) Buildings which rely on later buildings for qualification.

(i) In general. In determining whether a building (hereinafter in this subparagraph referred to as the “prior building”) is a qualified low-income building, the taxpayer may take into account 1 or more additional buildings placed in service during the 12-month period described in subparagraph (A) with respect to the prior building only

if the taxpayer elects to apply clause (ii) with respect to each additional building taken into account.

(ii) Treatment of elected buildings. In the case of a building which the taxpayer elects to take into account under clause (i), the period under subparagraph (A) for such building shall end at the close of the 12-month period applicable to the prior building.

(iii) Date prior building is treated as placed in service. For purposes of determining the credit period and the compliance period for the prior building, the prior building shall be treated for purposes of this section as placed in service on the most recent date any additional building elected by the taxpayer (with respect to such prior building) was placed in service.

(C) Special rule. A building—

(i) other than the 1st building placed in service as part of a project, and

(ii) other than a building which is placed in service during the 12-month period described in subparagraph (A) with respect to a prior building which becomes a qualified low-income building,

shall in no event be treated as a qualified low-income building unless the project is a qualified low-income housing project (without regard to such building) on the date such building is placed in service.

(D) Projects with more than 1 building must be identified. For purposes of this section, a project shall be treated as consisting of only 1 building unless, before the close of the 1st calendar year in the project period (as defined in subsection (h)(1)(F)(ii)), each building which is (or will be) part of such project is identified in such form and manner as the Secretary may provide.

(4) Certain rules made applicable.

Paragraphs (2) (other than subparagraph (A) thereof), (3), (4), (5), (6), and (7) of section 142(d), and section 6652(j), shall apply for purposes of determining whether any project is a qualified low-income housing project and whether any unit is a low-income unit; except that, in applying such provisions for such purposes, the term “gross rent” shall have the

meaning given such term by paragraph (2)(B) of this subsection

(5) Election to treat building after compliance period as not part of a project.

For purposes of this section, the taxpayer may elect to treat any building as not part of a qualified low-income housing project for any period beginning after the compliance period for such building.

(6) Special rule where de minimis equity contribution.

Property shall not be treated as failing to be residential rental property for purposes of this section merely because the occupant of a residential unit in the project pays (on a voluntary basis) to the lessor a de minimis amount to be held toward the purchase by such occupant of a residential unit in such project if—

(A) all amounts so paid are refunded to the occupant on the cessation of his occupancy of a unit in the project, and

(B) the purchase of the unit is not permitted until after the close of the compliance period with respect to the building in which the unit is located.

Any amount paid to the lessor as described in the preceding sentence shall be included in gross rent under paragraph (2) for purposes of determining whether the unit is rent-restricted.

(7) Scattered site projects.

Buildings which would (but for their lack of proximity) be treated as a project for purposes of this section shall be so treated if all of the dwelling units in each of the buildings are rent-restricted (within the meaning of paragraph (2)) residential rental units.

(8) Waiver of certain de minimis errors and recertifications.

On application by the taxpayer, the Secretary may waive—

(A) any recapture under subsection (j) in the case of any de minimis error in complying with paragraph (1), or

(B) any annual recertification of tenant income for purposes of this subsection, if

the entire building is occupied by low-income tenants.

(9) Clarification of general public use requirement.

A project does not fail to meet the general public use requirement solely because of occupancy restrictions or preferences that favor tenants—

(A) with special needs,

(B) who are members of a specified group under a Federal program or State program or policy that supports housing for such a specified group, or

(C) who are involved in artistic or literary activities.

(h) Limitation on aggregate credit allowable with respect to projects located in a state.

(1) Credit may not exceed credit amount allocated to building.

(A) In general. The amount of the credit determined under this section for any taxable year with respect to any building shall not exceed the housing credit dollar amount allocated to such building under this subsection.

(B) Time for making allocation. Except in the case of an allocation which meets the requirements of subparagraph (C), (D), (E), or (F) an allocation shall be taken into account under subparagraph (A) only if it is made not later than the close of the calendar year in which the building is placed in service.

(C) Exception where binding commitment. An allocation meets the requirements of this subparagraph if there is a binding commitment (not later than the close of the calendar year in which the building is placed in service) by the housing credit agency to allocate a specified housing credit dollar amount to such building beginning in a specified later taxable year.

(D) Exception where increase in qualified basis.

(i) In general. An allocation meets the requirements of this subparagraph if such allocation is made not later than the close of the calendar year in which ends the taxable year to which it will 1st apply but only to the extent the amount

of such allocation does not exceed the limitation under clause (ii).

(ii) Limitation. The limitation under this clause is the amount of credit allowable under this section (without regard to this subsection) for a taxable year with respect to an increase in the qualified basis of the building equal to the excess of—

(I) the qualified basis of such building as of the close of the 1st taxable year to which such allocation will apply, over

(II) the qualified basis of such building as of the close of the 1st taxable year to which the most recent prior housing credit allocation with respect to such building applied.

(iii) Housing credit dollar amount reduced by full allocation. Notwithstanding clause (i), the full amount of the allocation shall be taken into account under paragraph (2).

(E) Exception where 10 percent of cost incurred.

(i) In general. An allocation meets the requirements of this subparagraph if such allocation is made with respect to a qualified building which is placed in service not later than the close of the second calendar year following the calendar year in which the allocation is made.

(ii) Qualified building. For purposes of clause (i), the term "qualified building" means any building which is part of a project if the taxpayer's basis in such project (as of the date which is 1 year after the date that the allocation was made) is more than 10 percent of the taxpayer's reasonably expected basis in such project (as of the close of the second calendar year referred to in clause (i)). Such term does not include any existing building unless a credit is allowable under subsection (e) for rehabilitation expenditures paid or incurred by the taxpayer with respect to such building for a taxable year ending during the second calendar year referred to in clause (i) or the prior taxable year.

(F) Allocation of credit on a project basis.

(i) In general. In the case of a project which includes (or will include) more than 1 building, an allocation meets the requirements of this subparagraph if—

(I) the allocation is made to the project for a calendar year during the project period,

(II) the allocation only applies to buildings placed in service during or after the calendar year for which the allocation is made, and

(III) the portion of such allocation which is allocated to any building in such project is specified not later than the close of the calendar year in which the building is placed in service.

(ii) Project period. For purposes of clause (i), the term "project period" means the period—

(I) beginning with the 1st calendar year for which an allocation may be made for the 1st building placed in service as part of such project, and

(II) ending with the calendar year the last building is placed in service as part of such project.

(2) Allocated credit amount to apply to all taxable years ending during or after credit allocation year.

Any housing credit dollar amount allocated to any building for any calendar year—

(A) shall apply to such building for all taxable years in the compliance period ending during or after such calendar year, and

(B) shall reduce the aggregate housing credit dollar amount of the allocating agency only for such calendar year.

(3) Housing credit dollar amount for agencies.

(A) In general. The aggregate housing credit dollar amount which a housing credit agency may allocate for any calendar year is the portion of the State housing credit ceiling allocated under this paragraph for such calendar year to such agency.

(B) State ceiling initially allocated to state housing credit agencies. Except as provided in subparagraphs (D) and (E), the State housing credit ceiling for each calendar year shall be allocated to the housing credit agency of such State. If there is more than 1 housing credit agency of a State, all such agencies shall be treated as a single agency.

(C) State housing credit ceiling. The State housing credit ceiling applicable to any State for any calendar year shall be an amount equal to the sum of—

(i) the unused State housing credit ceiling (if any) of such State for the preceding calendar year,

(ii) the greater of—

(I) \$1.75 (\$1.50 for 2001) multiplied by the State population, or

(II) \$2,000,000,

(iii) the amount of State housing credit ceiling returned in the calendar year, plus

(iv) the amount (if any) allocated under subparagraph (D) to such State by the Secretary.

For purposes of clause (i), the unused State housing credit ceiling for any calendar year is the excess (if any) of the sum of the amounts described in clauses (ii) through (iv) over the aggregate housing credit dollar amount allocated for such year. For purposes of clause (iii), the amount of State housing credit ceiling returned in the calendar year equals the housing credit dollar amount previously allocated within the State to any project which fails to meet the 10 percent test under paragraph (1)(E)(ii) on a date after the close of the calendar year in which the allocation was made or which does not become a qualified low-income housing project within the period required by this section or the terms of the allocation or to any project with respect to which an allocation is cancelled by mutual consent of the housing credit agency and the allocation recipient.

(D) Unused housing credit carryovers allocated among certain states.

(i) In general. The unused housing credit carryover of a State for any calendar year shall be assigned to the Secretary for allocation among qualified States for the succeeding calendar year.

