Finding: Failure to comply with §10.1204(2)				
Unit #	Non-Compliance Date	Reason	Corrective Action	Correction Date
Property Wide	8/30/2026	TAC §10.1204(2) requires the file sample must contain at least 20% of the total number of Restricted Units, not to exceed 50 household files, with at least 75% of files from newly moved-in households and at least 10% from households that have recertified. The audit file sample in the Audit Report did not meet the minimum requirement. Development has one hundred ninety-seven (197) restricted units requiring a sample size of forty (40) household files. Auditor reports that no household files were provided for review.	Submit to the Department for review: copies of the application(s), income and asset verifications, executed Income Certification, lease contract, and applicable lease addendums for forty (40) households that moved into income-restricted units during 2025, in accordance with TAC §10.1204(2). The owner may complete a retroactive income certification that completely and clearly documents the sources of income and assets for all household members that were in place at the time of the initial occupancy and apply income limits in effect on the move-in date. Submit to Department for review documentation to evidence the income from the assets have been verified and included in the total household eligibility, application, executed Income Certification and lease contract. Or the owner has the option to complete a new current certification using current income and assets sources and current income limits. Submit for Department review a copy of the application(s), income and evidence the income from the assets have been verified and included in the total household eligibility, and a new Income Certification form. If the household has moved out or is not income eligible, occupy the unit or another comparable unit on the property with a new qualified household