(ii) Unused housing credit carryover. For purposes of this subparagraph, the unused housing credit carryover of a State for any calendar year is the excess (if any) of—

(I) the unused State housing credit ceiling for the year preceding such year, over

(II) the aggregate housing credit dollar amount allocated for such year.

(iii) Formula for allocation of unused housing credit carryovers among qualified states. The amount allocated under this subparagraph to a qualified State for any calendar year shall be the amount determined by the Secretary to bear the same ratio to the aggregate unused housing credit carryovers of all States for the preceding calendar year as such State's population for the calendar year bears to the population of all qualified States for the calendar year. For purposes of the preceding sentence, population shall be determined in accordance with section 146(j).

(iv) Qualified State. For purposes of this subparagraph, the term "qualified State" means, with respect to a calendar year, any State—

(I) which allocated its entire State housing credit ceiling for the preceding calendar year, and

(II) for which a request is made (not later than May 1 of the calendar year) to receive an allocation under clause (iii).

(E) Special rule for states with constitutional home rule cities. For purposes of this subsection —

(i) In general. The aggregate housing credit dollar amount for any constitutional home rule city for any calendar year shall be an amount which bears the same ratio to the State housing credit ceiling for such calendar year as—

(I) the population of such city, bears to

(II) the population of the entire State.

(ii) Coordination with other allocations. In the case of any State which contains 1 or more constitutional home rule cities, for purposes of applying this paragraph with respect to housing credit agencies in such State other than constitutional home rule cities, the State housing credit ceiling for any calendar year shall be reduced by the aggregate housing credit dollar amounts determined for such year for all constitutional home rule cities in such State.

(iii) Constitutional home rule city. For purposes of this paragraph, the term "constitutional home rule city" has the meaning given such term by section 146(d)(3)(C).

(F) State may provide for different allocation. Rules similar to the rules of section 146(e) (other than paragraph (2)(B) thereof) shall apply for purposes of this paragraph.

(G) Population. For purposes of this paragraph, population shall be determined in accordance with section 146(j).

(H) Cost-of-living adjustment.

(i) In general. In the case of a calendar year after 2002, the \$2,000,000 and \$1.75 amounts in subparagraph (C) shall each be increased by an amount equal to—

(I) such dollar amount, multiplied by

(II) the cost-of-living adjustment determined under section 1(f)(3) for such calendar year by substituting "calendar year 2001" for "calendar year 1992" in subparagraph (B) thereof.

(ii) Rounding.

(I) In the case of the \$2,000,000 amount, any increase under clause (i) which is not a multiple of \$5,000 shall be rounded to the next lowest multiple of \$5,000.

(II) In the case of the \$1.75 amount, any increase under clause (i) which is not a multiple of 5 cents shall be rounded to the next lowest multiple of 5 cents.

(I) Increase in State housing credit ceiling for 2008 and 2009. In the case of calendar years 2008 and 2009—

(i) the dollar amount in effect under subparagraph (C)(ii)(I) for such calendar year (after any increase under subparagraph (H)) shall be increased by \$0.20, and

(ii) the dollar amount in effect under subparagraph (C)(ii)(II) for such calendar year (after any increase under subparagraph (H)) shall be increased by an amount equal to 10 percent of such dollar amount (rounded to the next lowest multiple of \$5,000).

(4) Credit for buildings financed by tax-exempt bonds subject to volume cap not taken into account.

(A) In general. Paragraph (1) shall not apply to the portion of any credit allowable under subsection (a) which is attributable to eligible basis financed by any obligation the interest on which is exempt from tax under section 103 if —

(i) such obligation is taken into account under section 146, and

(ii) principal payments on such financing are applied within a reasonable period to redeem obligations the proceeds of which were used to provide such financing or such financing is refunded as described in section 146(i)(6).

(B) Special rule where 50 percent or more of building is financed with tax-exempt bonds subject to volume cap. For purposes of subparagraph (A) , if 50 percent or more of the aggregate basis of any building and the land on which the building is located is financed by any obligation described in subparagraph (A) , paragraph (1) shall not apply to any portion of the credit allowable under subsection (a) with respect to such building.

(5) Portion of state ceiling set-aside for certain projects involving qualified nonprofit organizations.

(A) In general. Not more than 90 percent of the State housing credit ceiling for any State for any calendar year shall be allocated to projects other than qualified low-income housing projects described in subparagraph (B).

(B) Projects involving qualified nonprofit organizations. For purposes of subparagraph (A), a qualified low-income housing project is described in this subparagraph if a qualified nonprofit organization is to own an interest in the project (directly or through a partnership) and materially participate (within the meaning of section 469(h)) in the development and operation of the project throughout the compliance period.

(C) Qualified nonprofit organization. For purposes of this paragraph, the term "qualified nonprofit organization" means any organization if—

(i) such organization is described in paragraph (3) or (4) of section 501(c) and is exempt from tax under section 501(a),

(ii) such organization is determined by the State housing credit agency not to be affiliated with or controlled by a for-profit organization; and

(iii) 1 of the exempt purposes of such organization includes the fostering of low-income housing.

(D) Treatment of certain subsidiaries.

(i) In general. For purposes of this paragraph, a qualified nonprofit organization shall be treated as satisfying the ownership and material participation test of subparagraph (B) if any qualified corporation in which such organization holds stock satisfies such test.

(ii) Qualified corporation. For purposes of clause (i), the term "qualified corporation" means any corporation if 100 percent of the stock of such corporation is held by 1 or more qualified nonprofit organizations at all times during the period such corporation is in existence.

(E) State may not override set-aside. Nothing in subparagraph (F) of paragraph (3) shall be construed to permit a State

not to comply with subparagraph (A) of this paragraph.

(6) Buildings eligible for credit only if minimum long-term commitment to low-income housing.

(A) In general. No credit shall be allowed by reason of this section with respect to any building for the taxable year unless an extended low-income housing commitment is in effect as of the end of such taxable year.

(B) Extended low-income housing commitment. For purposes of this paragraph, the term "extended low-income housing commitment" means any agreement between the taxpayer and the housing credit agency—

(i) which requires that the applicable fraction (as defined in subsection (c)(1)) for the building for each taxable year in the extended use period will not be less than the applicable fraction specified in such agreement and which prohibits the actions described in subclauses (I) and (II) of subparagraph (E)(ii),

(ii) which allows individuals who meet the income limitation applicable to the building under subsection (g) (whether prospective, present, or former occupants of the building) the right to enforce in any State court the requirement and prohibitions of clause (i),

(iii) which prohibits the disposition to any person of any portion of the building to which such agreement applies unless all of the building to which such agreement applies is disposed of to such person,

(iv) which prohibits the refusal to lease to a holder of a voucher or certificate of eligibility under section 8 of the United States Housing Act of 1937 because of the status of the prospective tenant as such a holder,

(v) which is binding on all successors of the taxpayer, and

(vi) which, with respect to the property, is recorded pursuant to State law as a restrictive covenant.

(C) Allocation of credit may not exceed amount necessary to support commitment.

(i) In general. The housing credit dollar amount allocated to any building may not exceed the amount necessary to support the applicable fraction specified in the extended low-income housing commitment for such building, including any increase in such fraction pursuant to the application of subsection (f)(3) if such increase is reflected in an amended low-income housing commitment.

(ii) Buildings financed by tax-exempt bonds. If paragraph (4) applies to any building the amount of credit allowed in any taxable year may not exceed the amount necessary to support the applicable fraction specified in the extended low-income housing commitment for such building. Such commitment may be amended to increase such fraction.

(D) Extended use period. For purposes of this paragraph, the term "extended use period" means the period—

(i) beginning on the 1st day in the compliance period on which such building is part of a qualified low-income housing project, and

(ii) ending on the later of—

(I) the date specified by such agency in such agreement, or

(II) the date which is 15 years after the close of the compliance period.

(E) Exceptions if foreclosure or if no buyer willing to maintain low-income status.

(i) In general. The extended use period for any building shall terminate—

(I) on the date the building is acquired by foreclosure (or instrument in lieu of foreclosure) unless the Secretary determines that such acquisition is part of an arrangement with the taxpayer a purpose of which is to terminate such period, or

(II) on the last day of the period specified in subparagraph (I) if the housing credit agency is unable to present during such

period a qualified contract for the acquisition of the low-income portion of the building by any person who will continue to operate such portion as a qualified low-income building.

Subclause (II) shall not apply to the extent more stringent requirements are provided in the agreement or in State law.

(ii) Eviction, etc. of existing low-income tenants not permitted. The termination of an extended use period under clause (i) shall not be construed to permit before the close of the 3-year period following such termination—

(I) the eviction or the termination of tenancy (other than for good cause) of an existing tenant of any low-income unit, or

(II) any increase in the gross rent with respect to such unit not otherwise permitted under this section.

(F) Qualified contract. For purposes of subparagraph (E), the term "qualified contract" means a bona fide contract to acquire (within a reasonable period after the contract is entered into) the non low-income portion of the building for fair market value and the low-income portion of the building for an amount not less than the applicable fraction (specified in the extended low-income housing commitment) of—

(i) the sum of—

(I) the outstanding indebtedness secured by, or with respect to, the building,

(II) the adjusted investor equity in the building, plus

(III) other capital contributions not reflected in the amounts described in subclause (I) or (II), reduced by

(ii) cash distributions from (or available for distribution from) the project.

The Secretary shall prescribe such regulations as may be necessary or appropriate to carry out this paragraph, including regulations to prevent the manipulation of the amount determined under the preceding sentence.

(G) Adjusted investor equity.

(i) In general. For purposes of subparagraph (E), the term "adjusted investor equity" means, with respect to any calendar year, the aggregate amount of cash taxpayers invested with respect to the project increased by the amount equal to—

(I) such amount, multiplied by

(II) the cost-of-living adjustment for such calendar year, determined under section 1(f)(3) by substituting the base calendar year for "calendar year 1987".

An amount shall be taken into account as an investment in the project only to the extent there was an obligation to invest such amount as of the beginning of the credit period and to the extent such amount is reflected in the adjusted basis of the project.

(ii) Cost-of-living increases in excess of 5 percent not taken into account. Under regulations prescribed by the Secretary, if the CPI for any calendar year (as defined in section 1(f)(4)) exceeds the CPI for the preceding calendar year by more than 5 percent, the CPI for the base calendar year shall be increased such that such excess shall never be taken into account under clause (i) .

(iii) Base calendar year. For purposes of this subparagraph, the term "base calendar year" means the calendar year with or within which the 1st taxable year of the credit period ends.

(H) Low-income portion. For purposes of this paragraph, the low-income portion of a building is the portion of such building equal to the applicable fraction specified in the extended low-income housing commitment for the building.

(I) Period for finding buyer. The period referred to in this subparagraph is the 1-year period beginning on the date (after the 14th year of the compliance period) the taxpayer submits a written request to the housing credit agency to find a person to acquire the taxpayer's interest in the low-income portion of the building.

(J) Effect of noncompliance. If, during a taxable year, there is a determination that an extended low-income housing agreement was not in effect as of the beginning of such year, such determination shall not apply to any period before such year and subparagraph (A) shall be applied without regard to such determination if the failure is corrected within 1 year from the date of the determination.

(K) Projects which consist of more than 1 building. The application of this paragraph to projects which consist of more than 1 building shall be made under regulations prescribed by the Secretary.

(7) Special rules.

(A) Building must be located within jurisdiction of credit agency. A housing credit agency may allocate its aggregate housing credit dollar amount only to buildings located in the jurisdiction of the governmental unit of which such agency is a part.

(B) Agency allocations in excess of limit. If the aggregate housing credit dollar amounts allocated by a housing credit agency for any calendar year exceed the portion of the State housing credit ceiling allocated to such agency for such calendar year, the housing credit dollar amounts so allocated shall be reduced (to the extent of such excess) for buildings in the reverse of the order in which the allocations of such amounts were made.

(C) Credit reduced if allocated credit dollar amount is less than credit which would be allowable without regard to placed in service convention, etc.

(i) In general. The amount of the credit determined under this section with respect to any building shall not exceed the clause (ii) percentage of the amount of the credit which would (but for this subparagraph) be determined under this section with respect to such building.

(ii) Determination of percentage. For purposes of clause (i), the clause (ii) percentage with respect to any building is the percentage which—

(I) the housing credit dollar amount allocated to such building bears to

(II) the credit amount determined in accordance with clause (iii).

(iii) Determination of credit amount. The credit amount determined in accordance with this clause is the amount of the credit which would (but for this subparagraph) be determined under this section with respect to the building if—

(I) this section were applied without regard to paragraphs (2)(A) and (3)(B) of subsection (f), and

(II) subsection (f)(3)(A) were applied without regard to “the percentage equal to 2/3 of”.

(D) Housing credit agency to specify applicable percentage and maximum qualified basis. In allocating a housing credit dollar amount to any building, the housing credit agency shall specify the applicable percentage and the maximum qualified basis which may be taken into account under this section with respect to such building. The applicable percentage and maximum qualified basis so specified shall not exceed the applicable percentage and qualified basis determined under this section without regard to this subsection.

(8) Other definitions.

For purposes of this subsection —

(A) Housing credit agency. The term “housing credit agency” means any agency authorized to carry out this subsection.

(B) Possessions treated as states. The term “State” includes a possession of the United States.

(i) Definitions and special rules.

For purposes of this section —

(1) Compliance period.

The term “compliance period” means, with respect to any building, the period of 15 taxable years beginning with the 1st taxable year of the credit period with respect thereto.

(2) Determination of whether building is federally subsidized.

(A) In general. Except as otherwise provided in this paragraph, for purposes of subsection (b)(1), a new building shall be treated as federally subsidized for any

taxable year if, at any time during such taxable year or any prior taxable year, there is or was outstanding any obligation the interest on which is exempt from tax under section 103 the proceeds of which are or were used (directly or indirectly) with respect to such building or the operation thereof.

(B) Election to reduce eligible basis by proceeds of obligations. A tax-exempt obligation shall not be taken into account under subparagraph (A) if the taxpayer elects to exclude from the eligible basis of the building for purposes of subsection (d) the proceeds of such obligation.

(C) Special rule for subsidized construction financing. Subparagraph (A) shall not apply to any tax-exempt obligation used to provide construction financing for any building if—

(i) such obligation (when issued) identified the building for which the proceeds of such obligation would be used, and

(ii) such obligation is redeemed before such building is placed in service.

(3) Low-income unit.

(A) In general. The term “low-income unit” means any unit in a building if—

(i) such unit is rent-restricted (as defined in subsection (g)(2)), and

(ii) the individuals occupying such unit meet the income limitation applicable under subsection (g)(1) to the project of which such building is a part.

(B) Exceptions.

(i) In general. A unit shall not be treated as a low-income unit unless the unit is suitable for occupancy and used other than on a transient basis.

(ii) Suitability for occupancy. For purposes of clause (i), the suitability of a unit for occupancy shall be determined under regulations prescribed by the Secretary taking into account local health, safety, and building codes.

(iii) Transitional housing for homeless. For purposes of clause (i), a unit shall be considered to be used other than on a transient basis if the unit contains sleeping accommodations and

kitchen and bathroom facilities and is located in a building—

(I) which is used exclusively to facilitate the transition of homeless individuals (within the meaning of section 103 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11302), as in effect on the date of the enactment of this clause) to independent living within 24 months, and

(II) in which a governmental entity or qualified nonprofit organization (as defined in subsection (h)(5)) provides such individuals with temporary housing and supportive services designed to assist such individuals in locating and retaining permanent housing.

(iv) Single-room occupancy units. For purposes of clause (i), a single-room occupancy unit shall not be treated as used on a transient basis merely because it is rented on a month-by-month basis.

(C) Special rule for buildings having 4 or fewer units. In the case of any building which has 4 or fewer residential rental units, no unit in such building shall be treated as a low-income unit if the units in such building are owned by—

(i) any individual who occupies a residential unit in such building, or

(ii) any person who is related (as defined in subsection (d)(2)(D)(iii)) to such individual.

(D) Certain students not to disqualify unit. A unit shall not fail to be treated as a low-income unit merely because it is occupied—

(i) by an individual who is—

(I) a student and receiving assistance under title IV of the Social Security Act,

(III) enrolled in a job training program receiving assistance under the Job Training Partnership Act or under other similar Federal, State, or local laws, or

(ii) entirely by full-time students if such students are—

(I) single parents and their children and such parents are not dependents (as defined in section 152 , determined without regard to subsections (b)(1) , (b)(2) , and (d)(1)(B) thereof) of another individual and such children are not dependents (as so defined) of another individual other than a parent of such children, or. [sic,]

(II) married and file a joint return.

(E) Owner-occupied buildings having 4 or fewer units eligible for credit where development plan.

(i) In general. Subparagraph (C) shall not apply to the acquisition or rehabilitation of a building pursuant to a development plan of action sponsored by a State or local government or a qualified nonprofit organization (as defined in subsection (h)(5)(C)).

(ii) Limitation on credit. In the case of a building to which clause (i) applies, the applicable fraction shall not exceed 80 percent of the unit fraction.

(iii) Certain unrented units treated as owner-occupied. In the case of a building to which clause (i) applies, any unit which is not rented for 90 days or more shall be treated as occupied by the owner of the building as of the 1st day it is not rented.

(4) New building.

The term “new building” means a building the original use of which begins with the taxpayer.

(5) Existing building.

The term “existing building” means any building which is not a new building.

(6) Application to estates and trusts.

In the case of an estate or trust, the amount of the credit determined under subsection (a) and any increase in tax under subsection (j) shall be apportioned between the estate or trust and the

beneficiaries on the basis of the income of the estate or trust allocable to each.

(7) Impact of tenant's right of 1st refusal to acquire property.

(A) In general. No Federal income tax benefit shall fail to be allowable to the taxpayer with respect to any qualified low-income building merely by reason of a right of 1st refusal held by the tenants (in cooperative form or otherwise) or resident management corporation of such building or by a qualified nonprofit organization (as defined in subsection (h)(5)(C)) or government agency to purchase the property after the close of the compliance period for a price which is not less than the minimum purchase price determined under subparagraph (B).

(B) Minimum purchase price. For purposes of subparagraph (A), the minimum purchase price under this subparagraph is an amount equal to the sum of—

(i) the principal amount of outstanding indebtedness secured by the building (other than indebtedness incurred within the 5-year period ending on the date of the sale to the tenants), and

(ii) all Federal, State, and local taxes attributable to such sale.

Except in the case of Federal income taxes, there shall not be taken into account under clause (ii) any additional tax attributable to the application of clause (ii).

(8) Treatment of rural projects.

For purposes of this section, in the case of any project for residential rental property located in a rural area (as defined in section 520 of the Housing Act of 1949), any income limitation measured by reference to area median gross income shall be measured by reference to the greater of area median gross income or national non-metropolitan median income. The preceding sentence shall not apply with respect to any building if paragraph (1) of section 42(h) does not apply by reason of paragraph (4) thereof to any portion of the credit determined under this section with respect to such building.

(9) Coordination with low-income housing grants.

(A) Reduction in state housing credit ceiling for low-income housing grants received in 2009. For purposes of this section, the amounts described in clauses (i) through (iv) of subsection (h)(3)(C) with respect to any State for 2009 shall each be reduced by so much of such amount as is taken into account in determining the amount of any grant to such State under section 1602 of the American Recovery and Reinvestment Tax Act of 2009.

(B) Special rule for basis. Basis of a qualified low-income building shall not be reduced by the amount of any grant described in subparagraph (A).

(j) Recapture of credit.

(1) In general.

If—

(A) as of the close of any taxable year in the compliance period, the amount of the qualified basis of any building with respect to the taxpayer is less than

(B) the amount of such basis as of the close of the preceding taxable year,

then the taxpayer's tax under this chapter for the taxable year shall be increased by the credit recapture amount.

(2) Credit recapture amount.

For purposes of paragraph (1), the credit recapture amount is an amount equal to the sum of—

(A) the aggregate decrease in the credits allowed to the taxpayer under section 38 for all prior taxable years which would have resulted if the accelerated portion of the credit allowable by reason of this section were not allowed for all prior taxable years with respect to the excess of the amount described in paragraph (1)(B) over the amount described in paragraph (1)(A), plus

(B) interest at the overpayment rate established under section 6621 on the amount determined under subparagraph (A) for each prior taxable year for the period beginning on the due date for filing the return for the prior taxable year involved.

No deduction shall be allowed under this chapter for interest described in subparagraph (B).

(3) Accelerated portion of credit.

For purposes of paragraph (2), the accelerated portion of the credit for the prior taxable years with respect to any amount of basis is the excess of—

(A) the aggregate credit allowed by reason of this section (without regard to this subsection) for such years with respect to such basis, over

(B) the aggregate credit which would be allowable by reason of this section for such years with respect to such basis if the aggregate credit which would (but for this subsection) have been allowable for the entire compliance period were allowable ratably over 15 years.

(4) Special rules.

(A) Tax benefit rule. The tax for the taxable year shall be increased under paragraph (1) only with respect to credits allowed by reason of this section which were used to reduce tax liability. In the case of credits not so used to reduce tax liability, the carryforwards and carrybacks under section 39 shall be appropriately adjusted.

(B) Only basis for which credit allowed taken into account. Qualified basis shall be taken into account under paragraph (1)(B) only to the extent such basis was taken into account in determining the credit under subsection (a) for the preceding taxable year referred to in such paragraph.

(C) No recapture of additional credit allowable by reason of subsection (f)(3). Paragraph (1) shall apply to a decrease in qualified basis only to the extent such decrease exceeds the amount of qualified basis with respect to which a credit was allowable for the taxable year referred to in paragraph (1)(B) by reason of subsection (f)(3).

(D) No credits against tax. Any increase in tax under this subsection shall not be treated as a tax imposed by this chapter for purposes of determining the amount of any credit under this chapter.

(E) No recapture by reason of casualty loss. The increase in tax under this subsection shall not apply to a reduction in qualified basis by reason of a casualty loss to the extent such loss is restored by reconstruction or replacement within a

reasonable period established by the Secretary.

(F) No recapture where de minimis changes in floor space. The Secretary may provide that the increase in tax under this subsection shall not apply with respect to any building if—

(i) such increase results from a de minimis change in the floor space fraction under subsection (c)(1), and

(ii) the building is a qualified low-income building after such change.

(5) Certain partnerships treated as the taxpayer.

(A) In general. For purposes of applying this subsection to a partnership to which this paragraph applies—

(i) such partnership shall be treated as the taxpayer to which the credit allowable under subsection (a) was allowed,

(ii) the amount of such credit allowed shall be treated as the amount which would have been allowed to the partnership were such credit allowable to such partnership,

(iii) paragraph (4)(A) shall not apply, and

(iv) the amount of the increase in tax under this subsection for any taxable year shall be allocated among the partners of such partnership in the same manner as such partnership's taxable income for such year is allocated among such partners.

(B) Partnerships to which paragraph applies. This paragraph shall apply to any partnership which has 35 or more partners unless the partnership elects not to have this paragraph apply.

(C) Special rules.

(i) Husband and wife treated as 1 partner. For purposes of subparagraph (B)(i), a husband and wife (and their estates) shall be treated as 1 partner.

(ii) Election irrevocable. Any election under subparagraph (B), once made, shall be irrevocable.

(6) No recapture on disposition of building which continues in qualified use.

(A) In general. The increase in tax under this subsection shall not apply solely by reason of the disposition of a building (or an interest therein) if it is reasonably expected that such building will continue to be operated as a qualified low-income building for the remaining compliance period with respect to such building.

(B) Statute of limitations. If a building (or an interest therein) is disposed of during any taxable year and there is any reduction in the qualified basis of such building which results in an increase in tax under this subsection for such taxable or any subsequent taxable year, then—

(i) the statutory period for the assessment of any deficiency with respect to such increase in tax shall not expire before the expiration of 3 years from the date the Secretary is notified by the taxpayer (in such manner as the Secretary may prescribe) of such reduction in qualified basis, and

(ii) such deficiency may be assessed before the expiration of such 3-year period notwithstanding the provisions of any other law or rule of law which would otherwise prevent such assessment.

(k) Application of at-risk rules.

For purposes of this section —

(1) In general.

Except as otherwise provided in this subsection, rules similar to the rules of section 49(a)(7) (other than subparagraphs (D)(ii)(II) and (D)(iv)(I) thereof), section 49(a)(2), and section 49(b)(1) shall apply in determining the qualified basis of any building in the same manner as such sections apply in determining the credit base of property.

(2) Special rules for determining qualified person.

For purposes of paragraph (1) —

(A) In general. If the requirements of subparagraphs (B), (C), and (D) are met with respect to any financing borrowed from a qualified nonprofit organization (as defined in subsection (h)(5)), the determination of whether such financing is qualified commercial financing with respect to any qualified low-income building shall

be made without regard to whether such organization—

(i) is actively and regularly engaged in the business of lending money, or

(ii) is a person described in section 49(a)(1)(D)(iv)(II).

(B) Financing secured by property. The requirements of this subparagraph are met with respect to any financing if such financing is secured by the qualified low-income building, except that this subparagraph shall not apply in the case of a federally assisted building described in subsection (d)(6)(B) if—

(i) a security interest in such building is not permitted by a Federal agency holding or insuring the mortgage secured by such building, and

(ii) the proceeds from the financing (if any) are applied to acquire or improve such building.

(C) Portion of building attributable to financing. The requirements of this subparagraph are met with respect to any financing for any taxable year in the compliance period if, as of the close of such taxable year, not more than 60 percent of the eligible basis of the qualified low-income building is attributable to such financing (reduced by the principal and interest of any governmental financing which is part of a wrap-around mortgage involving such financing).

(D) Repayment of principal and interest. The requirements of this subparagraph are met with respect to any financing if such financing is fully repaid on or before the earliest of—

(i) the date on which such financing matures,

(ii) the 90th day after the close of the compliance period with respect to the qualified low-income building, or

(iii) the date of its refinancing or the sale of the building to which such financing relates.

In the case of a qualified nonprofit organization which is not described in section 49(a)(1)(D)(iv)(II) with respect to a building, clause (ii) of this subparagraph shall be applied as if the date described therein were the 90th day after the earlier of

the date the building ceases to be a qualified low-income building or the date which is 15 years after the close of a compliance period with respect thereto.

(3) Present value of financing.

If the rate of interest on any financing described in paragraph (2)(A) is less than the rate which is 1 percentage point below the applicable Federal rate as of the time such financing is incurred, then the qualified basis (to which such financing relates) of the qualified low-income building shall be the present value of the amount of such financing, using as the discount rate such applicable Federal rate. For purposes of the preceding sentence, the rate of interest on any financing shall be determined by treating interest to the extent of government subsidies as not payable.

(4) Failure to fully repay.

(A) In general. To the extent that the requirements of paragraph (2)(D) are not met, then the taxpayer's tax under this chapter for the taxable year in which such failure occurs shall be increased by an amount equal to the applicable portion of the credit under this section with respect to such building, increased by an amount of interest for the period—

(i) beginning with the due date for the filing of the return of tax imposed by chapter 1 for the 1st taxable year for which such credit was allowable, and

(ii) ending with the due date for the taxable year in which such failure occurs,

determined by using the underpayment rate and method under section 6621 .

(B) Applicable portion. For purposes of subparagraph (A), the term "applicable portion" means the aggregate decrease in the credits allowed to a taxpayer under section 38 for all prior taxable years which would have resulted if the eligible basis of the building were reduced by the amount of financing which does not meet requirements of paragraph (2)(D).

(C) Certain rules to apply. Rules similar to the rules of subparagraphs (A) and (D) of subsection (j)(4) shall apply for purposes of this subsection .

(I) Certifications and other reports to secretary.

(1) Certification with respect to 1st year of credit period.

Following the close of the 1st taxable year in the credit period with respect to any qualified low-income building, the taxpayer shall certify to the Secretary (at such time and in such form and in such manner as the Secretary prescribes)—

(A) the taxable year, and calendar year, in which such building was placed in service,

(B) the adjusted basis and eligible basis of such building as of the close of the 1st year of the credit period,

(C) the maximum applicable percentage and qualified basis permitted to be taken into account by the appropriate housing credit agency under subsection (h),

(D) the election made under subsection (g) with respect to the qualified low-income housing project of which such building is a part, and

(E) such other information as the Secretary may require.

In the case of a failure to make the certification required by the preceding sentence on the date prescribed therefor, unless it is shown that such failure is due to reasonable cause and not to willful neglect, no credit shall be allowable by reason of subsection (a) with respect to such building for any taxable year ending before such certification is made.

(2) Annual reports to the Secretary.

The Secretary may require taxpayers to submit an information return (at such time and in such form and manner as the Secretary prescribes) for each taxable year setting forth—

(A) the qualified basis for the taxable year of each qualified low-income building of the taxpayer,

(B) the information described in paragraph (1)(C) for the taxable year, and

(C) such other information as the Secretary may require.

The penalty under section 6652(j) shall apply to any failure to submit the return required by the Secretary

under the preceding sentence on the date prescribed therefor.

(3) Annual reports from housing credit agencies.

Each agency which allocates any housing credit amount to any building for any calendar year shall submit to the Secretary (at such time and in such manner as the Secretary shall prescribe) an annual report specifying—

(A) the amount of housing credit amount allocated to each building for such year,

(B) sufficient information to identify each such building and the taxpayer with respect thereto, and

(C) such other information as the Secretary may require.

The penalty under section 6652(j) shall apply to any failure to submit the report required by the preceding sentence on the date prescribed therefor.

(m) Responsibilities of housing credit agencies.

(1) Plans for allocation of credit among projects.

(A) In general. Notwithstanding any other provision of this section, the housing credit dollar amount with respect to any building shall be zero unless—

(i) such amount was allocated pursuant to a qualified allocation plan of the housing credit agency which is approved by the governmental unit (in accordance with rules similar to the rules of section 147(f)(2) (other than subparagraph (B)(ii) thereof)) of which such agency is a part,

(ii) such agency notifies the chief executive officer (or the equivalent) of the local jurisdiction within which the building is located of such project and provides such individual a reasonable opportunity to comment on the project,

(iii) a comprehensive market study of the housing needs of low-income individuals in the area to be served by the project is conducted before the credit allocation is made and at the developer's expense by a disinterested

party who is approved by such agency, and

(iv) a written explanation is available to the general public for any allocation of a housing credit dollar amount which is not made in accordance with established priorities and selection criteria of the housing credit agency.

(B) Qualified allocation plan. For purposes of this paragraph, the term "qualified allocation plan" means any plan—

(i) which sets forth selection criteria to be used to determine housing priorities of the housing credit agency which are appropriate to local conditions,

(ii) which also gives preference in allocating housing credit dollar amounts among selected projects to—

(I) projects serving the lowest income tenants,

(II) projects obligated to serve qualified tenants for the longest periods, and

(III) projects which are located in qualified census tracts (as defined in subsection (d)(5)(C)) and the development of which contributes to a concerted community revitalization plan, and

(iii) which provides a procedure that the agency (or an agent or other private contractor of such agency) will follow in monitoring for noncompliance with the provisions of this section and in notifying the Internal Revenue Service of such noncompliance which such agency becomes aware of and in monitoring for noncompliance with habitability standards through regular site visits.

(C) Certain selection criteria must be used. The selection criteria set forth in a qualified allocation plan must include—

(i) project location,

(ii) housing needs characteristics,

(iii) project characteristics, including whether the project includes the use of existing housing as part of a community revitalization plan,

(iv) sponsor characteristics,

(v) tenant populations with special housing needs,

- (vi) public housing waiting lists,
- (vii) tenant populations of individuals with children,
- (viii) projects intended for eventual tenant ownership,
- (ix) the energy efficiency of the project, and
- (x) the historic nature of the project.

(D) Application to bond financed projects. Subsection (h)(4) shall not apply to any project unless the project satisfies the requirements for allocation of a housing credit dollar amount under the qualified allocation plan applicable to the area in which the project is located.

(2) Credit allocated to building not to exceed amount necessary to assure project feasibility.

(A) In general. The housing credit dollar amount allocated to a project shall not exceed the amount the housing credit agency determines is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the credit period.

(B) Agency evaluation. In making the determination under subparagraph (A), the housing credit agency shall consider—

- (i) the sources and uses of funds and the total financing planned for the project,
- (ii) any proceeds or receipts expected to be generated by reason of tax benefits,
- (iii) the percentage of the housing credit dollar amount used for project costs other than the cost of intermediaries, and
- (iv) the reasonableness of the developmental and operational costs of the project.

Clause (iii) shall not be applied so as to impede the development of projects in hard-to-develop areas. Such a determination shall not be construed to be a representation or warranty as to the feasibility or viability of the project.

(C) Determination made-when credit amount applied for and when building placed in service.

(i) In general. A determination under subparagraph (A) shall be made as of each of the following times:

- (I) The application for the housing credit dollar amount.
- (II) The allocation of the housing credit dollar amount.
- (III) The date the building is placed in service.

(ii) Certification as to amount of other subsidies. Prior to each determination under clause (i), the taxpayer shall certify to the housing credit agency the full extent of all Federal, State, and local subsidies which apply (or which the taxpayer expects to apply) with respect to the building.

(D) Application to bond financed projects. Subsection (h)(4) shall not apply to any project unless the governmental unit which issued the bonds (or on behalf of which the bonds were issued) makes a determination under rules similar to the rules of subparagraphs (A) and (B) .

(n) Regulations.

The Secretary shall prescribe such regulations as may be necessary or appropriate to carry out the purposes of this section , including regulations—

(1) dealing with—

- (A) projects which include more than 1 building or only a portion of a building,
- (B) buildings which are placed in service in portions,

(2) providing for the application of this section to short taxable years,

(3) preventing the avoidance of the rules of this section , and

(4) providing the opportunity for housing credit agencies to correct administrative errors and omissions with respect to allocations and record keeping within a reasonable period after their discovery, taking into account the availability of regulations and other administrative guidance from the Secretary.

(B) Safe harbor for leases and management contracts. For purposes of subparagraph (A), property leased by a governmental unit shall be treated as owned by such governmental unit if—

(2) Limitation on office space.

An office shall not be treated as described in a paragraph of subsection (a) unless—

(A) the office is located on the premises of a facility described in such a paragraph, and

(B) not more than a de minimis amount of the functions to be performed at such office is not directly related to the day-to-day operations at such facility.

(c) Airports, docks and wharves, mass commuting facilities and high-speed intercity rail facilities.

For purposes of subsection (a) —

(1) Storage and training facilities.

(E) Any industrial park or manufacturing facility.

(d) Qualified residential rental project.

For purposes of this section —

(1) In general.

The term "qualified residential rental project" means any project for residential rental property if, at all times during the qualified project period, such project meets the requirements of subparagraph (A) or (B), whichever is elected by the issuer at the time of the issuance of the issue with respect to such project:

(A) 20-50 test. The project meets the requirements of this subparagraph if 20 percent or more of the residential units in such project are occupied by individuals whose income is 50 percent or less of area median gross income.

INTERNAL REVENUE CODE §142 EXEMPT FACILITY BOND

property merely because part of the building in which such property is located is used for purposes other than residential rental purposes.

(2) Definitions and special rules.

For purposes of this subsection —

(A) Qualified project period. The term “qualified project period” means the period beginning on the 1st day on which 10 percent of the residential units in the project are occupied and ending on the latest of—

(i) the date which is 15 years after the date on which 50 percent of the residential units in the project are occupied,

(ii) the 1st day on which no tax-exempt private activity bond issued with respect to the project is outstanding, or

(iii) the date on which any assistance provided with respect to the project under section 8 of the United States Housing Act of 1937 terminates.

(B) Income of individuals; area median gross income.

(i) In general. The income of individuals and area median gross income shall be determined by the Secretary in a manner consistent with determinations of lower income families and area median gross income under section 8 of the United States Housing Act of 1937 (or, if such program is terminated, under such program as in effect immediately before such termination). Determinations under the preceding sentence shall include adjustments for family size. Subsections (g) and (h) of section 7872 shall not apply in determining the income of individuals under this subparagraph.

(ii) Special rule relating to basic housing allowances. For purposes of determining income under this subparagraph, payments under section 403 of title 37, United States Code, as a basic pay allowance for housing shall be disregarded with respect to any qualified building.

(iii) Qualified building. For purposes of clause (ii), the term “qualified building” means any building located—

(I) in any county in which is located a qualified military installation to which the number of members of the Armed Forces of the United States assigned to units based out of such qualified military installation, as of June 1, 2008, has increased by not less than 20 percent, as compared to such number on December 31, 2005, or

(II) in any county adjacent to a county described in subclause (I) .

(iv) Qualified military installation. For purposes of clause (iii), the term “qualified military installation” means any military installation or

(C) Students. Rules similar to the rules of 42(i)(3)(D) shall apply for purposes of this subsection .

(D) Single-room occupancy units. A unit shall not fail to be treated as a residential unit merely because such unit is a single-room occupancy unit (within the meaning of section 42).

Caution: Subpara. (d)(2)(E), following, is effective for determinations of area median gross income for calendar years after 2008.

(E) Hold harmless for reductions in area median gross income.

(i) In general. Any determination of area median gross income under subparagraph (B) with respect to any project for any calendar year after 2008 shall not be less than the area median gross income determined under such subparagraph with respect to such project for the calendar year preceding the calendar year for which such determination is made.

(ii) Special rule for certain census changes. In the case of a HUD hold harmless impacted project, the area median gross income with respect to such project for any calendar year after 2008 (hereafter in this clause referred to as the current calendar year) shall be the greater of the amount determined without regard to this clause or the sum of—

(I) the area median gross income determined under the HUD hold harmless policy with respect to such project for calendar year 2008, plus

(II) any increase in the area median gross income determined under subparagraph (B) (determined without regard to the HUD hold harmless policy and this subparagraph) with respect to such project for the current calendar year over the area median gross income (as so determined) with respect to such project for calendar year 2008.

(iii) HUD hold harmless policy. The term “HUD hold harmless policy” means the regulations under which a policy similar to the rules of clause (i) applied to prevent a change in the method of determining area median gross income from resulting in a reduction in the area median gross income determined with respect to certain projects in calendar years 2007 and 2008.

if such determination would have been less but for the HUD hold harmless policy.

(3) Current income determinations.

For purposes of this subsection —

(A) In general. The determination of whether the income of a resident of a unit in a project exceeds the applicable income limit shall be made at least annually on the basis of the current income of the resident. The preceding sentence shall not apply with respect to any project for any year if during such year no residential unit in the project is occupied by a new resident whose income exceeds the applicable income limit.

(B) Continuing resident's income may increase above the applicable limit. If the income of a resident of a unit in a project did not exceed the applicable income limit upon commencement of such resident's occupancy of such unit (or as of any prior determination under subparagraph (A)), the income of such resident shall be treated as continuing to not exceed the applicable income limit. The preceding sentence shall cease to apply to any resident whose income as of the most recent determination under subparagraph (A) exceeds 140 percent of the applicable income limit if after such determination, but before the next determination, any residential unit of comparable or smaller size in the same project is occupied by a new resident whose income exceeds the applicable income limit.

(C) Exception for projects with respect to which affordable housing credit is allowed. In the case of a project with respect to which credit is allowed under section 42, the second sentence of subparagraph (B) shall be applied by substituting "building (within the meaning of section 42)" for "project".

(4) Special rule in case of deep rent skewing.

(A) In general. In the case of any project described in subparagraph (B) , the 2d sentence of subparagraph (B) of paragraph (3) shall be applied by substituting—

(i) "170 percent" for "140 percent", and

(B) Deep rent skewed project. A project is described in this subparagraph if the owner of the project elects to have this paragraph apply and, at all times during the qualified project period, such

project meets the requirements of clauses (i), (ii), and (iii) :

(i) The project meets the requirements of this clause if 15 percent or more of the low-income units in the project are occupied by individuals whose income is 40 percent or less of area median gross income.

 - (A) the set-aside amount is used for proposed projects that are located throughout the state; and
 - (B) not more than 50 percent of the set-aside amount is used for proposed projects that are located in qualified census tracts as defined by Section 143(j), Internal Revenue Code of 1986; and

(a) If, before January 2, applications received for reservations for state-voted issues total more than eight percent of the available state ceiling for that program year, the percentage of state-voted ceiling requested that is more than eight percent of the state ceiling:

(1) is removed from the state ceiling available to other issuers on January 2; and

(2) is available for those applications for reservations for state-voted issues.

(b) The amount removed under Subsection (a) may not exceed eight percent of the state ceiling.

(c) The remaining portion of the state ceiling is available in accordance with Section 1372.022(a).

(a) If a type of bond listed in Section 1372.022(a) does not qualify on January 2 of any year for treatment as a tax-exempt obligation under the Internal Revenue Code:

(1) Section 1372.022(a) has no effect for that year for that type of bond; and

(2) by March 1, the portion of the state ceiling that but for Subdivision (1) would have been available exclusively for reservations by issuers of that type of bond shall be reallocated proportionately for reservation by each other category of issuer listed in that section.

(b) Subsection (a) does not apply to qualified mortgage bonds or qualified residential rental project bonds made available exclusively to the Texas Department of Housing and Community Affairs under Section 1372.023 or the Texas State Affordable Housing Corporation under Sections 1372.0221 and 1372.0222.

Sec. 1372.026. LIMITATION ON AMOUNT OF STATE CEILING AVAILABLE TO HOUSING FINANCE CORPORATIONS.

(a) The maximum amount of the state ceiling that may be reserved before August 15 by a housing finance corporation for the issuance of qualified mortgage bonds may not exceed the amount computed as follows:

(1) if the local population of the housing finance corporation is 300,000 or more, \$36 million plus the product of the amount by which the local population exceeds 300,000 multiplied by \$40;

(2) if the local population of the housing finance corporation is 200,000 or more but less than 300,000, \$32 million plus the product of the amount by which the local population exceeds 200,000 multiplied by \$40;

(3) if the local population of the housing finance corporation is 100,000 or more but less than 200,000, \$24 million plus the product of the amount by which the local population exceeds 100,000 multiplied by \$80; or

(4) if the local population of the housing finance corporation is less than 100,000, the product of the local population multiplied by \$240.

(b) A housing finance corporation may not receive an allocation for the issuance of qualified mortgage bonds in an amount that exceeds \$40 million.

(c) For purposes of this section, the local population of a housing finance corporation is the population of the local government or local governments on whose behalf a housing finance corporation is created. If two local governments that have a population of at least 50,000 each and that have overlapping territory have created housing finance corporations that have the power to issue bonds to provide financing for home mortgages, the population of the housing finance corporation created on behalf of the larger local government is computed by subtracting from the population of the larger local government the population of the part of the smaller local government that is located in the larger local government. The reduction of population provided by this subsection is not required if the smaller local government assigns its authority to issue bonds, based on its population, to the larger local government.

Sec. 1372.0261. FAILURE OF HOUSING FINANCE CORPORATION TO USE AMOUNT OF STATE CEILING ALLOCATED.

(a) In this section, "utilization percentage" means that portion of the amount of the state ceiling allocated to a housing finance corporation with respect to which the corporation issues private activity bonds that result in mortgage loans or mortgage credit certificates. A housing finance corporation's utilization percentage for an allocation of the state ceiling is the quotient of:

(1) the amount of the state ceiling:

(A) with respect to which mortgage loans have been originated, considering only the original principal balance of those loans;

(B) that is used to purchase mortgages or mortgage-backed securities; or

(C) that is used to issue mortgage credit certificates; divided by

(2) the amount of the state ceiling allocated, minus any amounts of the state ceiling required for debt service reserve funds.

(b) If a housing finance corporation's issue of bonds uses a new allocation of the state ceiling in combination with taxable bond proceeds or with bond proceeds recycled from previous allocations of the state ceiling, the first loans or certificates financed are considered in computing the utilization percentage of the new allocation of the state ceiling.

(c) If a housing finance corporation's utilization percentage is less than 80 percent but at least 25 percent, the next time the corporation becomes eligible for a reservation of the state ceiling, the maximum amount of the state ceiling that may be reserved for the corporation is equal to the amount for which the corporation would otherwise be eligible under Section 1372.026 multiplied by the utilization percentage of the corporation's last bond issue that used an allocation of the state ceiling.

(d) A housing finance corporation may not be penalized under Subsection (c) if:

(1) the corporation fails to use:

(A) bond proceeds recycled from previous allocations of the state ceiling; or

(B) taxable bond proceeds; or

(2) as the result of an issuance of bonds, the corporation's utilization percentage is 80 percent or greater.

(e) If a housing finance corporation's utilization percentage is less than 25 percent, the next time the corporation becomes eligible for a reservation of the state ceiling, the maximum amount of the state ceiling that may be reserved for the corporation is equal to the amount for which the corporation would otherwise be eligible under Section 1372.026 multiplied by 25 percent.

(f) A housing finance corporation may not be penalized under Subsection (c) in a program year if, by December 31 of the preceding program year, an amount equal to or less than 50 percent of the aggregate state ceiling available for reservations by issuers of qualified mortgage bonds under Section 1372.022(a)(1):

(1) has been used in connection with bond issues that have closed on or before that date; or

(2) has had carryforward elections filed on or before that date.

(g) An issuer that has carryforward available from the state ceiling created by the Housing and Economic Recovery Act of 2008 (Pub. L. No. 110-289) is not restricted by project limits for the state ceiling. An issuer who uses the carryforward to issue qualified mortgage bonds or mortgage credit certificates is not subject to the utilization percentage calculation in determining the amount of the issuer's reservation request.

Sec. 1372.027. PUBLICATION OF AVAILABLE STATE CEILING. The board shall publish at least weekly on its Internet site:

- (1) a statement of the amount of the available state ceiling;
- (2) a list of the issues that have received a reservation since the preceding publication, including the amount of each reservation; and
- (3) a list of the issues that had previously received a reservation that have closed since the preceding publication.

Sec. 1372.028. APPLICATION FOR RESERVATION; FORM AND CONTENT.

(a) In this section, "qualified bond" has the meaning assigned by Section 141(e), Internal Revenue Code (26 U.S.C. Section 141(e)).

(b) An issuer may apply for a reservation for a program year not earlier than October 5 of the preceding year. An issuer may not submit an application for a program year after November 15 of that year.

(c) The application must:

- (1) be on a form prescribed by the board;
- (2) be signed by a member or officer of the issuer; and
- (3) state:
 - (A) the maximum amount of the bonds in the issue that require an allocation under Section 146, Internal Revenue Code (26 U.S.C. Section 146);
 - (B) the project or, with respect to an eligible facility, a functional description of the project to be financed by the proceeds, including the identification of the user of the proceeds or project;
 - (C) whether the bonds are qualified bonds;
 - (D) if the bonds are qualified bonds:
 - (i) the subparagraph of Section 141(e)(1), Internal Revenue Code (26 U.S. C. Section 141(e)(1)), that applies; and

(ii) if Section 141(e)(1)(A) of that code (26 U.S.C. Section 141(e)(1)(A)) applies, the paragraph of Section 142(a) of that code (26 U.S.C. Section 142(a)) that applies;

(E) if the bonds are not qualified bonds:

(i) that Section 141(b)(5), Internal Revenue Code (26 U.S.C. Section 141(b)(5)), applies; or

(ii) for a transition rule project, the paragraph of the Tax Reform Act of 1986 that applies;

(F) that bonds are not being issued for the same stated project for which the issuer has received sufficient carryforward during a previous year or for which there exists unexpended proceeds from, including transferred proceeds representing unexpended proceeds from, one or more prior issues of bonds issued by the same issuer or based on the issuer's population; and

(G) other information that the board may require.

(d) An issuer is not required to provide the statement required by Subsection (c)(3)(F) if the issuer:

(1) is an issuer of a state-voted issue;

(2) is the Texas Department of Housing and Community Affairs or the Texas State Affordable Housing Corporation; or

(3) provides evidence that one or more binding contracts have been entered into, or other evidence acceptable to the board as described by program rule, to spend the unexpended proceeds by the later of:

(A) 12 months after the date the board receives the application; or

(B) December 31 of the program year for which the application is filed.

(e) If an issuer applied the previous year for a reservation for qualified mortgage bonds and has not received the reservation at the time of application for the lottery, the issuer, instead of filing a complete application under Subsection (c), may file a statement explaining whether there are any changes in information from the application information filed the previous year. If there are changes, the statement must specify the current information. An issuer that files a statement under this subsection must pay the same application fee required for a complete application.

(a) Except as provided by Subsection (b) and subject to Sections 1372.0321, 1372.0231, and 1372.035(c), if, on or before October 20, more than one issuer in a category described by Section 1372.022(a)(2), (3), (4), or (6) applies for a reservation of the state ceiling for the next program year, the board shall grant reservations in that category in the order determined by the board by lot.

(b) Until August 1 of the program year, within the category described by Section 1372.022(a)(6), the board shall grant priority to the Texas Economic Development Bank for projects that the Texas Economic Development and Tourism Office determines meet the governor's criteria for funding from the Texas Enterprise Fund. Sec. 1372.032. PRIORITIES FOR RESERVATIONS AMONG ISSUERS OF QUALIFIED MORTGAGE BONDS.

(a) If, on or before October 20, more than one housing finance corporation applies for a reservation of the state ceiling for qualified mortgage bonds for the next program year, the board shall give priority in granting reservations in that category to issuers that:

(1) applied before September 1 of the preceding year for a reservation on behalf of the same local population for that year; but

(2) were not granted a reservation during that year.

(b) The priority of an issuer under Subsection (a) that is composed of more than one jurisdiction is not affected by the issuer's loss of a sponsoring local government and that government's population if the dollar amount of the application has not increased.

(c) Within the group of issuers given priority and within the group not given priority, the board shall grant reservations in reverse order of the date of the most recent closing of qualified mortgage bonds applicable to the housing finance corporations, with a corporation that has never received a reservation for mortgage revenue bonds being the first to receive a reservation and the corporation that had the most recent closing being the last to receive a reservation. If closings occurred on the same date, the board shall grant reservations in the order determined by the board by lot.

(d) For purposes of Subsection (c), the most recent closing applicable to a newly created housing finance corporation sponsored by one or more local governments that had previously sponsored another housing finance corporation, whether existing or not, or to a housing finance corporation sponsored by a local government that has participated in the program of another housing finance corporation is the most recent closing of qualified mortgage bonds the proceeds of which were available to the population of the corporation.

(e) A housing finance corporation or its sponsoring local government may not achieve an advantage in the determination of its most recent closing by creating, dissolving, or withdrawing from a housing finance corporation.

Sec. 1372.0321. PRIORITIES FOR RESERVATIONS AMONG ISSUERS OF QUALIFIED RESIDENTIAL RENTAL PROJECT ISSUES.

(a) In granting reservations to issuers of qualified residential rental project issues, the board shall give first priority to:

(1) projects in which:

(A) 50 percent of the residential units in the project are:

(i) under the restriction that the maximum allowable rents are an amount equal to 30 percent of 50 percent of the area median family income minus an allowance for utility costs authorized under the federal low-income housing tax credit program; and

(ii) reserved for families and individuals earning not more than 50 percent of the area median income; and

(B) the remaining 50 percent of the residential units in the project are:

(i) under the restriction that the maximum allowable rents are an amount equal to 30 percent of 60 percent of the area median family income minus an allowance for utility costs authorized under the federal low-income housing tax credit program; and

(ii) reserved for families and individuals earning not more than 60 percent of the area median income;

(2) projects in which:

(A) 15 percent of the residential units in the project are:

(i) under the restriction that the maximum allowable rents are an amount equal to 30 percent of 30 percent of the area median family income minus an allowance for utility costs authorized under the federal low-income housing tax credit program; and

(ii) reserved for families and individuals earning not more than 30 percent of the area median income; and

(B) the remaining 85 percent of the residential units in the project are:

(i) under the restriction that the maximum allowable rents are an amount equal to 30 percent of 60 percent of the area median family income minus an allowance for utility costs authorized under the federal low-income housing tax credit program; and

(ii) reserved for families and individuals earning not more than 60 percent of the area median income;

(3) projects:

(A) in which 100 percent of the residential units in the project are:

(i) under the restriction that the maximum allowable rents are an amount equal to 30 percent of 60 percent of the area median family income minus an allowance for utility costs authorized under the federal low-income housing tax credit program; and

(ii) reserved for families and individuals earning not more than 60 percent of the area median income; and

(B) which are located in a census tract in which the median income, based on the most recent information published by the United States Bureau of the Census, is higher than the median income for the county, metropolitan statistical area, or primary metropolitan statistical area in which the census tract is located as established by the

United States Department of Housing and Urban Development; or

(4) on or after June 1, projects that are located in counties, metropolitan statistical areas, or primary metropolitan statistical areas with area median family incomes at or below the statewide median family income established by the United States Department of Housing and Urban Development.

(a-1) In granting reservations to issuers of qualified residential rental project issues, the board shall give second priority to projects in which 80 percent or more of the residential units in the project are:

(1) under the restriction that the maximum allowable rents are an amount equal to 30 percent of 60 percent of the area median family income minus an allowance for utility costs authorized under the federal low-income housing tax credit program; and

(a-2) In granting reservations to issuers of qualified residential rental project issues, the board shall give third priority to any other qualified residential rental project.

(b) The board may not reserve a portion of the state ceiling for a first or second priority project described by this section unless the board receives evidence that an application has been filed with the Texas Department of Housing and Community Affairs for the low-income housing tax credit that is available for multifamily transactions that are at least 51 percent financed by tax-exempt private activity bonds.

Sec. 1372.033. PRIORITIES FOR RESERVATIONS AMONG CERTAIN ISSUERS OF QUALIFIED STUDENT LOAN BONDS.

(a) In this section:

(1) "Additional need" means the additional need of a qualified nonprofit corporation determined by subtracting the floor allocation for that qualified nonprofit corporation from that corporation's annual need.

(2) "Annual need" means, for a qualified nonprofit corporation, one-half of the total principal amount of Texas eligible loans the qualified nonprofit corporation purchased in the two most recently completed fiscal years ending June 30.

(3) "Floor allocation" means, for a qualified nonprofit corporation, an allocation in the amount of the lesser of \$27 million or the qualified nonprofit corporation's annual need.

(4) "Qualified nonprofit corporation" has the meaning assigned by Section 53.47, Education Code.

(5) "Remaining amount to be allocated" is the total amount to be allocated under Section 1372.022(a)(5) in a calendar year less the sum of the floor allocations of the qualified nonprofit corporations that have applied for a student loan bond allocation for the calendar year.

(6) "Student loan bond allocation" means an allocation for private activity bonds under Section

1372.022(a)(5).

(7) "Texas eligible loan" means a Texas loan purchased from the originating lender by a nonprofit corporation acting as described by Section 53.47(g), Education Code.

(8) "Texas loan" means a guaranteed student loan, as defined by Section 53.47, Education Code, made on behalf of a borrower who is:

(A) a resident of this state; or

(B) a student attending an accredited institution, as defined by Section 53.47, Education Code, that is located in this state.

(9) "Total amount to be allocated" means the total available under Section 1372.022(a)(5) for all applicants.

(b) Only a qualified nonprofit corporation may apply for a student loan bond allocation.

(c) An application for a student loan bond allocation must include a statement as provided by this subsection. The statement must be certified by an officer of the applicant, whose signature must be notarized. The statement must be audited by an independent auditor, and the report of the independent auditor must be attached to the statement. The statement must list:

(1) the principal amount of Texas eligible loans the applicant purchased in the two most recently completed fiscal years ending June 30;

(2) the agencies that are guaranteeing the Texas eligible loans listed and the amount of Texas eligible loans guaranteed by each agency;

(3) the originating lenders from whom the Texas eligible loans were purchased and the amount of Texas eligible loans each originating lender sold; and

(4) the date of each purchase transaction.

(d) Each qualified nonprofit corporation that applies for a student loan bond allocation in compliance with all applicable application requirements is entitled to receive a floor allocation except as provided by this section. If the total amount to be allocated is less than the sum of the floor allocations for all of the applicants, each applicant is entitled to a proportion of the total amount to be allocated equal to the proportion its floor allocation bears to the total of the floor allocation for all of the applicants. A qualified nonprofit corporation whose annual need is zero is not entitled to apply for a student loan bond allocation.

(e) If, after allocations are computed under Subsection (d), there is a remaining amount to be allocated and there are one or more applicants with additional need, each applicant with additional need is entitled to a proportion of the remaining amount to be allocated equal to the proportion the applicant's additional need bears to the total of the additional need of all applicants but not to exceed the amount of the applicant's additional need. Any amount remaining after distribution to applicants with additional need shall be allocated in equal amounts to the other applicants that have a floor allocation of greater than \$27 million.

(f) Notwithstanding Subsection (e), if an applicant's share of the remaining amount to be allocated is greater than 50 percent, that applicant is entitled to 50 percent of the remaining amount to be allocated. The other 50 percent of the remaining amount to be allocated shall be distributed to the other applicants in proportion to their unmet additional need,

except that the allocations may not exceed, for any applicant, the additional need of the applicant. If, after the additional needs of the other applicants are met, there remains any amount of the remaining amount to be allocated available for distribution, that amount shall be distributed to the applicant with the share of more than 50 percent of the remaining amount to be allocated in an amount not to exceed the amount of the applicant's additional need.

(g) A qualified nonprofit corporation that receives a student loan bond allocation may not:

- (1) transfer the allocation to another entity; or
- (2) loan to another entity other than a student proceeds of bonds issued under the allocation.

Sec. 1372.035. GRANTING OF RESERVATIONS; ORDER.

(a) The board may not grant a reservation of a portion of the state ceiling for a program year before January 2 or after November 15 of that year.

(b) Except as provided by Sections 1372.031-1372.033 and Subsection (c), the board shall grant reservations in the order in which the applications for those reservations are received, regardless of the amounts of the related bond issues.

(c) If, with respect to an application, an issuer receives a carryforward designation under Section 1372.061(b), the board shall grant a reservation with respect to the issuer's next available application on the earlier of the following:

- (1) the date of receipt of notice from the issuer that the application for which the issuer received the carryforward designation is being withdrawn; or
- (2) if the amount of the carryforward is sufficient to satisfy fully the issuer's next available application, the date of expiration of the period specified by Section 1372.042(a-1).

(a) If, before June 1, any portion of the state ceiling in a category described by Section 1372.022(a) from which issuers were granted reservations becomes available in that category:

- (1) those amounts of the state ceiling shall be aggregated; and
- (2) the board shall grant reservations from that category on June 1.

(b) Beginning June 1, partial reservations may be offered once to each applicant in each category described by

Section 1372.022(a) until an applicant in the category accepts the partial reservation or until additional volume is returned in an amount sufficient to grant a full reservation.

(c) After January 1, the board may grant a reservation to an issuer if the amount of state ceiling available in a category is greater than the amount of state ceiling applied for in that category.

Sec. 1372.037. LIMITATIONS ON GRANTING OF RESERVATIONS FOR INDIVIDUAL PROJECTS.

(a) Except as provided by Subsection (b), before August 15 the board may not grant for any single project a reservation for that year that is greater than:

(1) \$40 million, if the issuer is an issuer of qualified mortgage bonds, other than the Texas Department of Housing and Community Affairs or the Texas State Affordable Housing Corporation;

(2) \$50 million, if the issuer is an issuer of a state-voted issue, other than the Texas Higher Education Coordinating Board, or \$75 million, if the issuer is the Texas Higher Education Coordinating Board;

(b) The amount of available state ceiling is subject to the grant of a reservation to each succeeding issuer eligible to be granted a reservation of that available state ceiling in the order of priority under this subchapter.

Sec. 1372.042. DEADLINE FOR CLOSING ON BONDS BY ISSUER.
